HIGH SCHOOL HAS BIG DAY ON ITS OPENING

LARGEST ENROLLMENT IN HISTORY OF THE INSTITUTION.

Attendance Was Greater Than at Any Period Last Term, and All Hard at Work.

The opening of the Gainesville Graded and High School on Monday morning was one of the greatest events of its kind ever witnessed in the city for a matter of attendance, which shows that a remarkable increase has been made in the city within the past year.

The attendance for the first day was four hundred and fifty-one, just seventy-five more than were enrolled on the first day of last year. The number in attendance Monday was also greater than the total enrollment for any month of last session.

Following the enrollment of the pupils and the proper classification, they were marched into the large auditorium for chapel exercises and quite a number of the citizens and patrons were present for this occasion but not nearly as many as desired by the teachers who labor so hard for the interest of the children and the general welfare of the city.

Appropriate addresses were made by Dr. A. A. Murphree, President of the University, Rev. T. P. Hay of the Presbyterian church, Rev. F. H. Craighill of the Episcopal church and Capt. G. M. Lynch, who has charge of the department of secondary education at the State University.

Dr. Murphree reviewed the relation of the public school to the State University, and expressed the desire that it might be officially named, and made in reality, the University High School. He further stated that Gainesville boys would not be permitted to enter the University until they have completed the tenth grade and advised them to graduate in the High School before applying for admission to the institution of which he is the official head.

Prof. Cassels and his efficient corps of teachers have entered upon the season's work with a vim and will do their utmost to make the present session of the High School the largest and most successful in its history. In this they should have the hearty cooperation of every citizen of the city.

It is believed that with the extra large enrollment, it will reach in the neighborhood of 600 before many weeks have passed, for quite a number of families are still absent from the city who will return within the next few weeks.

Thin? Pale?

Consult your doctor freely about medical matters. He knows. Trust him. Do as he says. Follow his advice at all times. J. C. Ayer Co., Lowell, Mass.

All run down, easily tired, thin, pale, nervous? And do not know what to take? Then go direct to your doctor. Ask his opinion of Ayer's non-alcoholic Sarsaparilla. No alcohol, no stimulation. A blood purifier, a nerve tonic, a strong alterative, an aid to digestion.

S.S.S. PURELY VEGETABLE

The absolute vegetable purity of S. S. S. has always been one of the strongest points in its favor, and is one of the principal reasons why it is the most widely known and universally used of all blood medicines. A great many of the so-called blood purifiers are really nothing more than strong mineral mixtures which act so unpleasantly and disastrously on the delicate membranes and tissues of the stomach and bowels, that even if such treatment purified the blood, the condition in which the digestive system is left would often be more damaging to the health than the original trouble. Not so with S. S. S.—it is the greatest of all blood purifiers, and at the same time is an absolutely safe and harmless remedy. It is made entirely of the healing and cleansing extracts and juices of roots, herbs and barks, each of which is in daily use in some form by physicians in their practice. Years of work and research have proven S. S. S. to contain everything necessary to purify the blood and at the same time supply the system with the purest and best tonic effects. S. S. S. cures Rheumatism, Catarrh, Sores and Ulcers, Skin Diseases, Scrofula, Contagious Blood Poison and all other blood troubles, and it leaves the system in perfect condition when it has purified the blood. Book containing much valuable information on the blood and any medical advice desired sent free to all who write.

"BETWEEN THE DEVIL AND THE DEEP SEA"

Is a homely expression, but that is about how you stand when you lie down at night in a home that isn't protected by insurance. "Homeless" is a sad word for a man who sees nothing ahead to rebuild with. Be on the safe side and insure in the best companies.
