COMPLETE AGREEMENT ON QUESTION OF REPARATIONS AMONG ALLIES IS INDISPENSABLE FOR GERMAN LOAN

SMALL LOAN TO PREVENT FINANCIAL COLLAPSE OF GERMANY MIGHT BE MADE

International Bankers' Committee Adjourns Without Arranging For Loan To Germany Owing To France's Objections To a Revision of the Total Reparations Due From Germany and Which Bankers Consider Necessary — Bankers Consider Flotation of Loan Needed, Easy

PARIS, June 10, (By the Associated Press.)—The Bankers' Committee adjourned sine die this morning after adopting the report to the Reparations Commission which it is understood will be published this evening.

An important conclusion which the bankers set forth in their final report to the Commission is that although a large international loan to Germany cannot be recommended at the present, the subject can be taken up later. In the meantime, relatively small loan to prevent the financial collapse of Germany might be arranged if necessity requires.

[illegible] Agreement Necessary

PARIS, June 10, (By the Associated Press.)—The bankers report to the Reparations Commission, published to-night says that a complete agreement among the Allies on the reparations questions, a solvent Germany and a settlement once for all of the full reparation debt are essential to the success of an international loan of the proportion suggested. In view of the fact that those conditions are lacking in consequence of the objections of France to a revision of the total reparation due from Germany, the bankers decided to suspend their study of the question, although they are confident that a substantial loan to Germany could be floated if those conditions are filled. The financiers are holding themselves ready to resume a study of the question on the invitation of the Reparations Commission.

The Bankers' Committee recognizes certain dependency of the settlement of the reparations upon the question of the inter-Allied war debts which is outside of its jurisdiction and points out the danger of a collapse of Germany's credit, if the negotatons for a settlement are too long delayed, but is of the opinion that a short term interim loan could be made which would remove that danger. A short term small loan, it is said, would not benefit certain of the Allies who would receive but little or none of the proceeds.

France the Obstacle

PARIS, June 10, (By Radio.)—The International Bankers' Committee which has been meeting here to consider a loan for Germany, completed its report to the Reparations Commission today. The report states that it is impossible at this time to arrange a loan, as the reparation demands on Germany leave no security for the bankers, and that France has declined to agree to any reduction in the amount demanded from Germany. This is said to be the obstacle on which the conference broke.

BULGARIA OPPOSES ALLIES CONTROL OF HER FINANCES

SOFIA, June 10, (By the Associated Press.)—Premier Stamboulisky told the Associated Press today that Bulgaria refuses to accept the establishment of Allied control over her finances as the Reparations Commission proposed, and that she will attempt to re-open the question at The Hague conference, basing her stand on the Treaty of Neuilly. The Premier said: "I am going to The Hague to ask the powers to appoint another commission to study how Bulgaria's capacity for the payment of her indemnities."

PARIS, June 10, (By the Associated Press.)—War Minister Magnot today officially announced that [illegible] French war prisoners died in Germany during the war.

MC. BARNETT FACES EMBEZZLEMENT CHARGES

Is Alleged To Have Sold Automobile Tires and Tuges To Soldiers and To Have Appropriated Money To His Own [illegible]

Wilfred MacBarnett, Canadian, is held imprisoned at Balboa in default of $1,000 bail and must stand trial for embezzlement.

McBarnett was employed for many years as office helper and given charge of the Fortifications Storeroom at Corozal and is alleged to have embezzled automobile tires and inter tubes entrusted to his care and sold them to soldiers, appropriating the money to his own use.

Arrested By Cooper

Lieutenant William L. Cooper, chief of the Ancon plain clothes Detective force, arrested MacBarnett.

MacBarnett was arraigned before Magistrate Blackburn at Balboa yesterday morning when the amount of the bail was fixed, but L. S. Carrington, attorney for the defendant, asked for a continuation of the trial until Monday afternoon. The Judge agreed, but said that the $1,000 bail must stand.

"CINDERELLA" A RIP-ROARING SUCCESS

Audience At National Theatre Surprised and Delighted With Perfect Acting of Pupils of Madge Locke

Last night and Friday Madge Locke and her pupils scored wonderful successes at the National theatre with Miss Locke's superproduction of "Cinderella Up-to-Date" and joyously surprised the audience by the perfection with which the girls performed their difficult dances and sang their parts. Tonight "Cinderella" will be presented at the National Theatre for the third and last time.

There are perhaps few people on the Isthmus who realize how clevter Madge Locke really is, but those who have seen her and her pupils in "Cinderella" cannot fail to at once see this; for the attention and careful instruction she has given each one of her pupils is at once apparent in "Cinderella", which, by the way, is the same old fairy story we all know but which Madge Locke has changed around to suit herself and added greatly to its beauty in so doing.

TOKIO, June 10.—(By Radio).—10,000 enlisted men and several hundred officers will be dropped from the Japanese navy in line with the scrapping agreement reached at the Washington conference, according to an official of the navy. ANCON BURGLAR IN HANDS OF POLICE

Victor Emanuel Tinker, Apprehended Yesterday on Corozal Road and Confesses To Having Robbed Bocock Residence Thursday Morning

Lieutenant William L. Cooper of the Canal Zone plain clothes police force, early yesterday morning arrested Victor Emanuel Tinker, Panamanian ex-convict, who has confessed to the burglary of Major Edgar A. Bocock's residente in Ancon early Thursday morning. The watch which was stolen from the Major's residence has not been recovered.

Tinker was apprehended at 6 a. m. on the Corozal road. He had on a shirt stolen from the Bocock residence on Colombia Road, and at the Ancon police station he told detectives how he carried out the robbery, going into detail, and explaining how he disposed of the goods.

Explains Burglary.

It was 6 o'clock Thursday morning. Tinker told the police, when he entered Major Bocock's cottage from the kitchen door, which was unlocked. He passed through the hall-way and dining room into the bed-room in which the Major lay asleep. Near Major Bocock's head was a dresser, on which lay his watch. Tinker also took a pair of shoes from the bedroom and a shirt, which he had on at the time of his arrest.

Then Tinker went to Guachapali where he says he hid the stolen shoes under a church but on returning to recover them they had been stolen. The watch, he says, he sold to Tong Lee Sang, a Chinese saloon keeper in San Miguel, for one dollar.

Sang Denies Charge.

Sang was summoned to the police station and insisted that he has never before seen Tinker while Tinker steadfastly maintained that he sold the watch to Sang.

Tinker, according to the police, has served two terms of imprisonment in the Canal Zone for burglary. The first sentence was for 7 and the second for five months. He has just completed a ten-month sentence in Coiba for similar offenses in Panama and was only discharged from the penitentiary there on June 2.

The police yesterday were uncertain as to whether or not Tinker was responsible for the robbery carried out at 4:16 o'clock Wednesday morning at the lady bachelor quarters in house 801-X Balboa.

Scream Scared Thief.

Miss Edith P. Allen, who occupies a room on the upper floor of the quarters, was awakened by a man passing on the porch in front of her window. Miss Allen screamed awakening the other girls. Then she called up the police. Miss Allen was not robbed.

ADVANCE RETURNS WITH RECORD CARGO

Supt. Heald Believes That Shipment Is Indicative of Future Big Shipping Business of Panama Railroad Line From Barranquilla

Yesterday morning the Panama Railroad steamer Advance returned from her first trip to Buenaventura with what officials of the line declare to be a record freight shipment.

S. W. Heald, Superintendent of the Railroad company, told the Star and Herald at Balboa Heights that the Advance's cargo and passengers were indicative of great shipping business for the line from Buenaventura.

The Advance brought 21 thousand sacks of coffee destined to New York and Europe; 800 hydes, a large number of species and 61 passen[illegible] the Atlantic Side and 30 for the Pacific side.

SLUGGISH MART WEEK'S FEATURE

NEW YORK, June 10, (By the Associated Press.)—Wheat was lower this week owing to the favorable crop developments and slow cash and export demand, also to increased stocks. Corn and oats were easier with good weather prevailing and a quiet cash market. Packers' hides were strong and higher. River plates activer with stocks light. Leather was also more active but flax was weak on account of the prospective increased acreage.

Latin-American affairs in the week's financial market were the Brazilian and Montevideo underwritings which were quickly absorbed. Mexican Government bonds were depressed pending the outcome of the conferences of the International Committee of Bankers on Mexico's debt.

European financial conditions were complexed, by the abandonment of the German loan with a reaction in Allied and other foreign currencies. Domestic money rates were easier but stocks were irregular.

The Red Triangle has once more stepped into the breach and Division Secretary W. D. Eastman with his staff, Secretaries A. E. Tyson, F. N. Whittaker and W. F. Fowl er with a score of ready helpers, are all awaiting the arrival of the four thousand with a knowledge that they have done it before and will do it again, and then again for the motto of the Army and Navy

Holland Prepares To Receive The Adjourned Genoa Conference To Meet At The Hague, Thursday

THE HAGUE, June 10.—(By the Associated Press).—With traditional Dutch deliberation and thoroughness, Holland is preparing for the proper reception of the adjourned Genoa conference on Russian affairs.

Judging from the reports emanating from various European capitals, the prospects for the successful outcome of the conference leaves much to be desired.

Official Russian Soviet utterances show no disposition to abandon the Soviet stand on Com[illegible] an nor to withdraw the famous memorandum presented at Genoa on May 11, which the Allies and neutral countries found inacceptable as a basis for immediate negotiations.

This policy has provoked considerable skepticism throughout Europe concerning the Hague meeting of experts.

ROTARIAN FISHER PRESIDES AT CRISTOBAL-COLON ROTARY CLUB'S LUNCHEON YESTERDAY

"Boys' Week." Which Opens on Atlantic Side today, Principal Topic of Discussion—T. S. Booz Delivers Impressive Address In Which He Advocates Playground and Fair Play—Gerald Bliss, Jr., Explains What a Boy Expects of His Dad and the Benefits of Boys and Dad Being Pals

CRISTOBAL, June 10.—A few weeks ago the Rotary Club of Cristobal-Colon inaugurated Boys' Week, and at to-day's luncheon the ball was started rolling for the big week which opens this Sunday morning with a program which will be hard to beat.

Today's gathering of the Rotarians was held at the Washington Hotel and "mine host" James E. Lewis once more excelled himself [illegible] word luncheon into banquet. The big party, numbering nearly fifty, sat down together in the grand patio of Colon's very own million dollar hotel.

President Louis F. Phillips handed over the chairmanship of today's meeting to Rotarian Harry Beaver Fisher, who is the chairman of the Boys' Week Committee, and he had supporting him Colonel Oury, commanding the 14th Infantry at Fort Davis; Comdr. Weaver, in command of the Submarine Base, Coco Solo; Col. H. E. Cloke, commanding the Atlantic Coast Defenses; Maj. Walsh in command at France Field, Mr. Thomas S. Booz, general secretary of the division of clubs and playgrounds; Dr. Harry Eno, Odin Loren, United Sattes acting Consul to Colon; A. S. Barham Scout Commissioner of the Baden Powell Boy Scouts for the Republic of Panama; Homer Baker, Gatun; Chaplain J. E. Chester, of Fort Randolph; Captain Bax, of the Salvation Army; Gerald Martin, Star and Herald; Secretary J. E. Waller of the Gatun Silver Clubhouse; F. N. Whitlaker of the Cristobal Army and Navy Y.M.C.A.; J. W. Pickett, American Legion; and Captain Kupfer, 14th Infantry.

Strong For Colon

Two new members of the Rotary Club were obligated by Acting Secretary Lee W. Kelso. They were Chauncey P. Fairman, proposed by J. K. Humphrey, classified as attorney-at-law, and with Rotary name of "Chauncey"; and J. B. Fields, of the quartermaster construction department of the Panama Canal, who was also proposed by Rotarian Jack Humphrey and is to be classed as "building construction," and is to be nicknamed "J. B."

In his opening remarks, the chairman paid tribute to A. S. Barham, Jr., the Boy Scout Commissioner of the Republic and said that he had been untiring in his help to the committee and that in behalf of the committee he wished to thank him publicly.

Dr. Fisher stated that Lieut. Burns of the air service, and who was with them that afternoon, had that morning dropped 7,000 handbills from the air and he believed that every boy on the Atlantic side had received one.

Dr. Fisher distributed later silk Boys' Week badges for the committee to wear. They bear the Rotary badge and the inscription below, "Rotary Club, Cristobal-Colon, Boys Week, June 11-17."

