IN AND ABOUT TOWN.

Ocala Greenhouse Co., Florists Phone. No. 2.

Hon. Henry W. Long, of Martel, was a business visitor to Ocala yesterday.

Mr. B. K. Thrower, of Gainesville, accompanied the Ocala baseball team to Clearwater.

Douglas Rutherson, of Apopka, has received a position as station agent on the main line of the S. A. L. at Citra.

Captain T. H. Johnson left last night for Suwannee Springs, where he goes to join his wife and daughter.

Rev. and Mrs. J. C. Porter, and daughter, [illegible], left yesterday for Asheville, N. C., to spend several weeks.

[illegible] reward of [illegible] for the arrest and apprehension of the murderer of young [illegible].

The Tampa papers contain very ugly articles about the conduct of L. Y. [illegible], president of the defunct St. Petersburg bank.

There will be many thousands of barrels of oranges shipped out of Volusia county this fall and winter.—Volusia County Record.

Why ship in barrels?

When in Ocala, stop at the New Windsor House, Ocklawaha avenue, one block east of Plant System depot. First-class accommodations. Rate, $1 a day. J. A. DeWeese, Prop. 5-20

The speech of J. N. C. Stockton at [illegible] on barbecue day was a Levy county [illegible], and between breaths the [illegible] could discern that the Duval giant was sounding the first [illegible] of another contest.—Gainesville Sun.

The Tampa Tribune of Tuesday contains a letter from Hon. John N. C. Stockton giving his version of the [illegible] of States' Attorney Harrison on the day after the first primary. The latter shows the existence of a bad state of affairs in Duval county.

Unofficial information was received in Ocala yesterday that the state democratic executive committee met in Jacksonville, canvassed the vote of the second primary and declared Hon. Jeff Brown the nominee for railroad commissioner and Hon. C. M. Brown for state senator twentieth senatorial district.

Mr. Robert Taylor, of the Atlantic Coast Line, succeeded in locating Messrs. Sanders and Boynton, of Clinton, S. C., at Oaklawn. They will plant three hundred acres of watermelon land from Mr. C. W. White. These gentlemen may induce others to follow them from South Carolina.

Brother A. M. Mann, who seems really and conscientiously to believe that the very atmosphere in Florida is polluted, morally and politically, is in North Carolina breathing its mountain air. We hope he will find himself so far purified as to brave the coming winter in Florida. The good brother belongs to the sect, "I am Holier than Thou," and doesn't seem to feel his [illegible] a little bit. It seems to be that way.

Free medical advice. Men and women suffering from chronic diseases are invited to consult Dr. Pierce, Buffalo, N. Y., by letter, absolutely without fee or charge. For more than thirty years as chief consulting physician to the Invalid's Hotel and Surgical Institute of Buffalo, N. Y., doctor Pierce has devoted himself to the treatment and care of chronic forms of disease. Assisted by his staff of nearly a score of physicians, each man a specialist, his success has been phenomenal, ninety-eight persons in every hundred treated being absolutely cured. Women have especially availed themselves of Dr. Pierce's offer of free consultation by letter, thereby avoiding the unpleasant questions, the obnoxious examinations and odious local treatments considered necessary by some practioners. Over half a million women have been treated by Dr. Pierce for diseases peculiar to women with unvarying success. Write without fear as without fee. Every letter is treated as strictly private and sacredly confidential, and all answers are sent in plain envelopes. Address Dr. R. V. Pierce, World's Dispensary Medical Association, Buffalo, N. Y.

Cotton Outlook.

Messrs. H. F. Dutton & Co., of Gainesville, as has been their custom for several years past, have sent out letters of inquiry throughout the Sea Island cotton districts, and makes the statement that the crop this year is larger than last year, and the outlook for a large crop from now on is favorable.

They make the claim that there are now seven thousand bales on hand against one thousand bales the same time last year.

They state that there is a disposition on the part of the farmers to hold their cotton until later for better prices. With this end in view, Messrs. Dutton & Co. advertise that they will furnish warehouse room to the farmers of Gainesville, free of expense except as to insurance, and will advance money to pay the insurance at the regular rate of interest.

If the information that Messrs. Dutton & Co. send out is correct the prospect for our farmers is gloomy.

The Florida Agricultural College.

The outlook for a large attendance at the opening of the Florida Agricultural college is bright. There has been a greater demand for catalogues this year than ever, and the president informs us that he has received assurances that the attendance during the approaching term will be greater than any previous year. Science Hall will be completed within the next several weeks and the Flagler gymnasium will doubtless be turned over to the college authorities before the opening of the school. The completion of these two handsome buildings, with the increased facilities for learning, has been a great inducement to many in selecting the Florida Agricultural college.—Lake City Reporter.

