JOHN M. MANN, Lake Butler
EUGENE G. PEEK, Ocala

Information concerning members constituting above Board submitted by Honorable W. M. Igou, Secretary of State, February 14, 1930.

Letter of Transmittal

FLORIDA STATE BOARD OF HEALTH
CENTRAL BUREAU OF VITAL STATISTICS

Jacksonville, Florida, March 1, 1930.

SIR:

I transmit herewith the Annual Report on the registration of Doctors of Medicine who are licensed to practice in this State, which is the second annual compilation of such information prepared by the Bureau of Vital Statistics. It is based on original applications filed as provided for in Chapter ..2005, Laws of Florida, Acts of 1927. A copy of this report has been placed in the hands of each person who registered as indicated in the official list herewith. A small supply of the report has been placed on file to be given out to individuals who may be licensed during the current year.

This second annual report contains a complete list showing the names and addresses of individuals who have registered for the calendar year 1929. I am also transmitting to you in a separate report, a complete list of those who registered for 1928 but failed to register again for 1929.

Respectfully,

Stuart G. Thompson

Director of Vital Statistics

HENRY HANSON, M. D.
Secretary, State Board of Health

TABLES reproduced in the back of this publication indicate the number of Doctors of Medicine registered in Florida by color and counties; those born in Florida and other parts of the United States; foreign born by color; length of residence in Florida by years; and ages of doctors, by color.

In addition to the tables, a complete alphabetical list appears, showing each doctor's name, address (as of registration date) and telephone number. A second list of doctors is shown by towns, for the convenience of those who wish to refer to the names in a particular city or town.

The information relative to telephone numbers, contained herein, was compiled by the Southern Bell Telephone Company, and should prove very convenient and profitable to the doctors in the state when placing local and long distance calls. In filing a long distance call, be prepared to give the operator the telephone number of the called party. This practice normally results in the more prompt completion of your call.

Chapter 12005, Acts of 1927 is reproduced in full, together with the official opinions from Attorney General, Honorable Fred H. Davis, pertinent to the interpretation of certain statements contained therein.

Doctors of Medicine

Name	Address	Phone No.
A		
Abbott, M. S. G.,	Pensacola (Col.)	909
Aber, A. H.,	St. Petersburg	None

Williams, H. J.,	Tampa	H-44-103
Williams, I. E.,	Jacksonville (Col.)	5-2341
Williams, J. F.,	Monticello	62
Williams, J. W.,	Tampa	H-1009
Williams, R. H.,	Eustis	62
Williams, R. R.,	Tampa (Col.)	3932
Williams, R. V.,	N. York-Rhinelander	1414
Williams, W. C., Jr.,	Delray Beach	110
Williams, W. J.,	Seville	2
Willis, J. M.,	Williston	19
Wilson, A. K.,	Jacksonville	5-4451
Wilson, B. C.,	Jacksonville	5-6173-R
Wilson, C. B.,	Sarasota	2874
Wilson, C. H.,	Bartow	377
Wilson, J. F.,	Jacksonville	5-3521
Wilson, J. F., Jr.,	Lakeland	2-3711
Wilson, J. I.,	Groveland	None
Wilson, J. R.,	Georgia	
Wilson, M. C.,	Miami	2-3241
Wilson, W. P.,	Ocala (Col.)	404
Winchester, H. E.,	Dunedin	6915
Winkler, W. B.,	Ft. Myers	843
Winsor, S. A.,	Pompano	None
Winton, M. R.,	Tampa	2832
Withers, G. H.,	Miami Beach	52870
Witt, D. C.,	Alachua	37
Witt, T. W.,	Lake City	146
Woerner, L.,	Interlachen	41
Womack, D. R.,	Louisiana	
Wood, A. J.,	St. Petersburg	5930
Woodard, R. C.,	Miami	2-3541
Wooden, H. W.,	Orlando (Col.)	3411
Woolsey, B. F.,	Jacksonville	5-0676
Wood, G. W.,	Rockledge	14
Wood, S. C.,	Leesburg	149
Wood, W. L.,	Pine Castle	None
Wood, A. W.,	Miami	52090
Wood, G. W.,	Oxford	1211
Worley, S. G.,	St. Augustine	51-J
Wright, N. A., Jr.,	Illinois	
Wylie, L. A.,	St. Petersburg	8121

Y

Yarbrough, W. F.,	Miccosukee	1
Yates, D. H.,	Madison	39
York, J. H.,	Georgia	
Youmans, C. P.,	Miami	2-0517
Youmans, I. C.,	Miami	2-0517
Young, A.,	Lake Worth	None
Young, C. T.,	Plant City	359
Young, W. C.,	Chiefland	1
Young, W. C.,	Tampa	None

Z

Zander, W. F.,	Ft. Meade	120
Zediker, A. B.,	St. Andrew	245
Ziegler, A. H.,	Pennsylvania	
Zion, S. M.,	Delaware	

Doctors of Medicine

Alachua:
Goode, Jesse Albert
Witt, Dea Cleveland

Alliance:
Dowling, J. B.

Altha:
Sellers, Ernest Augustus

Alva:
Byle, A. S.

Apalachicola:
Conter, Augustus Eugene
Murrow, Joseph S.

Apopka:
Carroll, C.
McBride, Thomas Elliott

Arcadia:
Bevis, Henry Powell
Highsmith, G. F.
Kirkpatrick, Chas. Harry
McSwain, D. L.
Simmons, John Andrew

Archer:
Bishop, Berton M.
Twiggs, John H.

Auburndale:
Deal, Charles Carson
Simmons, Thomas G.

Aucilla:
McLeod, N. W.

Avon Park:
Chandler, Isaac Wayne
Touchton, Walton C.

Bagdad:
Turner, John Bogan

Baker:
Adams, John L.
Enzor, Justus O.

Baldwin:
Brinson, Peyton A.
Brinson, William David

Bartow:
Bevis, William Marion
Hargrove, Julian Leo
Hughes, Robert Lee
McMurray, E. R.
Murphy, Chester Homer
Newman, Heber Peacock
Oglesby, John McGrady
Wilson, Cecil Hendry

Belle Glade:
Buck, William John

Blountstown:
Burns, M. Q.
Finlay, David H.

Bonifay:
Paul, L. H.

Bowling Green:
Philpot, James Milton
Pyatt, Wesley Stokes

Bradenton:
Blake, Lowrie Wilson
Boling, John Radford
Bryan, Clarence H.
Coleman, Albert J.
Cowell, Edw. Huntington
Davis, John McMahan
Fleming, Claude Filmore
Gates, Hubbard
Hollingsworth, Sam'l Glen
Larrabee, Charles William
Leffingwell, John Brooks
McCoy, Thomas S.
Mason, John Franklin
Whitaker, Furman Chairs

Branford:
Farnell, Croley Mason

Brewster:
Brown, George Wilmot

Brooksville:
Coogler, Adrian C.
Creekmore, George R.
Furlow, Leonard T.
Hancock, Wm. Scott, Jr.
Lowry, Robert A.

Bunnell:
Britt, Reddin
Carter, Lemuel A.

Callahan:
Brewster, W. A.

Campbellton:
Booth, William Robert

Campville:
Sherouse, George W.

Carbur:
Richardson, John R.

Carrabelle:
Dykes, Chapman

Caryville:
Carter, George Walton

Cedar Key:
Turner, James Wilcox

Center Hill:
Cherry, H. Spurgeon

Century:
Gachet, Necy Lewis
Turberville, John Samuel

Chattahoochee:
Beggs, John Miller
Daves, Frank Erwin
Folmar, James Quitman
Inman, Joseph C., Jr.
Miles, Walter Galliber
Pound, James Hannon
Rhoden, J. W.
Saunders, John Rudolph

Chiefland:
Young, William Clement

Chipley:
Coleman, William Edwin
Harper, Charles Wilson
McClure, Herbert A.
Miller, Grover Cleveland
Tiller, Oscar Byron

Citra:
Strickland, Edgar Eugene

Clarksville:
Reeder, Birt B.

Clearwater:
Adolphus, Gustavus
Archie, Edw. Osc. (Col.)
Black, M. Eldridge
Bowen, John Thomas
Brown, Harold Ogden
Dickerson, Lucien Brown
Groves, Wyatt Hammond
Kauffman, Frank E.
Mighell, Norman E.
Nettles, Robbins
Nickle, Millen Alexander
Ruff, Joseph Franklin
Smyth, Benjamin

Clermont:
Izlar, A. L.

Clewiston:
Puffer, Maurice L.

Cocoa:
Counts, Noah Tilden
Hughlett, William Smith
Page, Walter Clayton
Scurry, B. C. (Col.)
White, Charles Bell

Coconut Grove:
Ayars, Emerson W.
Cleveland, Theodore P.
Franklin, Grover C.
Jeffrey, Stewart Lee
Rentz, Lawson S.
Watters, William Henry

Coleman:
Mitchell, W. E.

Coral Gables:
Eckman, Benj. Franklin
Kitchens, F. E.
Lefholz, Rothwell
Quillian, Warren
Stuart, J. Dever
Welch, P. B.
Weiland, Arthur H.

Cottondale:
Smalley, James Garfield

Crawfordville:
Harper, Joseph A.

DOCTORS OF MEDICINE

Crescent City:
Ford, Edward White
Crestview:
Enzor, Olin O.
Fleming, Oscar Harris
Webb, Edward Porter
Cross City:
Anderson, James Martin
Jones, Thomas Capers
Lancaster, William L.
Crystal River:
Hudson, Porter James
Moon, William Benjamin
Cypress:
McLeod, John Edward
O'Hara, Andrew M.
Dade City:
Jackson, Thomas Fred
McGregor, Geo. Gleason
Sistrunk, Robert Donnie
Dania:
Shelton, John Benjamin
Darlington:
Spires, W. G.
Davenport:
Besenbruch, Peter W.
Day:
Prine, J. L.