The chairman then called up Mr. Booz to speak on what play does for a boy and the popular general secretary of the bureau of clubs and playgrounds certainly received a rousing reception as he rose from his chair.

After saying how delighted he was to be with his fellow Rotarians on the Atlantic side, Mr. Booz said that it was indeed a pleasure [illegible] him to put in a word for the Colon boys.

"Unlike the boys of the Canal Zone and of Panama City," said Mr. Booz, "the boys of Colon have nowhere to play. They are the least provided for on the entire Isthmus. I remember reading in the Star and Herald recently an article advocat-

3 STOWAWAYS ON S.S. ALEXANDER RETURNED

Were Brought To Balboa Yesterday on Steel Seafarer To Which They Were Transferred on the High Seas From Admiral Liner

Three men declaring they were Panamanians were brought back to Balboa yesterday morning aboard the steamer Steel Seafarer, after an unsuccessful attempt to reach San Francisco as stow-aways aboard the Admiral Liner H. F. Alexander. They were transferred to the Steel Seaferer while at sea.

Giving their names as Herbert Cummings, James Webb and Harold Smith the men, who are all colored, described to the police how they got aboard the Alexander. They were taken off the Steel Seafearer in Balboa at 11 o'clock yesterday morning by Captain I. B. Harrell of the Balboa plain clothes force.

Jail and Fine Sentence.

The three men yesterday afternoon were arraigned before Judge J. W. Blackburn in the Balboa Magistrate's Court and each of them sentenced to a fine of $25 and 30 days in jail. In default of the fines they will each serve 55 days.

Two of the men said they slipped aboard the Alexander at Balboa at 11:30 Wednesday night while the third got aboard at 1 o'clock Thursday morning, the same day on which the boat sailed.

Thursday afternoon the master of the Alexander sent a wireless message back to Balboa telling that he had discovered the three stowaways aboard and shortly after he met up the Steel Seaferer coming in to Balboa and got her master to bring the three men back.

CHIEL SEEMS ILL DISPOSED TO MEDIATION

Attitude Toward Breaking Deadlock In Conference Becoming More and More Enigmatic — New Counter-Proposals Possible

Peruvians Express Surprise Over Delay In Chileans Laying Their Case Before Hughes As Agreed To At Last Meeting

WASHINGTON, June 10.—(By the Associated Press).—Chile's attitude toward the resumption of the Ancon conference became more and more an enigma today in view of the varied explanations of the situation given out from Chilean sources. Giving every indication that Chilean officials are finding great difficulty in deciding finally on their next move, those usually well informed in Chilean quarters made widely divergent predictions regarding what may happen during the next few days. Their opinion seemed to be evenly divided among three possible courses of action. Some predicted that Ambassador Mathieu would open the way for an exercise of the United States Government's mediation, by laying the situation before Secretary of State Hughes. Ambassador Pezet

The Peruvian delegation has already taken such a course and the Peruvians reiterated their surprise tonight that Minister Mathieu had allowed another day to pass with[illegible]

New Proposal Possible

It is indicated in other Chilean circles that a new Chilean counter-proposal contemplating the resumption of the negotiations without American mediation is being discussed and that exchanges are proceeding between Washington and Santiago. A high official of the Chilean delegation threw out a third suggestion that Chile might decide to regard that the conference has been concluded in view of Peru's determined stand or an arbitration of the Tacna-Arica plebiscite.

In that event the Chileans would lay the situation before Secretary Hughes, as it was reported they agreed to do at the last joint session, but instead of suggesting mediation, they would say good bye. Influential Chilean quarters are apparently supporting all three proposals consequently both the Peruvians and United States Government officials are completely at sea regarding the probable trend of the negotiations in the immediate future.

Prefers Direct Settlement

WASHINGTON, June 10.—(By the Associated Press).—A new diplomatic move appeared to be in preparation by Chile today, with a view to the resumption of the interrupted negotiations without the mediation of the United States. Although the Chilean delegates have not revealed their intentions, their failure thus far to call the attention of the United States Department to the conference tangle led to the general impression that they preferred that the next step should be something other than an exercise of the United States' good offices. This development was received with unconcealed surprise by the Peruvians who declared that each side had agreed to lay its view of the situation before Secretary Hughes. It was stated, however, that the Peruvians are ready to hear any other proposal that Chile might make for the re-opening of the conference discussions.

MacFADDEN HEALTH CLUB ACTIVITIES.

MacFadden Club Trims Community Club at Volley Ball.

The members of the MacFadden Club of Red Tank journeyed to Paraiso on Wednesday night, 7th inst., and engaged the members of the Paraiso Community Club in a game of volley ball.

It was a well contested game and was worth while going miles to see. The home club won the toss and had choice of first service and court.

They underrated the playing ability of the visitors and lost the first game to them. The visitors proud of their success became too confident and lost the next two to the home club.

Both teams then settled down to business and [illegible] was witnessed during the last three innings. These, however, were won by Red Tank [illegible] games. Paraiso 2. The final [illegible] scores by games:

Have You An Open Mind?

—or are you one of these suffering hesitants still trying to defend old fashioned shaving soap, while over two million men blithely enjoy the gorgeousness of the Mennen shave?

The peculiar thing is that most of these Mennen Shavers were like you before they succumbed to my appeals.

It may take you months, but eventually you'll fall. Then you'll enjoy your first real shave. But why wait? Your chemist, druggist or perfumer has Mennen Shaving Cream waiting for you.

Have you an open mind?—Willing to be convinced?

ing the use of the vacant lot at the rear of the Washington Hotel for a boys' playground and I believe that this is a very sound idea. I should certainly like to see it put to this use with a giant's stride, swings, and so forth, and I hope most seriously that at least a pipe will be put up around the lot and the place railed off for the boys and girls to play in.

"Of the few men who really succeed there are thousands who are failures and it is up to you successful business men to see that the boys of the present generation are given every possible chance.

"I am strongly in favor of the playground. First, it gives the boy a strong body and reinforces his moral life, thus making of him a good clean man, for nothing appeals more to the average boy than a strong body and being proficient in swimming, boxing, and all athletics and it is up to us to always hold that noble idea up before him.

Boosts Fair Play

"Then there is the great motto, Fair Play. I remember in the old days at Gorgona we had a physical instructor who came down there by the name of Hopkins, who is today doing well in charge of the Y. M. C. A. work of this class in South America.

"He preached the doctrine of fair play and had these two words placed up on a big board for all to see in the playground and the effect upon a certain basketball team was wonderful.

"Let us create an ideal for strong, clean bodies and minds, for our boys; teach them to play fair and then the salvation of the race will be assured, and Colon or any other city will not have to bother."

The next speaker was Gerald Bliss Jr., who is the elder son of Gerald Bliss, the Secretary of the Rotary Club. The chairman asked him to speak on "What a boy expects of his Dad," and all were much impressed by the fine address which Gerald, Jr., gave and felt delighted that here was indeed a Gerald Bliss the Second, and one who had been raised on our very own Canal Zone.

Mr. Bliss said that he was speaking on behalf of all the boys and he

THE LEAGUE VINDICATES ITSELF.

If the League of Nations had done nothing else during the few years of its existence than the settlement of the Silesian controversy, or even if it does nothing else during the next 50 years, this one act has more than vindicated its formation and more than justified its founders. But the league has much more to its credit. It averted a war between Sweden and Finland over the Aland Islands and it has prevented the troubles between the states created by the Treaty of Versailles [illegible] its [illegible] a court of international justice has been set up; it has rendered invaluable service in the control of epidemics; the white slave and the opium traffic and it has given assistance [illegible] and [illegible] the war stricken countries of Europe.

But its [illegible] the Silesian [illegible] between Germany and Poland a war that might have involved Russia and France and possibly all Europe in a war whose horrors [illegible] and the unborn generations can not be estimated. There can be no doubt of the fact that a solution of the Silesian disagreement would have been impossible without the adjudication of the league. Had its organization not been set up and had it not taken charge of the Silesian issue Germany and Poland assuredly and possibly Russia and France and other countries would now be at death grips. And we need not consider what would be the status of affairs between Sweden and Finland.

Had Senators Lodge, Borah, Johnson, Reed, Shields and the remainder of them been able to defeat participation in the league by its present membership of forty odd nations, as they were able to do in this country, war unquestionably would be raging and the United States would be suffering all the inconveniences and dangers of it as we did in the years between 1914 and 1917. But thanks to the vision of such men as Woodrow Wilson, Lord Robert Cecil, Gen. Jan Christian Smuts and others, and thanks to the good sense and clear judgment of practically all the great nations of the world, save the United States, the world has been saved from another calamitous visitation.

Luckily the other great nations of the world have safeguarded the United States against its own folly. We have been fortunate that the influence of narrow politicians over here has been narrow so far as the globe is concerned.

Without our aid and even under our contempt the league has done more for us than any other organization since the foundation of the republic.

WHAT'S DOING ON THE ATLANTIC SIDE

ATLANTIC SIDE PARS

CRISTOBAL, June 10.—This Sunday marks the first day of the first Boys' Week held on the Isthmus of Panama.

Fathered originally by the Rotary Club of Cristobal-Colon it was soon taken up by the Panama Rotary Club and all three Isthmian posts of the American Legion, while on the Atlantic side no less than 25 organizations have thrown in their lot to make it a week which will not soon be forgotten by Isthmian boyhood.

Special services for boys will be held today in all the Churches and from the pulpit of the Protestant, the Roman Catholic, the Hebrew and all denominations the message of good wishes for the future men of the race will be sent forth.

Some time ago the new concrete road behind the Mount Hope cold storage plant was closed to the public. It is a fine road and makes a delightful hedge-lined short-cut to France Field.

The reason the road was closed down was that an automobile once struck a bull who was already wending his weary way to slaughter and as it isn't ethics to kill a bull in this manner the powers that be decided to close the road to all except the cars and trucks of the commissary division and whether any bull has in the meantime been struck by these most careful drivers has not been recorded in history.

In any case the cattle do not now use this "extra exit" to another world and motorists feel that the Governor in his wisdom might issue an order for the opening of the road and put another mile or so on the map of Atlantic side roads for the tourist and the resident to cross over.

Another trip to the San Blas is being arranged for June 23, 24 and 25 and the good ship Gold Star will take another party of Pacific siders up the coast to see our very own Indian territory.

Whenever some of these folks from Balboa seem to come over to the sunny side they always go and visit our San Blas friends.

The chief quartermaster, Mr. R. K. Morris, has approved a general reduction in dry goods at the retail commissaries which will go into effect in a few days, it was announced today.

V. T. Cornwall will take Mr. A. W. Goulet's place as assistant general manager of the commissary division while Mr. Goulet is acting manager in Mr. Gilmartin's absence.

The Submarine Base announces another of its always jolly dances for Saturday evening and every effort is being made to make this a successful affair in every way.

The navy orchestra will play and there will be lucky number prizes awarded.

There was almost a record attendance at the Strangers' Club this evening for the bi-monthly hop and a great many dinner parties preceded the dancing.

When the new club building is finished there will be on the second floor a ball room of which any club might well be proud. It will be reached by a seven foot stairway from the main entrance while another feature of the new building is to be a covered porchway which will be very useful during the rainy season.

It looks as if the Cristobal will take up a hundred passengers when she sails for Norfolk on Tuesday afternoon. Many others have booked during the past few days.

There are twenty-five married quarters in all to be demolished on the Atlantic side, it was stated today, and six of them have already come under the hand of the destroyer, J. L. Wardlaw.

It means that in each case it was not a profitable investment to put these buildings in repair and as a number of them are of French construction they have served their purpose and at the ripe old age of nearly forty years are passing away to make lumber material for the pioneer who is settling down on the lands of the interior.

Then some of the lumber is being used for making bridges on the Cativa road.

Mrs. J. V. McCorcall is sailing on the United Fruit boat on Tuesday for New Orleans and is going to her home in Chicago for several months.

The Rotary Club of Cristobal-Colon had luncheon at the Washington Hotel today and needless to say the big subject discussed was the coming Boys' Week.

On Friday evening the Cristobal Chapter will hold a cake and home-made candy sale at the Cristobal clubhouse from 7 to 9 o'clock. The proceeds will go towards the club room fund of the class.

The United Fruit Company sailings for the week include the Turrialba which sails Monday afternoon at 4 o'clock for Bocas del Toro, the Ulua leaves for New York via Port Limon and Havana Wednesday, the Sixaola for Kingston and New York, the Carrillo for Cartagena, Puerto Colombia, Santa Marta, Kingston and New York, the Cartago for New Orleans via Tela and Havana and the Turrialba for New Orleans direct on Thursday.

