Get rid of the Lard Habit

Cottolene makes pies and pastry digestible; it makes crisp, flaky pie-crust—the kind that will melt in your mouth rather than stick in the pit of your stomach.

There is no getting away from the fact that lard is the fat of the hog. There was a time in the olden days when lard was made from a particular part of the hog, the selected part—it was called the "leaf"—that is, the peritoneum; but, with the growth of the industry, lard is now thrown on the market made from fat from all portions of the hog, and lard, today, is not as good as the lard of years ago—in fact it is even more indigestible and more unhealthy.

Cottolene is a cleanly, vegetable product made from pure, refined cotton seed oil. It makes food palatable, digestible and healthful.

Cottolene is the purest and best shortening. It is not a substitute for lard, but an improvement upon lard or any other shortening. When you accept a substitute for *Cottolene* you are not getting your money's worth. *Cottolene* is preferable in more ways than one—in purity, results and healthfulness.

WOLFF IS WANDERING

in His Mind and with His Body. Mysterious Disappearance of a Fort Myers Man

Ft. Myers, March 20.—Two weeks ago J. J. Wolff, who has been agent for the Atlantic Coast Line at this point for several months past, hired Bob King to take him to his place at Iona near this city, and upon reaching his destination requested King to take him to Key West, which he did.

Upon arriving at Key West, Mr. Wolff told King to wait for him on board the boat, that he would return shortly. After waiting for some time King went to the various hotels to ascertain where he was, and succeeded in finding where he had registered. He was not at the hotel at the time, and King went in search of him, and after working diligently for some time, found his trail, which led to the Peninsular and Occidental depot, where Wolff had boarded, it is supposed, an outgoing vessel.

So far as it known here, Wolff has had no trouble and it is thought his mind was wandering, and while under some hallancination left the city. He left a note to his brother, A. Wolff, saying that the cash which was on hand at the station was all right, and a check was made after he left by the officials, and as far as they know all accounts are correct.

Wolff leaves a wife and three small children, who have gone to their former home in Jacksonville, accompanied by Mrs. Wolff's father.

LEVON

Miss Janie McGehee is home on a visit to her father, Mr. C. J. McGehee.

Mr. John Gray of Woodstock, Fla., is a recent arrival to our town.

Mrs. Julia E. Doak and bright little daughter, Esther, left Monday for their home in Mobile, Ala., to the regret of their many friends in Levon.

Mrs. A. M. Clements and family left Monday last for a visit to Mrs. Clements' mother at Cypress, Fla. After their stay in Cypress they will go to Smithfield, Fla., to make their future home. We are sorry to lose them and we notice several of our young men with very woeful looking faces.

The McGeehee Lumber Co. has added a new fixture to its store in the shape of the smiling countenance of Mr. Ed Donavant from the East mill. Ed is a handsome fellow, a good fellow, a good dancer and the ladies all like him, so we think business in the store will pick up.

Mr. A. W. Clements and Mr. W. A. Doak left Wednesday for Southport, Fla., to take charge of a large saw mill.

Several from Levon enjoyed a hayride to Belleview Monday night. They took in the dance and report a fine time.

Mr. Otto Jensen's two little girls have been sick for the past week, but are better at present.

The dance given last Friday night under the management of Mrs. J. E. Doak as chaperone was a decided success, some 75 to 80 people taking part. The music was furnished by Messrs. Fishel, Mathews and Jennings of the Ocala band. Among the out of town guests we note Mr. and Mrs. Frank Laporta of Ocala.

One of our young men frends here has a conundrum to solve, which is: What shall a young man do when he has three girls, and they all happen to come to the same dance?

FATE OF A FLIRT

Samuel Roberts, of Xenia, Ill., Shot Down by the Girl whom he had Jilted

Xenia, Ill., March 20.—Miss Kate Trainor, who shot and killed Samuel Roberts, at dusk last night showed no emotion when she was taken today to the county jail at Flora, where her preliminary trial will take place.

"I killed him because I was jealous," she said. "I have no remorse. When I went to meet him I was prepared to kill him if he wouldn't take up with me. He exposed me to public scorn and I shot him."

The girl's calmness did not desert her even when the revolver with which she killed Roberts was exhibited.

For several weeks Roberts had been paying marked attention to Kate Trainor. They quarreled a week ago, but she ought a reconciliation. She does not deny that she was desperately in love with Robert's and that she believed that his coldness toward her was caused by his attachment for another young woman.

Kate Trainor and Roberts met in front of the hotel Sunday evening. They stood there talking for ten minutes. Then Roberts turned on his heel and walked away. Loungers about the hotel saw Mss Trainor take a revolver from the folds of her shirtwaist, but before they could disarm her she fired point blank at Roberts. He reeled and fell dead at the young woman's feet. The bullet had enter- his brain.
