It Hangs On

If it was only health, we might let it cling.

But it is a cough. One cold no sooner passes off before another comes. But it's the same old cough all the time.

And it's the same old story, too. There is first the cold, then the cough, then pneumonia or consumption with the long sickness, and life trembling in the balance.

Ayer's Cherry Pectoral

loosens the grasp of your cough. The congestion of the throat and lungs is removed; all inflammation is subdued; the parts are put perfectly at rest and the cough drops away. It has no diseased tissues on which to hang.

Dr. Ayer's Cherry Pectoral Plaster

draws out inflammation of the lungs.

Advice Free. Remember we have a Medical Department. If you have any complaint whatever and desire the best medical advice you can possibly obtain, write the doctor freely. You will receive a prompt reply, without cost.