The San Bruno goes to Boston direct on Saturday morning at 11 o'clock.

ROTARIAN FISHER

(Continued from Page Three)

thought that the first thing they all expected of a father was for him to be a provider. A boy, however, must be want things over his head, he said.

"I believe that a boy learns by watching others. He watches his father and learns to become a real man.

"Some boys said that when they grow up they want to be like that man, or this man, but I believe they should say 'I want to be like father. I certainly want to grow up like my dad.

"Then a father should be a safe counsellor. It is but human for a boy to get into trouble and he should then go to his dad for advice and to get him out of it, and he will also be shown where he is wrong. There comes along a stage very often where the boy believes that he knows more than his dad, and right there he is wrong, and his dad has a hard time of it, and it takes a task for him to get back the love of his son, but when he has got that love back they become bigger pals than ever.

"I believe a father and son should be pals. The boy is out for fun and the father is also out for fun. The father should come out with his boys. See them at Church and at play.

Call Him Dad

"I always call my father 'Dad,' which I think is the best name for him.

"If he's wealthy and prominent and you stand in awe of him, call him father. If he sits in his shirt sleeves and suspenders call at ball games and picnics call him 'Pop.' If he tills the land and teaches Sunday school, call him 'Pa.' If he wheels the baby carriage and carries bundles nicely, call him 'Papa' with the accent on the first syllable.

"If, however, he makes a pal of you when you're good, and is too wise to put the wool over his loving eyes when you're not; if, moreover, you're sure no other fellow has quite so fine a father, you may call him 'Dad,' but not otherwise."

At the conclusion of Gerald's address the whole gathering sang the Rotary welcome song of "We're glad to have you with us."

You're the Hope of the World tomorrow, Lad,
You're the Hope of the World, for sure;
It will be your strength of tomorrow, Lad,
That will make the World secure.

You may not think I'm right, I know,
But when I'm gone you'll find it's so—
For as you live the World will go,
You're the Hope of the World, My Lad.

× × ×

You're the Hope of the World tomorrow, Lad,
You're the Hope of the World, I say;
So build your strength for tomorrow, Lad,
By living clean today.

You may think this is just plain "guff,"
But tomorrow's needs will call your "bluff"
For the man who wins must be "real stuff,"
You're the Hope of the World, My Lad.

× × ×

You're the Hope of the World tomorrow, Lad,
You're the Hope of both man and God;
You must chart your trails tomorrow, Lad,
O'er which no man has trod.

You must fight new battles every day;
You must lift great loads from out your way
For the cause of right you must hold sway,
You're the Hope of the World, My Lad.

CRISTOBAL, June 10. With the gathering of the Rotarians this noon at the Washington Hotel, following a report from Dr. H. B. Fisher, the chairman of the Boys' Week committee all plans were completed for the coming week for the Atlantic side boyhood.

The complete program is as follows:

Today at Church

This Sunday morning and evening special services will be held in all the Churches on the Atlantic side. The committee has made a strong point of the fact that boys should attend their own Churches today or if they are not Church members attend the one of their choice, for a hearty welcome will await them everywhere and the service is being held in their honor.

At the Cristobal Union Church this morning, the pastor, the Rev. Harry B. Fisher, will give a special Boys' Week message and every boy in the parish is urged to attend. Dr. Fisher told the Star and Herald man yesterday that "Any boy who does not have a Church home and who would like to join the Boys of Union Church parish in the observance of Boys' Week is assured of a most hearty welcome."

This evening Dr. Fisher will speak again on the general theme of Boys Week, using as his subject "The Promise of Society."

Priddin of the Submarine Base at Coco Solo and his committee consists of the following: Captain Bax, Salvation Army; Chaplain Chester, Fort Randolph; Chaplain Keane, U.S.N., Ft. Here and There

All folks who pretend to religion and grace,
Allow there's a Hell but dispute of the place:
But, if Hell may by logical rules be defined
The place of the damn'd—I'll tell you my mind.
Wherever the damn'd do chiefly abound,
Most certainly there is Hell to be found:

× × × × × ×

For we know by these marks the place of the damn'd:
And Hell to be sure is at Paris or Rome,
How happy for us that it is not at home.

The above is not original, for we found it in an old copy of "The British Poets", and it was written by Jonathan Swift as long ago as 1731. Although we do not have homes on the Canal Zone, quarters only, but religion can find room in quarters as well as in homes.

It reminds us of an anecdote of a Methodist divine who was asked to conduct an "experience meeting" at a colored church in the South.

A colored woman arose and bore witness to the preciousness of her religion as a light burner and a comfort giver.

"That's good sister!" commented the Divine; "but how about the practical side? Does your religion make you strive to prepare your husband a good dinner? Does it make you look after him in every way?"

Just then the minister felt a yank at his coat tails by the colored preacher who whispered ardently: "Press dem questions doctor, press dem questions. Dat's my wife."

The week that has just gone by (very, or somewhere, was chiefly notable because of the visit of Judge and Mrs. Jackson, who have been at the Tivoli. They have been completely surrounded by friends during the hours for calling and many have entertained for them. Mrs. Jackson, always a most distinguished looking woman and a most delightful one to know, never looked better than she does now, and is the cynosure of all eyes at the Tivoli in her many smart and becoming costumes. She and Judge Jackson's many friends will regret to learn that they are leaving on Wednesday for Bogotá.

The morning of yesterday was gloomy, at best, and the gloom of the day was intensified when it was learned that a cable had been received at the Governor's House announcing the death of Mrs. James E. Morrow, the mother of Governor Morrow. Mrs. Morrow had gone to Utah to attend the three score years and ten but had grown old gracefully, remembering the ardor of youth; her heart was young, she was sympathetic and sweet; she was beautiful and scintillating, and we shall not see her like again. The saddest thoughts that came to us when we heard of the passing of this dear one, for she was very dear to the many who had known her during her visits to Governor and Mrs. Morrow. Although news received from Miss Alice Morrow regarding her mother's health has been very reassuring of late her going away on Friday evening in New York must have been very sudden, and it came as a great shock to the Governor and Mrs. Morrow here. The sympathy of the entire community goes out to the Governor and Mrs. Morrow, other sons and daughters she leaves behind to mourn her loss, and to Miss Alice Morrow in particular, who was her constant companion, for the death of this dearly beloved one cannot help but touch the hearts of all who knew her.

Mrs. Morrow will not be at home to callers on Monday afternoon.

The younger set had a delightful busy day on yesterday, for the day began with a luncheon and wound up with a fête dansante at the Union Club. Miss Jeanette Griffith, the pretty young daughter of Captain and Mrs. Griffith at Corozal, was the hostess for a bridge luncheon at the Griffiths' quarters at Corozal in the early afternoon. The color scheme of red, and white, was very prettily carried out with flowers and very attractive prizes of bottles of Coty's Perfume were presented to the winners at the games. Miss Griffith had as her guests Miss Margaret Howard Kerr, Miss Ella Miles Beckham, Miss Lucie Wright, Miss Connie Graun, Miss Mabel Baird, Miss Elizabeth Rucker, Miss Marion Locken, and Miss Anita Sergant.

Mr. Carlos Alfaro was the host for the very lovely fête dansante at the Union Club in the afternoon of yesterday, and there was dancing and lots of delicious dulces to make the afternoon a most enjoyable one for his guests. Panama was well represented by a large number of pretty girls, and those who were Mr. Alfaro's guests from the Canal Zone were Miss Ella Miles Beckham, Miss Law McBride, Miss Bertha Kenworthey, Miss Elizabeth Rucker, Miss Marion Locken, Miss Lona Bathbone, Miss Lucie Wright, Miss Margaret Howard Kerr, Miss Katharine Graff, Mr. Charles Kerr, Mr. Bob Sturgis and Mr. Bob McBride.

The American Minister and Mrs. South entertained very delightfully on Friday evening in honor of Mrs. Curry, who is leaving very soon for her home in Kentucky, where she, and Miss Mary Emily Curry, will remain for a year or more before returning to the Canal Zone. The table where the dinner was served was extremely pretty, the centre being banked with white coffee roses and ferns and white unshaded candles in silver candle sticks were used to complete the pretty effect. After the serving of a very delicious and many course dinner bridge was played, the lucky winners of the handsome cloisonné boxes were Mrs. Fisher and Mrs. Rucker, and Judge Blackburn won a cloisonné cigarette box. Dr. and Mrs. South had as their guests Colonel and Mrs. Ladue, Colonel and Mrs. Fisher, Dr. and Mrs. Rucker, Dr. and Mrs. Curry and Judge and Mrs. Blackburn.

The concensus of opinion is that the 33rd Infantry gave one of the most delightful dances of the season on Friday evening, when the Regiment entertained at the Tivoli. The Fort Clayton band furnished the dance music, and, besides the officers and wives of the regiment, a number of the other army people on the Isthmus from the different posts came in for the dance. Colonel and Mrs. Abbott received and so great a success was the dance that it has been decided to give the 33rd Regiment's monthly hops at the Tivoli instead of at the post as in the past.

During the evening punch and macaroons were passed among the dancers, and ices and cakes, were served at the supper hour.

Several pretty dinners were given before the hop Friday night at the Tivoli; Major and Mrs. Harris entertaining at one of them. Pink was the color scheme used for their dinner, the table being very lovely with cadena de amor and pink shaded lights. Their guests were Colonel and Mrs. Abbott, Captain and Mrs. Lathropp, Captain and Mrs. Newgarden, and Commander and Mrs. Martin.

At the Century Club before the hop Major and Mrs. Matlack entertained at dinner. Their table was placed in the dancing room upstairs, and was ever so pretty with lots of white jessamine blossoms and white candles in attractive candle sticks on the table. Major and Mrs. Matlack had as their guests Colonel and Mrs. Johnson, Col. and Mrs. Webber, Captain and Mrs. Morris, Dr. and Mrs. Vance, and Captain Bashore.

GOULASH

"The South Pacific Mail," a weekly published in Valparaiso contains ordinarily a page or more concerning cricket, football, golf aquatics and racing, as well as stories of foreign fights, such as the Lewis-Carpentier affair or the Firpo bouts, but although boxing is supposed to be flourishing in Chile, we have heretofore searched it in vain for any account of local matches.

However, the issue for May 18th contains the following:

"We strongly recommend our readers who are interested in boxing to support the local matches which are held weekly in the 'Coliseo.' The hall provides accommodation for 3,000 people and the matches improve weekly, whilst the quality of the boxers, both professional and amateur, and the increasing gates demonstrate clearly the firm hold which boxing now has on the local public. Last Saturday we saw the best fight it has been our pleasure to witness in Valparaiso."

The writer then goes on to describe a ten-round bout between two light heavyweights, Nicanor Rojas and Manuel Fuentes, and to pan the referee who called it a draw. The two pugs split $4,000, but before any of our own leather pushers engage passage to a land where such purses are to be won they had better look up the value of the Chilean peso. My impression is that it is worth twenty cents or less.

Raul Ansel had a letter last winter from a promoter and trainer in Chile who proposed to bring a string of Chilean fighters to the Isthmus, but nothing ever came of it.

Of course if these Chileans won't come to us, we can go to Chile, and according to yesterday's "Diario de Panama," one Jose Maria Aleman of this city has five thousand iron men and is looking for a partner with a like amount, and willing to invest it in taking a string of boxers down the coast. The "Diario" thinks that a suitable selection for the export trade would be: Jimmie Stewart, Grimaldo, Castaño, Raul Ansel and Kurp. Perhaps these five never would be missed, although I would like to except Kurp, but why not add Tommy McMahon, Young Harry Wills, Frankie Cavanaugh, Johnny Cose and Buddy Ryan

"The South Pacific Mail," from which I have already quoted, also contains an anecdote about a Scotch minister who has been fulminating in this manner: "The man who plays golf," he said, "neglects his business, forsakes his wife, and forgets his god." Almost I would be a Presbyterian.

I wonder if the Boxing Commission, when it refused at the last minute to sanction the Saturday night fights at the Pan-American, gave due consideration to the fact that it is interfering with the business of us sports scribblers? Those bouts would have been worth at least a column to me, and I don't know how I am going to make it up unless I pan the Commission to approximately that length for pernicious activity. If the account of its reasons published in the "Diario de Panama" is correct, a panning is due.

