Lightning Kills Few.

In 1906 lightning killed only 169 peole in this whole country. One's chances of death by lightning are two in a million. The chances of death from liver, kidney or stomach trouble is vastly greater, but not if Electric Bitters be used, as Robert Madsen, of West Burlington, Ia., proved. Four doctors gave him up after eight months of suffering from virulent liver trouble and yellow jaundice. He was then completely cured by Electric Bitters. They're the best stomach, liver, nerve and kidney remedy and blood purifier on earth. Only 50 cents at St. Lucie Drug Store.

Reducing the Coal Bill.

When adding fuel to a good bed of live coal in the furnace cover one side only; the next time put coal on the other side. In this way the heat from the live coal tends to make coke of the fresh fuel by consuming the gas and smoke. Less draft is needed, too, and less of the fuel goes to waste in gas and smoke, so that there is less gas and dirt in the cellar or furnace room and in the house by way of the registers. If large lumps of coal are used a good way is to scatter what is known as "slack" over them. The slack tends to hold the fire longer, and the lump coal will tend to prevent the slack from forming clinkers.—Suburban Life.

Saved His Wife's Life.

"My wife would have been in her grave today," writes O. H. Brown, of Muscadine, Ala., "if it had not been for Dr. King's New Discovery. She was down in her bed, not able to get up without help. She had a severe bronchial trouble and a dreadful cough. I got her a bottle of Dr. King's New Discovery, anb she soon began to mend and was well in a short time." Infallible for coughs and colds, its the most reliable remedy on earth for desperate lung trouble, hemorhages, lagrippe, asthma, hay fever, croup and whooping cough. 50c, $1.00. Trial bottle free. Guaranteed by the St. Lucie Drug Co.

The Feast of Nature.

The Feast of Nature was a grand French revolutionary holiday, held Aug. 10, 1793. A plaster image of Nature was erected in the Place de la Bastille, and the chief members of the convention, public committees and public functionaries knelt in adoration, after which came firing of salutes, dancing and general rejoicings. The holiday celebrated the finished constitution of the republic.

"I could have done better than to marry you."

"You bring that question up at inopportune times, my dear. Suppose we place a regular weekly evening on the calendar to be devoted to its discussion."—Washington Herald.

Rubbing It In.

He was mumbling about tough steak and cold coffee and making himself generally disagreeable.

"Don't growl so over your breakfast, John," said his generally meek wife. "Nobody is going to take it away from you."