Chapter 12005, Acts of 1927

AN ACT to Require the Registration of All Physicians, Surgeons, Osteopaths, Chiropractics, Naturopathis, Midwives and All Others, Practicing the Medical and/or Material Healing Art in the State of Florida; to provide Fees for the same and Penalties for Violation.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF FLORIDA:

SECTION 1. That from and after the passage of this Act every license to practice medicine, osteopathy, chiropractic, naturopathy, midwifery and every other medical and/or material method of the practice of the healing art shall before the licensee begins practice thereunder be recorded in a book for that purpose in th eoffice of the Clerk of the Circuit Court of the County n wihich he resides, or in which such practice is intended to be carried on with the name, residence, place and date of birth of the licensee and the source, number and date of his license to practice. Before registering, each licensee shall file, to be kept in a bound volume, in the office of the Clerk of the Circuti Court an affidavit of the above facts and also that he is the person named in such license and had before receiving the some complied with all the requirements as to examination required by law; that no money was paid for such license except the regular fee paid by all applicants therefor; that no fraud, misrepresentation or mistake in any maetrial regard was employed by anyone or occurrd in order that such license should be granted. The Clerk's fee for recording such license and affidavit shall be the same as for recording a Deed. The Circuit Clerk of each County shall make and repor tto the Secretary of the State Board of Health on the 31st day of December of each year of all certifciates registered by him.

SECTION 2. That every person now lawfully engaged in the practice of medicine, osteopathy, chiropractic, naturopathy, midwifery and other medical and/or material systems of healing and every other person hereafter duly licensed to practice the same shall, on or before the 1st day of January of each year, apply to the Secretary of the State Board of Health for a Certificate of Registration upon a blank form to be furnished by such Secretary and shall pay at such time a fee of One ($1.00) Dollar.

SECTION 3. That every person in making his first registration hereunder, shall write or cause to be written upon the application blank so furnished by the Secretary of the State Board of Health, his full name, post office and residence address, the date and number of his license and such other facts for the identification of the applicant as a licensed practitioner as may be deemed necessary and shall duly execute and verify the same before an officer authorized to take acknowledgements of deeds, and shall file the same with the Secretary of the State Board of Health. Registration subsequent to the first registration need not be upon the sworn application unless the Board of Health in particular case, for reasons satisfactory to them, may require that the application be under oath.

SECTION 4. That the Secretary of the State Board of Health, on or before October 1st of each year after the first registration shall mail or cause to be mailed to each person so registered a blank form of application for registration, addressed to the last known post office address of such Registrant. The form of such application shall be such as to contain space for the insertion by the applicant of the information required by the provisions of this Act.

SECTION 5. The Secretary of the State Board of Health shall issue to any duly licensed physician, osteopath, chiropractor, naturopath, midwife and others duly licensed by any State Board to practice the medical and/or material healing art upon his application therefor, in accordance with the provisions hereof, a Certificate of Registration under the seal of the Board for the year ensuing and ending December 31st.

SECTION 6. Every holder of Registration Certificate granted hereunder, shall conspicuously display the same in his office at all times.

SECTION 7. Any person who fails or neglects to register as required by the provisions of this Act, or who shall violate the provisions of this Act, shall upon conviction thereof, be punished by fine of not more than Fifty ($50.00) Dollars.

SECTION 8. This Act shall take effect immediately upon its passage and approval by the Governor, or upon its becoming a law without such approval.

Approved by the Governor, May 28, 1927.

Official Opinions

FRED H. DAVIS, Attorney General

OPINION NO. 17

REGISTRATION: VETERINARY DOCTORS

In Re: Whether Veterinarians Required to Register Under Chapter 12005, Acts of 1927, Laws of Florida

Chapter 12005, Acts of 1927, Laws of Florida, is entitled:

> "AN ACT to require the registration of all physicians, surgeons, osteopaths, chiropractics, naturopaths, midwives and all others practicing the medical and/or material healing art in the State of Florida; to provide fees for the same and penalties for violation."

There is nothing in either the title or the body of this Act which can be construed as applying to veterinary doctors or surgeons, and I am therefore of the opinion that veterinarians are not required to register under this act.

OPINION NO. 18

REGISTRATION: NON-RESIDENTS

I am of the opinion that Senate Bill No. 75, Chapter 12005, Laws of 1927, contemplates that doctors, whether practicing or not, shall register annually with the State Board of Health.

The purpose of this registration seems to be mainly to preserve information as to the whereabouts of the physicians licensed to practice rather than a registration of those physicians actually engaged in practice. The statute says that all those licensed to practice who at the time the statute was enacted were lawfully engaged in the practice of medicine should register annually as required in the Act.

If a person applies for a license to practice medicine and engages in some other occupation he would probably be exempt from registration under the Act by notifying the jury to that effect.

OFFICIAL OPINIONS

OPINION NO. 19

LICENSE RECORDED COUNTY WHERE PRACTICING

Section 1 of Senate Bill No. 75, approved May 28th, 1927, provides:

> "That from and after the passage of this Act every license to practice * * * shall before the licensee begins to practice thereunder be recorded in a book for that purpose in the office of the Clerk of the Circuit Court of the County in which he resides or in which such practice is intended to be carried on. * * *"

It is apparent from this provision, taken in connection with other provisions of the Act, that if a physician has his license recorded in the County in which he resides and intends to practice, it is necessary to have said license recorded in another County whenever he moves from one part of the State to another, or changes his abode from one part of the State to another, as the law requires that the license be recorded in the County "in which such practice is intended to be carried on."

OPINION NO. 20

REGISTRATION: MIDWIVES.

Section 2 of Chapter 12005, Laws of Florida, Acts of 1927, provides:

> "That every person now lawfully engaged in the practice of * * * midwifery and other medical and/or material system of healing and every other person hereafter duly licensed to practice the same shall, on or before the 1st day of January of each year, apply to the Secretary of the State Board of Health for a Certificate of Registration upon a blank form to be furnished by such Secretary and shall pay at such time a fee of One ($1.00) Dollar."

Section 5 of the same Act provides:

> "The Secretary of the State Board of Health shall issue to any duly licensed * * * midwife and others duly licensed by any State Board to practice the medical and/or material healing art upon his application therefor, in accordance with the provisions hereof, a Certificate of Registration under the seal of the Board for the year ensuing and ending December 31st."

Construing these two Sections together, it is apparent that only "duly licensed" midwives are required to apply for a Certificate of Registration and since there is no statute in the State of Florida at this time providing for the licensing of midwives or the practice of midwifery, it is also apparent that Chapter 12005 at present has no application insofar as requiring the registration of midwives is concerned. The obvious purpose of the statute is to provide for the registration of licenses and where no licenses are provided for no registration can be had.

OPINION NO. 21

REGISTRATION: DENTISTS—PODIATRISTS

Chapter 12005, Acts of 1927, requires registration of every license to practice medicine, osteopathy, chiropractics, naturopathy, midwifery and every other medical and/or material method of the practice of healing art, before the licensee begins to practice.

OFFICIAL OPINIONS

I am of the opinion that the words: "every other medical and/or material method of the practice of the healing art," as used in this Act are words of general import which are limited by the specification of the particular words theretofore used and that the principle of noscitur a sociis or ejus idem generis applies and limits the general words to the same class of things as are covered by the specific words.

In short, podiatrists would be required to register as their practice is kindred and similar to the practice of medicine but is limited to a specific portion of the human body.

Dentists on the other hand, can hardly be called practitioners of the same kind of science as ordinary doctors, and, therefore, I think that they are excluded, unless, of course, the practice of dentistry is held to embrace the right to give treatments for human ailments due to correction of dental deficiencies. As I understand the same, some dentists do this and some dentists do not.

It is possible that there might be a distinction between the practice of dentistry and the ordinary practice of medicine. However, if the license of the dentists authorizes, and the practice of his science embraces a certain degree of surgery and therapeutic treatment such as would ordinarily be administered by a physician, a dentist would be as much within the requirement to register as would the podiatrist. As to dentists the question should be determined by a consideration of what the dentist is licensed to do under the rules and regulations of the Dental Board and the laws of Florida.

OPINION NO. 22

REGISTRATION: ELECTRO-THERAPEUTISTS—PROFESSIONAL MASSEURS

Section 2 of Chapter 12005 requires all persons engaged in the practice of naturopathy to register with the State Board of Health. Section 1 of Chapter 12286, Acts of 1927, provides for the licensing of naturopaths. The practice of naturopathy is defined as including electro-therapeutics and would also seem to include professional masseurs, which practitioner would fall under the classification of those engaged in the practice of material health science used to aid in the purifying, cleansing and normalizing of the human tissues for the preservation of, and restoration of health.

Construing these two laws together it would appear that persons engaged in the practice of electro-therapeutics as well as professional masseurs are engaged in the practice of naturopathy and are, therefore, required to register as such under Chapter 12005, Acts of 1927.

OPINION NO. 23

REGISTRATION: ELECTRO-THERAPEUTISTS—PROFESSIONAL MASSEURS

Answering your letter of February 2nd, requesting my opinion as to the status for registration of electro-therapeutists and professional masseurs, it seems to me clear from the provisions of Chapter 12286, Acts of 1927, that all electro-therapeutists and professional masseurs should have a certificate as such from the State Board of Naturopathic Examiners before they exercise the right to practice their respective professions as such if these two sciences use mechanical, psychological or material health sciences and to aid in purifying, cleansing and normalizing human tissues for the preservation or restoration of health according to the fundamental principles of anatomy, physiology, and applied psychology as it is apparent that they do.

OFFICIAL OPINIONS

Of course, if the Naturopathic Board of Examiners has not issued any license to electro-therapeutists and professional masseurs the provisions of Chapter 12005, Laws of Florida, requiring them to register certificates cannot be applied, as the purpose of Chapter 12005 was to secure the registration of all professional certificates relating to the healing art as a means of checking up on those who are practicing without any certificate as required by law.

