Since Governor Candler of Georgia was inaugurated he has received over fifty letters threatening his life.

It is foolishness for "Coldgoose" to insist that he was incited to murder by Emma Goldman's oratory. A sane man listening to one of Emma's speeches has no legitimate excuse for anything except going to sleep.

Thirteen of the leaders of the Tampa strikers have arrived at Key West, from an island off the Honduran coast, where they were deported by the Tampa deporters. Instances have been known of a community killing obnoxious characters by wholesale. It is to be hoped the people of Tampa will not be driven that far.

The Ocala Syndicate will open up their stores along the Plant System about the 20th. We wish them success.

C. C. Clements has experimented this year on one acre of large Tennessee peanuts, and they have clearly proven to be the peanut best adapted to this soil and climate, as they are larger and heavier than any nuts grown here.

A Prominent Memphian Writes

Dr. H. Mozley, Atlanta—Having been a great sufferer for three years from indigestion, and been treated by many physicians, who failed to give me any relief.
