ALLIED TO AN OCTOROON

Horrified to Find that he had Married a Woman with Negro Blood, Alfred Haberman Shot Her and Himself

Columbus, Ohio, Aug. 15.—A shock came to Alfred Haberman yesterday which caused him to first attempt to kill himself and then suicide. He did not succeed in killing either himself or his wife but both are fatally wounded.

The cause of Haberman's mad act was the discovery that his wife, to whom he had been married for eight years, has negro blood in her veins. She is a very fair woman and Haberman never suspected that she was a quadroon. They have lived happily together, but have no children.

Haberman had just returned from a visit to Washington. While there some person who had known his wife in former years asked him if he had ever heard that the woman had negro blood in her veins. "Surely this is a poor jest," said Haberman. "What do you mean?" The friend assured him that he was in earnest. Haberman came right home and asked his wife. She admitted that her great-grandfather was a negro. Haberman immediately got his revolver and shot her twice. Then he turned the gun on himself. "We must not live," was all he said to a neighbor who came upon them shortly after the deed was done.

CURED HAY FEVER AND SUMMER COLD

A. S. Nusbaum, Batesville, Indiana, writes: "Last year I suffered for three months with a summer cold so distressing that it interfered with my business. I had many of the symptoms of hay fever, and a doctor's prescription did not reach my case, and I took several medicines which seemed only to aggravate it. Fortunately I insisted upon having Foley's Honey Honey and Tar. It quickly cured me. My wife has since used Foley's Honey and Tar with the same success." Sold by all dealers.

THE SECRET OF LONG LIFE

A French scientist has discovered one secret of long life. His method deals with the blood. But long ago millions of Americans had proved Electric Bitters prolongs life and makes it worth living. It purifies, enriches and vitalizes the blood, rebuilds waste nerve cells, imparts life and tone to the entire system. It's a godsend to weak, sick and debilitated people. "Kidney trouble had blighted my life for months," writes W. M. Sherman, of Cushing, Me., "but Electric Bitters cured me entirely." Only 50c at all druggists.

Mexican Government Can Hold Down Any Revolt in Coahuila or Nuevo Leon

Mexico City, Aug. 14.—That there is any likelihood of an uprising in Northern Mexico because of the present political activity displayed in the states of Coahuila and Nuevo Leon is emphatically denied by Gen. Manuel Gonzales Cosio, minister of war, who in aan interview yesterday, said:

"There is no reason to believe that the people of these states would start a revolution or even attempt one. At the present time the federal government has all the money, ammunition and soldiers and artillery will be informed at once of any disturbance in order to take the proper steps to check it."

COLLISION IN COLORADO

Eight Killed and Half a Hundred Wounded in a Wreck on the Denver and Rio Grande

Colorado Springs, Colo., Aug. 15.—Eight are dead and fifty wounded, some fatally, as a result of a head-on collision between train No. 8, northbound, and train No. 1, southbound, on the Denver and Rio Grande at Husted, thirteen miles north of Colorado Springs, Saturday. The trains, both running at terrific speed, met on a curve, and their crews had no opportunity to avert the collision. Train No. 8, drawn by two engines, telescoped the baggage car and smoker of No. 1, and all three engines went into the ditch.

With more than 400 passengers on the two trains, the excitement following the accident was indescribable. All the passengers were thrown in a screaming mass on the floors of the cars, and many were hurt in the stampede to escape. The unhurt rushed to the aid of the injured, but so great was the confusion that it required half an hour to clear the cars, which were enveloped in clouds of steam from the engines.

EFFICACY OF ALUM

Good as Whisky for Snakebite, but Not as Pleasant to Take

Daytona Beach, Aug. 14.—The rumor that James L. Wilcox had been bitten by a rattlesnake was confirmed by an interview with Mr. Wilcox Sunday afternoon. The accident happened almost a week ago, and Mr. Wilcox reports with the exception of a little soreness in the muscles he is himself again. Mr. Wilcox relates the incident as follows: He was down on the Goodall trail, and was standing talking to a friend who chanced upon him there, when he made a quick movement to kill a mosquito and suddenly a snake struck him from the grass close by, hitting the upper side of the low shoes he was wearing; one fang pierced the leather to the flesh and the other fang merely indented the leather. He made three vigorous kicks before he could detach the snake and then stamped on him with his other foot. He was badly frightened and started with all possible speed for the drugstore. Reaching the store he called for alum and ate a piece about as big as a hen's egg. He afterwards took turpentine and whisky in good quantities. While he was taking these internal douches, he lost no time in applying coal oil to the wound, squeezing out the virus as best he could. He sat up until after 12 o'clock that night, expecting to die, but not making a go of it, turned in and had a pretty good night's rest for the remaining hours. Mr. Wilcox lays great stress on the efficacy of alum as a correction of snake bites.—Times-Union.

Surprising, What Kodol Will Do

For you, when you need it. But the longer you neglect Indigestion, the more you will suffer before Kodol can restore Good Digestion.

And, of course, indigestion if neglected long enough, brings on serious diseases in which Kodol cannot benefit you. Some of these there is no help for at all.

There are, in fact, very few ailments which cannot be traced directly to impure blood. And impure blood is always due to a disordered stomach.

Use Kodol and prevent Nervous Dyspepsia.

Kodol will effectually assist Nature to secure a complete restoration of good digestion. It does this by at once digesting all food in the stomach and keeping it digested, until the stomach is rested and can resume its own work. Kodol removes the cause—and the effect quickly removes itself.

When it is recalled that Apoplexy, Heart Disease, Cancer—and even Consumption—are due to poor digestion and poisons thus transmitted to the blood, and throughout the system—the importance of maintaining good digestion is at once realized.

We knew what Kodol would do before ever the first bottle was sold. If we did not know just what it will do, we would not guarantee it the way we do.

It is easy for you to prove Kodol—the next (or the first) time you have an attack of indigestion. And you will certainly be surprised at the results. It is perfectly harmless.

There can be no harm in trying something that may do you a great deal of good—when it costs you nothing if it doesn't.

Our Guarantee

Go to your druggist today and get a dollar bottle. Then after you have used the entire contents of the bottle if you can honestly say, that it has not done you any good, return the bottle to the druggist and he will refund your money without question or delay. We will then pay the druggist for the bottle. Don't hesitate, all druggists know that our guarantee is good. This offer applies to the large bottle only and to but one in a family. The large bottle contains 2½ times as much as the fifty cent bottle.

Kodol is prepared at the laboratories of E. C. DeWitt & Co., Chicago.