OPINION NO. 32

REGISTRATION HEALING ARTS—PENALTY

Physicians, surgeons, osteopaths, naturopaths, midwives or other persons practicing medical or material healing arts, who fail to comply with the provisions of Sections 3398 to 3403, Compiled Laws, 1927, relating to registration of all persons practicing the medical or material healing arts is subject to a prosecution for such failure but the failure itself will not prevent the practitioner from complying with the same and thereby avoiding liability for unlawful practice in the future.

I am, therefore, of the opinion that if an individual has failed to register for 1928 although engaged in practice, he is guilty of a violation of the statute, which may subject him to criminal prosecution, but yet at the same time there is nothing in the statute which authorizes the withholding from him of a 1929 registration or in requiring him to register for 1928, before he is authorized to register for 1929.

The purpose of the provisions of this Act as has been previously pointed out is to furnish a current record of those presently engaged in practice for the particular year in question.

There is nothing in the Act which prohibits a physician who practiced in 1928 without registration from now filing his registration for the year 1928 in order to have recorded the fact that he did practice during 1928 but such filing subsequent to the time fixed in the statute will not by itself exempt him from liability which he has already incurred from the practice without the proper registration.

OPINION NO. 33

REGISTRATION HEALING ARTS—COMBINED

Answering your request of the 17th inst. for my opinion in the premises, I beg to advise that I am of the opinion that a requirement for registration of those licensed to practice medicine, osteopathy, chiropractics, etc., as found in Senate Bills Nos. 75, 77 and 366, all relate to one and the same registration although the requirement is repeated separately in each of these Acts.

Under this construction, it is not necessary that physicians register more than one time with the Bureau although there are two separate statutes which require such registration.

Registration of Practitioners *of* Osteopathy in Florida

By
Stewart G. Thompson, D. P. H.

Florida
State Board of Health

Hon. Chas. H. Mann, *President*, Jacksonville
H. Mason Smith, M. D., Tampa
Wm. D. Nobles, M. D., Pensacola
Henry Hanson, M. D., *State Health Officer*, Jacksonville

CENTRAL
BUREAU OF VITAL STATISTICS
Stewart G. Thompson, D. P. H., *Director*
Jacksonville

MEMBERS STATE BOARD OSTEOPATHIC MEDICAL EXAMINERS

LAMAR K. TUTTLE, D. O., Miami
(Deceased, term expires July 28, 1930)

FRANCES TUTTLE, D. O., Miami
(Commissioned Aug. 6, 1929 for unexpired term)

JULIA LARMOYEUX KLINE, D. O., Jacksonville

ALFRED D. GLASCOCK, D. O., St. Petersburg

RALPH B. FERGUSON, D. O., Miami

ARTHUR GEO. CHAPPELL, D. O., Jacksonville

IVA CARR, D. O., Tallahassee

Information concerning members constituting above Board submitted by Honorable W. M. Igou, Secretary of State, February 14, 1930.

Letter of Transmittal

FLORIDA STATE BOARD OF HEALTH
CENTRAL BUREAU OF VITAL STATISTICS

Jacksonville, Florida, March 1, 1930.

SIR:

I transmit herewith the Annual Report on the registration of Doctors of Osteopathy who are licensed to practice in this State, which is the second annual compilation of such information prepared by the Bureau of Vital Statistics. It is based on original applications filed as provided for in Chapter 12005, Laws of Florida, Acts of 1927. A copy of this report has been placed in the hands of each person who registered as indicated in the official list herewith. A small supply of the report has been placed on file to be given out to individuals who may be licensed during the current year.

This second annual report contains a complete list showing the names and addresses of individuals who have registered for the calendar year 1929. I am also transmitting to you in a separate report, a complete list of those who registered for 1928 but failed to register again for 1929.

Respectfully,

Stewart G. Thompson

Director of Vital Statistics

HENRY HANSON, M. D.
Secretary, State Board of Health

Foreword

TABLES reproduced in the back of this publication indicate the number of Doctors of Osteopathy registered in Florida by color and counties; those born in Florida and other parts of the United States; foreign born by color; length of residence in Florida by years; and ages of doctors, by color.

In addition to the tables, a complete alphabetical list appears, showing each doctor's name, address (as of registration date) and telephone number. A second list of doctors is shown by towns, for the convenience of those who wish to refer to the names in a particular city or town.

The information relative to telephone numbers, contained herein, was compiled by the Southern Bell Telephone Company, and should prove very convenient and profitable to the doctors in the state when placing local and long distance calls. In filing a long distance call, be prepared to give the operator the telephone number of the called party. This practice normally results in the more prompt completion of your call.

Chapter 12005, Acts of 1927 is reproduced in full, together with the official opinions from Attorney General, Honorable Fred H. Davis, pertinent to the interpretation of certain statements contained therein.

Chapter 12005, Acts of 1927

AN ACT to Require the Registration of All Physicians, Surgeons, Osteopaths, Chiropractics, Naturopathis, Midwives and All Others, Practicing the Medical and/or Material Healing Art in the State of Florida; to provide Fees for the same and Penalties for Violation.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF FLORIDA:

SECTION 1. That from and after the passage of this Act every license to practice medicine, osteopathy, chiropractic, naturopathy, midwifery and every other medical and/or material method of the practice of the healing art shall before the licensee begins practice thereunder be recorded in a book for that purpose in th eoffice of the Clerk of the Circuit Court of the County n wihich he resides, or in which such practice is intended to be carried on with the name, residence, place and date of birth of the licensee and the source, number and date of his license to practice. Before registering, each licensee shall file, to be kept in a bound volume, in the office of the Clerk of the Circuti Court an affidavit of the above facts and also that he is the person named in such license and had before receiving the some complied with all the requirements as to examination required by law; that no money was paid for such license except the regular fee paid by all applicants therefor; that no fraud, misrepresentation or mistake in any maetrial regard was employed by anyone or occurrd in order that such license should be granted. The Clerk's fee for recording such license and affidavit shall be the same as for recording a Deed. The Circuit Clerk of each County shall make and repor tto the Secretary of the State Board of Health on the 31st day of December of each year of all certifciates registered by him.

SECTION 2. That every person now lawfully engaged in the practice of medicine, osteopathy, chiropractic, naturopathy, midwifery and other medical and/or material systems of healing and every other person hereafter duly licensed to practice the same shall, on or before the 1st day of January of each year, apply to the Secretary of the State Board of Health for a Certificate of Registration upon a blank form to be furnished by such Secretary and shall pay at such time a fee of One ($1.00) Dollar.

SECTION 3. That every person in making his first registration hereunder, shall write or cause to be written upon the application blank so furnished by the Secretary of the State Board of Health, his full name, post office and residence address, the date and number of his license and such other facts for the identification of the applicant as a licensed practitioner as may be deemed necessary and shall duly execute and verify the same before an officer authorized to take acknowledgements of deeds, and shall file the same with the Secretary of the State Board of Health. Registration subsequent to the first registration need not be upon the sworn application unless the Board of Health in particular case, for reasons satisfactory to them, may require that the application be under oath.

SECTION 4. That the Secretary of the State Board of Health, on or before October 1st of each year after the first registration shall mail or cause to be mailed to each person so registered a blank form of application for registration, addressed to the last known post office address of such Registrant. The form of such application shall be such as to contain space for the insertion by the applicant of the information required by the provisions of this Act.

SECTION 5. The Secretary of the State Board of Health shall issue to any duly licensed physician, osteopath, chiropractor, naturopath, midwife and others duly licensed by any State Board to practice the medical and/or material healing art upon his application therefor, in accordance with the provisions hereof, a Certificate of Registration under the seal of the Board for the year ensuing and ending December 31st.

SECTION 6. Every holder of Registration Certificate granted hereunder, shall conspicuously display the same in his office at all times.

SECTION 7. Any person who fails or neglects to register as required by the provisions of this Act, or who shall violate the provisions of this Act, shall upon conviction thereof, be punished by fine of not more than Fifty ($50.00) Dollars.

SECTION 8. This Act shall take effect immediately upon its passage and approval by the Governor, or upon its becoming a law without such approval.

Approved by the Governor, May 28, 1927.

Official Opinions

FRED H. DAVIS, Attorney General

OPINION NO. 17

REGISTRATION: VETERINARY DOCTORS

In Re: Whether Veterinarians Required to Register Under Chapter 12005, Acts of 1927, Laws of Florida

Chapter 12005, Acts of 1927, Laws of Florida, is entitled:

> "AN ACT to require the registration of all physicians, surgeons, osteopaths, chiropractics, naturopaths, midwives and all others practicing the medical and/or material healing art in the State of Florida; to provide fees for the same and penalties for violation."

There is nothing in either the title or the body of this Act which can be construed as applying to veterinary doctors or surgeons, and I am therefore of the opinion that veterinarians are not required to register under this act.

OPINION NO. 18

REGISTRATION: NON-RESIDENTS

I am of the opinion that Senate Bill No. 75, Chapter 12005, Laws of 1927, contemplates that doctors, whether practicing or not, shall register annually with the State Board of Health.

The purpose of this registration seems to be mainly to preserve information as to the whereabouts of the physicians licensed to practice rather than a registration of those physicians actually engaged in practice. The statute says that all those licensed to practice who at the time the statute was enacted were lawfully engaged in the practice of medicine should register annually as required in the Act.

If a person applies for a license to practice medicine and engages in some other occupation he would probably be exempt from registration under the Act by notifying the jury to that effect.

