THE BAND REJUVENATED

The members of the Ocala Concert Band held a business meeting last evening at their rooms, and the question of maintaining the organization was fully discussed. It was the sense of the meeting that the band should be maintained and each member consider himself a committee of one to make it a success. Mr. D. S. Williams was elected president, in place of Mr. John R. Martin, who resigned sometime ago.

A meeting for practice will be held July 8th, at 8:30 p. m., and it is hoped that every member will attend and bring his instrument.

HALF A LOAF IS BETTER THAN NO BREAD

The semi-victorious Ocala ball team returned this afternoon from St. Augustine, where they crossed bats with the Ancient City sluggers in two close games. The first was won by the Ocalans, 3 to 2; they lost the second, 2 to 1. There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from ten drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Address: F. J. CHENEY & CO., Toledo, Ohio.

Sold by druggists, 75 cents.