The races scheduled for this afternoon have been called off, too. I don't want to be too pessimistic but it strikes me that Panama is going rapidly to the dogs.

One of the boys out at Balboa Heights came to me yesterday with a suggestion for ridiculing a venerable old party, and I had every intention of doing it, but as I was going to dinner I met said venerable party, and he complimented me on one of my recent contributions to literature. After that I didn't have the heart.

PANAMA GOLF CLUB

Medal Play Handicap, July 4

The Panama Golf Club will arrange a 36 hole medal play handicap competition, to finish off its championship tournament on July 4. For those who do not care to play 36 holes in one day, one round of 18 holes may be played on Sunday, July 2. Also the semi-finalists in the championship will not be permitted to use their match rounds of Sunday, nor the finalists their match rounds of Tuesday, but for them the match round, if played earlier than the medal, will not disqualify.

The competition is open to all Isthmian golfers. Entrance fee is 50 cents. Visitors must furnish the secretary with their handicaps certified by their club secretary. Entrance will be by signing the entry sheet at the club on competition dates, and will be collected later. The club will contribute two dozen balls to swell the pool.

The sweepstakes will be distributed in balls as follows: The field will be divided as nearly as may be possible into equal upper and lower flights according to handicaps. In each flight balls will be distributed as nearly as possible as follows:

To the low net card, 25 per cent.; to second low, 20 per cent.; to third low, 15 per cent.; to fourth low, 10 per cent.; to next three or four or five, a total of 15 per cent. tailing down to 1 ball.

The remaining 15 per cent. will be distributed similarly to the three in the flight who have not won any of the top three prizes, and will go to the best net scores for either eighteen counted singly. An entrant may win one of these prizes by only playing 18 holes.

Strict medal rules will govern, except as above announced as to semi-finalists and finalists, and except that play need not be in singles. No Sunday card will be counted unless it is entered for Sunday play prior to its play, and no entry will be permitted to play all 36 holes on Sunday. If he cannot play at least 18 holes on Tuesday he should not enter.

LETTERS TO THE SPORTING EDITOR

Sporting Editor, Star & Herald:

Dear Sir,—Just a few remarks in regard to the six-round bout between Rocky Kansas and Kid Jack of Colon on Thursday night, June 8th, 1922 at the Pan-American Club.

I noticed where it was published that these two boys apparently do not know how to fight, and a discontinuation from the ring will do them a little good.

Now Mr. Editor, as you did see, it was no fault of Rocky Kansas, for from the first round he was giving the fans the best that he had to offer, and that other guy was just covering up and stalling. That is why all the fans were yelling for him to fight. As we all have seen in the past, Rocky Kansas has always given them a square deal, and he has never yet been known to stall, for he is always told that he is in the ring to fight, and give the fans the best that he has got. I hope that you will be just right to see with me in regards to my few statements, and I trust that in the next fight you will be there to witness that he has got the non de plume of the real fighter in the States. While I beg to remain.

Yours for clean sports,
B. GITTENS,
In behalf of Rocky Kansas.

SOLOMON KNOCKED OUT GRANDE IN THE SEVENTH ROUND AT THE STRAND.

Before one of the largest crowds that has ever witnessed a fight at the Strand Theatre Eddie Solomon one of the most promising boxers on the Isthmus today, knocked out Sailor Grande in the seventh round of their scheduled ten round bout last night.

In the semi-final Soldier Walters of Fort Davis won a decision over Battling Gomez, of Colon, and the Philipino Kid, of Brown's Square, knocked out Soldier Hall, of France Field, in the preliminary.

GALLARDO GETS DECISION OVER FILIPINO KID

When the advertised fights at the Pan-American were called off last night, Fortich arranged an impromptu card of minor bouts, of which the feature was a six round affair between Gallardo and the Filipino Kid. Gallardo was cautious and kept well out of range for the first three rounds, but in the latter half of the bout he went in and did some fighting. Dr. Zubieta as referee gave him the decision. The margin of advantage was a very narrow one, and most of the spectators would have been satisfied if the fight had been called a draw.

ERNESTO AROSEMENA NOW ACTING LOCAL AGENT

Ernesto Arosemena, of the Panama Railroad, has been appointed Acting Local Agent here by Superintendent Heald.

He assumed his duties on the sixth and will act during the absence of A. B. Goodenow, who is on leave.

MENACE TO NAVIGATION

The Governor's Office advises that the Master of the S. S. Venezuela reports that he passed a floating tree, 40 feet long, at nine o'clock yesterday in Lat. 7 degrees 20 minutes North and Longitude 78 degrees 51 minutes West; it is dangerous to navigation.

MRS. PETERSON IMPROVING

Mrs. M. Peterson, wife of Lieutenant Peterson of the Balboa police force, is improving greatly in the Ancon Hospital after a minor operation which she recently underwent and expects to be out of the hospital shortly.

NO RACES TODAY

The races which had been announced for this afternoon have been called off. There will be nothing doing at Juan Franco.

FOSTER-GRIFFIN

CRISTOBAL, June 10.—Word has been received from W. J. Griffin, Fort Leavenworth, Kansas, to the effect that he and Mrs. Griffin have arrived safely and are now established at that post.

It will be remembered that the couple were quietly married at Balboa in June of last year. Mrs. Griffin was Alpha Foster, daughter of Col. and Mrs. Fred Foster, of this city.

Learn how to take care of your skin, find out what it needs and your complexion will soon merit this compliment. The roughness, the little blemishes, the coarseness of texture which many girls try to cover up with powder can be transformed into alluring freshness and delicacy.

Once every day your skin must be thoroughly cleansed with a mild, soothing soap. Palmolive will remove all excess oil secretions, cosmetics and dirt, permitting the cells and pores to function properly. A healthy skin is a beautiful skin.

After this thorough cleansing you may apply a little cold cream and use rouge and powder as an embellishment. Cosmetics are harmless if removed before you retire, with Palmolive Soap.

Cleopatra's cleansers, palm and olive oils, are available in Palmolive for the entire family as a facial or bath soap. Men like it.

Palm and Olive Oils

Palmolive contains palm and olive oils, discovered three thousand years ago in ancient Egypt. They were the cosmetic cleansers used by Cleopatra which kept her skin fresh and smooth. Today their scientific combination in Palmolive produces the most perfect of all facial cleansers. Science has discovered nothing so good as palm and olive oils.

Three hymns will be sung, the first, Onward, Christian Soldiers; next, How Firm a Foundation; and then to the tune of the American Hymn, America; and the British National Hymn, God Save the King; a very beautiful hymn specially written for the occasion by Dr. Fisher and called, God Save Panama, will be sung.

Here are the words:

God save fair Panama,
In heart and hand and law;
Save Panama!

May her rich soil abound
In wealth where life is found,
Let voice with fervent prayer resound
Save, Panama!

In farthest village life
May courage banish strife;
Save Panama!
Let her fair sons e'er stand
By God and native land,
And ever serve at His command;
Save Panama!

Fair land the romance born,
Rise ye to greet the morn;
Save Panama!
Thy morn of Christ is here;
Thy triumph day is near;
Thy God shall ever banish fear;
Save Panama!

THE TIRE BUYERS' DAY

These are wonderful days for the tire buyer.

The money he invests now in Goodyear Cord Tires commands a greater value than at any previous time. It buys more mileage, greater freedom from trouble, surer economy and deeper tire satisfaction than ever before.

The foremost reason for this is the important improvements made in Goodyear Cord Tires themselves.

Today Goodyear Cord Tires embody the same high grade, long staple cotton, the same fine quality of rubber, the same efficient All-Weather Tread, the same exclusive features of construction, as always.

But their design has been improved, their manufacture bettered, their inspection made more exacting.

They are larger, heavier, stronger tires—and more durable.

Despite all this, you can now buy these better tires at the lowest prices in history—at prices lower, even, than before the war.

CONTINUA LA LUCHA EN LAS CERCANIAS DE ASUNCION EN EL PARAGUAY

OTRA NOTICIA SIN CONFIRMAR ANUNCIA EL TRIUNFO DEL GOBIERNO

Las calles de Asunción desiertas: ni el telégrafo ni el inalámbrico prestan servicio

Buenos Aires, Junio 10.— La Nación recibió un despacho de Formosa que decía que hasta hoy a las nueve de la mañana continúa sin interrupción la lucha en los alrededores de Asunción, empleando ametralladoras y piezas de artillería tanto las fuerzas del Gobierno como las revolucionarias.

Otros informes dicen que los revolucionarios bajo el comando del Coronel Chirife atacan y se retiran en sucesión rápida.

Las calles de Asunción están desiertas; ni el telégrafo ni el inalámbrico prestan servicio y las plantas eléctricas no funcionan.

Noticia no confirmada

Buenos Aires, Junio 10.— Informes de Asunción, que aún no han podido ser confirmados, anuncian que ha sido completo el triunfo de las fuerzas del Gobierno sobre los revolucionarios.

DIVERSOS AUTOS DEL JUEZ 5°

El Juez 5o del Circuito ha dictado los siguientes autos, con fecha de ayer de los cuales damos a continuación una pequeña información sobre los hechos que los motivaron.

En el sumario que por injurias levantó el Juez 5o contra Antonio Enrique Núñez en virtud de denuncio que contra él dió Juna Nicanor Tinker, dicho Juez ha terminado el negocio por sobreseimiento provisional.

Motivó la anterior sumaria el haber aparecido el 11 de diciembre último un suelto en el semanario 'El Machete' del cual era director Núñez, cuando apareció el suelto que decía: "Juan Nicolás Tinker, negro con alma blanca. Defiende a todo mundo con tal que le paguen bien: Vive en un fumadero contiguo a un Club chino. Experto en cardias, triquiñuelas y deportes." Tinker pidió que se abriera causa criminal contra Núñez y además que dicha publicación no estaba respaldada con firma conocida: como no probó su dicho, el juzgado dictó el auto que ya hemos dicho antes.

LA ACTITUD DE CHILE SE CONSIDERA UN ENIGMA EN LOS CIRCULOS DE WASHINGTON

Se cree que los chilenos harán una exposición a Hughes y se retirarán

Washington, Junio 10.— La actitud de Chile hacia la reanudación de la Conferencia de Ancón se fue convirtiendo hoy en un enigma cada vez más oscuro al irse publicando las explicaciones distintas de la situación hechas en círculos chilenos.

Personas muy allegadas a los representantes chilenos hicieron hoy pronósticos muy distintos sobre lo que sucederá dentro de pocos días e indicaron que los funcionarios chilenos lo encontraban difícil decidir finalmente el próximo paso que darán. La opinión de estas personas parecía igualmente dividida entre los tres recursos a que probablemente se apelará. Algunos pronosticaron que el Embajador chileno, señor Mathieu, abriría el camino hacia el ejercicio de sus buenos oficios por el Gobierno de los Estados Unidos, sometiendo el asunto a la consideración del Secretario de Estado Hughes. El embajador peruano, don Alfonso Pezet, ha tomado ya una medida semejante y los peruanos reiteraron esta noche su sorpresa por haber dejado el Embajador Mathieu que pasara otro día sin visitar el Departamento de Estado.

Otra contrapropcsición chilena

En otros círculos chilenos se ha indicado que una nueva contra-proposición chilena, en que se sugiere la reanudación de las negociaciones sin la intervención del Gobierno de los Estados Unidos, se discute actualmente en el intercambio de comunicaciones que se lleva a cabo entre Washington y Santiago de Chile.

Un alto funcionario de la delegación chilena hizo la tercera insinuación de que Chile probablemente decidirá considerar a la conferencia como terminada en vista de la insistencia de los peruanos de que se acepte su proposición para someter al arbitraje la controversia de Tacna y Arica. En ese caso los chilenos explicarían la situación al Secretario Hughes como dispusieron hacerlo en la última sesión plenaria de la conferencia, pero en lugar de pedir la intervención se despedirán.

Personajes chilenos de influencia aparentemente comparten estas tres opiniones, por consiguiente tanto los peruanos como el Gobierno norteamericano ignoran por completo el curso que puedan seguir las negociaciones.

El Dr. Altaro terminó ayer su declaración en el caso Arias P.

EL PESIMISMO ES L' NOTA DOMINANTE DE LA BROXIMA REUNION DEL 15 EN LA HAYA: DICESE

EL SOVIET PARECE QUE CONTINUARA EN SU ACTITUD ADOPTADA EN GENOVA

En La Haya todo está dispuesto para que comiencen las labores

La Haya, Junio 10.— Con su disposición y cuidado tradicionales Holanda está preparando una recepción apropiada para la apiazada conferencia de Génova sobre asuntos rusos.

