ABOUT THE EYES

Your eyes are subject to as many different defects as the body is to deformaties. Whereas it should be one of the most perfect organs of the body.

It is natural that you should need glasses for reading, writing, sewing and other close work. Between the ages of 40 to 50, a perfect eye should need glasses at this age to relieve them from the strain when used for close or near work. Many young people need glasses early in life to relieve the various forms of eyestrain, which is the cause of 75 per cent. of all headaches. Just think: It has been proven by eminent authorities that 3 people out of every 4 that have headaches have defective eyes. Glasses are the remedy, because they CORRECT the DEFECTS. When properly fitted there is no eye strain. When you get ready to be relieved of these headaches call and see me. I make a specialty of correcting eyes where others fail. Satisfaction guaranteed, or money refunded. My references are those that I have relieved.

PRESIDENT STANDS PAT

Collier's Correspondent Says He Will Not Countermand His Order to Discharge Negro Troops

New York, Uov. 21.—Collier's Weekly received a dispatch this morning from its correspondent who is with President Roosevelt on board the battleship Louisiana. The message was in reply to one asking the correspondent if President Roosevelt had suspended action in regard to the discharge of the negro soldiers from the twenty-fifth regiment, infantry, until he returned home.

It was rumored that President Roosevelt, seeing the great stir which had resulted from his order to dishonorably discharge the colored soldiers because they refused to give testimony against members of their regiment, had determined to suspend action until he could return home and investigate the matter thoroughly. This rumor went so far as to say that he had declared this suspension of action.

The reply received this morning was quite to the contrary, the correspondent saying:

"President Roosevelt's views on this question are clear and unchangeable. The discharge of the negro soldiers is due to his order because the soldiers withheld information necessary for the apprehension of the men who committed criminal acts at Brownsville, Texas. The president says that such withholding of information struck at the very heart of military justice and discipline. He declares that had white troops done the same thing he would have seen that they suffered the same penalty as the colored soldiers have in this instance. He has not acted simply because the men were negroes, but because they refused to aid justice and uphold the dignity of military law, which they had sworn to do."

IN TIME OF PEACE

In the first months of the Russo-Japan war we had a striking example of the necessity for preparation and the early advantage of those who, so to speak, "have shingled their roofs in dry weather." The virtue of preparation has made history and given to us our greatest men. The individual as well as the nation should be prepared for any emergency. Are you prepared to successfully combat the first cold you take? A cold can be cured much more quickly when treated as soon as it has been contracted and before it has become settled in the system. Chamberlain's Cough Remedy is famous for its cures of colds and it should be kept at hand ready for instant use. For sale by all druggists.

NEW DEAL ON THE ISTHMUS

President Issues an Order Rearranging the Officers and Their Duties.

Washington, Nov. 21.—An order signed on the Isthmus of Panama by President Roosevelt, making radical changes in the organization of affairs of government for the canal zone, was made public Tuesday from the offices of the commission.

The order gives to Chairman Shonts supreme authority over all departments. It reorganizes the entire workings of the commission in accordance with the President's views of controlling the situation under his plan to press the excavation as rapidly as possible. The Executive Committee of three members, each the head of a department, has been abolished, and in its stead seven departments are created and the chief of each will report to and receive instructions from the chairman of the commission. These departments will be under the direction of John F. Stevens, chief engineer; Richard R. Rodgers, general counsel; W. J. Gorgas, chief sanitary officer; J. S. Williams, disbursing officer, and Jackson Smith, manager of labor and quarters.

The President will take up the question of the appointment of a new commission on his return to Washington.

THERE IS NO REASON

why your baby should be thin, and fretful during the night. Worms are the cause of thin, sickly babies. It is natural that healthy baby should be fat and sleep well. If your baby does not retain its food, don't experiment with colic cures and other medicine, but try a bottle of White's Cream Vermifuge, and you will soon see your baby have color and laugh as it should. MME. CTLVE'S ROMANCE

Has Quit the Stage to Wed a Rich American.

Paris, Nov. 21.—The vague rumors which have been circulating here for several days to the effect that Mme. Calve was betrothed to a rich American and would never appear on the operatic stage again, are apparently confirmed.

Monday night, having quietly let her apartments, the singer left Paris for a long period, after confiding the news to a few intimate friends, but demanding a pledge of secrecy regarding the name of her future husband. Mme. Calve's servants said she went away with her affianced, but they were unable to give either their destination or his name. It is believed that the couple are now on board a yacht on the Mediterranean.

The whole affair is shrouded in mystery and romance. The future husband of Mme. Calve is described as a rich American artist, passionately fond of music, who for a long time has never missed a performance of Mme. Calve, but who until recently had not sought an introduction. Just at the time when the American decided to ask for Mme. Calve's hand in marriage, an accident to an electric apparatus rendered him blind, the last vision before he lost his sight being the face of the singer.

STATE BOARD OF TRADE

Ocala Well Represented at the Tuesday Meeting in Tampa

Pursuant to the notice and invitation by the Tampa board of trade for the formation of a state board of trade, delegates from the following points assembled at the board rooms this morning at 10 o'clock: Ocala, Bartow, St. Petersburg, Jacksonville, Fort Myers, about forty in number, with twenty from Tampa.

