Mr John Taylor and Miss Mamie Taylor left yesterday for Seabreeze.

Bishop Gray will hold services at Grace Episcopal church Sunday, August 24, at 10.30 a.m. and 8 p.m.

Rev. P. J. Reeves, of Spring Park, was in Ocala yesterday. He says he has a splendid crop.

Mrs. W. M. Little will leave Monday for a several months' visit to Atlanta and Gainesville, Ga.

The best physic—Chamberlain's Stomach and Liver Tablets. Easy to take. Pleasant in effect. For sale by Anti Monopoly Drug Store. m

Mrs. Hattie Tobey, of Lake Weir, is the guest of her nieces, Misses Hattie, Bessie and Marguerite Porter. She will remain with them during the absence of their parents.

Jim Miller, Lewis Whidden and O. R. Howse, of Ocala, drove 310 head of beef cattle from the lower range to Tampa last week, which were shipped to Cuba.—Valley Gazette.

Chamberlain's Colic, Cholera and Diarrhoea Remedy has a world wide reputation for its cures. It never fails and is pleasant and safe to take For sale by Anti-Monopoly drug store. m

Mr. Jules Cohen, who is now spending his vacation in New York, will return the first of September and as stated elsewhere will engage in business with Mr Charles Peyser.

Mrs. W. V. Newsom and children left on the early morning Seaboard Air Line train for Rutherfordton, in the mountains of North Carolina. Here they will be met by Dr. Newsom and will remain until the first of October.

If anybody on this earth should enjoy its blessings it should be the man or the woman who labors. But it is the drone who boxes the hive. Most men gather honey that those who do not labor shall enjoy its fruits.

At a recent meeting of the strawberry growers of Arcadia it was decided to form a company to build refrigerators and the growers ship their own berries, instead of renting the refrigerators from outside concerns.

In renewing her subscription to the Ocala Banner, a former citizen of Ocala now temporarily residing in Chicago, says: "I read the Banner every week with much pleasure, and still call Ocala my home although circumstances still keep me far away. Kindly continue sending me the Banner."

General Dickison is still living but the sands of life are gradually running their course through the hour glass of time. Life's fitful fever is near its end. Like the candle burning low in the socket his brave spirit rallies only to sink back again and he is liable to pass away at any moment. Messages of regret are being received from all over the state. The near approach of death shows how dearly he is beloved by the people of Florida.

Hardly a day passes but some name is added to the list of those who propose to engage in strawberry growing.—Orlando Record.

The Ocala Banner's "write-up" of White Springs has certainly brought splendid results. A large number of our people having already gone to this popular resort and still more are going.

Preparations are being made to manufacture plate glass in Florida. Lake Weir would be an excellent point for the location of such a factory. The sand there is an excellent quality for the purpose. Florida ought to supply the world with glass of all descriptions.

Not many years ago cotton seed was regarded as a nuisance and in some states a penalty was attached if it was left on the ground for any length of time as the rotting of the same was regarded as a menance to health. To-day cotton seed and the by products from same is supposed to be worth as much as the total cotton crop.

Henry L. Shattuck of Shellsburg, Iowa, was cured of a stomach trouble with which he had been afflicted for years, by four boxes of Chamberlain's Stomach and Liver Tablets. He had previously tried many other remedies and a number of physicians without releif. For sale by Anti Monopoly Drug Store. m

Mr. W. H. Hopkins, of Orange Lake, was among the visitors to Ocala Wednesday, and he placed on our table fine specimens of oranges and amber sorghum grown on his place by Mr. H. G. Dansby. From cane grown on four acres he expects to make ten or fifteen barrels of syrup and a thousand bundles of fodder. Mr. Hopkins says it is a fine crop.

Robert's Chill Tonic cures. It resiores health and appetite. Try it. 25cts. Your money back if it fails Wm. Anderson. †

The new catalogue of the Florida State College at Tallahassee has been received. It is a neat booklet of over one hundred pages containing thirteen half tone engravings of the college buildings, campus and interior views. The faculty appears to be a particularly strong one, the curriculum is high and the equipment fairly complete. There are three departments, the College, the Teachers Training School, and the High School or Preparatory Department. None are admitted under twelve years of age in any department. The enrollment shows two hundred and fifty-five students, excluding duplicates, from thirty-three Florida counties and five states. Any one interested should address the President, Tallahassee, Fla., for this new catalogue.