Juzgando por los informes procedentes de las varias capitales europeas, las perspectivas de la conferencia dejan mucho que desear. En las declaraciones oficiales de los Soviets los rusos no muestran disposición alguna para abandonar la actitud del Soviet respecto al Comunismo ni de retirar el famoso memorandum que fue presentado en Génova el 11 de Mayo, que fue declarado inaceptable como base de negociaciones por los aliados y neutrales. Esta política ha provocado escepticismo por toda Europa respecto a las perspectivas de la conferencia de expertos en La Haya.

EL GABINETE CUBANO HA PRESENTADO SU RENUNCIA AL PRESIDENTE ZAYAS

EL OBJETO DE LA RENUNCIA ES REFORMAR EL ELEMENTO QUE INTEGRA EL EJECUTIVO

Habana, Junio 10.— Se ha confirmado oficialmente la noticia de que todo el Gabinete ofreció su renuncia al doctor Alfredo Zayas, Presidente de la República, con el fin de ayudar al Presidente a reformar el Poder Ejecutivo.

Se dice que probablemente se anunciará la semana entrante quiénes formarán el Ministerio reorganizado.

LOS CHEPANOS TRABAJAN

En la sesión que celebró anoche el Centro Progresista Chepano, además de tratar otros asuntos de su importancia, se esbozaron ideas de ver la manera cómo se logra mejorar la condición de las oficinas públicas de Chepo, pues casi todas funcionan en residencias particulares y carecen absolutamente de mobiliario y útiles de escritorio.

El Centro se propone indicar al Municipio de Chepo la manera más adecuada, la ocasión más propicia de adquirir una casa para oficinas públicas; se trata de adquirir en pública subasta la que perteneció al portugués Alberto Silva.

El Centro manifestó su impaciencia porque los Estatutos se presenten para discutirlos y quedar así debidamente organizados para dar los primeros pasos a fin de que el doctor Belisario Porras ayudado por el desinteresado amigo de Chepo, don Tomás Gabriel Duque, vayan buscando la manera de satisfacer la insoportable necesidad de hacer la carretera q' ha de unir la Capital con aquel pueblo.

La confianza que el Centro tiene depositada en estos dos hombres magnánimos, hacen suponer que el proyecto expresado será un triunfo que espera a los chepanos y a la Nación en general.

El informe del comite internacional de banqueros a la C. de Reparaciones: Posibilidad de empresfitto a corto plazo

París, Junio 10.—El informe presentado por el comité internacional de banqueros a la Comisión de Reparaciones fue publicado esta tarde. Dice el informe que un acuerdo completo entre los aliados sobre las reparaciones que pueden exigírsele a Alemania y el arreglo definitivo de todo lo referente a la deuda de reparaciones, son condiciones esenciales para el éxito de un empréstito internacional de buenas proporciones. Agrega que como estas condiciones no han sido satisfechas como resultado de las objeciones de Francia en contra de la revisión de la suma total de reparaciones que deben los alemanes, los banqueros han decidido suspender su estudio de la cuestión, aunque tienen confianza en que podría concedérsele un empréstito considerable a Alemania si se cumplen las condiciones mencionadas.

El informe dice que los miembros del comité se mantienen listos para reanudar su estudio de la cuestión por invitación de la Comisión de Reparaciones.

El comité admite que hay alguna relación entre el arreglo de la cuestión de las reparaciones y el problema de las deudas de guerra inter-aliadas que está fuera de su jurisdicción e indica el peligro que hay para el crédito alemán si las negociaciones se prolongan demasiado, pero opina que podría concederse un empréstito interino por un plazo corto que haría desaparecer este peligro. Empero, se indica que un empréstito pequeño a plazo corto no beneficiaría a ciertos países aliados que recibirían poco o nada de su producto.

Después de aprobar su informe esta mañana el comité internacional de banqueros suspendió sus sesiones sine die.

Varios puntos de una capital importancia tocados por el defensor Lewis y el testigo Doctor Altaro

Las gestiones del Dr. Alfaro en Washington, declara él mismo, en el asunto con Costa Rica, fueron infructuosas

Ayer a las 8.45 a. m. se continuó la audiencia que se está llevando a efecto ante la Corte Suprema de Justicia por el delito de calumnia e injuria contra del Diputado Arias Paredes.

Damos a conocer al público, de la mejor manera, posible, las principales preguntas con sus respectivas respuestas que tuvieron lugar durante el transcurso de la audiencia.

Después de que el señor Presidente de la Corte Suprema declaró abierta la continuación de la audiencia expresó que seguía en el uso de la palabra el defensor don Samuel Lewis.

Unas pruebas

Don Samuel Lewis.—Tal vez el artículo número 63 de la Ley 52 me autoriza para que traiga a la audiencia el memorándum firmado por el Secretario Lewis en julio de 1909. Hay un número de pruebas que no se han obtenido en la Secretaría ni en archivos oficiales y la mayor parte de ellas se hallan en el libro publicado por Costa Rica.

Señor Procurador.—Esas pruebas que solicita el señor Lewis no deben recibirse porque no son auténticas; no son convenientes traer las a esta audiencia puesto que son documentos en manos de un país enemigo.

La misión del General de la Guardia

Don Samuel Lewis.—Conoce el señor Alfaro la misión del señor Santiago de la Guardia a Costa Rica?

Dr. Ricardo J. Alfaro.—Si la conozco.

L.—Sabe el doctor Alfaro cuáles fueron las propuestas del General Santiago de la Guardia en Costa-Rica?

A.—La de celebrar un tratado directo.

L.—Sobre qué base?

A.—Entiendo sobre la base del tratado Guardia Pacheco con la posible concesión de la línea Peralta.

L.—No propuso en el primer término que se buscara una fórmula cómo llegar a la aceptación del Fallo White?

A.—No puedo afirmarlo, porque me enteré de ese documento en 1914. No lo he leído nuevamente. Imposible sería para mí recordar en estos momentos hechos efectuados hace ya algunos años. Lo que pudiera responderle no agregaría y ni quitaría nada de lo que consta en el libro que usted tiene a la vista.

La nota de Bryan

L.—Conoció usted de la nota que el Secretario Bryan de los E.E. U. U. remitió al Gobierno de Costa Rica?

A.—Si la conocí. Recuerdo la nota a que usted se refiere, y recuerdo, también, las razones que el Gobierno Panameño expuso refutándola.

L.—El Gobierno de Panamá contestó esa nota al Secretario Bryan?

A.—No sé a quién sería. Recuerdo que fue al Departamento de Estado de los E.E. U.U. No dejó de sorprenderme que después de 7 años fuera entonces cuando el Gobierno Americano se hubiera convencido de la necesidad de hacer respetar el fallo.

L.—De modo que la nota de Bryan dirigida al Gobierno de Costa Rica de Mayo 8 de 1915 fue contestada por el de Panamá?

A.—Me refiero a una nota dirigida al Gobierno de Panamá.

L.—Pues yo me refiero a la nota dirigida al Gobierno de Costa Rica firmada por Bryan.

A.—Esa nota no fue contestada por el Gobierno de Panamá.

Lo de Charco Azul

L.—Recuerda usted si en el año de 1911, se acusó al doctor Belisario Porras de traidor por la acusación de Charco Azul? Recuerda que se le hizo acusación sobre otros asuntos según consta en un manifiesto?

A.—Si recuerdo la acusación.—Recuerdo específicamente el caso de Charco Azul.

L.—Sabe usted si el doctor Porras trajera acusación por calumnia a quienes le hicieron esos cargos?

A.—No recuerdo si la hubo. Pero si recuerdo que después fué electo Presidente de la República por el voto de los ciudadanos.

L.—Sabe usted si yo consideré traidor al doctor Porras entonces?

A.—No recuerdo. Pero si hubo traición usted se hizo solidario de ella, puesto que lo favoreció con su voto para Presidente de la República.

L.—Cuando se le hicieron tales cargos al doctor Porras estaba usted en el número de sus adversarios o de sus amigos?

A.—Cuando tales cargos se le hicieron al doctor Porras era yo adversario político de él, mas no me consideré en el número de los que le hicieron los cargos anteriormente citados.

L.—Hay constancia escrita de que en el ánimo del doctor Porras la porción litigiada estaba perdida?

A.—Si la hay no la recuerdo en estos momentos. Muéstreme el documento y en él estará la prueba y no en mi respuesta.

L.—Lee en la página número 166 del Libro Amarillo una nota fechada en Washington en Mayo de 1910 y firmada por el doctor Belisario Porras.

Una resolución

L.—Conoce usted la resolución número 96 dictada por el Gobierno del Dr. Porras el 23 de Noviembre de 1912, en la que se concedía a un señor Antonio Lara Von Chamier 5,000 hectáreas de terreno, resolución que fue rescindida por no pertenecer dichas tierras a la Nación?

A.—Posiblemente, conozca y recuerde algo sobre el particular de concesiones de tierras hechas en esa región.

L.—Qué sabe usted que ha sido Abogado Consultor de la Secretaría de Relaciones Exteriores a ese respecto?

A.—Nunca he sido Abogado Consultor. Fuí una vez una especie de Abogado Consultor porque redactaba notas relacionadas con asuntos de límites

L.—Tuvo usted la oportunidad de

UNA RECTIFICACION

Panamá, Junio 10 de 1922.

Señor don J. M. Quirós y O.
[illegible] Ciudad.

Mi estimado amigo:

En mi carta de hoy mismo para usted, inserta en un diario de la localidad, se le escapó al copista, y lo he venido a notar después de publicada, el nombre del señor José Guardia Vega, como profesor alejado del servicio. El señor Guardia Vega es profesor de Estado; era cuando en Chile, y ahora ocupa una alta posición en la Secretaría de Gobierno.

Soy de usted atento servidor y amigo,

O. Méndez P.

N. de la R.—Estando en poder nuestro esta carta, recibimos otra del señor José Guardia Vega, para el ilustrado Rector del Instituto Nacional, en que reserva a éste que él es también Profesor de Estado, y que se halla fuera del servicio. No insertamos la carta del señor Guardia Vega, porque la anterior de don Octavio Méndez Pereira se contrae a la misma cuestión, y habiéndonos llegado con antelación a la de Justicia que le demos asimismo preferencia en nuestro diario. Estamos seguros, por lo demás, que el señor Guardia Vega se declarará satisfecho.

IMPROVISACION PUGILISTICA DE FORTICH

Fue grande la decepción que sufrieron los aficionados al arte varonil de la propia defensa al saber en la tarde de ayer que los encuentros de Young Carpentier vs. Sodier Cook, Soldier Shea vs. Soldier Humphries y Sailor Pachett vs. Kid Campbell no se iban a llevar a efecto en la noche de ayer, pero el amigo Fortich, incansable como siempre inmediatamente se puso en actividad y concertó unos encuentros de amateurs en reemplazo de los boxeadores citados.

La sustitución, no lo dudamos, estuvo hecha con la más sana intención, más el público no quedó altamente satisfecho de su resultado como en otras ocasiones.

Indudablemente, hemos de dispensar a Fortich por su poco exito alcanzado esta vez; hay que tener en cuenta que los encuentros de amateurs de anoche fueron simplemente una improvisación pugilística del amigo.

No debemos terminar sin antes hacer una pequeña mención del encuentro verificado entre Kid Gallardo y Filipino Kid. Gallardo recibió la decisión del Referee doctor Zubieta, pero se mostró un poco flojo esta vez. No nos explicamos que le pasó. Algunos de los espectadores nos manifestaron que Kid Gallardo le había presentado mejor pelea, pero que desgraciadamente no ciñó el laurel de la victoria por agotamiento.

En Colón

Se nos ha comunicado de Colón que nuestra estrella del boxeo en la ciudad Atlántica, Eddie Salomón, puso fuera de acción al conocido y técnico boxeador Sailor Grande en el séptimo round de los diez que debía durar el encuentro. Salomón, hoy día, es uno de nuestros boxeadores que prometen llegar a ser verdaderas sensaciones en el manly art.

El encuentro se llevó a efecto en el Teatro Strand ante una gran multitud de espectadores.

En el semi final Soldier Walters, del Fuert Davis, ganó decisión sobre Battling Grosso, de Colón, y Filipino Kid, de Brown's Square dió K.O. a Soldier Hall de France Field en el encuentro preliminar.

