SAVANNAH'S AUTO RACES

Being Made in Record Breaking Time Over One of the Finest Courses In the World

Savannah, Ga., Nov. 27.—Down a vista of four hundred and two miles of picturesque circling roadway, sixteen laps in all, sleek with oil and dangerously alluring to that headlong speed which carries inseperable menace to life and limb, twenty most daring drivers of racing automobiles lined up for the start of the first American grand prize race yesterday. The goal was glittering with a cup of beaten gold and a purse of $4,000.

The races are being conducted under the auspices of the Automobile Club of America, with the sanction and approval of European racing associations. It is the longest and most difficult race ever arranged in this country.

Business in Savannah was suspended. Great crowds were along the course, including many country people from near by and prominent people from a distance.

The fastest record in a long distance road event is accredited to Felice Nazaree, who started as driver of the Italian car Fiat No. 6, and who in the Florio cup race in Italy this year, with the same car, averaged 74.3 miles per hour for the entire three hundred and twenty-eight miles covered.

The American record was made in the Vanderbilt cup race by George Robertson, averaging sixty-four miles per hour for two hundred and fifty-eight miles.

The course measures a little over twenty-five miles, and the cars must make sixteen laps to complete the race.

RAW LUNGS

When the lungs are sore and inflamed, the germs of pneumonia and consumption find lodgement and multiply. Foley's Honey and Tar kills the cough germs, cures the most obstinate racking cough, heals the lungs, and prevents serious results. The genuine is in the yellow package. Sold by all druggists.

LANCIA CAR THE LEADER

Driven by an American, it Beat the American Autos to the Finish

Savannah, Ga., Nov. 27.—The light car race yesterday was run under perfect weather conditions, and the best management ever seen in an automobile race. The Lancia, driven by an American driver, Hilliard, won the race clearly on its consistent running, beating the Buick, the second car to finish, by 6 minutes and 12 seconds, simply because it ran almost every lap at the same speed.

It made the fastest lap of any car in the race, 10:01, which was at a speed of 58½ miles an hour, and its slowest lap was but one minute and fifty seconds longer.

For several laps it looked as if the Chalmers, No. 10, would beat out the Buick for second place.

The Cameron air-cooled car made some speedy laps until it went down and out for good with a burnt out clutch.

What was undoubtedly the most consistent running of any car in the race was that of the Isotta, the baby car of the field of little ones. Less than fifty seconds marked the difference between the fastest and slowest laps.

Needless to say all the foreign drivers were tickel over the winning of the Lancia and they are confident that today's big race will go to one of their cars.

A PAYING INVESTMENT

Mr. John White, of 38 Highland Ave., Houlton, Maine, says: "Have been troubled with a cough every winter and spring. Last winter I tried many advertised remedies, but the cough continued until I bought a 50c. bottle of Dr. King's New Discovery; before that was half gone, the cough was all gone. This winter the same happy result has followed; a few doses once more banished the annual cough. I am now convinced that Dr. King's New Discovery is the best of all cough and lung remedies." Sold under guarantee at all drug stores, 50c. and $1.00. Trial bottle free.

FIRST THANKSGIVING PROCLAMATION

The first Thanksgiving proclamation in this country was printed in the Boston News-Letter on May 8, 1704, by order of his excellency, Joseph Dudley, captain general and governor in chief, and was as follows:

"Upon consideration of the troublesome state of Europe by reason of the calamities of war * * * together with the hostilities acted against us by the treacherous, murderous savages within our limits, I have thought fit * * * to Appoint Thursday the 18th of May, a day of Publick Fasting and Prayer * * * and to implore the Divine Mercy, for the Preservation of Her Majesties Sacred Person * * * That the Defence of Divine Protection may be over our Sea coast and Inland Frontiers: That our Seed time and Harvest may be under benign influences of Heaven: that there may be a plentiful Effusion of the Holy Spirit of God for a thorough Reformation of all those Evils which are among his anger and Restore us a prosperous State. And all Servile Labour is forbidden thereon."

ITALIAN CAME IN AHEAD

Durando Beat Mayes in the Marathon Race at Madison Square Garden in New York

New York, Nov. 27.—Durando, the Italian, is the hero of the Marathon race. The plucky little son of Italy won his race against John J. Hayes, American champion and winner of the Marathon in the Olympic games at London. Durando beat Hayes 50 yards in the final sprint.

The race started at 9:15 o'clock last night in Madison Square Garden. Richard Croker, who is here from Ireland on a visit to his old political cronies in New York, firing the pistol which started the runners.

For many a weary mile it was anybody's race. The men, nearly of a size and build, kept close together, each endeavoring, apparently to husband his strength for the final struggle. That Durando was the best general was shown by his beating Hayes in the last few daps.

The distance which the contestants covered was 26 miles 385 yards, that being the route of the old classic race of the Grecians.

The Struggle in London

The Marathon race in the recent Olympic games held in London will be fresh in the memory of all. In this race Durando, after leading his field for many miles, fell fainting within a short distance of the finishing line, and friends and spectators, enthused with admiration over his plucky attempts to rise and finish the victor, picked him up and fairly carried him over the tape. John J. Hayes, the young American, who had been following a few furlongs behind, came up fast and crossed the line first, being declared winner.

The crowd's sympathy was with the Italian. The matter was not allowed to rest, and recently a match Marathon race was arranged. Last night's victory for Durando places him at the head of the champions of the cinder path.

WELSH WHIPPED ATTEL

Los Angeles, Nov. 27.—Abe Attel, the fast and undefeated featherweight champion of the world, met more than his match last night in Freddie Welsh, English lightweight champion. Welsh's boxing, foot work and generalship and defensive tactics were superb.

Attel never had a chance from the beginning of the fight. He lacked confidence and his blows lacked vigor, although he fought bravely on the defensive, he showed no advantage only in "in-fighting."

Attel claims he gave way too much weight to his opponent and also alleged that the injury to his hand while in training interfered with his work. The decision was given Welsh at the end of the fifth round.

HIGH GAME FOR HENEY

The Indomitable District Attorney will Prosecute the Big Men, Not Their Hirelings

San Francisco, Nov. 26.—The men responsible for bribery and corruption, and not their tools, will suffer if Francis J. Heney has his way in San Francisco. So far recovered from his wounds that he could outline his future action, the district attorney today emphatically declared that his life work will be carried to completion.

"The true source of the vice and corruption so far uncovered," he said, "is not the individual dynamiter, jury briber, kidnapper and assassin. Such beings are but the bubbles welling from the pool of filth that has been years in making. We must be satisfied with nothing else than the root."

Much frightened, she drew her skirts closer about her. Suddenly she straightened and complained to her mother of a pain in her heart. In less than a minute she was dead.

A physician said she had succumbed to valvular heart disease and her death was hastened by fright.
