PUTTING UP THE PRICES

Senator Aldrich Seems to be Conducting His Tariff with a Special View to Making Democratic Votes

Washington, July 14.—Increased prices as a result of the upward revision of the tariff are already here. New York jobbers are notifying country merchants of increases in woman's wearing apparel in particular. Women's gloves, for instance, now selling at $1 per pair retail, are to be boosted at once to $1.50.

A Washington newspaper has been making an effort to learn from business men in Washington, Baltimore, New York and Boston what they expect as to the effect of the new tariff on prices. In a long list of reputable merchants that were interviewed, not one mentioned anything that will be cheaper as a result of the revision.

The consensus of opinion among the business men interviewed was that woolen goods will jump to 20 per cent higher if the Aldrich bill is signed by the president. Shoes will go up in price from 10 to 20 per cent. The prices of such fruits as lemons and pineapples will go so high, in the opinion of the fruit wholesalers, as to greatly lessen the demand for them.

But upon the non-voting women of the country, according to the merchants interviewed, will fall the heaviest penalties in the way of increased prices. Laces, embroideries, hosiery, soaps, toilet waters, perfumes, and the like are to advance.

"From the notifications I receive from importers and wholesalers," said one dealer, "there is going to be a general advance in nearly all articles of cheap and moderate priced wearing apaparel for women. The woman in moderate circumstances will be taxed heaviest, as I understand it."

A HORRIBLE HOLD-UP

"About ten years ago my brother was 'held-up' in his work, health and happiness by what was believed to be hopeless consumption," writes W. R. Liscomb, of Washington, N. C. "He took all kinds of remedies and treatment from several doctors, but found no help till he used Dr. King's New Discovery and was wholly cured by six bottles. He is a well man today." It's quick to relieve and the surest cure for weak or sore lungs, hemorrhages, coughs and colds, bronchitis, la grippe, asthma, and all bronchial affections. 50c and $1. Trial bottle free. Guaranteed by all druggists.

CHORUS GIRLS KIDNAPED

Inveigled to Panama by Promise of High Wages and Lured Into Red Light Resorts

New York, July 14.—Special agents of the department of justice boarded the steamship Orinoco of the Royal Mail Steam Packet company's line yesterday afternoon in a search for young American actresses who, it is declared, are being inveigled to go to Panama during the dull theatrical season by promises of vaudeville engagements and then find themselves in low resorts. The agents are anxious to land the procurers who are shipping these girls to the Zone.

The action of the department is based on complaints which recently have been received from Judge Brown of the canal zone appealing to the government at Washington and also to the police of New York to put a stop to the practice. Neither any victims nor any of the men who are shipping them were met with in yesterday's search. It is said that the inducement offered the women, most of whom are of the show girl variety, is $25 a week salary and transportation both ways.

Capt. Cheret of the Orinoco said yesterday that on May 1 three young stage women sailed from New York on his ship to take such an engagement, and that it was not until the ship had left Kingston, Jamaica, on its way to Colon, that the young women happened to learn from a passenger that the theater in Panama City in which they were supposed to appear, was not a respectable place. The three then appealed to Capt. Cheret and asked him what they must do.

They had no money, having depended entirely on the promises of the "agent" who had engaged them. Capt. Cheret told them that if they wanted to return to New York he would see that they got there.

At Colon the captain took the three to the Salvation Army headquarters and put them in the barracks in charge of a chaperon, where they waited until the steamship Tagus of the Royal Mail Steam Packet company came along from Cartagena, Colombia, and they returned to New York on this ship.

TROUBLE IN TEHERAN

Persian Revolutionists Drive Cossacks Back on the Foreign Legations

Teheran, Persia, July 14.—Five thousand nationalists entered the city yesterday morning. The Cossacks seized the square and their operations were directed from that place.

Fighting began at once. The engagement became fierce and the battle continued almost without intermission throughout the day.

In the afternoon the Cossacks were compelled to fall back on the foreign legation. A number of men were lost on both sides. The nationalists fought with great ardor.

When the stomach fails to perform its functions, the bowels become deranged, the liver and the kidneys congested, causing numerous diseases. The stomach and liver must be restored to healthy condition and Chamberlain's Stomach and Liver Tablets can be depended upon to do it. Easy to take and most effective.