DE BASKET BALL

EL INSTITUTO OBTIENE SU PRIMER TRIUNFO

Anoche en el Community House el Instituto Nacional, hábilmente dirigido por su profesor de gimnasia, don Gabriel Barrios, alcanzó su primera victoria sobre un buen team, el de la C.Z.A.A. El resultado del juego fue de 28 a 22 puntos. La concurrencia que lo presenció era escasa pero selecta y debemos alabar su correcto comportamiento. A pesar de ser en su gran mayoría de americanos, supo aplaudir caballerosamente los muchachos nativos, quienes además fueron muy bien atendidos por Jack Ridge, el encarado del salón en que se verificó la partida. Así se le hace atmósfera al juego de basket, así se le eleva. He aquí a los que participaron del de anoche:

Instituto

Efraín Arosemena.
Angel Jaén.
Eduardo de la Guardia.
Enrique Bermúdez.
Ernesto de la Guardia Jr.

C. Z. A. A.

Mathews.
Engelke.
Mc Mann.
Dwelle.
Schuber.

El encuentro en general tuvo interés y se hizo muy reñido en la última sección.

El Club de Balboa metió en las canastas por delante; pero bien pronto el Instituto le aventajó y permaneció vencedor hasta el fin. Sus muchachos comenzarán desde mañana un formal entrenamiento para desafiar al Ancón cuando estén en buena forma.

Otros juegos

En el Instituto Nacional, como lo anunciamos, se verificaron anoche dos partidas de basket. En la primera triunfó un quinteto de jóvenes livianos de ese plantel sobre el Ancón Jr. por un score de 10 a 9. En la segunda, el team del Liceo perdió por 27 a 19 con el Artes y Oficios.

Un grupo escogido de la Normal asistió a los juegos y pudimos observar a más de un distraido mirando a las niñas de los trajes blancos y de las rosetas.

LO QUE SON LOS EX-CAMPEONES

QUE ACABARA POR SER DEMPSEY DESPUES DE UNIRSE A LA LISTA DE LOS QUE HAN SIDO?

por Bob Dorman

Si Jack Dempsey pierde su título, por ejemplo, que se lo quite Harry Wills; qué será de él?

Después de perder un campeón generalmente desaparece. Pocos son los que pueden decir cuál es el paradero de los héroes del 'ring' de otros tiempos. Algunos han muerto; otros han recaído, están pobres y de sus amigos dependen por dinero para un lunch. Unos pocos, que supieran guardar cuando era hora de guardar, son hoy hombres acomodados.

Un examen de la lista de antiguos campeones que todavía viven nos demuestra esto:

Bantamweight

Joe Bowker, apuntador de apuestas en las carreras en Inglaterra; Johnny Coulon, vendedor de joyas en Chicago; Harry Forbes, instructor de boxeo, también en Chicago; Jimmy Walsh, otro instructor de boxeo, en Boston; Pete Herman, Joe Lynch y Kid Williams, continúan todavía presentando en los 'rings' a los cuales subían en un tiempo como campeones de su categoría.

Featherweight

Abe Attell, propietario de una tienda de calzado en Nueva York; Young Corbett, propietario de una sala de billar y 'referee' de boxeos en Denver; Tommy Sullivan, promotor de boxeo de St. Louis.

Lightweight

Frank Erne, corredor de Bolsa en Nueva York; Kid Lavigne, comerciante en maderas en Saginaw, Mich.; Jack McAuliffe, empresario de Joe Beckett, el campeón inglés de peso completo, periodista y buscador persistente de campeones blancos; Battling Nelson, continúa boxeando; Willie Ritchie, rico y se ocupa del negocio de compra y venta de bienes raíces en San Francisco; Freddie Walsh, dueño de una escuela de cultura física en Summit, N. J., Ad Wolgast, se encuentra en Venice, California, donde se ha hecho recientemente un beneficio para ayudarlo.

Welterweight

Johnny (Kid) Alberts, trabaja en un salón de billares de Elizabeth, New Jersey; Ray Bronson, promotor de boxeo de Toledo, O.; Rube Ferns, organizador al servicio de la Unión de Mineros en Scammon, Kansas; Jimmy Gardner, propietario de una cigarrería e instructor de boxeo en Boston; Kid Graves, empresario de boxeadores en Omaha; Ted 'Kid' Lewis, continúa en el ring; Kid McCoy, actor de cinematógrafo en California; Matty Mattews, portero del New York Hippodrome; Honey Mellody, obrero en los astilleros de Charlestown, Mass.; Tommy Ryan, se ocupa del negocio de compra y venta de bienes raíces en Syracuse, N. Y.; Mysterious Billy Smith, predicador en Portland, Ore.; Mike (Twin) Sullivan, en el negocio de acarreo en autocamiones en Boston; Joe Walcott, trabaja como arreglador de boliches en un 'bowling alley' de Boston.

Middleweight

Jimmy Clabby, continúa boxeando en Nueva Zelandia; George Chip, minero de Newcastle, Pa.; Al McKoy, en el negocio de compra y venta de aves en Brooklyn, N. Y.; Kid McCoy, actor de cinematógrafo en California; Mike O'Dowd, continúa boxeando; Billy Papke, en el cultivo de naranjos en Pasadena, California; Cyclone Johnny Thompson, jefe de policía de Sycamore, Ill.

Heavyweight

Tommy Burns, promotor de boxeos en Inglaterra; James J. Corbett, actor y periodista; James J. Jeffries, hacendado y dueño de terrenos petrolíferos, Burbank, California; Jack Johnson, da exhibiciones de boxeo; Marvin Hart, miembro del cuerpo de policía de Louisville, Ky.; Jess Willard, hacendado y se ocupa del negocio de petróleo.

DE TENNIS

UN TRIUNFO DE LA LENGLEN

París, Junio 10.— Suzanne Lenglen defendió hoy con éxito su título de campeón mundial de tennis, derrotando a Madame Golding por 6—4 6—0 en el juego final del concurso de "singles" para mujeres.

En los 'singles' para hombres el joven Coche, jugador francés que ha causado una sensación últimamente por su juego admirable a pesar de su corta edad, ganó el campeonato derrotando a Samazeuilh 8—6 6—3 7—5.

Nuevo triunfo de Pillory

Belmont Park, Junio 10.— El caballo Pillory ganó hoy la carrera del Belmont Stakes por el cual se ofrecía un precio de cincuenta mil pesos. Snob II fue segundo colocado y Hea tercero.

El resultado de la carrera ha sorprendido grandemente a los conocedores de los caballos, quienes tenían confianza en que Snob II, por el cual pagó J. S. Cosden recientemente $85.000, ganaría la carrera con facilidad.

SE SUSPENDEN LAS CARRERAS DE HOY

A última hora se nos informa que el Jockey Club de la ciudad ha dispuesto suspender desde la fecha en adelante las carreras de caballos, hasta que esté definitivamente terminada la nueva pista de Juan Franco. Las carreras, que con entusiasmo se esperaban para hoy han quedado suspendidas.

DEFENDIENDO LA ECSUADRA

De "The New York Times".

Para justificar la reducción del personal de la armada a 65.000 hombres, como propone la subcomisión de asignaciones de la cámara, habría que haberse demostrado que los gobiernos británicos y japonés no tienen intenciones de mantener las flotas que les autoriza la conferencia de Washington. Según información de nuestro departamento de marina, el Japón ha decidido que el efectivo del personal de su armada ha de ser 8,588 oficiales y 68,252 clases y marineros, o sea un total de 76,840, que será suficiente para mantener en primera situación los diez buques capitales, incluyen do los potentes "Nagato" y "Mutsu" especialmente designados en el tratado naval; para tripular otros buques de su homogénea flota y para suministrar personal para servicios terrestres y llevar adelante el extenso programa de aviación. La delegación del Japón en Washington luchó por retener el "Matsu" y aceptó la proporción de 5-5-3 bajo órdenes de un gobierno que estaba comprometido a conservar una escuadra de combate considerable como no pudiera obtenerse de las otras potencias. Y el Japón al ganar su punto de que no se llevarían a cabo nuevos trabajos de fortificaciones en Guam y Filipinas hizo un muy buen convenio.

En cuanto a la Gran Bretaña, no ha sido jamás su propósito aceptar un segundo lugar como potencia naval, cualesquiera economías se lleven a cabo. Nuestro agregado naval en Londres informa que el personal efectivo de la armada inglesa el 31 de marzo de 1923 será de 98,500 oficiales y marinería, excluyendo las reservas y sin contar las fuerzas coloniales de mar y los 11,969 oficiales y soldados del servicio marítimo de aviación. El servicio de aviación será de los mejores, porque su valor como ejército combatiente es mejor entendido en Inglaterra que en este país. Estas cifras quizás no sean definitivas—podrá haber una nueva reducción—pero lo que debe tenerse entendido es que los ingleses no harán nunca nada para perjudicar la eficiencia de su flota o para disminuir la importan-

Una cínica propuesta a los turcos

(De "The World")

La política imperial británica desde Gibraltar a Singapore tiene por fin la India. Su objetivo es salvar el dominio inglés. Para hacerlo son esenciales dos cosas: debe estar segura la ruta marítima a través del canal de Suez y deben permanecer leales los moslemitas de la India.

En la conferencia de la paz el Foreign Office concentró sus esfuerzos en hacer segura la ruta marítima. Para ese fin el Egipto fué segregado de Turquía. Palestina fué puesta bajo mandato inglés y se invitó a los griegos a que procedieran como quisieran a expensas de Turquía. Los griegos tienen la base de una potencia naval de segundo orden y fué política de Londres establecer amistad con Grecia. Esta contaría cuando Rusia resucitara y comenzara de nuevo a forzar el paso por los Dardanelos.

Pero en todo esto Londres contó con todo menos con el otro factor de seguridad en la India: la lealtad de los moslemitas. La política aliada fué la última y peor de las humillaciones infligidas al Islam. Sintiéronse sus consecuencias en toda Africa y Asia, en todas las colonias de Francia, Inglaterra, España e Italia. Francia, que no tiene rutas marítimas que proteger decidióse rápidamente a aplacar a los turcos. Vino el más o menos secreto tratado de Angora, que causó tan mala impresión en el otoño último. Pero la Gran Bretaña, que es la potencia mahometana más importante de todas, no podía ser vencida por Francia en amor al Islam. El gobierno británico de la India demandó una inversión de la política grecofila de Londres. La petición llegó a su punto culminante hace días con la forzada renuncia de Mr. Montagu, secretario de estado para la India, por haber autorizado la publicación de un despacho pro moslemita.

No obstante, la política en favor del Moslen ha ganado. Los turcos han sido reinstalados en Constantinopla, los griegos han sido expulsados de Esmirna y se regala a los armenios a la Liga de las naciones

Es una historia cínica. La mejor demostración de lo cínica que es está en el hecho de que los aliados no se atreven a confiar a la Liga el gobierno de Constantinopla, que sería la solución indicada en un mundo sensato, sino que en vez de ello están dispuestos a confiar la suerte de los armenios a la Liga.

OTRA CRISIS EN ESPAÑA

Madrid, Junio 10.—Se rumora que el Ministro de Guerra probablemente renunciará después del debate sobre el discurso del Rey en la Cámara. Sin embargo, los elementos liberales consideran que es poco probable que se tome esta medida hasta después de aprobados los presupuestos.

Se ha convocado una sesión del Consejo de Gabinete para esta noche.

ENTRE GRIFFITH Y LLOYD GEORGE

Londres, Junio 10.—Después de una reunión de los representantes británicos que firmaron el tratado anglo-irlandés, se anunció que Arthur Griffith es probable que esta conferencia se llegue a un acuerdo para solucionar todas las dificultades que quedan sobre la cuestión irlandesa.

ECOS DE SOCIEDAD

En el Club Unión será hoy el gran día. Como no hay espectáculos de los que arrastran público—tales como boxeo y carreras—mañana y tarde y noche el Club será el centro de reunión. Como así lo sabe el Mayor Alemán vocal de turno, ha arreglado que haya música en la mañana de 11 a 1, almuerzo especial, de primer orden: gran tertulia por la noche. Es decir que el Mayor no ha olvidado nada—The Major is the major—y el éxito será rotundo: ¡Ah! por la noche habrá un baile especial de "trompos"..... Nada de "globos": ahora serán los trompos.... Esta es la idea del Mayor Alemán.

