SCANDALS
by
The Spy.

A certain fellow was sitting in the middle of the last table in the Blue Chip, saying as he reeled and rocked,"I'sh gonna win thish flag pole sitting contest if takes me the rest of my life". Did the world look rosy, Leander ? Yowsah ! "Windy" Gannon takes a three day vacation but he doesn't go home in Charlotte!! Take it easy "Windy" Peewee's ears should burn from what a certain young lady told him after making a night of it. But he can't remember what its all about ! Isn't that funny ? He isn't responsible. Take your time "Tiptoe". Boys, the Company Clerk must have been slighted--he tries to drown his sorrow and succeeds ! Ask the boys if it isn't "Coke's" turn to forget how hard a brick wall can be-if you forget to hit the spot--that spot ducked away! Yeah Man !! The Chocolate Drop that has the "finger" on Columbus proved to him that there is only one word that spells the same upside down--"Chump"--and he was left holding the,well,bag! Lightning McQuay put the screws on L.J. but lets up after the ex-Asst. Educational Adviser returns from Tampa. Don't give up Lightning--there's still a chance for you. Laurence Clemmons seems to be out in the cold again, according to a message he received from a Miss--- in a City to the South. It's mighty warm down there to be out in the cold,"Greyhound"! A Certain guy was saying he would like to see who plays a sax in a CCC band so don't marry and work in hotels. That's all you mugs- The Spy.

THIS COMPANY TO TEST SHOES

A test of a new kind of shoe to to be used in the Civilian Conservation Corps will start in this Company at an early date. These shoes are similiar to the ones now in use--the big difference being in the sole. These have a rubber or composition sole. If the shoes prove satisfactory they will be used in the C.C.C. Camps in Florida and California have been selected to conduct these tests.

SUNDAY SCHOOL

B.T.Leonard, the Camp Sunday School Leader announces that he will be unable to hold the regular Sunday School meeting because of inability to secure new quarterlies. However, the men will be allowed to attend Sunday School in Lake City. The truck will leave Sunday morning.

RESOLUTIONS of 1936.

Upon entering a new year, people the world over have ideas, thoughts, etc., concerning the things we would like to do or have intentions of doing. The year of 1935 is gone, and 1936 has entered the picture. We all have memories that we would not care to forget, (Cont'd Col.2) and some we would like to forget; therefore, we make resolution to eradicate those memories we would like to forget--even in the C.C.C. Let us be resolved to do better in some things that we haven't quite come up to standard--Attent Classes ! Visit the Camp Library! Read the type of books that will provide not only present pleasure but future value. We have and are making preparations to make the camp life pleasant for everyone. There is almost any kind of book or magazine that will make reading a pleasure for those who can read and care to--we have classes for those who can't read well and would like to. Come to Sunday School, attend the classes that are held for your benefit. Spend more time in the library--attend the Churches in Lake City. Try to improve yourself and 1936 will be more pleasant that the one that has just passes-Editor.
