CURTISS CAPTURED INTERNATIONAL CUP

The American Again Puts His Nation First in the Aeroplane Races at Rheims

Betheny Aviation Field, Rheims, Aug. 29.—The international cup of aviation, known as the Gordon Bennett trophy, was won yesterday by Glenn H. Curtiss, the American aviator, in the fastest aerial journey of twenty kilometers (13.42 miles) even accomplished by man. His time, 15 minutes 50 3-5 seconds, was only 5 3-5 seconds faster than that made by Bleriot over the same course.

The other two pilots who represented France, Latham and Lefebvre, finished respectively in 17 minutes 32 seconds, and 20 minutes 47 3-5 seconds. Cockburn, an Englishman, ran into a hay stack as he was maneuvering for a start and did not cross the line. Several other machines which were expected to start were not ready within the time limit.

SOLDIER BALKS DEATH PLOT

It seemed to J. A. Stone, a civil war veteran, of Kemp, Tex., that a plot existed between a desperate lung trouble and the grave to cause his death "I contracted a stubborn cold," he writes, "that developed a cough that stuck to me, in spite of all remedies, for years. My weight ran down to 130 pounds. Then I began to use Dr. King's New Discovery, which restored my health completely. I now weigh 178 pounds." For severe colds, obstinate coughs, hemorrhages, asthma, and to prevent pneumonia it's unrivaled. 50c and $1. Trial bottle free. Guaranteed by all druggists.

PEONAGE IN PENNSYLVANIA

Nothern Kettle is Beginning to Find Out It is Blacker than the Southern Pot

Pittsburg, Aug. 29.—Following three hours of bristling testimony, exposing alleged conditions at the Pressed Steel Car company's plant at Schoenville, where 3,500 men are on strike, the federal inquisitorial sessions into peonage charges against that corporation were terminated, as far as public hearings were concerned late yesterday.

Man after man, fully a score of them, took the stand and hurled accusations at the car company officials, the allegations ranging in scope from attempted bribery to running a "speak easy" where whisky is said to have been sold for 15 cents a pint.

A bloody shirt shown by one witness bore mute evidence of the methods said to have been adopted by the strikebreaker guards.

Man after man testified that it was impossible for him to leave the Pressed Steel car company's plant, the sensational charges reaching a climax when Frank Clancy, a bricklayer of Chicago, said that Samuel Cohen, chief strikebreaker, had offered him $100 to withdraw a rebellious petition circulated among the dissatisfied workmen.

DISAGREEABLE AT HOME

Lots of men and women who are agreeable with others, get "cranky" at home. It's not disposition, it's the liver. If you find in yourself that you feel cross around the house, little things worry you, just buy a bottle of Ballard's Herbine and put your liver in shape. You and everybody around you will feel better for it. Price 50 cents per bottle. Sold by all druggists.

FELL FROM THE FAITH

Two Eminent Koreshans Abandon the Principles of the Cult

Tampa, Fla., Aug. 29.—The marriage of Dr. C. A. Graves, former mayor of Estero, to Victoria Gratia, "pre-eminent" of the Koreshan colony there, occurred here last night.

Several years ago the colony at Estero was founded by Dr. Cyrus W. Teed, of Chicago. Mrs. Graves, who was then a Mrs. Ordway, left her husband and joined the colony. Soon after Teed died and after waiting in vain for his body to arise from the grave according to the belief of the Koreshan cult, Dr. Graves, then a member of the colony, and Mrs. Ordway left and came to Tampa. It is probable that they will soon file a petition asking that a receiver be appointed to wind up the affairs of the colony.

CURED HAY FEVER AND SUMMER COLD

A. S. Nusbaum, Batesville, Indiana, writes: "Last year I suffered for three months with a summer cold so distressing that it interfered with my business. I had many of the symptoms of hay fever, and a doctor's prescription did not reach my case, and I took several medicines which seemed only to aggravate it. Fortunately I insisted upon having Foley's Honey Honey and Tar. It quickly cured me. My wife has since used Foley's Honey and Tar with the same success." Sold by all dealers.