Nacimientos

Hace unas dos semanas prometí escribir algunos artículos sobre detalles respecto a matrimonios, nacimientos, bautizos, etc. y habiendo tratado ya de lo primero, o sea del matrimonio, voy a tratar hoy sobre nacimientos.

El nacimiento de un niño se participa por recado y en nombre de los padres el mismo día o al siguiente a todos los parientes y amigos íntimos de ambos.

A las personas ausentes les escribe o telegrafía el padre. Los que reciben parte de palabra deben ir a los tres o cuatro días siguientes (más temprano mientras mayor sea la intimidad) a informarse de la salud de la madre. Si ésta no se halla en estado de recibir se colocará en la meseta sobre una mesita una bandeja para que allí dejen sus tarjetas las personas que vayan a visitar. Las participaciones por tarjetas o telegramas se contestan en la misma forma con frases afectuosas y de felicitación.

Las amigas más íntimas han de volver después de unos quince días cuando ya la madre se halla levantada, y ha de presentarse en estas visitas siempre el niño en brazos de la nodriza.

Estas visitas han de hacerse entre tres y cinco de la tarde y no deben de ninguna manera durar más de un cuarto de hora.

Seis semanas después del nacimiento más o menos corresponde a la madre visitar a quienes la han visitado, más si no pudiere hacerlo enviará al niño con la nodriza.

Tulio Ospina, autor del libro de urbanidad de donde tomo estos apuntes aconseja que en esta ocasión es cuando ha de hacerse el regalo al recién nacido aunque agrega que en otros países este regalo suele llevarse o mandarse al recién nacido; pero anotemos que dice que ha de regalarse algún objeto al pequeñuelo. Sin embargo, esta obligación sólo es para aquellas que han recibido el parte de nacimiento de la criatura, y se comprende, pues de esta manera la madre demuestra ella misma cuáles considera sus amigas íntimas y éstas sentirán placer en llevar algún recuerdito al pequeñuelo. Repito que por eso hemos de notar que ambas cosas van ligadas la una a la otra: el dar parte del nacimiento y el regalo de la criatura, además de una visita de cortos minutos.

Modas

Las modas de París respecto a los trajes vienen cada vez más largos, así me lo ha dicho una linda señora que en estos días acaba de llegar de la "Ville Lumiere" y que pertenece a lo más chic y elegante de nuestra sociedad.

La silueta en París es completamente distinta a la que vemos en la gran metrópoli del Norte, pues en esta última aún se ven algunos trajes cortos y la cintura no tan baja.

Comenzamos por decir que en París las damas más elegantes han suprimido el corsé por completo y en lugar de éste usan algunas una simple faja elástica y esto se ve aun en las mujeres gordas.

Creeremos a primera vista que esto debe ser una inmoralidad; pero no así si nos detenemos en pensarlo, pues hemos de estudiar lo todo. El traje largo, además ha de ser largo de talle y la silueta ha de ser recta. Esto sólo puede conseguirse eliminando el corsé, pues de la otra manera al ponerse [illegible] sea [illegible] siempre [illegible] da tan [illegible] ra marcada en una sola pieza.

El escote no cuentan es mucho más moderado tanto para los trajes de tarde como para los de noche.

Hablando de trajes de noche, he de anotar que ni un solo traje se ve con la ancha faja de blusa y los tirantes para sujetar la blusa es una sola pieza como si dijera y en ella misma se hace el escote de manera que éste pueda ser o cuadrado o puntiagudo o como mejor se quiera; lo que sí es que ha de ser formado de la misma blusa y para trajes de noche las mangas están suprimidas.

Todo lo contrario sucede con los trajes de tarde. Estos llevan las mangas exageradamente largas más abajo del puño y muy anchas aunque algunas se estrechan al llegar al puño.

Los paniers se usan bastante y como el traje es largo, se ven distintos modelos en los que los paniers para ser más largos caen como una cuarta sobre el suelo, pero esto no es muy admitido, pues comprendemos que jamás podrían conservarse limpios estos paniers.

El calzado no es ni punta larga ni corta y mucho se ve el calzado de cuero, pero en colores y combinado con medias grises o champaña o de colores claros pero serios.

El peinado es completamente sencillo. El cabello echado para atrás y allí el pelo recogido en un moño. En la frente una pequeña onda a un lado es el peinado más chic y más elegante, y ya por hoy os he dicho, lectoras, las noticias más verídicas que podemos tener de las modas de París, pues como dije al principio, estos apuntes los tomé de una conversación que yo escuché de una dama de las más elegantes, más chic, de nuestra sociedad.

Consejos

Shampoo.— Para preparar un buen shampoo se mezcla una cucharadita de borax en un litro de agua y esencia de alhucema. Antes de usarlo se deja dos días reposando. Esta preparación se hace como el shampoo, es muy refrescante y limpia mucho.

Tapones de cristal.— Con frecuencia tropezamos con botellas con tapones de cristal y cuesta gran trabajo luego abrirlos. Hemos de ser siempre previsoras y para facilitar el abrir estas botellas, debemos tener siempre los tapones de las botellas untados con un poquito de vaselina.

Salsa para el pescado cocido.— A cuatro onzas de agua hirviendo añádanle otro tanto de leche. Échense mientras están haciendo dos cucharadas de mantequilla, una de harina humedecida con agua fría, y tan luego como espese una yema de huevo cocido y un huevo crudo, ligeramente batido. Quítese del fuego, sazónese con pimienta, sal, un poco de perejil picado y el jugo de un limón, y téngase cubierto esto en agua hirivendo, pero no sobre el fuego, durante cinco minutos, agitándolo de cuando en cuando. Echese parte de la salsa sobre el pescado y el resto en una salera. Sírvase con él papas majadas.

Buñuelos fritos

Dos libras de harina, una taza de azúcar, media de manteca, media de mantequilla, tres cuartos de cuartillo de leche, dos huevos, uno y media cucharadita de Royal y una de extracto de nuez moscada. Ciérnanse juntamente la harina, azúcar y polvos Royal; mézclense con la manteca y la mantequilla; añádanse los huevos batidos, extracto y leche. Hágase una masa suave que pueda manejarse fácilmente. Extiéndase con el rodillo sobre el tablero bien enharinado, córtese de media pulgada en cuadro, dése á éstos diversas formas y fríanse en bastante manteca hasta que estén ligeramente dorados. Sírvase con azúcar en polvo.

GUILLERMO OROZCO, CONDENADO

El señor Juez 6º del Circuito firmó ayer sentencia condenando a Guillermo Orozco a sufrir nueve meses de prisión que debe cumplir en la Cárcel de este Circuito, por el delito de atentado contra la autoridad y de cuya sentencia ha apelado el señor Fiscal, no así el defensor y el reo quienes también fueron notificados

El delito porque ha sido condenado Orozco fué denunciado por el Corregidor de Policía del barrio de Calidonia mediante oficio de 3 de enero de este año, consistente en haber golpeado Orozco al Agente de Policía Bernabé Cerezo, hecho que negó Orozco y dijo no acordarse por estar borracho del licor que había tomado.

Para probar que Orozco no se encontraba con la razón perdida dice el señor Juez: "La presunción judicial es que no lo estaba desde luego que por sus propios pies fué conducido Orozco al Cuartel de Policía y sabido es que el exceso en el uso de bebidas alcohólicas produce comatosa laxitud que impide a los ebrios el uso libre y voluntario de sus miembros y en el caso que se estudia el acusado obró con movimiento introspectivo de su voluntad y ligereza de pies y manos al arrojarse rápidamente sobre Cerezo y asestarle sobre el ojo el golpe que le rompió los tejidos de la extremidad de la ceja izquierda.

MISA

El martes 13 del presente, se dirá una misa en la iglesia de la Merced, a las 6.30, por el eterno descanso de la señorita

JUANA DE DIOS MONTILLA

Sus hermanos agradecerán la asistencia a este acto piadoso.

AL MARGEN DEL DIA

LIBROS, LIBREROS, BARATILLOS.

Los libros, los libros.... Soy un enamorado de los libros. Las librerías tienen para mí un atractivo singular. Paso ante una librería, me detengo a charlar con el librero amigo, algo compro.

Es mi tentación. Siento un placer infinito en abrir las hojas de una obra de un autor preferido.

Cuando tomo un libro de mi agrado y voy a ojearlo por primera vez, no admito que se me acerque nadie, deseo estar aislado, conversar con mi libro... Y necesito poseerlo. No puedo tener libros prestados.... Por esto el que me presta un libro puede decirle adiós, despedirse de él... Soy sincero: lo declaro para prevenir a mis amigos... Agradezco en el alma que me regalen un libro.... y si me lo prestan.... como si me lo hubieran regalado.

Hay especialistas en hacerse bibliotecas más o menos selectas a costa de las bibliotecas ajenas: contra estos personajes nunca se está bastante prevenido: yo creo q' los conozco... estoy siempre en guardia contra el sablista de libros, pero no puedo negar que son infinitos los triunfos que se han apuntado este género de "timadores" a mi costa. Se valen de todas las argucias, de todas las "fintas"... Utilizan la discusión, el entusiasmo, la indiferencia por aquello que a uno le es más grato; hacen un estudio concienzudo del corazón del bibliófilo; ¡y se llevan el libro! Cuando lo tienen en su poder sonríen. Triunfaron. Ese libro desapareció para siempre...

¡Y los libros son tan caros! Yo millonario haría millonarios a los libreros.

Mas no soy millonario.... ¡Y los libros son tan caros!

De estudiante yo recuerdo que he dejado de asistir a las aulas unas cuantas veces por detenerme en esos tenderetes de libros viejos, baratillos que decimos por acá...

En París en las cercanías del Puente Nuevo, y de la Sorbona, en Montmartre.... En Madrid en la calle del Horno de la Mata, en Septiembre junto a la verja del Jardín Botánico, en el Paseo del Prado.

En esos baratillos he encontrado encantos múltiples, obras maestras, curiosidades a precios inverosímiles.

Señores libreros de Panamá imitad a aquellos libreros clásicos... Vended vuestra mercancía barata... Organizad baratillos, ferias de libros donde los aficionados podamos ir a solazarnos, a rebuscar el tomo extraño, la edición antigua de la obra querida y la hallemos a un precio inverosímil.

Añoro la figura de un viejecito que todos los años para la primavera colocaba su tenderete de libros viejos en la proximidad del puente Nuevo en París... Añoro su chaqué roído, su gorrito negro que fué de seda, su perilla cenicienta, sus ojos chiquitillos húmedos y azules tras los grandes cristales de las gafas... Con qué cariño nos acogía, a mí, a compañeros míos de escuela, "sabios" de 12 y 13 años que buscábamos la novela del día en su baratillo, la vieja obra clásica que nos sedujo en nuestros estudios de literatura!

El viejecito aquel un día me ofreció los dos tomos de los "Ensayos" de Montaigne en una cuidadísima edición de mediados del siglo XIX en 18 francos.... Yo dudé: tenía un Luis en mi bolsillo: era todo mi capital..... pero ya tenía el microbio del amor al libro dentro de mí.... y le di mi Luis: aún fué el viejecito hombre para hacerme una rebaja: me devolvió tres francos. Aquellos tres francos se fueron en una entrada para el circo de invierno donde trabajaba por aquel entonces Levater Lee el extraordinario clown... Fuí feliz admirando a Levater Lee y con Montaigne debajo del brazo.

....

Señores libreros: ¡Organizad baratillos....! Saldréis ganando comercialmente: espiritualmente, mucho más, por supuesto, pues sembráis la buena semilla...

¡Tentad a los aficionados al libro!

Un cencurso simpático

A la iniciativa del CLUB ROTARIO deberemos los panameños el establecimiento de la "Semana del Niño", sobre cuyos alcances educativos dijimos algo en otra ocasión; pero hay, de entre los puntos del programa acordado, uno que bien se merece mención especial, no sólo por su novedad, sino en razón de lo que con él se ha propuesto la Comisión organizadora: nos referimos al Concurso intelectual abierto para las escuelas secundarias de varones, oficiales y privadas, y para las escuelas primarias de la Capital, competencia que sabemos ha interesado vivamente a nuestros escolares quienes se aperciben a tomar parte en ella con entusiasmo. ¿Cómo no, pues que sobre la gimnasia mental que entraña este ejercicio, son los temas propuestos hechos para inspirar y aguzar sus inteligencias juveniles? Para concretarnos, de manera especial, a esos que atañen a los sextos grados y a las escuelas secundarias, es de toda evidencia que su tenor dice mucho, muchísimo a los educandos: y que "La importancia del ahorro" no menos bien que "Los libros (son) nuestros mejores amigos" hará brotar de la mentalidad alerta y vivaz de ésos no pocos conceptos significativos y quizás originales.

