STROUSE CAPTURED HOUSTON

Florida's Popular Evangelist is Waking Things Up in Texas Town.

Dr. Clarence B. Strouse and Rev. George R. Stuart, both well known here, are conducting a union revival meeting in Houston, Texas, with great success, as will be seen from the following, being a special dispatch to The Galveston News from Houston, under date of March 31:

"At 4 o'clock this afternoon a concourse of people filled the Union Tabernacle on Main street to listen to the opening sermon which marked the beginning of an evangelistic campaign to be conducted here by the noted evangelists, Stuart and Strouse, under the auspices of the different churches of Houston.

"Dr. Clarence B. Strouse spoke this afternoon, and the intense interest with which the congregation drank in every word of the eloquent address made the opening a most successful one.

"Dr. Strouse is a man of strangely winning personality. A converted aristocrat, ex-horse racer and owner, one time society man, the once petted son of society and fortune, college athlete and former "sport," in the better sense of the term, he presents a human study in the wonderful changing power, the remarkable regenerative influence, as it were, of the religion he so earnestly advocates.

"The young evangelist portrayed the sinful pleasure which he once pursued and found so unsatisfying. In a manner so unaffected and so unconsciously earnest that it was to a degree dramatic. Dr. Strouse portrayed the long nights and the weary days, nights of troublesome dreams, days when the sun seemed not to shine, the song of birds hushed, the very flowers seeming to droop their heads and cease to send out upon the dark world the silent music of their perfume; those days when he battled with his conscience and wrestled with the spirit of conviction.

"With shining eyes and uplifted face, the words flowing in mellow voice like a mighty river, Dr. Strouse portrayed his surrender to the call of duty, to the happiness of doing right, to the peace of an approving conscience.

"It is said that the magnetism of one true orator, the very personality of one man when injected into spoken words will sway multitudes as reeds in the wind. This is true, and certainly the words of this remarkable man as he stood in the pulpit, his countenance glowing with holy zeal, his very gesture carrying power, his being pregnant with an earnestness born of a divine inspiration, swayed the minds and hearts of those who were within the sound of the voice that delivered the singing message.

"The man seemed to be transformed by his own joy, his own earnestness and his deep desire to teach others the joy of his religion and his Christ.

"After the meeting a demonstration seldom witnessed was made, the people crowding forward to greet both Stuart and Strouse, "the men of God inspired," as one old patriarch expressed it.

"One feature of today's meeting was the presence of the large number of the smart set, come to hear one of their own class and culture give his message. A most profound impression was made on the people."

To the Mayor and City Council:

Why is it you have never complied with Section 7, of Chapter 5496, Laws of Florida, passed May 9, 1905, which reads as follows:

"The Mayor and city council shall, by ordinance, provide for the auditing annually, by an expert accountant, not connected with the municipal government, of the accounts of each municipal officer handling public moneys of the city, and shall have the report of each auditing published in a newspaper printed in the city, for the information of the taxpayers."

W. C. T. U. RESOLUTIONS.

This Society Urges the Voters to Stand by Administration Ticket.

Whereas, There are now before the citizens of Gainesville measures which effect most vitally the peace, prosperity and happiness of this community, and whereas the Woman's Christian Temperance Union is pledged to the furtherance of all measures which insure the sanctity and purity of the home, the morals of the community and the integrity of governmental administration, therefore, be it

Resolved, by the W. C. T. U. of Gainesville:

First, That we most heartily endorse and commend the action of our City Council in passing the "Peace and Morals" ordinance, believing that its enforcement will help in maintaining the sacredness of the Sabbath as a day of rest and devotion, and promote the moral and physical life of our community.

Second, That we deem it of the utmost importance that the following section in the platform adopted by the mass meeting of the citizens of Gainesville, held in the court house on the 18th day of March, A. D. 1907, towit: "That we are fully convinced that driving the open saloon from our city has wonderfully improved its social, moral and financial condition; that we most heartily favor the utmost possible vigilance and rigor in suppressing blind-tigers, houses of prostitution and gambling dens, and that we pledge our utmost endeavor to make and maintain a clean city to which patrons of the University of Florida need not be afraid to send their sons," be endorsed by the voters of Gainesville on next Tuesday, as the enforcement of the prohibition ordinances is a safe-guard against the lawlessness and crime which follow the sale of intoxicants.

Adopted by the Woman's Christian Temperance Union in regular business session, assembled this fifth day of April, 1907.

COMPLIMENT TO THE GUARDS.

Many Medals Awarded Members For Efficiency With the Rifle.

Gainesville has a number of institutions and organizations of which she naturally feels proud, and of these is Company H, Second Infantry, Florida State Troops, more familiarly known as the Gainesville Guards. This company is composed of a body of as fine young men as can be found in the State, and who manifest a great deal of interest in military affairs.

During the year 1906 the Guards demonstrated ability for marksmanship at the State meet, St. Augustine, and the following received medals:

Captain J. W. Blanding, a medal for expert rifleman; Artificer J. P. Lovelace and Private Chas. Pinkoson, sharpshooters; Captain C. R. Layton, Lieutenant Allen Graham, Sergeant C. B. Boyd, Corporals W. J. Holly, W. T. Gore, Sandy Graham, Privates R. D. Hall, R. B. Beville, W. O. Morris and A. C. Perry, marksmanship.

This company has the distinction of making the third highest record in the State, their average being exceeded only by Company G, of St. Augustine, and Company I of Key West.

The Richest Man in the World.

The richest man in the world cannot have his kidneys replaced nor live without them, so it is important not to neglect these organs. If Foley's Kidney Cure is taken at the first sign of danger, the symptoms will disappear and your health will be restored, as it strengthens and builds up these organs as nothing else will. Oscar Bowman, Lebanon, Ky., writes: "I have used Foley's Kidney Cure and take great pleasure in stating it cured me permanently of kidney disease, which certainly would have cost me my life." J. W. Want to Know Authors of Manifestos.

