ANENT THE LIBRARY.

EDITOR GAZETTE-NEWS:—I wish through your paper to call attention to the public library and reading room. Since part of the room has been cut off for the use of the city council, the accomodation has been very inadequate. We have scarcely enough room for our shelves, and when the reading room is well attended it is difficult to find sitting room.

It is really quite time that we had a building of our own.

At the last meeting of the committee $100 was set aside for a building fund, and we have $100 more from other sources.

I state this publicly to show that we have made a beginning and we trust that those who have the interests of Daytona at heart will come forward and help us to gather sufficient funds to erect a building which will give proper accomodations. Yours truly,

C. W. ARNOLD,
Vice President.
