I have noticed that some of the larger boys around camp think they are hotbut little Lamar Davis thinks they are an ice-plant in his sight. So beware all you human mountains and stay away from the Midget.

And speaking of recreation--I believe the canteen steward is in love with the pool tables more than he is with Miss I.M. and his job.

Boys don't think hard of Mr. B. McCall for not going to town because he is playing the part of the lonesome lover.

The leaders in No. 4 barracks are watching for a couple of mugs. They are playing from the time to go to bed until time to get up.

Something has got into Mr. Walter Smith and he can't stay away from Lake City.

Somebody please go to the Rev. and tell him to stop serving so much pork. It seems that our mess seargent(Rev.) is very fond of the farmers. If you believe the Eyes and Ears are wrong--watch the mess hall. It would be a treat to eat a little higher up on the hog.

One time Mr. Willie Ivey would go to town broke but since Mr. Clark Gable stepped on the side of him he doesn't care to

The Sin Of Ingratitude.

One of the worst sins in the world to be committed is the sin of ingratitude.

Whatever our state or situation is, we should be grateful.

We should be grateful to our God, our Country, and our families for their interest in us, whether we deem it great or small.

Therefore as we approach this day of Thanksgiving, handed down to us by the Fathers of yesterday, let us be thankful. Let us praise and thank Almighty God for all his blessings.

Lt. Davis in Hospital

1st. Lt. W.E.Davis is in the U.S. Veterans Hospital in Lake City, Fla. He was transferred to to our Company from Company 1441. He had been on duty here for just a few days when he became ill and was carried to the hospital. We hope that he will soon be in condition to return to duty.

County Nurse Visits Camp

The First Aid class had a new teacher for the regular meeting last Wednesday night. The County Nurse is a specialist in making and applying bandages. After numerous demonstrations the members of the class were required to make similiar bandages. Much was accomplished during the meeting.
