$100 REWARD, $100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address,

F. J. Cheney & Co., Toledo, O.

"Mellowed by the stealing hours of time."—SHAK.

Maryland Club

Pure Rye *tastes* old because it *is* old. It is a whiskey "which time has brought to ripeness." It is "written down old with all the characters of age"—*mellowness, ripeness, flavor.*

There are several so-called "Club" Whiskeys that are not *Maryland* Club. You can tell it by the *taste.*

A most interesting event that transpired in General Bullock's office was the performance of the marriage ceremony this noon of Cook McNeil and Delia Hawkins. There was quite a number of spectators present. The general certainly knows how to speak the words that make two one. Our preachers could witness his ceremonies with profit and pleasure. His first order was for the groom to crook his elbow and for the bride to fasten on. His last command was for the groom to salute the bride. She hesitated a little and drew back, but the general said it must be done and it was "did." He said in cases of color the court reversed the order of saluting the bride, so while the court officiated the groom sipped the nectar.

HERBINE

Renders the bile more fluid and thus helps the blood to flow; it affords prompt relief from biliousness, indigestion, sick and nervous headaches, and the over-indulgence in food and drink. Herbine acts quickly, a dose after meals will bring the patient into good condition in a few days.

G. M. Caldwell, agent M., K. & T. R. R., Checotah, Ind. Ty., writes April 18, 1903: "I was sick for over two years with enlargement of the liver and spleen. The doctors did me no good and I had given up all hope of being cured, when my druggist advised me to use Herbine. It has made me sound and well."

Fifty cents at the Anti-Monopoly Drugstore, Ocala, Fla.

Justice Waid tried Benny Dempsey, colored, accused by his wife of desertion and non-support. A jury was summoned, of which G. W. Martin was foreman, who returned with a verdict of not guilty. W. K. Zewadski appeared for the defense.