CARELESSNESS ABOUT OTHER PEOPLE'S CASH

Asheville, N. C., Aug. 30.—William E. Breese and Joseph E. Dickerson have been found guilty of the charge of conspiring to defraud the First National Bank of Asheville, the jury, which has heard the case since July 26, coming into court with a verdict which recommended the mercy of the court. Judge Newman promptly sentenced each of the defendants to serve two years in the Atlanta penitentiary, the maximum under the statute, and to pay a fine of $2,500.

WHAT DIXIE'S DOING

(From the Southern Engineer.)

Th[illegible] in your coffee an'
Th[illegible] hes upon your back,
The f[illegible] you have for breakfast,
The [illegible] they "puff" and crack,
The [illegible] hed on which you sleep,
Your [illegible] niture, "per se,"
It's made in Dixie for you
From Texas to N. C.

They built your house of Georgia pine,
It's roofed with Georgia slate,
You bought the nails in Birmingham
If you were up to date.
The rug you laid upon the floors,
The c[illegible]ns, towels, sheets,
Wer[illegible] made in Southern mills,
W[illegible] se products can't be beat.

Your horse that steps in "two 0 three;"
The "brand" you love the best—
The first comes from Tennessee,
Kentucky does the rest.
And when you've dined on Southern fruits
And roasts of Texas beef,
The smoke you smoke of your "chewing" plug
Is fine Virginia leaf.

Your food is cooked in cotton oil—
It has "hog grease" "skinned a mile"—
The folks that use it regularly
Wear no dyspeptic smile.
We're lighting half the continent
With Texas kerosene;
They're burning it 'neath boilers from
Phoenix to New Orleans.

We're selling shirts to Chinamen
And oil to "parlez vous,"
But when it comes to cotton bales,
Well, Europe takes a few—
Four hundred million dollars
Was, last year, the export sum
And adding what we used ourselves,
You'll find we're "going some."

Dixie's doing all of this—
She's very much "on top,"
Everybody's hustling
And hasn't time to stop.
But when you're dead and done for,
Just to show our sentiment,
We'll pile Georgia marble on you
And there's your monument.

W. R. C. Smith.

Born, to Mr. and Mrs. C. D. Bardin, Edison avenue, a daughter. Mother and child doing nicely.—Tampa Times, 28th.

Mr. Bardin was an employe of the Star a few years ago, and was a steady and reliable printer.

Delicious Puddings made from

JELL-O ICE CREAM Powder

Mix together one package Jell-O Ice Cream Powder (any flavor) and two heaping tablespoonfuls of corn starch. Dissolve in a little cold milk. Stir this mixture into one quart of boiling milk and cook until sufficiently thick, usually from one to two minutes. Serve with milk, cream or any good pudding sauce. Use double boiler or stir constantly to prevent scorching. May be garnished with strawberries or any small fruits.

Stir a package of Jell-O Ice Cream Powder into a quart of milk and make two quarts of fine ice cream at one cent a dish.

Sold by all Grocers. 2 packages 25c.

Illustrated Recipe Book Free.

MANY LIVES LOST AT MONTEREY

Hundreds Swept to Death by a Sudden and Tremendous Flood in the Santa Catarina River

Monterey, Aug. 29.—Eight hundred persons drowned, 15,000 homeless and property damage to the extent of $12,000,000 is the result of the flood which struck this city yesterday. The scene in the floodswept section of Monterey is one of utter desolation. Four city blocks on the south side have completely disappeared.

For seventy-two hours rain had fallen in unprecedented volume throughout this section, and the Santa Catarina river rose gradually all day Friday, the crest of the flood reaching Monterey Saturday. At first it was thought there would be no loss of life, but the water reached a height never before attained, and swept houses from their foundations by scores. The electric light plant was soon put out of commission and the complete darkness of the city was an added horror. Cries of the drowning could be heard but the onlookers were powerless to render aid.

