### DR. S. H. BLITCH

**For Secretary of State**

The Star incidentally learned last evening that Dr. S. H. Blitch, of Blitchton, has been importuned to make the race for secretary of state. Letters have come to him from various sections of the state asking him to permit his name to be used.

The Doctor is now thinking the matter over. Those of his Ocala friends who have heard of it are for the Doctor to a unit and should he enter the race Marion would be solid for him, while the neighboring counties would give him an almost unanimous vote.

Dr. Blitch is eminently fit for the office, for no man who has served the state has made a more faithful, honest and efficient public servant.

Should Dr. Blitch decide to make the race, he would make it hot under the collar for Browne and Crawford, the other aspirants.

Mr. Bell is also an orange grower of note in Sumter county, having the finest grove in that section at Warm Springs and will have considerable fruit this season. ### OUR PROGRESSIVE FARMERS

To show that our farmers are waking up to the fact that if they expect to be successful in their agricultural pursuits they must adopt modern methods and use up to date implements, which fact cannot be more strongly illustrated than to state that Capt. F. D. Pooser, who is the agent for the McCormick reaper, has disposed of the carload recently received and had to order four more machines for immediate use, which he expects today.

In the Pyles neighborhood, Captain Pooser disposed of three machines, one each to Captain S. R. Pyles, Julius Counts and Mr. Moses, who are delighted with the working of his machines.

In the Morriston neighborhood, in the western portion of the county, he sold three machines, while Hon. A. P. Baskin and Mr. Elliston, of Anthony, have also purchased machines.

Later on Captain Pooser will receive a car of mowers and with these a corn binder and shredder which will shuck and shell the corn, shred the stalks and run the products into sacks ready to be carted to the feed troughs.

Captain Pooser says Mr. A. P. Baskin deems this last named machine the thing for the stock feeder, as it will shell the velvet bean and shred the vines, of which the cattle are very fond, thus utilizing every part of the fibrous plant for food and cattle fattening and materially increasing the profit from its feeding.

Captain Pooser predicts, from the sales made this season of binding machines, six carloads will not supply the demand next year. When we consider the quantity of machinery sold by Mr. Pooser, and the sales along similar lines made by Hubbard & MacDuff to our farmers, the wonder grows that we so long could have stood in our own light in helping along the agricultural interests of the county.

BECAUSE IT GOES ONE-THIRD FARTHER THAN CORN AND OATS.

## BACKACHE

Is only one of many distressing symptoms which point to the presence of womanly diseases. If women thoroughly understood the relation of the local womanly health to the general health, they would understand that backache, headache, nervousness, sideache, dizziness, faintness and similar feminine ailments, cannot be cured until the womanly health is established.

Dr. Pierce's Favorite Prescription cures diseases peculiar to women. It establishes regularity, dries the drains which weaken women, heals inflammation and ulceration, and cures female weakness. In curing these local diseases, it cures the ailments which they cause; backache, headache, sideache, dizziness, faintness, nervousness, and other ills peculiarly feminine.

"I wrote you for advice February 4th, 1896," writes Mrs. Loma Halstead, of Claremore, Cherokee Nat., Ind. Ter. "I was racking with pain from the back of my head down to my heels. Had hemorrhage for weeks at a time, and was unable to sit up for ten minutes at a time. You answered my letter, advised me to use your valuable medicines, viz., Dr. Pierce's Favorite Prescription, 'Golden Medical Discovery,' and 'Pleasant Pellets,' also gave advice about injections, baths and diet. To my surprise, in four mouths from the time I began your treatment I was a well woman and have not had the backache since, and now I put in sixteen hours a day at hard work."

Weak and sick women are invited to consult Dr. Pierce by letter *free*. Address Dr. R. V. Pierce, Buffalo, N. Y.

The Common Sense Medical Adviser, 1008 pages, is given away. Send 21 one-cent stamps, the expense of mailing *only*, for the book in paper covers, or 31 stamps for the volume bound in cloth. Address Dr. R. V. Pierce, Buffalo, N. Y.

### GREENE AND GAYNOR MUST STAY IN JAIL

Montreal, May 20.—Judge LaFontaine ruled yesterday on the habeas corpus proceedings by which it was sought to return Gaynor and Greene to Quebec. The court decided that the two men must be incarcerated in jail here, pending a decision in the extradition proceedings. It is expected that further efforts will be made to get the two conspirators back to Quebec by habeas corpus writs. Gaynor and Greene were taken to jail as soon as the court's decision was rendered.

### MR. REARDON'S ILLNESS

Hon. John G. Reardon was taken sick Saturday afternoon and was compelled to leave his office and return home. He had a bad night and Sunday grew worse, and continued so ill that his life was despaired of Monday. In fact, reports were rife yesterday afternoon between 4 and 5 o'clock that he was dead.

Since then he has rallied and this afternoon he was comparatively easy in mind and body, but still a desperately sick man. The cause of his distressing physical and mental condition arose from an exhausted nervous state.

Mr. Reardon's condition excited the greatest interest and sympathy. His names was on every tongue and his friends are numbered by the town's population. He not only needs your sympathy in his critical physical condition, as he does that of his estimable family, but such help as you can give him in the way of assisting to care for him. Mr. Burford sat up with him last night.
