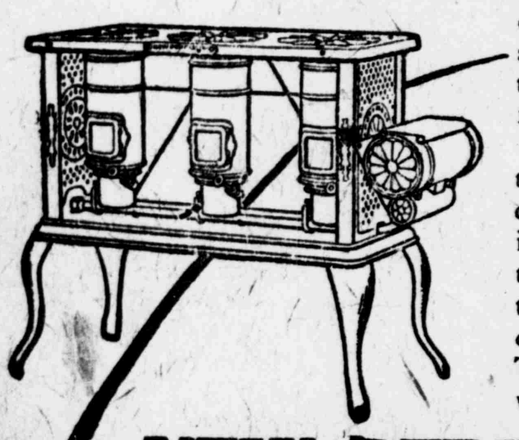
Hot Stove—Cool Kitchen



How do you expect to endure the broiling days of summer if you prepare all the food over a glowing coal fire?

You need a "New Perfection" Oil Stove that will do the cooking without cooking the cook. It concentrates plenty of heat under the pot and diffuses little or none through the room. Therefore, when working with the

NEW PERFECTION
Wick Blue Flame Oil Cook-Stove

the kitchen actually seems as comfortable as you could wish it to be.

This, in itself, is wonderful, but, more than that, the "New Perfection" Oil Stove does perfectly everything that any stove can do. It is an ideal all-round cook-stove. Made in three sizes, and fully warranted. If not with your dealer, write our nearest agency.

The **Rayo Lamp** a substantial, strongly made and handsome lamp. Burns for hours with a strong, mellow light. Just what you need for evening reading or to light the dining-room. If not with your dealer, write our nearest agency.

ION FARRIS WILL RUN AGAIN

Ion L. Farris announces in this issue of the Times for re-election as representative, and uses as his reason for asking that honor a second time his record made in the session of 1907. As a legislator, Mr. Farris has a most enviable record—one of which he and every citizen of this county should be proud. AT THE JAIL ON SUNDAY

Through the kindness of the jailor, Mr. Chalker, we had the pleasure of visiting the prisoners. We talked to them, played and sang with and for them. We have been there several times and have always found it a very profitable and pleasant Christian work. We ask the Christians of Ocala to pray for us in this work. They, the poor incarcerated ones, need the gospel. We cannot help but feel sorry for the poor unfortunate ones. God help us to deal wisely with their souls. I. W. Ogle and Wife.
