We wish to correct the item in THE STAR of last week giving the date for opening the high schools at Titusville and Cocoa on the 7th, when it should have been the 14th. School Superintendent Walker says that item caused him to write about fifty letters, all of which goes to show how widely THE STAR is read in Brevard county—a point for advertisers to note. These two high schools, however, will positively open on Monday, the 14th inst.