THE HEALTH OF YOUR HORSE

will be best promoted—best preserved—if you are ready to give the proper remedy at the proper time. The proper remedy for all strains, sprains, or colic is Perry Davis' Painkiller. The proper time to use it is when the trouble first shows itself. Be prompt and you'll not only save the horse suffering, but you'll spare yourself trouble and expense—maybe save a long time waiting. You ought to have a bottle ready. The new size bottle costs 35 cents; one larger, 50 cents. Be sure your druggist gives you Perry Davis'. 4

BULLDOZING THE BOYS

Chicago Suffragettes Take Unfair Advantage of Cupid

Chicago, July 14.—Cupid, the mischievous uniter of hearts and maker of matches, has been pressed into the service of the suffragettes and, henceforth shall be condemned, at least in Chicago, to play the part of a hold-up man. At a well attended meeting of the Political Equality Union of this city the first direct step in this matter was taken and hundreds of more or less good looking girls of marriageable age signed the following ominous pledge:

"We, the undersigned, believing as we do, that in the matter of intelligence women are equally endowed with men, hereby pledge ourselves not to marry any man who is not a believer in and an active worker for the cause of equal suffrange for men and women."

GOOD NEWS

Many Ocala Readers Have Heard It and Profited Thereby

"Good news travels fast," and the thousands of bad back sufferers in Ocala are glad to learn that prompt relief is within their reach. Many a lame, weak and aching back is bad no more, thanks to Doan's Kidney Pills. People from every state in the Union are telling the good news of their experience with the Old Quaker Remdy. Here is an example worth reading:

Mrs. E. M. Edwards, living on Call St., Starke, Fla., says: "I never used a remedy that proved of such great benefit to me as Doan's Kidney Pills. I suffered constantly from backache, and dull pains through my loins. Some days my back troubled me so severely that I could scarcely get aroun. I was unable to rest well at night, and in the morning my back was so lame and stiff that it was difficult for me to put on my clothing. My kidneys were also weak and greatly added to my misery. I finally learned of Doan's Kidney Pills, and procured them. I had only used three boxes when I was cured and I am now feeling a great deal better than before in years. I give Doan's Kidney Pills entire credit for the change in my condition."

Plenty more proof like this from Ocala people. Call at Tydings & Co.'s drug store and ask what their customers report.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New Lork, sole agents for the United States.

PROMPT WITH HIS PISTOL

A Gang of Bad Negroes Considerably Thinned by a Fort Worth Policeman

Fort Worth, Tex., July 14.—Attacked by four negroes last night, Sid Waller, former police sergeant, killed two of the men and fatally wounded the third. The other negro ran away when he saw his companions fall.

Waller was wounded in the flight, but his wounds are of such a nature that he is not in danger of death.

Waller was in the negro section of the city looking up negro dives with the intention of arresting somee gamblers. The four men set upon him with pistols and knives, but the officer was too quick for them. He brought his gun into play so quickly that the men went down in one, two three order.

A few months ago Waller's brother, who was also a police officer, was shot to death in this same section of the town where the attack was made last night. He was attempting to arrest some negro gamblers and a crowd of them set upon him. Sid Waller has, since that time, devoted his entire efforts to running down his brother's murderers and trying to stamp out the evil element in the negro district. He has been a marked man.

Of Interest To Women.

To such women as are not seriously out of health, but who have exacting duties to perform, either in the way of household cares or in social duties and functions which seriously tax their strength, as well as to nursing mothers, Dr. Pierce's Favorite Prescription has proved a most valuable supporting tonic and invigorating nervine. By its timely use, much serious sickness and suffering may be avoided. The operating table and the surgeons' knife, would, it is believed, seldom have to be employed if this most valuable woman's remedy were resorted to in good time. The "Favorite Prescription" has proven a great boon to expectant mothers by preparing the system for the coming of baby, thereby rendering childbirth safe, easy, and almost painless.

