NOTES ON THE CARTER'S POND PICNIC

Hon. John W. Ward complimented the speaking. Said it was very good.

Will Chambers is growing rapidly as a speaker, though he insists that the day of oratory is past.

Dr. S. H. Blitch was an attentive listener and afterwards the center of many social groups. The Doctor is a growing man in every sense of the word and his people love him. When he has thought a question over and decided he leads the pace on it for miles around.

Morriston was in evidence through John R. Curry, Pope and Trotter.

Dunnellon was represented by Dr. and Mrs. John L. Davis, Moorelands and Gambel; Central, J. S. Beck; Fairfield, M. L. and David Payne; Levon, T. C. Perry.

Rev. M. S. Moser insisted that Mr. Long should preside.

Mr. and Mrs. Tillis and little son of Martel, graced the occasion.

Jack McCully, the successful manager of Veal & Co.'s Standard commissary, was present, the picture of health.

Charley Miller, of the sand hills, and Archie McIver mingled in the throng.

It rained, but it was crowded. It never slumped the audience. Dr. Blitch held an umbrella over Zewadski as he spoke, as did Chairman Long over others. The show went merrily on. The ladies played croquet with their gallants and George Mills, Jim Smith and N. Barco dispensed summer stimulants. But if the dancing platform was paced we saw it not.

Of course Capt. McDavid, his brother Newton, and Bob Frink, with their families, were all on the grounds, as were Mrs. and Miss C. Y. Miller.

Mrs. H. W. Long was at home, as were a host of others whom the Star reporter cannot recall.

Mr. Moreland, of Dunnellon, reported an amusing incident. The chairman asked three candidates to secure water for the speakers. Every one said yes, went to the refreshment stands, took a drink and then sat down in the audience. Zewadski was then appealed to and supplied the fluid.

Carter's Pond is alive with votes. Everybody is asking the question: "Who will get them?" The consensus of opinion is that the local dispensary will catch them.

Sol Benjamin, of the ice factory and prospective packing house, was mingling among his old friends, the farmers, and talking up stock.

The Star congratulates its esteemed contemporary on having so accomplished and hustling a representative on the grounds as L. J. Brumby.

For favors shown the Star and those who autographed for its visits, we return our sincere thanks. It only shows how popular the paper has grown.

TO OUR SUBSCRIBERS

Those who have been receiving their Daily Star through the post office, unless they have a box, will have to make some arrangement for its delivery. Where they are out of the city limits it can be left at any place designated. Since free delivery was instituted, all daily papers delivered by letter carrires (not our own carriers) or at the general delivery window of the post office, must have a 1 cent stamp affixed, 26 to 28 cents per month, which neither ourselves nor the subscriber cares to pay. If you have a box, however, it will be mailed as heretofore, except that we have to pay 1 cent a pound, as we do on the Weekly Star. We will make this offer: To new subscribers paying for the Daily Star one year in advance, $5, we will arrange for its delivery through the postoffice; provided, they live too far out to be reached by our carriers.

PRIVATE MAIL BOXES

I have a sample private box for residences or offices for the mail carrier to drop your mail into. Call and see sample box at my office. G. W. Wells.

DEAFNESS CANNOT BE CURED

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

There often comes a time in the struggle with pulmonary disease when the victim loses heart and gives up hope. The ambition to be up and around gives way before growing weakness, and the sufferer keeps to the bed.

No one who suffers from lung disease should lose heart or give up hope while there is a possibility of cure. In many cases Dr. Pierce's Golden Medical Discovery has cured lung "trouble" when the cough was obstinate and deep seated, with hemorrhage, emaciation, night-sweats and general weakness. A great many men and women are living to-day in the full enjoyment of health and happiness who had been "given up" by doctors, but found a perfect and permanent cure in the use of "Golden Medical Discovery."

"My wife had hemorrhage of the lungs," writes W. A. Sanders, of Hern, Mason Co., W. Va. "She had ten hemorrhages, and the people all around here said she would never be well again. But she began to take Dr. Pierce's Golden Medical Discovery and she soon began to gain strength and flesh. After taking ten bottles she was *entirely well.* Should you think this would do you any good to publish, just use it, and if any one disputes the merits of this almost omnipotent medicine they may enclose self-addressed envelope with stamp, and I will answer, the same as written in this letter."

FREE. Dr. Pierce's Common Sense Medical Adviser is sent *free* on receipt of stamps to pay expense of mailing *only.* Send 21 one-cent stamps for the book in paper covers, or 31 stamps for the cloth-bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.

A SPLENDID REMEDY

Neuralgic pains, rheumatism, lumbago and sciatic pains yield to the penetrating influence of Ballard's Snow Liniment. It penetrates to the nerves and bone, and being absorbed into the blood, its healing properties are conveyed to every part of the body and effect some wonderful cures. Mr. D. F. Moore, Agent Illinois Central Railway, Milan, Tenn., states: "I have used Ballard's Snow Liniment for rheumatism, backache, etc., in my family. It is a splendid remedy. We could not do without it." 25c., 50c. and $1 at Anti-Monopoly Drugstore.

To see ourselves as others see us would sometimes be gratifying, sometimes humiliating. Felix Holt remarks: "We mortals sometimes cut a pitiable figure in our attempts at display. We may be sure of our own merits, yet fatally ignorant of the point of view from which we are regarded by our neighbors."

The Needless Hurts

A thoughtful writer says: "Taking life through and through, the larger part of the sadness and heartache it has known has not come through its great sorrows, but through little, needless hurts and unkindnesses; not so much through the orderings of providence, as through the misorderings of humanity. Look back and you can readily count up the great griefs and bereavements that have rent your heart and changed your life. You know what weary months they darkened. There was a certain sacredness and dignity, like the dignity of a lonely mountain top, in their very greatness; and looking back, if not at the time, you can often understand their purpose. But, oh, the days that are spoiled by smaller hurts, spoiled because somebody has a foolish spite, a wicked mood, an unreasonable prejudice that must be gratified and have its way, no matter whose rights, plans or hearts are hurt by it! There are so many hard places along the road for most of us, made hard neednessly by human selfishness, human neglect, human obstinacy, that the longing to be kind with a tender, thoughtful, Christ-like kindness grows stronger in me each day I live."—Commonwealth.

After all, the most entertaining thing in the world is good, hard, agreeable, worthy work. Mr. Dana, who, even in his old age, was to be found regularly in the office of the New York Sun driving his editorial pen, said to one who pitied him that he had nothing but fun from morning till night.

Mr. W. S. Whedon, Cashier of the First National Bank of Winterset, Iowa, in a recent letter gives some experience with a carpenter in his employ, that will be of valve to other mechanics. He says: "I had a carpenter working for me who was obliged to stop work for several days on account of being troubled with diarrhoea. I mentioned to him that I had been similarly troubled and that Chamberlain's Colic, Cholera and Diarrhoea Remedy had cured me.
