AN 800 POUND BABY

Probably the smallest of the largest of beasts is the juvenile member of the herd of performing Elephants with Gentry Bros.' Famous Shows United. This fine Pachyderm has been in this country but a few months, yet his education is nearly completed. His part of the program puts to shame his older and bigger companions, and on account of his size he is able to perform several acts which have never been attempted by Elephant Trainers before.

The "little fellow" in question is but one of the many features presented since the consolidation of Gentry Bros.' Famous Shows.

They will exhibit here on Monday, March 30.

A PHYSICIAN WRITES