Bear in mind, please that Dr. Pierce's Favorite Prescription is not a secret or patent medicine, against which the most intelligent people are quite naturally averse, because of the uncertainty as to their composition and harmless character, but is a MEDICINE OF KNOWN COMPOSITION, a full list of all its ingredients being printed, in plain English, on every bottle-wrapper. An examination of this list of ingredients will disclose the fact that it is non-alcoholic in its composition, chemically pure, triple-refined glycerine taking the place of the commonly used alcohol, in its make-up. In this connection it may not be out of place to state that the "Favorite Prescription" of Dr. Pierce is the only medicine put up for the cure of woman's peculiar weaknesses and ailments, and sold through druggists, all the ingredients of which have the unanimous endorsement of all the leading medical writers and teachers of all the several schools of practice, and that too as remedies for the ailments for which "Favorite Prescription" is recommended.

A little book of these endorsements will be sent to any address, post-paid, and absolutely *free* if you request same by postal card, or letter, of Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets cure constipation. Constipation is the cause of many diseases. Cure the cause and you cure the disease. Easy to take as candy.

MARTEL

The usual hustling, bustling business activity of the Martel Lumber company and its enterprising citizens continues. A number of the Martel people are spending the summer in Georgia, South Carolina and Virginia, among friends and at celebrated health resorts.

Mrs. J. B. Warren and children left for Georgia the past week, where they will remain until September, and upon their return to Martel, her daughter, Miss Pearl Warren, will enter Southern College at Sutherland.

Mrs. L. A. Tucker returned from a visit to South Georgia recently, where she spent a pleasant time with relatives.

Miss Claire Bryan of Terrell, in passing through Martel on her way to Palatka, made a short call upon friends here Sunday.

Mrs. H. W. Long returned Monday from a two week's delightful visit with relatives and friends in Jacksonville and Quincy. She reports crops good in Gadsden county, and the farmers working day and night in housing their tobacco, and in keeping up fires in the barns to keep the tobacco from moulding.

Capt. Williams has had two commodious cottages erected on his farm recently purchased from H. W. Long, and will have a suitable barn and stables built at an early day

The Martel chapel is being painted nicely, which adds very much to its beauty.

The W. C. T. U. of Martel hold regular monthly meetings, which under the efficient supervision of its president, Mrs. P. A. Ausley is made attractive and interesting and new members join at every meeting.

Misses Vera and Wilma Veal of Jacksonville, are visiting their grandparents, Dr. and Mrs. Veal of Martel.

Mr. J. A. Robbins and family of Miami, are visiting their brother, A. W. Woodward and family at Cotton Plant. They have proven quite an acquisition to the Sunday school and church in singing duets that would be a credit to any city.

An important visitor made its appearance among us over two weeks ago, which soon assumed the form of an old-time rainy season, which has filled the ponds, thereby affording an abundance of water for stock. Fodder pulling and farm operations are now practically suspended by continuous cloudy weather and excessive rains, with indication of a continuance for days to come.

In the death of William McAteer and A. L. Eichelberger there is made two links less of the few remaining links of the active citizenship of Marion county during the fifties. The few remaining old-timers of those happy years, who are now lingering on the shores of time, in retrospecting the past and contemplating the future, can with the old-time past exclaim:

"The busy tribes of flesh and blood,
With all their toils and cares,
Are bowed downward by the flood,
And lost in following years."

The sympathies of our people go out to the bereaved ones of these good men, each of whom spent long and useful lives among us.

NOTICE TO MILK CUSTOMERS

We are having the same old trouble, only more of it, about getting our tickets and bottles. Your attention is called to the little preface in the inside of the cover of the milk ticket books. This rule will be strictly enforced in future. We have six gross of bottles out somewhere in Ocala, in a little over a year's business. With each bottle is a ticket that belongs to us for we never got it. This is no small item. Gather up all bottles, put a ticket in each of them you find about the place, for you are due us as many tickets as you have bottles, put them out and in future put both a bottle and a ticket out, as the deliverers have instructions to leave no milk where they do not find both a bottle and a ticket. If the tickets are out, put the bottle out and a note stating the fact and others will be left. This note is not intended to apply to those who have put out the bottles and tickets regularly, as many of you do, but to the others it means business and will be enforced.

Respectfully,
THE HIAWATHA LAKE DAIRY,
H. H. Whitworth, Proprietor.

It invigorates the vital organs, purifies the blood, aids digestion, creates appetite. To strengthen and build up thin, pale, weak children or run-down people it has no equal.