Es el ahorro una verdadera virtud o la práctica del bien, si encaminado a favorecer preferentemente al propio individuo y a sus familiares. Como norma restrictiva consiste, en síntesis, en guardar aquella porción de nuestra hacienda, que no es estrictamente necesaria para las necesidades del vivir, y cuyo acopio puede sernos de mayor utilidad, en contingencias penosas, como provocan las enfermedades o la censantía en nuestras labores, vamos a los ejemplos; con ello nos mostramos previsores y a más de hacer frente a esas situaciones fortuitas, fuente de angustias, aseguramos los medios de satisfacer el sacratísimo deber de educar a nuestros hijos. El ahorro así entendido, que no ha de confundirse con la avaricia sórdida engendradora de privaciones, ruin y despreciable, es acto honesto, que encauza al individuo por los senderos de la corrección en el hogar; y que, de consiguiente, lo capacita para desempeñar cumplidamente también su misión de padre de familia, dentro de la sociedad y respecto a la Patria común que lo abarca y comprende todo, el grupo social, el familiar y al individuo mismo. Por las razones expuestas, entre otras más, constituye el ahorro una gran virtud; pueblos de la vieja Europa como Inglaterra, Alemania y Francia, y en América, Estados Unidos, son grandes y prósperos en conjunto, principalmente, porque allí se le practica metódica e indefectiblemente: inculquemos a nuestros educandos el culto de esa virtud extraordinaria!

¿Y los libros? Quién no ve cuán inapreciables son esos amigos mudos, en quienes no anida el egoísmo que nos caracteriza a los hombres; siempre prestos a brindarnos sus consejos e inspiraciones; ajenos a la ingratitud y extraños a las inconsecuencias; de los que no es posible tras la sonrisa en los labios, la hiel en el corazón; que no se envanecen con sus éxitos efímeros, ni tratan de humillar y avasallar a los mismos a quienes ayer no más trataron públicamente como hermanos. Hay que amar a tales amigos máximos e inspirar su amor también a nuestros niños; sin embargo, es preciso distinguir para éstos, de entre todo el acervo bibliográfico que diariamente se enriquece con miles y miles de unidades, aquellos que nada dicen, que no ilustran ni educan, de esotros que robustecen la inteligencia y ennoblecen el corazón. Los últimos son los que hemos de recomendar a la niñez: frutos sanos, que nos brindan autores de sólida reputación, en cuyas páginas se enseña a amar a la humanidad a la religión de nuestros mayores y a la Patria; paradigmas, en suma, de excelencias morales, sin las que el hombre perdiera su noble condición en la Naturaleza, para convertirse en la mas baja y bochornosa de las criaturas. Amemos estos buenos libros!

¿No es verdad, después de cuanto antecede, que el CLUB ROTARIO se hace acreedor a la gratitud de todos los panameños, por haber ideado este concurso intelectual, que tan bellos ideales y tan generosos pensamientos está llamado a despertar en nuestros educandos?

[illegible] Rica?

A.—No tuve oportunidad.

L.—[illegible] asunto del [illegible] 1910.

A.—No [illegible] 1910. Aseguro a usted [illegible].

L.—[illegible] conferencia con [illegible] Rica, en Washington [illegible] Encargado de Negocios de Panamá [illegible] situación de hostilidad que se estaba creando?

A.—No la tuve. Ni aún siendo después Encargado de la Secretaría de Relaciones Exteriores tuve noticias de eso.

Cuando llegó Fernández Guardia

L.—Estuvo usted encargado de la Secretaría de Relaciones Exteriores cuando estuvo en Panamá el señor Ricardo Fernández Guardia?

A.—Sí estuve.

L.—Sabe usted si hubo conferencia sobre ese particular con el Presidente de la República?

A.—No hubo entrevista; ni conversación alguna sobre asunto de límites, a pesar de que yo insistí en que me dijera si su misión era la de tratar ese asunto con nuestro gobierno.

Me consta sobre este particular que antes de verme con el señor Fernández Guardia, el Ministro Americano, Mr. Price, me había manifestado que el Departamento de Estado había sido informado de que Panamá hacía incursiones en la República de Costa Rica; cobraba impuestos sobre ingenios de azúcar situados en su territorio; cobraba un impuesto electoral a los costarricenses allí fincados; y en otros absurdos que no necesitan comentarse. En una larga conversación que sostuve con el Ministro Price le demostré por medio de cartas geográficas que la República de Panamá no había efectuado incursiones indebidas en terrenos que no eran de su pertenencia; que hacía ya algunos años que Panamá mantenía su autoridad sobre esos territorios, y que no existían tales ingenios de azúcar en terrenos costarricenses sobre los cuales Panamá cobraba impuestos. Le hice presente, además, que todo eso era un cúmulo de falsedades y que era mi deseo se lo hiciera saber así al Departamento de Estado.

El señor Fernández Guardia manifestó que su misión era con el fin de estrechar la cordialidad, entre los gobiernos de Panamá y Costa Rica, de expresar el cariño costarricense a nuestro Gobierno y además saludar al Infante de Baviera.

L.—Esta pregunta la responde usted mismo?

A.—La respondo como parte del Gobierno, como Secretario de Relaciones Exteriores en aquel entonces.

L.—Sabe usted si el doctor Porras celebró conferencia con el señor Ricardo Fernández Guardia?

A.—No me consta que la haya celebrado.

L.—Envió usted al Departamento de Estado una nota detallada sobre esos pormenores?

A.—No señor.

L.—Sabe usted si el Ministro Americano en Costa Rica anunció a su gobierno sobre las negociaciones del gobierno panameño con el señor Fernández Guardia?

A.—Si tal nota existe firmada por el Encargado de Negocios de los E.E. U.U. afirmo que el Encargado de Negocios Americano en Costa Rica no pudo tener conocimiento de esas conferencias porque no han existido. Si Fernández Guardia mintió al Departamento de Estado no tengo nada que ver con eso.

Las gestiones del doctor Alfaro en Washington

L.—Ayer en su declaración nos informó usted que sus gestiones en Washington habían sido infructuosas. Le comunicó usted esas impresiones al doctor Porras?

A.—Si se las comuniqué, claro está.

L.—Le comunicó usted al doctor Porras por carta o cablegrama que era preferible aceptar el Fallo White?

A.—No señor, nunca. Ni por cablegrama, ni por carta, ni verbalmente.

Las cápsulas malas

L.—No oyó usted decir de unas cápsulas malas?

A.—No eran de esos tiros de los que yo traje; pues yo vine después de que las hostilidades hubieron cesado.

L.—Dónde se encontraron las cápsulas malas?

A.—No lo sé.

L.—No fue a Washington el señor Barham a comprar armamento?

A.—El señor Barham no fue a Washington; fue a New-York y no compró nada.

L.—El Cónsul de Panamá en New York compró armamento?

A.—No sé si lo hubiera comprado.

L.—No sabe usted de dónde procedieron las cápsulas vacías?

A.—No sé la procedencia de las cápsulas vacías.

Unas ametralladoras

L.—Tuvo usted ocasión de examinar las ametralladoras Thompson?

A.—Si tuve la ocasión; las disparé, las usé, las armé y las desarmé, y volé a Panamá a enseñar su manejo a mis compatriotas para si era necesario usarlas nuevamente en contra de los enemigos de la patria.

L.—Qué alcance tienen esas ametralladoras?

Presidencia.—La audiencia no se concreta a tratar del alcance de los armamentos.

A.—Pero, sin embargo, para complacer al Sr. Lewis yo digo por ejemplo que su alcance es de un metro y asumo la responsabilidad de este dicho.

L.—En vista de la respuesta dada por el doctor Alfaro desisto de continuar mi interrogatorio con el cual me proponía establecer, por el alcance de esas ametralladoras si tenían un alcance como de 600 yardas, para defenderse Panamá de un enemigo exterior o si era para colocarlas en plazas y avenidas de la ciudad.

En vista de que el siguiente declarante no se hallaba presente, la Presidencia suspendió la audiencia para continuarla el lunes a las 8 a. m.

"El Dios del Azar" por Gaby Desly en matinee, y estreno del drama "El Beso en el Desierto", son las dos obras del Variedades de hoy Domingo

Nadie podrá quejarse de que en Panamá no se ven las últimas novedades artísticas tratándose de películas. La empresa del Variedades se ha propuesto que no se estrene ninguna en Europa que tenga verdadero mérito, sin traerla lo más pronto posible a Panamá. En la semana por ejemplo ofreció EL DIOS DEL AZAR, por la Gaby Desly, drama que causó sensación tanto en el Viejo Mundo como en los Estados Unidos. Esta noche ofrece otra película de igual magnitud artística, EL BESO EN EL DESIERTO, por la eminente y bellísima artista Callony Tally, en cuyo papel de hija natural de un rico millonario, libertino y viejo verde, llega a impresionar hasta el realismo, obligando al espectador a derramar lágrimas de emoción en las escenas más culminantes del drama. EL BESO EN EL DESIERTO duró en cartel en Milán por el espacio de noventa días seguidos, y en París por seis meses consecutivos.

La verdad es que además de la preciosidad de su argumento tiene el grandísimo atractivo de la belleza única, arrobadora de Callony Tally. Los precios, tratándose de superproducción de arte extraordinario, son de 50, 40 y 25 centavos oro en cada una de las tandas.

En matinee se brindará la última oportunidad a los panameños de admirar las excelsitudes de arte y de verismo del grandioso drama EL DIOS DEL AZAR, por la Gaby Desly, de que tanto se ha hablado en estos días. Los precios son los mismos de las funciones ordinarias nocturnas, es decir, 30, 25 y 15 centavos. Tenga usted la seguridad de que EL DIOS DEL AZAR es una de las muy pocas verdaderas películas de sensación que vienen a Panamá, y de que si no aprovecha el matinee de hoy se quedará sin conocerla, a menos que haga viaje especial al extranjero con ese solo objeto, pues mañana mismo se despacha para el Sur.

AGRADECIDOS A LA LABOR DEL DOCTOR PORRAS

EN EL ROBLE SE INAUGURO UN POZO ARTESIANO

El Roble, Mayo 26 de 1922.
Señor doctor don Belisario Porras,
Panamá.

Señor de nuestra consideración y aprecio:

Por medio de la presente nos damos el placer de informar a usted, que el día 24 de los corrientes se dió al servicio público el pozo artesiano que tanta falta nos hacía en esta localidad, y que usted, siempre solícito y atento a las necesidades de estas apartadas regiones tuvo a bien concedernos, para el beneficio de esta población que hoy ve en usted su mejor benefactor.

Los que suscribimos tanto en nuestro propios nombres como en el de la Sociedad que hoy se beneficia damos a usted, nuestros mayores agradecimientos, y haciendo votos por su ventura personal deseámosle muchos años de vida para bien de la Patria.

Con nuestro cortés saludo somos de usted amigos y copartidarios.

C. Campos.—Rufino Macías.

CRONICA ESCOLAR

—En el Distrito Escolar de La Chorrera se utilizan 44 locales para fines escolares. De éstos, 13 son de la Nación, 1 pertenece al Municipio de Capira y los restantes son de propiedad particular. Sin embargo, el Gobierno sólo paga alquiler mensual por siete (7) locales. Los demás han sido cedidos gratis por los vecinos. Es decir que de los 30 locales que pertenecen a particulares y son utilizados para fines escolares, 23 no le cuestan a la Nación ni un céntimo. Los otros siete le causan una erogación mensual de B.42.50. Este hecho, elocuente en grado sumo, revela dos cosas: que la labor que realiza el Inspector Rodríguez es proficua y altamente patriótica, y que los padres de familia, convencidos de la necesidad que tienen sus hijos de recibir instrucción y educación, están dispuestos a cooperar decidida y eficazmente con el Gobierno, a fin de que éste pueda llenar airosamente su cometido a este respecto. La actividad desplegada, la constancia y el entusiasmo puestos en juego por el Inspector Rodríguez para alcanzar este resultado halagüeño, ojalá que fueran imitados por sus colegas!

—Durante el mes de mayo próximo pasado, hubo en las Escuelas del Distrito Escolar de Bocas del Toro una matrícula de 442.2 y una asistencia de 354,8.