OFFICIAL OPINIONS

OPINION NO. 19

LICENSE RECORDED COUNTY WHERE PRACTICING

Section 1 of Senate Bill No. 75, approved May 28th, 1927, provides:

> "That from and after the passage of this Act every license to practice * * * shall before the licensee begins to practice thereunder be recorded in a book for that purpose in the office of the Clerk of the Circuit Court of the County in which he resides or in which such practice is intended to be carried on. * * *"

It is apparent from this provision, taken in connection with other provisions of the Act, that if a physician has his license recorded in the County in which he resides and intends to practice, it is necessary to have said license recorded in another County whenever he moves from one part of the State to another, or changes his abode from one part of the State to another, as the law requires that the license be recorded in the County "in which such practice is intended to be carried on."

OPINION NO. 20

REGISTRATION: MIDWIVES.

Section 2 of Chapter 12005, Laws of Florida, Acts of 1927, provides:

> "That every person now lawfully engaged in the practice of * * * midwifery and other medical and/or material system of healing and every other person hereafter duly licensed to practice the same shall, on or before the 1st day of January of each year, apply to the Secretary of the State Board of Health for a Certificate of Registration upon a blank form to be furnished by such Secretary and shall pay at such time a fee of One ($1.00) Dollar."

Section 5 of the same Act provides:

> "The Secretary of the State Board of Health shall issue to any duly licensed * * * midwife and others duly licensed by any State Board to practice the medical and/or material healing art upon his application therefor, in accordance with the provisions hereof, a Certificate of Registration under the seal of the Board for the year ensuing and ending December 31st."

Construing these two Sections together, it is apparent that only "duly licensed" midwives are required to apply for a Certificate of Registration and since there is no statute in the State of Florida at this time providing for the licensing of midwives or the practice of midwifery, it is also apparent that Chapter 12005 at present has no application insofar as requiring the registration of midwives is concerned. The obvious purpose of the statute is to provide for the registration of licenses and where no licenses are provided for no registration can be had.

OPINION NO. 21

REGISTRATION: DENTISTS—PODIATRISTS

Chapter 12005, Acts of 1927, requires registration of every license to practice medicine, osteopathy, chiropractics, naturopathy, midwifery and every other medical and/or material method of the practice of healing art, before the licensee begins to practice.

OFFICIAL OPINIONS

I am of the opinion that the words: "every other medical and/or material method of the practice of the healing art," as used in this Act are words of general import which are limited by the specification of the particular words theretofore used and that the principle of noscitur a sociis or ejus idem generis applies and limits the general words to the same class of things as are covered by the specific words.

In short, podiatrists would be required to register as their practice is kindred and similar to the practice of medicine but is limited to a specific portion of the human body.

Dentists on the other hand, can hardly be called practitioners of the same kind of science as ordinary doctors, and, therefore, I think that they are excluded, unless, of course, the practice of dentistry is held to embrace the right to give treatments for human ailments due to correction of dental deficiencies. As I understand the same, some dentists do this and some dentists do not.

It is possible that there might be a distinction between the practice of dentistry and the ordinary practice of medicine. However, if the license of the dentists authorizes, and the practice of his science embraces a certain degree of surgery and therapeutic treatment such as would ordinarily be administered by a physician, a dentist would be as much within the requirement to register as would the podiatrist. As to dentists the question should be determined by a consideration of what the dentist is licensed to do under the rules and regulations of the Dental Board and the laws of Florida.

OPINION NO. 22

REGISTRATION: ELECTRO-THERAPEUTISTS—PROFESSIONAL MASSEURS

Section 2 of Chapter 12005 requires all persons engaged in the practice of naturopathy to register with the State Board of Health. Section 1 of Chapter 12286, Acts of 1927, provides for the licensing of naturopaths. The practice of naturopathy is defined as including electro-therapeutics and would also seem to include professional masseurs, which practitioner would fall under the classification of those engaged in the practice of material health science used to aid in the purifying, cleansing and normalizing of the human tissues for the preservation of, and restoration of health.

Construing these two laws together it would appear that persons engaged in the practice of electro-therapeutics as well as professional masseurs are engaged in the practice of naturopathy and are, therefore, required to register as such under Chapter 12005, Acts of 1927.

OPINION NO. 23

REGISTRATION: ELECTRO-THERAPEUTISTS—PROFESSIONAL MASSEURS

Answering your letter of February 2nd, requesting my opinion as to the status for registration of electro-therapeutists and professional masseurs, it seems to me clear from the provisions of Chapter 12286, Acts of 1927, that all electro-therapeutists and professional masseurs should have a certificate as such from the State Board of Naturopathic Examiners before they exercise the right to practice their respective professions as such if these two sciences use mechanical, psychological or material health sciences and to aid in purifying, cleansing and normalizing human tissues for the preservation or restoration of health according to the fundamental principles of anatomy, physiology, and applied psychology as it is apparent that they do.

OFFICIAL OPINIONS

Of course, if the Naturopathic Board of Examiners has not issued any license to electro-therapeutists and professional masseurs the provisions of Chapter 12005, Laws of Florida, requiring them to register certificates cannot be applied, as the purpose of Chapter 12005 was to secure the registration of all professional certificates relating to the healing art as a means of checking up on those who are practicing without any certificate as required by law.

OPINION NO. 32

REGISTRATION HEALING ARTS—PENALTY

Physicians, surgeons, osteopaths, naturopaths, midwives or other persons practicing medical or material healing arts, who fail to comply with the provisions of Sections 3398 to 3403, Compiled Laws, 1927, relating to registration of all persons practicing the medical or material healing arts is subject to a prosecution for such failure but the failure itself will not prevent the practitioner from complying with the same and thereby avoiding liability for unlawful practice in the future.

I am, therefore, of the opinion that if an individual has failed to register for 1928 although engaged in practice, he is guilty of a violation of the statute, which may subject him to criminal prosecution, but yet at the same time there is nothing in the statute which authorizes the withholding from him of a 1929 registration or in requiring him to register for 1928, before he is authorized to register for 1929.

The purpose of the provisions of this Act as has been previously pointed out is to furnish a current record of those presently engaged in practice for the particular year in question.

There is nothing in the Act which prohibits a physician who practiced in 1928 without registration from now filing his registration for the year 1928 in order to have recorded the fact that he did practice during 1928 but such filing subsequent to the time fixed in the statute will not by itself exempt him from liability which he has already incurred from the practice without the proper registration.

OPINION NO. 33

REGISTRATION HEALING ARTS—COMBINED

Answering your request of the 17th inst. for my opinion in the premises, I beg to advise that I am of the opinion that a requirement for registration of those licensed to practice medicine, osteopathy, chiropractics, etc., as found in Senate Bills Nos. 75, 77 and 366, all relate to one and the same registration although the requirement is repeated separately in each of these Acts.

Under this construction, it is not necessary that physicians register more than one time with the Bureau although there are two separate statutes which require such registration.

MEMBERS STATE BOARD CHIROPRACTIC EXAMINERS

E. B. PRITCHARD, D. C., Jacksonville

ROBERTA T. GRAHAM, D. C., St. Augustine

HENRY G. COX, D. C., Jacksonville

Information concerning members constituting above Board submitted by Honorable W. M. Igou, Secretary of State, February 14, 1930.

Letter of Transmittal

FLORIDA STATE BOARD OF HEALTH
CENTRAL BUREAU OF VITAL STATISTICS

Jacksonville, Florida, March 1, 1930.

SIR:

I transmit herewith the Annual Report on the registration of Doctors of Chiropractic who are licensed to practice in this State, which is the second annual compilation of such information prepared by the Bureau of Vital Statistics. It is based on original applications filed as provided for in Chapter 12005, Laws of Florida, Acts of 1927. A copy of this report has been placed in the hands of each person who registered as indicated in the official list herewith. A small supply of the report has been placed on file to be given out to individuals who may be licensed during the current year.

This second annual report contains a complete list showing the names and addresses of individuals who have registered for the calendar year 1929. I am also transmitting to you in a separate report, a complete list of those who registered for 1928 but failed to register again for 1929.

Respectfully,

Stuart G. Thompson

Director of Vital Statistics

HENRY HANSON, M. D.
Secretary, State Board of Health

Foreword

TABLES reproduced in the back of this publication indicate the number of Doctors of Chiropractic registered in Florida by color and counties; those born in Florida and other parts of the United States; foreign born by color; length of residence in Florida by years; and ages of doctors, by color.

In addition to the tables, a complete alphabetical list appears, showing each doctor's name, address (as of registration date) and telephone number. A second list of doctors is shown by towns, for the convenience of those who wish to refer to the names in a particular city or town.

The information relative to telephone numbers, contained herein, was compiled by the Southern Bell Telephone Company, and should prove very convenient and profitable to the doctors in the state when placing local and long distance calls. In filing a long distance call, be prepared to give the operator the telephone number of the called party. This practice normally results in the more prompt completion of your call.

Chapter 12005, Acts of 1927 is reproduced in full, together with the official opinions from Attorney General, Honorable Fred H. Davis, pertinent to the interpretation of certain statements contained therein.

Chapter 12005, Acts of 1927

AN ACT to Require the Registration of All Physicians, Surgeons, Osteopaths, Chiropractics, Naturopaths, Midwives and All Others, Practicing the Medical and/or Material Healing Art in the State of Florida; to provide Fees for the same and Penalties for Violation.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF FLORIDA:

SECTION 1. That from and after the passage of this Act every license to practice medicine, osteopathy, chiropractic, naturopathy, midwifery and every other medical and/or material method of the practice of the healing art shall before the licensee begins practice thereunder be recorded in a book for that purpose in the office of the Clerk of the Circuit Court of the County in which he resides, or in which such practice is intended to be carried on with the name, residence, place and date of birth of the licensee and the source, number and date of his license to practice. Before registering, each licensee shall file, to be kept in a bound volume, in the office of the Clerk of the Circuit Court an affidavit of the above facts and also that he is the person named in such license and had before receiving the same complied with all the requirements as to examination required by law; that no money was paid for such license except the regular fee paid by all applicants therefor; that no fraud, misrepresentation or mistake in any material regard was employed by anyone or occurred in order that such license should be granted. The Clerk's fee for recording such license and affidavit shall be the same as for recording a Deed. The Circuit Clerk of each County shall make and report to the Secretary of the State Board of Health on the 31st day of December of each year of all certificates registered by him.