When daylight came the scene was indescribable. All through the flooded district groups could be seen huddled on the tops of two-story buildings entirely surrounded by a mass of water.

One by one houses disappeared with their human freight. Nothing could live in the wild current of the Santa Catarina river, which was rushing at the rate of twenty miles an hour.

Monterey is a city of approximately 70,000 inhabitants, and it is located 168 miles south of Laredo. It is set in a valley between huge mountains, and is traversed by the Santa Catarina river.

IF YOU KNEW

the merits of the Texas Wonder, you would never suffer from kidney, bladder of rheumatic trouble. $1 bottle two month's treatment. Sold by druggists or by mail. Send for testimonials. Dr. E. W. Hall, 2926 Olive Street, St. Louis, Mo.

BRYAN MAY HEAD FIGHT AGAINST BOOZE

Washington, Aug. 29.—The latest political story of interest to reach Washington, and which has caused much comment among District of Columbia democrats comes from Texas. It is in effect that the prohibitionists, now making such strides in the southern states, may nominate William J. Bryan for president in 1912.

The prohibition party, it is said, will hold its next national convention first, thus giving an advantage in the matter of fusion with the democrats.

Mr. Bryan quite recently allowed it to be understood by his friends that he is friendly to prohibition, and indicated his belief that the question would be a leading issue in the next presidential campaign.

REVOLTS AT COLD STEEL

"Your only hope," said three doctors to Mrs. M. E. Fisher, Detroit, Mich., suffering from severe rectal trouble, lies in an operation, "then I used Dr. King's New Life Pills," she writes, "till wholly cured." They prevent appendicitis, cure constipation, headache. 25c at all druggists.

REGISTRY FEE TO BE RAISED

Washington, Aug. 28.—It will cost 10 cents instead of 8 cents to register a letter as soon as Postmaster General Hitchcock puts the present plan of the department into an official order. The postmaster general is authorized by law to charge a registry fee as high as 20 cents, if it becomes necessary, in order to prevent a deficit in the system. It is understood, however, that the fee will not be increased more than 2 cents. In 1874 it was reduced from 15 cents to 8 cents, but it was increased to 10 cents the following year. The fee was again reduced to 8 cents in 1895. This reduction, however, did not increase the amount of registered business, and the revenues of the registry system fell behind; the government losing several million dollars a year through its operation.

TAKE NOTICE

All persons are recommended to take Foley's Kidney Remedy for backache, rheumatism, and kidney and bladder trouble. It will quickly corect urinary irregularities, which, if neglected, may develop into a serious illness. It will restore health and strength. Do not neglect signs of kidney or bladder trouble and risk Bright's disease or diabetes. Sold by all dealers.

ALABAMA LAW DECLARED UNCONSTITUTIONAL

Montgomery, Ala., Aug. 29.—Declaring that it denies equal protection of the law and violates the state constitution, Judge Thomas G. Jones, of the United States court, yesterday held that the denying of foreign corporations the right to remove suits from state courts to federal courts is void, a damage suit by Wilbur A. Beasley against the Louisville & Nashville railroad company, in which the railroad company transferred the case from the Montgomery city court to the federal court, brought the case up.

Don't waste your money buying plasters when you can get a bottle of Chamberlain's Liniment for twenty-five cents. A piece of flannel dampened with this liniment is superior to any plaster for lame back, pains in the side and chest, and much cheaper.

Look Out!

On Thursday, September 2nd, 1909, there will be a public demonstration of the workings of the Electric Burglar Alarm System recently installed in our Bank. The demonstration will begin at 10 a. m. and close at 5 p. m. All are invited. The hours between 3 and 5 p. m. will be especially devoted to ladies who may wish to see the workings of the system.