Paris, April 6.—The cabinet has decided that the various ministers shall make inquiries regarding the authorship of the manifestos that were placarded throughout the city last week villifying the action of the government in refusing permission to the state employees to form trades unions and to dismiss or otherwise punish the employees involved.

Gentle and Effective.

HUMORS IN THE BLOOD

Coming of Warm Weather Forces Them Out, Causing Itching, Burning Skin Eruptions.

The blood and skin are so closely connected that whatever affects the one has a corresponding effect on the other. When the blood is pure and healthy the skin will be soft, smooth, and free from all eruptions; but when the blood becomes infected with some unhealthy humor the effect is shown by rashes, eruptions, boils and pimples, or other disfiguring and annoying skin disease.

The skin is provided with countless pores and glands which act as a drainage system to rid the body of impurities through the perspiration that is constantly passing through these little tubes. There are other glands that pour out on the skin an oily substance to keep it soft and pliable, otherwise it would become hard and dry from constant exposure to wind and sun. When the blood becomes filled with humors and acids these are thrown off through the pores and glands, burning and irritating the skin and drying up the natural oils so that we have not only Acne, Eczema, Salt Rheum, etc., but such dry scaly skin eruptions as Tetter, Psoriasis and kindred troubles.

These humors find their way into the blood through a disordered or deranged condition of the system. There is a certain amount of waste or refuse matter collected in the body every day. This is useless in nourishing or keeping the system in health, and nature intends that it shall find an outlet through the channels of bodily waste. As long as these members perform their duties properly the blood remains pure and free from infection; but when from any cause they become dull and sluggish, this refuse matter is left to sour and be taken into the blood in the form of humors and poisons. The skin is a perfect index to the blood; when we see one afflicted with a skin disease, or pimples, rashes, eruptions, blotches, etc., constantly appearing, we know that down deep in the blood a humor has taken root, and instead of supplying nourishment and strength to the fine, delicate tissues of the skin, it is pouring out its acid and unhealthy accumulations.

S. S. S. DROVE THE HUMOR OUT.

Gentlemen: Some two years ago I suffered a great deal, caused on account of a humor in the blood; small rash or pimples broke out over my body and kept getting worse day by day for over a year. Seeing S. S. S. advertised in the paper and having also heard it had cured several people in this city, concluded to try it. After using the medicine I was entirely cured, and am very glad to recommend it. 1020 Clay St., Paducah, Ky. EDW. W. LONG.

FOUND A CURE FOR POISON OAK.

Gentlemen: After having tried for six years to find a cure for Poison Oak, from which I was a great sufferer, I was told by a friend to try S. S. S. It entirely cured me and gave me excellent health. There is no remedy for a bad condition of the blood like S. S. S., and you have in S. S. S. a positive cure for Poison Oak.

Danville, Ky. J. E. WISEMAN.

The skin is not only affected by the humors generated within the system, but poisons from without, such as Poison Oak and Ivy, Nettle Rash, etc., as well as poisons from metals, acids, etc., enter through the open pores and glands, and so thoroughly do they take root in the blood that they are ever present, or return from year to year to annoy the sufferer.

The treatment of skin diseases with salves, washes, lotions, etc., is along the wrong line. True such treatment relieves some of the itching and discomfort, and aids in keeping the skin clean, but it does not reach the real cause of the trouble, and at best such things are only palliative and soothing.

S.S.S.

PURELY VEGETABLE

A thorough cleansing of the blood is the only cure for humors in the blood. S. S. S., a gentle acting, safe blood purifier, made entirely of vegetable ingredients from nature's forests and fields, is the proper treatment. S. S. S. goes down into the circulation and neutralizes the acids and humors, thoroughly cleansing and purifying the blood, and curing skin diseases and affections of every kind. It supplies to the blood the fresh, nutritive qualities necessary to sustain the skin and all other parts of the body, and rids the blood of any and all poisons. S. S. S. cures Eczema, Tetter, Acne, Psoriasis, Salt Rheum, Poison Oak and Ivy, Nettle Rash and all troubles of the skin. Shot Himself Accidentally.

Cedartown, Ga., April 6.—Roy Anderson, a boy about 12 years old, accidentally shot himself Thursday while playing with a pistol, the ball passing through his bowels. Drs. W. A. Chapman, and J. J. Cooper were summoned immediately and found the boy in a precarious condition. The bowels were protruding from the abdomen, and the wound inflicted very large for a pistol ball. The muzzle was very close to the body, and the ball went through the intestines. His recovery is considered quite doubtful.

Whooping Cough.

I have used Chamberlain's Cough Remedy in my family in cases of whooping cough, and want to tell you that it is the best medicine I have ever used.—W. F. GASTON, Posco, Ga. This remedy is safe and sure. For sale by all druggists.

Telegraph Operator Murdered.

Scott City, Kan., April 6.—Frank Kirchoff, night operator for the Missouri Pacific railroad, was murdered in cold blood on Thursday night by some unknown person. It is thought that robbery of the station was the motive.

A FACT PROVEN.

Should Convince Even the Most Skeptical of Its Truth.

If there is the slightest doubt in the minds of any that Dandruff germs do not exist, their belief is compelled by the fact that a rabbit innoculated with the germs became bald in six weeks' time.

It must be apparent to any person therefore that the only prevention of baldness is the destruction of the germ—which act is successfully accomplished in one hundred per cent. of cases by the application of Newbro's Herpicide.

Dandruff is caused by the same germ which causes baldness and can be prevented with the same remedy—Newbro's Herpicide.

Accept no substitute. "Destroy the cause you remove the effect."