SECTION 2. That every person now lawfully engaged in the practice of medicine, osteopathy, chiropractic, naturopathy, midwifery and other medical and/or material systems of healing and every other person hereafter duly licensed to practice the same shall, on or before the 1st day of January of each year, apply to the Secretary of the State Board of Health for a Certificate of Registration upon a blank form to be furnished by such Secretary and shall pay at such time a fee of One ($1.00) Dollar.

SECTION 3. That every person in making his first registration hereunder, shall write or cause to be written upon the application blank so furnished by the Secretary of the State Board of Health, his full name, post office and residence address, the date and number of his license and such other facts for the identification of the applicant as a licensed practitioner as may be deemed necessary and shall duly execute and verify the same before an officer authorized to take acknowledgements of deeds, and shall file the same with the Secretary of the State Board of Health. Registration subsequent to the first registration need not be upon the sworn application unless the Board of Health in particular case, for reasons satisfactory to them, may require that the application be under oath.

SECTION 4. That the Secretary of the State Board of Health, on or before October 1st of each year after the first registration shall mail or cause to be mailed to each person so registered a blank form of application for registration, addressed to the last known post office address of such Registrant. The form of such application shall be such as to contain space for the insertion by the applicant of the information required by the provisions of this Act.

SECTION 5. The Secretary of the State Board of Health shall issue to any duly licensed physician, osteopath, chiropractor, naturopath, midwife and others duly licensed by any State Board to practice the medical and/or material healing art upon his application therefor, in accordance with the provisions hereof, a Certificate of Registration under the seal of the Board for the year ensuing and ending December 31st.

SECTION 6. Every holder of Registration Certificate granted hereunder, shall conspicuously display the same in his office at all times.

SECTION 7. Any person who fails or neglects to register as required by the provisions of this Act, or who shall violate the provisions of this Act, shall upon conviction thereof, be punished by fine of not more than Fifty ($50.00) Dollars.

SECTION 8. This Act shall take effect immediately upon its passage and approval by the Governor, or upon its becoming a law without such approval.

Approved by the Governor, May 28, 1927.

Official Opinions

FRED H. DAVIS, Attorney General

OPINION NO. 17

REGISTRATION: VETERINARY DOCTORS

In Re: Whether Veterinarians Required to Register Under Chapter 12005, Acts of 1927, Laws of Florida

Chapter 12005, Acts of 1927, Laws of Florida, is entitled:

> "AN ACT to require the registration of all physicians, surgeons, osteopaths, chiropractics, naturopaths, midwives and all others practicing the medical and/or material healing art in the State of Florida; to provide fees for the same and penalties for violation."

There is nothing in either the title or the body of this Act which can be construed as applying to veterinary doctors or surgeons, and I am therefore of the opinion that veterinarians are not required to register under this act.

OPINION NO. 18

REGISTRATION: NON-RESIDENTS

I am of the opinion that Senate Bill No. 75, Chapter 12005, Laws of 1927, contemplates that doctors, whether practicing or not, shall register annually with the State Board of Health.

The purpose of this registration seems to be mainly to preserve information as to the whereabouts of the physicians licensed to practice rather than a registration of those physicians actually engaged in practice. The statute says that all those licensed to practice who at the time the statute was enacted were lawfully engaged in the practice of medicine should register annually as required in the Act.

If a person applies for a license to practice medicine and engages in some other occupation he would probably be exempt from registration under the Act by notifying the jury to that effect.

OFFICIAL OPINIONS

OPINION NO. 19

LICENSE RECORDED COUNTY WHERE PRACTICING

Section 1 of Senate Bill No. 75, approved May 28th, 1927, provides:

> "That from and after the passage of this Act every license to practice * * * shall before the licensee begins to practice thereunder be recorded in a book for that purpose in the office of the Clerk of the Circuit Court of the County in which he resides or in which such practice is intended to be carried on. * * *"

It is apparent from this provision, taken in connection with other provisions of the Act, that if a physician has his license recorded in the County in which he resides and intends to practice, it is necessary to have said license recorded in another County whenever he moves from one part of the State to another, or changes his abode from one part of the State to another, as the law requires that the license be recorded in the County "in which such practice is intended to be carried on."

OPINION NO. 20

REGISTRATION: MIDWIVES.

Section 2 of Chapter 12005, Laws of Florida, Acts of 1927, provides:

> "That every person now lawfully engaged in the practice of * * * midwifery and other medical and/or material system of healing and every other person hereafter duly licensed to practice the same shall, on or before the 1st day of January of each year, apply to the Secretary of the State Board of Health for a Certificate of Registration upon a blank form to be furnished by such Secretary and shall pay at such time a fee of One ($1.00) Dollar."

Section 5 of the same Act provides:

> "The Secretary of the State Board of Health shall issue to any duly licensed * * * midwife and others duly licensed by any State Board to practice the medical and/or material healing art upon his application therefor, in accordance with the provisions hereof, a Certificate of Registration under the seal of the Board for the year ensuing and ending December 31st."

Construing these two Sections together, it is apparent that only "duly licensed" midwives are required to apply for a Certificate of Registration and since there is no statute in the State of Florida at this time providing for the licensing of midwives or the practice of midwifery, it is also apparent that Chapter 12005 at present has no application insofar as requiring the registration of midwives is concerned. The obvious purpose of the statute is to provide for the registration of licenses and where no licenses are provided for no registration can be had.

OPINION NO. 21

REGISTRATION: DENTISTS—PODIATRISTS

Chapter 12005, Acts of 1927, requires registration of every license to practice medicine, osteopathy, chiropractics, naturopathy, midwifery and every other medical and/or material method of the practice of healing art, before the licensee begins to practice.

OFFICIAL OPINIONS

I am of the opinion that the words: "every other medical and/or material method of the practice of the healing art," as used in this Act are words of general import which are limited by the specification of the particular words theretofore used and that the principle of noscitur a sociis or ejus idem generis applies and limits the general words to the same class of things as are covered by the specific words.

In short, podiatrists would be required to register as their practice is kindred and similar to the practice of medicine but is limited to a specific portion of the human body.

Dentists on the other hand, can hardly be called practitioners of the same kind of science as ordinary doctors, and, therefore, I think that they are excluded, unless, of course, the practice of dentistry is held to embrace the right to give treatments for human ailments due to correction of dental deficiencies. As I understand the same, some dentists do this and some dentists do not.

It is possible that there might be a distinction between the practice of dentistry and the ordinary practice of medicine. However, if the license of the dentists authorizes, and the practice of his science embraces a certain degree of surgery and therapeutic treatment such as would ordinarily be administered by a physician, a dentist would be as much within the requirement to register as would the podiatrist. As to dentists the question should be determined by a consideration of what the dentist is licensed to do under the rules and regulations of the Dental Board and the laws of Florida.

OPINION NO. 22

REGISTRATION: ELECTRO-THERAPEUTISTS—PROFESSIONAL MASSEURS

Section 2 of Chapter 12005 requires all persons engaged in the practice of naturopathy to register with the State Board of Health. Section 1 of Chapter 12286, Acts of 1927, provides for the licensing of naturopaths. The practice of naturopathy is defined as including electro-therapeutics and would also seem to include professional masseurs, which practitioner would fall under the classification of those engaged in the practice of material health science used to aid in the purifying, cleansing and normalizing of the human tissues for the preservation of, and restoration of health.

Construing these two laws together it would appear that persons engaged in the practice of electro-therapeutics as well as professional masseurs are engaged in the practice of naturopathy and are, therefore, required to register as such under Chapter 12005, Acts of 1927.

OPINION NO. 23

REGISTRATION: ELECTRO-THERAPEUTISTS—PROFESSIONAL MASSEURS

Answering your letter of February 2nd, requesting my opinion as to the status for registration of electro-therapeutists and professional masseurs, it seems to me clear from the provisions of Chapter 12286, Acts of 1927, that all electro-therapeutists and professional masseurs should have a certificate as such from the State Board of Naturopathic Examiners before they exercise the right to practice their respective professions as such if these two sciences use mechanical, psychological or material health sciences and to aid in purifying, cleansing and normalizing human tissues for the preservation or restoration of health according to the fundamental principles of anatomy, physiology, and applied psychology as it is apparent that they do.

OFFICIAL OPINIONS

Of course, if the Naturopathic Board of Examiners has not issued any license to electro-therapeutists and professional masseurs the provisions of Chapter 12005, Laws of Florida, requiring them to register certificates cannot be applied, as the purpose of Chapter 12005 was to secure the registration of all professional certificates relating to the healing art as a means of checking up on those who are practicing without any certificate as required by law.

OPINION NO. 32

REGISTRATION HEALING ARTS—PENALTY

Physicians, surgeons, osteopaths, naturopaths, midwives or other persons practicing medical or material healing arts, who fail to comply with the provisions of Sections 3398 to 3403, Compiled Laws, 1927, relating to registration of all persons practicing the medical or material healing arts is subject to a prosecution for such failure but the failure itself will not prevent the practitioner from complying with the same and thereby avoiding liability for unlawful practice in the future.

I am, therefore, of the opinion that if an individual has failed to register for 1928 although engaged in practice, he is guilty of a violation of the statute, which may subject him to criminal prosecution, but yet at the same time there is nothing in the statute which authorizes the withholding from him of a 1929 registration or in requiring him to register for 1928, before he is authorized to register for 1929.

The purpose of the provisions of this Act as has been previously pointed out is to furnish a current record of those presently engaged in practice for the particular year in question.

