The ladies of the aid society of the Baptist church have been planning a delightful entertainment for the people of Ocala, in the "illustrated lecture and song service," of which notice is made in another column. The entertainment was to have been given next Tuesday evening, being postponed from this evening out of courtesy to the Episcopal entertainment, but a miscarried letter failed to reach the lecturer, so he arrived in town today to keep his engagement for this evening. The entertainment will be given therefore tomorrow (Wednesday) evening, at the Baptist church, and everybody is invited, particularly the Sunday schools of all denominations. The lecturer is a young man of talent and has commanded packed houses in such cities as Richmond, Va., Louisville, Ky., Charlotte, N. C., Tampa, Fla., and other places. The ladies solicit a good attendance. Price of tickets, 10 and 25 cents; proceeds for the benefit of the Baptist church.

SPECIAL NOTICE

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is tenfold to the good you can possibly derive from them. Hall's Catarrh Cure is manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. MARION COUNTY HOSPITAL

Removed From the Baptist Witness Building to a More Secluded Location

The board of directors of the Marion County Surgical Hospital have moved the hospital from the third floor of the Baptist Witness building to the three story frame Duffy property, in the fourth ward, south from the Finch residence. The new quarters are very convenient and roomy. A new roof has been put on the building, a big skylight will be let into the roof in the operating room, and the hospital will have its own kitchen and dining room and do the cooking for patients and nurse right in the building, instead of having to send out for meals. David Woodrow is agent for the property and has had and will have several hundred dollars spent on it in repairs. The rent is reasonable and the hospital has the option of a purchase if they desire later on. The location of the hospital will not be as convenient now, but it will be on the ground floor, or part of it at least, and will be removed from the noise of the machinery in the former quarters, and jar and noise of passing trains and the fire bell.

THE SHOW LAST NIGHT

The Alba Heywood Comedy Company had a splendid house last night, at Marion Opera House, and deserved even a better one. The company has only four people, but each is an artist. Mr. Heywood himself is a prince of impersonators, and can mimic anything or anybody, and his droll recitations and character sketches just brought down the house. Miss Monroe, with her charming violin playing, and Miss Cole, with her sweet voice, captured all hearts, and the fourth member, Mr. Uhlrich, the violinist, was also very popular and received many encores. Miss Cole was called back a number of times to sing for the delighted audience and many thought hers the sweetest and clearest voice that has echoed through the old house this season. The company is strictly of the higher class and will always be popular in Ocala.

An Excellent Combination.

The pleasant method and beneficial effects of the well known remedy, SYRUP OF FIGS, manufactured by the CALIFORNIA FIG SYRUP CO., illustrate the value of obtaining the liquid laxative principles of plants known to be medicinally laxative and presenting them in the form most refreshing to the taste and acceptable to the system. It is the one perfect strengthening laxative, cleansing the system effectually, dispelling colds, headaches and fevers gently yet promptly and enabling one to overcome habitual constipation permanently. Its perfect freedom from every objectionable quality and substance, and its acting on the kidneys, liver and bowels, without weakening or irritating them, make it the ideal laxative.

In the process of manufacturing figs are used, as they are pleasant to the taste, but the medicinal qualities of the remedy are obtained from senna and other aromatic plants, by a method known to the CALIFORNIA FIG SYRUP CO. only. In order to get its beneficial effects and to avoid imitations, please remember the full name of the Company printed on the front of every package.