President Fuller called the meeting to order and explained its object. He drew a spirited picture of the advantages to be gained and the power to be exerted by an effective state organization. At the conclusion he turned the matter of organization over to the assembly, and after a brief consultation and discussion S. A. Rawls, of Ocala, was chosen temporary president and Charles H. Walker, of Bartow, temporary secretary.

After some further discussion the temporary organization was made permanent as regards this sitting, and the following committee was oppointed to confer and report articles of organization: Crom, of Ocala; Fuller, of Tampa; Turner, of Fort Myers; Bartlett, of St. Petersburg; Codington, of Bartow; Parsons, of Jacksonville.—Tampa Times, 20th.

RAINS ARE CAUSING RUIN

Unseasonable Downpour in West Tennessee Doing Great Damage to a Wide Tract of Country

Memphis, Tenn., Nov. 21.—With the rains still falling, and at intervals reaching a downpour, the situation in this country becomes more serious.

It is already estimated that the flood losses reach to more than a quarter of a million dollars in the country thro' which this storm has passed. Railroad traffic is generally impeded, and for several lines it is practically suspended.

The streets of Memphis are greatly damaged and danger signals have been placed on many of the prominent thoroughfares, owing to their dangerous condition.

The railroad officials say that the storm is the worst ever experienced in this section. There are no prospects for a complete resumption of traffic in this section for at least forty-tight hours. The railroads are refusing to receive and perishable freight and the mails are being badly delayed, while the free delivery is virtually suspended for the time being.

DANCING PROVES FATAL

Many men and women catch colds at dances which terminate in pneumonia and consumption. After exposure, if Foley's Honey and Tar is taken it will break up a cold and no serious results need be feared. Refuse any but the genuine in the yellow package. For sale by all druggists.

COOPER WAS KILLED.

Ran His Auto at Full Speed Into Another and Was Hurled to Death.

New York, Nov. 21.—"Tom" Cooper, the bicyclist and automobilist, was instantly killed last night in an automobile accident in Central Park. While riding at full speed on the drive in the dark near Seventy-seventh street, in company with Miss Virginia Vernon of Jersey City and Miss Helen Hall of this city, his automobile ran into an automobile standing still on the drive, awaiting a supply of gasoline.

Cooper was hurled 20 feet and struck upon his head. His women companions were thrown out and seriously injured. They were taken to Roosevelt hospital.

CURED OF BRIGHT'S DISEASE

Mr. Robert O. Burke, Elnora, N. Y., writes: "Before I started to use Foley's Kidney Cure I had to get up from twelve to twenty times a night, and I was all bloated up with dropsy and my eyesight was so impaired I could scarcely see one of my family across the room. I had given up hope of living, when a friend recommended Foley's Kidney Cure. One 50 cent bottle worked wonders, and before I had taken the third bottle the dropsy had gone, as well as all other symptoms of Bright's disease." Sold by all druggists.

A DASH TO DESTRUCTION

Another Victim of the Cooper Auto Accident Died Today

New York, Nov. 21.—Daniel Barkalow, a Patterson, N. J., cotton broker, who was one of the party of four in the automobile in which Tom Cooper, the bicyclist and automobilist was killed in Central Park last night, died today.

Miss Helen Lambert, another member of the party, who also was seriously injured, is in a critical condition, and is not expected to live. The fourth member of the party was a young woman who gave her name as Virginia Vernon, and said her home was in Jersey City. She has a broken leg and is suffering from the shock. It is believed she will recover. Just before they entered the car for a ride through the park, Cooper said to his friends: "Now I will give you the fastest ride of your life." Five minutes later Cooper was dead, his companions were lying unconscious in the park, and the big machine in which they rode was a wreck.

SPRING PARK

Mr. C. Twombly visited us over Sunday, a week ago, on his way to his winter home at St. Petersburg. He left the mountains white with snow at his home in Woodstock, Vt.

Miss Lizzie Young has been quite ill for some time and is under the care of Dr. C. W. Lindner.

Hon. J. C. French is not quite as strong as he was one year ago, but is able to be around and drive to surrounding towns.

We are informed that Mr. and Mrs. L. Johnson, who have been staying at the poor farm for the past two years, have gone north to their old home.

Miss Sallie Spurlin, of Ocala, was the guest of her school friends, the Russell children, over Sunday, and there was no end to the good times all had during her stay here.

In a letter just received from Rev. J. C. Hollingshead, he writes that his wife passed away Nov. 5th, at the home of their son in New York City. She had been ill for some time with consumption.

A. M. James is putting a fresh coat of paint upon his neat and attractive set of buildings.

The Original

The idea of a Cough Syrup that will act on the bowels, and thus assist in expelling colds from the system is new and original in Kennedy's Laxative Honey and Tar. Nearly all other cough cures are constipating, especially those containing Opiates. Kennedy's Laxative Honey and Tar moves the bowels, contains no Opiates.