There is nothing in the Act which prohibits a physician who practiced in 1928 without registration from now filing his registration for the year 1928 in order to have recorded the fact that he did practice during 1928 but such filing subsequent to the time fixed in the statute will not by itself exempt him from liability which he has already incurred from the practice without the proper registration.

OPINION NO. 33

REGISTRATION HEALING ARTS—COMBINED

Answering your request of the 17th inst. for my opinion in the premises, I beg to advise that I am of the opinion that a requirement for registration of those licensed to practice medicine, osteopathy, chiropractics, etc., as found in Senate Bills Nos. 75, 77 and 366, all relate to one and the same registration although the requirement is repeated separately in each of these Acts.

Under this construction, it is not necessary that physicians register more than one time with the Bureau although there are two separate statutes which require such registration.

Registration of Practitioners *of* Naturopathy in Florida

By
Stewart G. Thompson, D. P. H.

Florida
State Board of Health

HON. CHAS. H. MANN, *President*, Jacksonville
H. MASON SMITH, M. D., Tampa
WM. D. NOBLES, M. D., Pensacola
HENRY HANSON, M. D., *State Health Officer*, Jacksonville

CENTRAL
BUREAU OF VITAL STATISTICS
STEWART G. THOMPSON, D. P. H., *Director*
JACKSONVILLE

MEMBERS STATE BOARD NATUROPATHIC EXAMINERS

MILTON H. ROBERTS, West Palm Beach

CHAS. W. SIDNEY, Jacksonville
(resigned, term expires July 14, 1930)

R. A. BRYANT, Tampa
(commissioned April 15, 1929
for unexpired term)

WALTER T. PERRY, Lake Worth

Information concerning members constituting above Board submitted by Honorable W. M. Igou, Secretary of State, February 14, 1930.

Letter of Transmittal

FLORIDA STATE BOARD OF HEALTH
CENTRAL BUREAU OF VITAL STATISTICS

Jacksonville, Florida, March 1, 1930.

SIR:

I transmit herewith the Annual Report on the registration of Doctors of Naturopathy who are licensed to practice in this State, which is the second annual compilation of such information prepared by the Bureau of Vital Statistics. It is based on original applications filed as provided for in Chapter 12005, Laws of Florida, Acts of 1927. A copy of this report has been placed in the hands of each person who registered as indicated in the official list herewith. A small supply of the report has been placed on file to be given out to individuals who may be licensed during the current year.

This second annual report contains a complete list showing the names and addresses of individuals who have registered for the calendar year 1929. I am also transmitting to you in a separate report, a complete list of those who registered for 1928 but failed to register again for 1929.

Respectfully,

Stewart G. Thompson

Director of Vital Statistics

HENRY HANSON, M. D.
Secretary, State Board of Health

Foreword

TABLES reproduced in the back of this publication indicate the number of Doctors of Naturopathy registered in Florida by color and counties; those born in Florida and other parts of the United States; foreign born by color; length of residence in Florida by years; and ages of doctors, by color.

In addition to the tables, a complete alphabetical list appears, showing each doctor's name, address (as of registration date) and telephone number. A second list of doctors is shown by towns, for the convenience of those who wish to refer to the names in a particular city or town.

The information relative to telephone numbers, contained herein, was compiled by the Southern Bell Telephone Company, and should prove very convenient and profitable to the doctors in the state when placing local and long distance calls. In filing a long distance call, be prepared to give the operator the telephone number of the called party. This practice normally results in the more prompt completion of your call.

Chapter 12005, Acts of 1927 is reproduced in full, together with the official opinions from Attorney General, Honorable Fred H. Davis, pertinent to the interpretation of certain statements contained therein.

Chapter 12005, Acts of 1927

AN ACT to Require the Registration of All Physicians, Surgeons, Osteopaths, Chiropractics, Naturopaths, Midwives and All Others, Practicing the Medical and/or Material Healing Art in the State of Florida; to provide Fees for the same and Penalties for Violation.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF FLORIDA:

SECTION 1. That from and after the passage of this Act every license to practice medicine, osteopathy, chiropractic, naturopathy, midwifery and every other medical and/or material method of the practice of the healing art shall before the licensee begins practice thereunder be recorded in a book for that purpose in the office of the Clerk of the Circuit Court of the County in which he resides, or in which such practice is intended to be carried on with the name, residence, place and date of birth of the licensee and the source, number and date of his license to practice. Before registering, each licensee shall file, to be kept in a bound volume, in the office of the Clerk of the Circuit Court an affidavit of the above facts and also that he is the person named in such license and had before receiving the same complied with all the requirements as to examination required by law; that no money was paid for such license except the regular fee paid by all applicants therefor; that no fraud, misrepresentation or mistake in any material regard was employed by anyone or occurred in order that such license should be granted. The Clerk's fee for recording such license and affidavit shall be the same as for recording a Deed. The Circuit Clerk of each County shall make and report to the Secretary of the State Board of Health on the 31st day of December of each year of all certificates registered by him.

SECTION 2. That every person now lawfully engaged in the practice of medicine, osteopathy, chiropractic, naturopathy, midwifery and other medical and/or material systems of healing and every other person hereafter duly licensed to practice the same shall, on or before the 1st day of January of each year, apply to the Secretary of the State Board of Health for a Certificate of Registration upon a blank form to be furnished by such Secretary and shall pay at such time a fee of One ($1.00) Dollar.

SECTION 3. That every person in making his first registration hereunder, shall write or cause to be written upon the application blank so furnished by the Secretary of the State Board of Health, his full name, post office and residence address, the date and number of his license and such other facts for the identification of the applicant as a licensed practitioner as may be deemed necessary and shall duly execute and verify the same before an officer authorized to take acknowledgements of deeds, and shall file the same with the Secretary of the State Board of Health. Registration subsequent to the first registration need not be upon the sworn application unless the Board of Health in particular case, for reasons satisfactory to them, may require that the application be under oath.

SECTION 4. That the Secretary of the State Board of Health, on or before October 1st of each year after the first registration shall mail or cause to be mailed to each person so registered a blank form of application for registration, addressed to the last known post office address of such Registrant. The form of such application shall be such as to contain space for the insertion by the applicant of the information required by the provisions of this Act.

SECTION 5. The Secretary of the State Board of Health shall issue to any duly licensed physician, osteopath, chiropractor, naturopath, midwife and others duly licensed by any State Board to practice the medical and/or material healing art upon his application therefor, in accordance with the provisions hereof, a Certificate of Registration under the seal of the Board for the year ensuing and ending December 31st.

SECTION 6. Every holder of Registration Certificate granted hereunder, shall conspicuously display the same in his office at all times.

SECTION 7. Any person who fails or neglects to register as required by the provisions of this Act, or who shall violate the provisions of this Act, shall upon conviction thereof, be punished by fine of not more than Fifty ($50.00) Dollars.

SECTION 8. This Act shall take effect immediately upon its passage and approval by the Governor, or upon its becoming a law without such approval.

Approved by the Governor, May 28, 1927.

Official Opinions

FRED H. DAVIS, Attorney General

OPINION NO. 17

REGISTRATION: VETERINARY DOCTORS

In Re: Whether Veterinarians Required to Register Under Chapter 12005, Acts of 1927, Laws of Florida

Chapter 12005, Acts of 1927, Laws of Florida, is entitled:

> "AN ACT to require the registration of all physicians, surgeons, osteopaths, chiropractics, naturopaths, midwives and all others practicing the medical and/or material healing art in the State of Florida; to provide fees for the same and penalties for violation."

There is nothing in either the title or the body of this Act which can be construed as applying to veterinary doctors or surgeons, and I am therefore of the opinion that veterinarians are not required to register under this act.

OPINION NO. 18

REGISTRATION: NON-RESIDENTS

I am of the opinion that Senate Bill No. 75, Chapter 12005, Laws of 1927, contemplates that doctors, whether practicing or not, shall register annually with the State Board of Health.

The purpose of this registration seems to be mainly to preserve information as to the whereabouts of the physicians licensed to practice rather than a registration of those physicians actually engaged in practice. The statute says that all those licensed to practice who at the time the statute was enacted were lawfully engaged in the practice of medicine should register annually as required in the Act.

If a person applies for a license to practice medicine and engages in some other occupation he would probably be exempt from registration under the Act by notifying the jury to that effect.

OFFICIAL OPINIONS

OPINION NO. 19

LICENSE RECORDED COUNTY WHERE PRACTICING

Section 1 of Senate Bill No. 75, approved May 28th, 1927, provides:

> "That from and after the passage of this Act every license to practice * * * shall before the licensee begins to practice thereunder be recorded in a book for that purpose in the office of the Clerk of the Circuit Court of the County in which he resides or in which such practice is intended to be carried on. * * *"

It is apparent from this provision, taken in connection with other provisions of the Act, that if a physician has his license recorded in the County in which he resides and intends to practice, it is necessary to have said license recorded in another County whenever he moves from one part of the State to another, or changes his abode from one part of the State to another, as the law requires that the license be recorded in the County "in which such practice is intended to be carried on."

OPINION NO. 20

REGISTRATION: MIDWIVES.

Section 2 of Chapter 12005, Laws of Florida, Acts of 1927, provides:

> "That every person now lawfully engaged in the practice of * * * midwifery and other medical and/or material system of healing and every other person hereafter duly licensed to practice the same shall, on or before the 1st day of January of each year, apply to the Secretary of the State Board of Health for a Certificate of Registration upon a blank form to be furnished by such Secretary and shall pay at such time a fee of One ($1.00) Dollar."

Section 5 of the same Act provides:

> "The Secretary of the State Board of Health shall issue to any duly licensed * * * midwife and others duly licensed by any State Board to practice the medical and/or material healing art upon his application therefor, in accordance with the provisions hereof, a Certificate of Registration under the seal of the Board for the year ensuing and ending December 31st."