Will Return to Ocala.

Mr. Charles Peyser and family will return to Ocala on or about September first and come to reside here permanently.

Mr. Peyser will occupy the same store in the Ottensosser block that he used before he went to New York and will engage in the same business.

He will be assisted by Mr. Jules Cohen and it will seem like old times again.

Mr. Peyser has many friends in Ocala who will gladly welcome him and his family back to this city.

Witnessed the Ball Game.

The following friends of the Ocala baseball team went up to Gainesville Friday to witness the fourth game of baseball between the Oak Halls and the Ocala team: Manager W. R. Engleby, Mrs. Engleby and Lloyd Engleby, Dr. and Mrs. A. L. Izlar, and son, Laurie, Misses Lucile Ausley, Sara and Violet Harris, Messrs. T. W. Lotz, L. N. Green, W. M. Dale, W. W. Clyatt, Varnie Stevens, James Brooks, J. J. Gerig, R. F. Hyman, Standley Lester, Renjie Weathers, S. M. Hannah, Howard Clark, Sam Pooser and Otto Lorrick. Roy Galloway went along as the mascot of the team.

The Ocala ball team is composed entirely of local material and for that reason are loyally supported by the entire community—men, women and children—and they take defeat as gracefully as they wear the laurel wreath of victory.

The day at Gainesville was a most delightful one, the team of that place doing everything possible for the pleasure of their visitors.

The excursionists did not reach Ocala until two o'clock Saturday morning but all had thoroughly enjoyed the trip.

Three cheers for the ball teams of Gainesville and Ocala.

MR. C. W. WHITE HAS BROKER BEATTY ARRESTED.

Charged With Misappropriating Stock of the Belvanera Mining Co.

The following article from a late issue of the New York Sun may prove of interest to the readers of this paper:

Herbert T. Beatty, a broker, 29 years old, living at the Clarendon Hotel, Eighteenth street and Fourth avenue, appeared in the Toombs Police Court this morning in answer to a summons obtained by Charles W. White, of the Hotel St. Dennis, who is secretary and treasurer of the Belvanera Mining Company of 11 Broadway, a concern incorporated under the laws of West Virginia and owning copper mines in Mexico. Mr. Beatty is said to be the president of the company. In court this morning he was charged in four complaints with misappropriating funds of the company amounting in all to $17,500.

The first complaint says that on or about October 8, 1901, at 128 Broadway, Herbert T. Beaty sold certificates of the stock of this company amounting to $2,500 to A. G. Kroetzer, Jr., of 142 Pearl street, without the consent of the board of directors, and feloniously appropriated to his own use the proceeds of said sale.

The second complaint says that on May 1, 1901, Mr. Beatty sold to Jay S. Jones certificates for $5,000 worth of stock, and took in payment Jones' notes for the amount. The notes were afterward discounted at the Seventh National bank, and Mr. Beatty is charged with misappropriating the proceeds.

In the third complaint it is charged that some time in May, 1901, certificates for $5,000 worth of stock were sold to H. O. Packard, and that Mr. Beatty appropriated the money received.

The fourth complaint charges that certificates for another $5,000 block of stock were sold to D. J. McGoury, and that Mr. Beatty accepted notes for the same which were afterward discounted by A. G. Kroetzer, Jr., who gave Mr. Beatty a check on the Seaboard National Bank for the amount, which he cashed.

At the close of the hearing Magistrate Hogan paroled Mr. Beatty in the custody of his counsel until August 19, when a further hearing will be held.

Mr. Beatty would make no statement.

ANNOUNCES HIS CANDIDACY.

Hon. John N. C. Stockton Will Make the Race for U. S. Senate in Next Primary.

In an interview in the Jacksonville Metropolis, of August 19, Hon. John N. C. Stockton formally announces that he will make the race for United States senator in the state primary in 1904.

The race for that office at that time promises to be quite lively.

Senator Taliaferro will be a candidate for re-election. Ex-Senator Call will be a candidate, and it is claimed that Governor Jennings is fixing his fences for the race.

We expect to see the woods full of ambitious and perspiring candidates.

The Game at Tampa.

In its write-up of the game between the Green Stockings of Tampa and the Oak Halls of Gainesville, the Tampa Tribune said:

Pitcher Kennedy is a speedy left-hander and he throws a ball that keeps the batsman guessing. Bronson behind the bat let nothing get away from him. Chappell, right field, Spencer, center field, and Graham left field, took care of everything that came their way. McCarroll played first base as it should be played. Bryan, at third base, had lots of work to do, and he did it all well. He made the star play of the game and made a clever catch of a ball over his head while running at full speed and in the same direction as the ball. Jewett at short stop and Wills at second base played praiseworthy games and received deserved applause.