HEY NO, FOR THE GULF!

A Large Number Accompany the Baseball Boys to Clearwater.

Does It Pay to Buy Cheap?

A cheap remedy for coughs and colds is all right, but you want something that will relieve and cure the more severe and dangerous results of throat and lung troubles. What shall you do? Go to a warmer and more regular climate? Yes, if possible; if not possible, for you, then in either case take the only remedy that has been introduced in all civilized countries with success in severe throat and lung troubles, "Boschee's German Syrup." It not only heals and stimulates the tissues to distroy the germ disease, but allays inflammation and causes easy expectoration, gives a good night's rest and cures the patient. Recommended many years by all druggists in the world. You can get this reliable remedy at Anti-Monopoly Drug Store.

Robbery.

A thief, of aesthetic taste and tendencies, entered the store of Charles Rheinauer Tuesday night and helped himself to an outfit of the most stylish garments in the establishment and what money there was in the drawer and departed. In making his exit the thief created some disturbance which attracted the attention of night policeman McDavid, who pursued him so closely that he dropped his bundle but made safe his escape.

It is believed that he got away with nothing save the money.

The thief entered the store from a rear window.

Stops Cough and Works Off Cold.

Laxative Bromo Quinine Tablets cure a cold in one day. No cure, no pay. Price 25 cents. ‡

A Pleasant Evening.

On Wednesday evening at the residence of their aunt, Mrs. J. R. Moorehead, Misses Louise and Nellie Hooper royally entertained the Mandolin Club and a few more select friends. Delightful refreshments were served at a seasonable hour which were immensely enjoyed by those in attendance. An indulgence of several hours in parlor games interspersed with music constituted the evening's entertainment.

These popular young ladies will leave in a few days and will remain for the summer, Miss Louise going to New York and Miss Nellie to Jacksonville, where she has been elected principal of one of Duval county's popular schools which position she has accepted. Duval county is to be congratulated upon securing the services of this accomplished young lady and efficient teacher.

Likes the Gainesville Seminary.

No man perhaps in Florida travels the state more thoroughly than Mr. Louis Ottensosser, and no man takes a keener interest in educational affairs.

Like all good fathers, Mr. Ottensosser is anxious to place his son where he can secure the very best results and with this end in view, after carefully inspecting the various educational institutions in the state, he has selected the East Florida Seminary. He believes that under Professor Guilliams the school will make a most excellent showing the coming year.

As a school builder Professor Guilliams has few superiors. Under his splendid direction the Jasper Normal became one of the best known educational institutions in Florida. The same good fortunes overtook the schools under him in Tennessee and in Georgia, and he is infusing the same vigor and enterprise in his new field of labor.

Married.

At the residence of the bride's father, W. P. Chalker, Esq., near Conner, Fla., on the morning of August 13th, 1902, Mr. Joseph Fore and Miss Laura A. Chalker.

Rev. B. I. Hull, in the presence of over a hundred assembled guests, spoke the words that made these two hearts beat as one.

After congratulations were extended by their many friends, the invited guests feasted on cake and lemonade. Miss Etta Randall, assisted by others, rendered some nice music on the organ and the audience dispersed to their homes.

May their joys be many and their happiness complete is the wish of him who is a dear friend.

Bright Young Lawyer.

Mr. Neil Allred, of Ocala, was in the city yesterday on professional business and made the Tribune an appreciated call. Mr. Allred is one of the brightest young lawyers in south Florida, and has recently been nominated for states attorney in the fifth judicial circuit and had a walkover. He is a self-made young man and it affords the Tribune pleasure to note his upward and on ward rise to prosperity and fame. He returned home last night.—Tampa Tribune.

John Pearson Still Boring for Oil.

A gentleman returning from South Florida reports that the parties boring for oil three miles from Sumterville have secured an option on 20,000 acres of land and have everything ready to put down a 12 inch casing with heavy oil boring machinery. The test well, which has already been sunk, has given evidence satisfactory to them that there is oil in that section. It is thought that the well will be sunk some 2,500 feet.—Gainesville News.