Construing these two Sections together, it is apparent that only "duly licensed" midwives are required to apply for a Certificate of Registration and since there is no statute in the State of Florida at this time providing for the licensing of midwives or the practice of midwifery, it is also apparent that Chapter 12005 at present has no application insofar as requiring the registration of midwives is concerned. The obvious purpose of the statute is to provide for the registration of licenses and where no licenses are provided for no registration can be had.

OPINION NO. 21

REGISTRATION: DENTISTS—PODIATRISTS

Chapter 12005, Acts of 1927, requires registration of every license to practice medicine, osteopathy, chiropractics, naturopathy, midwifery and every other medical and/or material method of the practice of healing art, before the licensee begins to practice.

OFFICIAL OPINIONS

I am of the opinion that the words: "every other medical and/or material method of the practice of the healing art," as used in this Act are words of general import which are limited by the specification of the particular words theretofore used and that the principle of noscitur a sociis or ejus idem generis applies and limits the general words to the same class of things as are covered by the specific words.

In short, podiatrists would be required to register as their practice is kindred and similar to the practice of medicine but is limited to a specific portion of the human body.

Dentists on the other hand, can hardly be called practitioners of the same kind of science as ordinary doctors, and, therefore, I think that they are excluded, unless, of course, the practice of dentistry is held to embrace the right to give treatments for human ailments due to correction of dental deficiencies. As I understand the same, some dentists do this and some dentists do not.

It is possible that there might be a distinction between the practice of dentistry and the ordinary practice of medicine. However, if the license of the dentists authorizes, and the practice of his science embraces a certain degree of surgery and therapeutic treatment such as would ordinarily be administered by a physician, a dentist would be as much within the requirement to register as would the podiatrist. As to dentists the question should be determined by a consideration of what the dentist is licensed to do under the rules and regulations of the Dental Board and the laws of Florida.

OPINION NO. 22

REGISTRATION: ELECTRO-THERAPEUTISTS—PROFESSIONAL MASSEURS

Section 2 of Chapter 12005 requires all persons engaged in the practice of naturopathy to register with the State Board of Health. Section 1 of Chapter 12286, Acts of 1927, provides for the licensing of naturopaths. The practice of naturopathy is defined as including electro-therapeutics and would also seem to include professional masseurs, which practitioner would fall under the classification of those engaged in the practice of material health science used to aid in the purifying, cleansing and normalizing of the human tissues for the preservation of, and restoration of health.

Construing these two laws together it would appear that persons engaged in the practice of electro-therapeutics as well as professional masseurs are engaged in the practice of naturopathy and are, therefore, required to register as such under Chapter 12005, Acts of 1927.

OPINION NO. 23

REGISTRATION: ELECTRO-THERAPEUTISTS—PROFESSIONAL MASSEURS

Answering your letter of February 2nd, requesting my opinion as to the status for registration of electro-therapeutists and professional masseurs, it seems to me clear from the provisions of Chapter 12286, Acts of 1927, that all electro-therapeutists and professional masseurs should have a certificate as such from the State Board of Naturopathic Examiners before they exercise the right to practice their respective professions as such if these two sciences use mechanical, psychological or material health sciences and to aid in purifying, cleansing and normalizing human tissues for the preservation or restoration of health according to the fundamental principles of anatomy, physiology, and applied psychology as it is apparent that they do.

OFFICIAL OPINIONS

Of course, if the Naturopathic Board of Examiners has not issued any license to electro-therapeutists and professional masseurs the provisions of Chapter 12005, Laws of Florida, requiring them to register certificates cannot be applied, as the purpose of Chapter 12005 was to secure the registration of all professional certificates relating to the healing art as a means of checking up on those who are practicing without any certificate as required by law.

OPINION NO. 32

REGISTRATION HEALING ARTS—PENALTY

Physicians, surgeons, osteopaths, naturopaths, midwives or other persons practicing medical or material healing arts, who fail to comply with the provisions of Sections 3398 to 3403, Compiled Laws, 1927, relating to registration of all persons practicing the medical or material healing arts is subject to a prosecution for such failure but the failure itself will not prevent the practitioner from complying with the same and thereby avoiding liability for unlawful practice in the future.

I am, therefore, of the opinion that if an individual has failed to register for 1928 although engaged in practice, he is guilty of a violation of the statute, which may subject him to criminal prosecution, but yet at the same time there is nothing in the statute which authorizes the withholding from him of a 1929 registration or in requiring him to register for 1928, before he is authorized to register for 1929.

The purpose of the provisions of this Act as has been previously pointed out is to furnish a current record of those presently engaged in practice for the particular year in question.

There is nothing in the Act which prohibits a physician who practiced in 1928 without registration from now filing his registration for the year 1928 in order to have recorded the fact that he did practice during 1928 but such filing subsequent to the time fixed in the statute will not by itself exempt him from liability which he has already incurred from the practice without the proper registration.

OPINION NO. 33

REGISTRATION HEALING ARTS—COMBINED

Answering your request of the 17th inst. for my opinion in the premises, I beg to advise that I am of the opinion that a requirement for registration of those licensed to practice medicine, osteopathy, chiropractics, etc., as found in Senate Bills Nos. 75, 77 and 366, all relate to one and the same registration although the requirement is repeated separately in each of these Acts.

Under this construction, it is not necessary that physicians register more than one time with the Bureau although there are two separate statutes which require such registration.

Registration of Practitioners *of* Podiatry in Florida

By
Stewart G. Thompson, D. P. H.

Florida
State Board of Health

HON. CHAS. H. MANN, *President*, Jacksonville
H. MASON SMITH, M. D., Tampa
WM. D. NOBLES, M. D., Pensacola
HENRY HANSON, M. D., *State Health Officer*, Jacksonville

CENTRAL
BUREAU OF VITAL STATISTICS
STEWART G. THOMPSON, D. P. H., *Director*
JACKSONVILLE

MEMBERS STATE BOARD PODIATRY EXAMINERS

FRED L. PORTER, West Palm Beach

OTTO J. L. TONISSEN, Jacksonville

J. M. ADAMS, St. Petersburg
(Commissioned August 26, 1927 for one year. His successor has not been appointed)

Information concerning members constituting above Board submitted by Honorable W. M. Igou, Secretary of State, February 14, 1930.

Letter of Transmittal

FLORIDA STATE BOARD OF HEALTH
CENTRAL BUREAU OF VITAL STATISTICS

Jacksonville, Florida, March 1, 1930.

SIR:

I transmit herewith the Annual Report on the registration of Podiatrists who are licensed to practice in this State, which is the second annual compilation of such information prepared by the Bureau of Vital Statistics. It is based on original applications filed as provided for in Chapter 12005, Laws of Florida, Acts of 1927. A copy of this report has been placed in the hands of each person who registered as indicated in the official list herewith. A small supply of the report has been placed on file to be given out to individuals who may be licensed during the current year.

This second annual report contains a complete list showing the names and addresses of individuals who have registered for the calendar year 1929. I am also transmitting to you in a separate report, a complete list of those who registered for 1928 but failed to register again for 1929.

Respectfully,

Stewart G. Thompson

Director of Vital Statistics

HENRY HANSON, M. D.
Secretary, State Board of Health

Foreword

TABLES reproduced in the back of this publication indicate the number of Podiatrists registered in Florida by color and counties; those born in Florida and other parts of the United States; foreign born by color; length of residence in Florida by years; and ages of doctors, by color.

In addition to the tables, a complete alphabetical list appears, showing each doctor's name, address (as of registration date) and telephone number. A second list of doctors is shown by towns, for the convenience of those who wish to refer to the names in a particular city or town.

The information relative to telephone numbers, contained herein, was compiled by the Southern Bell Telephone Company, and should prove very convenient and profitable to the doctors in the state when placing local and long distance calls. In filing a long distance call, be prepared to give the operator the telephone number of the called party. This practice normally results in the more prompt completion of your call.

Chapter 12005, Acts of 1927 is reproduced in full, together with the official opinions from Attorney General, Honorable Fred H. Davis, pertinent to the interpretation of certain statements contained therein.

Chapter 12005, Acts of 1927

AN ACT to Require the Registration of All Physicians, Surgeons, Osteopaths, Chiropractics, Naturopaths, Midwives and All Others, Practicing the Medical and/or Material Healing Art in the State of Florida; to provide Fees for the same and Penalties for Violation.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF FLORIDA:

SECTION 1. That from and after the passage of this Act every license to practice medicine, osteopathy, chiropractic, naturopathy, midwifery and every other medical and/or material method of the practice of the healing art shall before the licensee begins practice thereunder be recorded in a book for that purpose in the office of the Clerk of the Circuit Court of the County in which he resides, or in which such practice is intended to be carried on with the name, residence, place and date of birth of the licensee and the source, number and date of his license to practice. Before registering, each licensee shall file, to be kept in a bound volume, in the office of the Clerk of the Circuit Court an affidavit of the above facts and also that he is the person named in such license and had before receiving the same complied with all the requirements as to examination required by law; that no money was paid for such license except the regular fee paid by all applicants therefor; that no fraud, misrepresentation or mistake in any material regard was employed by anyone or occurred in order that such license should be granted. The Clerk's fee for recording such license and affidavit shall be the same as for recording a Deed. The Circuit Clerk of each County shall make and report to the Secretary of the State Board of Health on the 31st day of December of each year of all certificates registered by him.

SECTION 2. That every person now lawfully engaged in the practice of medicine, osteopathy, chiropractic, naturopathy, midwifery and other medical and/or material systems of healing and every other person hereafter duly licensed to practice the same shall, on or before the 1st day of January of each year, apply to the Secretary of the State Board of Health for a Certificate of Registration upon a blank form to be furnished by such Secretary and shall pay at such time a fee of One ($1.00) Dollar.

SECTION 3. That every person in making his first registration hereunder, shall write or cause to be written upon the application blank so furnished by the Secretary of the State Board of Health, his full name, post office and residence address, the date and number of his license and such other facts for the identification of the applicant as a licensed practitioner as may be deemed necessary and shall duly execute and verify the same before an officer authorized to take acknowledgements of deeds, and shall file the same with the Secretary of the State Board of Health. Registration subsequent to the first registration need not be upon the sworn application unless the Board of Health in particular case, for reasons satisfactory to them, may require that the application be under oath.

SECTION 4. That the Secretary of the State Board of Health, on or before October 1st of each year after the first registration shall mail or cause to be mailed to each person so registered a blank form of application for registration, addressed to the last known post office address of such Registrant. The form of such application shall be such as to contain space for the insertion by the applicant of the information required by the provisions of this Act.

SECTION 5. The Secretary of the State Board of Health shall issue to any duly licensed physician, osteopath, chiropractor, naturopath, midwife and others duly licensed by any State Board to practice the medical and/or material healing art upon his application therefor, in accordance with the provisions hereof, a Certificate of Registration under the seal of the Board for the year ensuing and ending December 31st.

SECTION 6. Every holder of Registration Certificate granted hereunder, shall conspicuously display the same in his office at all times.

SECTION 7. Any person who fails or neglects to register as required by the provisions of this Act, or who shall violate the provisions of this Act, shall upon conviction thereof, be punished by fine of not more than Fifty ($50.00) Dollars.

SECTION 8. This Act shall take effect immediately upon its passage and approval by the Governor, or upon its becoming a law without such approval.

Approved by the Governor, May 28, 1927.

Official Opinions

FRED H. DAVIS, Attorney General

OPINION NO. 17

REGISTRATION: VETERINARY DOCTORS

In Re: Whether Veterinarians Required to Register Under Chapter 12005, Acts of 1927, Laws of Florida

Chapter 12005, Acts of 1927, Laws of Florida, is entitled:

> "AN ACT to require the registration of all physicians, surgeons, osteopaths, chiropractics, naturopaths, midwives and all others practicing the medical and/or material healing art in the State of Florida; to provide fees for the same and penalties for violation."

There is nothing in either the title or the body of this Act which can be construed as applying to veterinary doctors or surgeons, and I am therefore of the opinion that veterinarians are not required to register under this act.

OPINION NO. 18

REGISTRATION: NON-RESIDENTS

I am of the opinion that Senate Bill No. 75, Chapter 12005, Laws of 1927, contemplates that doctors, whether practicing or not, shall register annually with the State Board of Health.

The purpose of this registration seems to be mainly to preserve information as to the whereabouts of the physicians licensed to practice rather than a registration of those physicians actually engaged in practice. The statute says that all those licensed to practice who at the time the statute was enacted were lawfully engaged in the practice of medicine should register annually as required in the Act.

If a person applies for a license to practice medicine and engages in some other occupation he would probably be exempt from registration under the Act by notifying the jury to that effect.

OFFICIAL OPINIONS

OPINION NO. 19

LICENSE RECORDED COUNTY WHERE PRACTICING

Section 1 of Senate Bill No. 75, approved May 28th, 1927, provides:

> "That from and after the passage of this Act every license to practice * * * shall before the licensee begins to practice thereunder be recorded in a book for that purpose in the office of the Clerk of the Circuit Court of the County in which he resides or in which such practice is intended to be carried on. * * *"

It is apparent from this provision, taken in connection with other provisions of the Act, that if a physician has his license recorded in the County in which he resides and intends to practice, it is necessary to have said license recorded in another County whenever he moves from one part of the State to another, or changes his abode from one part of the State to another, as the law requires that the license be recorded in the County "in which such practice is intended to be carried on."

OPINION NO. 20

REGISTRATION: MIDWIVES.

Section 2 of Chapter 12005, Laws of Florida, Acts of 1927, provides:

> "That every person now lawfully engaged in the practice of * * * midwifery and other medical and/or material system of healing and every other person hereafter duly licensed to practice the same shall, on or before the 1st day of January of each year, apply to the Secretary of the State Board of Health for a Certificate of Registration upon a blank form to be furnished by such Secretary and shall pay at such time a fee of One ($1.00) Dollar."

Section 5 of the same Act provides:

> "The Secretary of the State Board of Health shall issue to any duly licensed * * * midwife and others duly licensed by any State Board to practice the medical and/or material healing art upon his application therefor, in accordance with the provisions hereof, a Certificate of Registration under the seal of the Board for the year ensuing and ending December 31st."

Construing these two Sections together, it is apparent that only "duly licensed" midwives are required to apply for a Certificate of Registration and since there is no statute in the State of Florida at this time providing for the licensing of midwives or the practice of midwifery, it is also apparent that Chapter 12005 at present has no application insofar as requiring the registration of midwives is concerned. The obvious purpose of the statute is to provide for the registration of licenses and where no licenses are provided for no registration can be had.

OPINION NO. 21

REGISTRATION: DENTISTS—PODIATRISTS

Chapter 12005, Acts of 1927, requires registration of every license to practice medicine, osteopathy, chiropractics, naturopathy, midwifery and every other medical and/or material method of the practice of healing art, before the licensee begins to practice.

OFFICIAL OPINIONS

I am of the opinion that the words: "every other medical and/or material method of the practice of the healing art," as used in this Act are words of general import which are limited by the specification of the particular words theretofore used and that the principle of noscitur a sociis or ejus idem generis applies and limits the general words to the same class of things as are covered by the specific words.

In short, podiatrists would be required to register as their practice is kindred and similar to the practice of medicine but is limited to a specific portion of the human body.

Dentists on the other hand, can hardly be called practitioners of the same kind of science as ordinary doctors, and, therefore, I think that they are excluded, unless, of course, the practice of dentistry is held to embrace the right to give treatments for human ailments due to correction of dental deficiencies. As I understand the same, some dentists do this and some dentists do not.

It is possible that there might be a distinction between the practice of dentistry and the ordinary practice of medicine. However, if the license of the dentists authorizes, and the practice of his science embraces a certain degree of surgery and therapeutic treatment such as would ordinarily be administered by a physician, a dentist would be as much within the requirement to register as would the podiatrist. As to dentists the question should be determined by a consideration of what the dentist is licensed to do under the rules and regulations of the Dental Board and the laws of Florida.

OPINION NO. 22

REGISTRATION: ELECTRO-THERAPEUTISTS—PROFESSIONAL MASSEURS

Section 2 of Chapter 12005 requires all persons engaged in the practice of naturopathy to register with the State Board of Health. Section 1 of Chapter 12286, Acts of 1927, provides for the licensing of naturopaths. The practice of naturopathy is defined as including electro-therapeutics and would also seem to include professional masseurs, which practitioner would fall under the classification of those engaged in the practice of material health science used to aid in the purifying, cleansing and normalizing of the human tissues for the preservation of, and restoration of health.

Construing these two laws together it would appear that persons engaged in the practice of electro-therapeutics as well as professional masseurs are engaged in the practice of naturopathy and are, therefore, required to register as such under Chapter 12005, Acts of 1927.

OPINION NO. 23

REGISTRATION: ELECTRO-THERAPEUTISTS—PROFESSIONAL MASSEURS

Answering your letter of February 2nd, requesting my opinion as to the status for registration of electro-therapeutists and professional masseurs, it seems to me clear from the provisions of Chapter 12286, Acts of 1927, that all electro-therapeutists and professional masseurs should have a certificate as such from the State Board of Naturopathic Examiners before they exercise the right to practice their respective professions as such if these two sciences use mechanical, psychological or material health sciences and to aid in purifying, cleansing and normalizing human tissues for the preservation or restoration of health according to the fundamental principles of anatomy, physiology, and applied psychology as it is apparent that they do.

OFFICIAL OPINIONS

Of course, if the Naturopathic Board of Examiners has not issued any license to electro-therapeutists and professional masseurs the provisions of Chapter 12005, Laws of Florida, requiring them to register certificates cannot be applied, as the purpose of Chapter 12005 was to secure the registration of all professional certificates relating to the healing art as a means of checking up on those who are practicing without any certificate as required by law.

OPINION NO. 32

REGISTRATION HEALING ARTS—PENALTY

Physicians, surgeons, osteopaths, naturopaths, midwives or other persons practicing medical or material healing arts, who fail to comply with the provisions of Sections 3398 to 3403, Compiled Laws, 1927, relating to registration of all persons practicing the medical or material healing arts is subject to a prosecution for such failure but the failure itself will not prevent the practitioner from complying with the same and thereby avoiding liability for unlawful practice in the future.

I am, therefore, of the opinion that if an individual has failed to register for 1928 although engaged in practice, he is guilty of a violation of the statute, which may subject him to criminal prosecution, but yet at the same time there is nothing in the statute which authorizes the withholding from him of a 1929 registration or in requiring him to register for 1928, before he is authorized to register for 1929.

The purpose of the provisions of this Act as has been previously pointed out is to furnish a current record of those presently engaged in practice for the particular year in question.

There is nothing in the Act which prohibits a physician who practiced in 1928 without registration from now filing his registration for the year 1928 in order to have recorded the fact that he did practice during 1928 but such filing subsequent to the time fixed in the statute will not by itself exempt him from liability which he has already incurred from the practice without the proper registration.

OPINION NO. 33

REGISTRATION HEALING ARTS—COMBINED

Answering your request of the 17th inst. for my opinion in the premises, I beg to advise that I am of the opinion that a requirement for registration of those licensed to practice medicine, osteopathy, chiropractics, etc., as found in Senate Bills Nos. 75, 77 and 366, all relate to one and the same registration although the requirement is repeated separately in each of these Acts.

Under this construction, it is not necessary that physicians register more than one time with the Bureau although there are two separate statutes which require such registration.
