FULL OF SWEETNESS

You can best make a place for yourself in the heart of a dear one by a gift of our pure wholesome sweets. They are the combination of pure materials and the candy-making skill—really pleasing to the palate, very attractive to the eyes, and decidedly beneficial. Fancy pound boxes, 60c.

T. W. TROXLER

MUSIC PUPILS TAKEN

Miss Iola Liddon announces that she will teach pupils in music the coming scholastic year. Miss Liddon has had superior advantages under one of the finest German masters, who was a graduate of the best conservatories of Europe. Besides, Miss Liddon has had successful experience as a teacher.

The class will open Monday, September 16th, and all grades of pupils are solicited.

Young men will also be taken as pupils in the evening.

Terms, $3 per month.

Three lessons per week.

Lessons given at home of pupil, if preferred.

FRESH GEORGIA BUTTER

Fresh Georgia country butter always on hand. The Carmichael Son Co. Telepi one 37.

IMPARTED INFORMATION

Hon. H. W. Long, chairman of the board of county commissioners, by special request appeared before the grand jury and told them a great many things they did not know before about our new system of roads and the laws governing the same, and how persons living in the county should proceed to get new roads and that complaints of the condition of the public roads should be made to the county commissioner living in his district and then such complaints would receive prompt attention. They highly appreciated his information.

A POOR MILLIONAIRE

Lately starved in London because he could not digest his food. Early use of Dr. King's New Life Pills would have saved him. They strengthen the stomach, aid digestion, promote assimilation, improve appetite. Price 25c. Money back if not satisfied. Sold by Anti-Monopoly Drugstore.

S. A. L. SPECIAL RATES

Jacksonville.—On account Florida State Fair, tickets will be sold November 18 to 22, inclusive, at $3.05 round trip, limited to November 24.

STRAYED

A pointer bitch, six months old, white with small liver dots, afflicted with mange. Answers to name of Vida. A suitable reward will be given for the return of the animal to F. E. Weatherbee, Foundry, Ocala, Fla.

WILL BUY COTTON

I desire to say to my friends throughout Marion county and the borders of adjacent counties that I will pay the highest cash price for cotton at my store on the public square.

M. Fishel, Merchant.
8 30 tf Ocala, Fla.

"For three days and nights I suffered agony untold from an attack of cholera morbus brought on by eating cucumbers," says M. E. Lowther, clerk of the district court, Centerville, Iowa, "I thought I should surely die, and tried a dozen different medicines, but all to no purpose. I sent for a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy and three doses relieved me entirely." This remedy is for sale by Anti-Monopoly Drugstore.

FOR RENT CHEAP

A 5 room house in five blocks of public square. Good cistern and ample room for garden. Apply at this office.

LOCAL LEGISLATION

Tuesday Night's Meeting of the City Council

All members present except Col. J. H. Livingston.

B. H. Barnett, vice president Bank of Jacksonville, acknowledged payment by city of Ocala of judgment of $1000 and $139.12 interest, which pays interest on same to July, 1901.

Council paid $54 for the generator, received from Knye, Scheere & Co., New York City.

Fabric Fire Hose Co., of New York, had a bill of $800 for new hose which Chairman Yonge negotiated for, and the same the city proposes to pay for in three installments in three years, with 5 per cent. interest, and the terms were submitted to the creditors for acceptance.

Jno. R. Martin tendered his resignation as city councilman, to take effect January 1, 1902, so the mayor in his proclamation can call an election for an extra alderman in the third ward. Press of business is Mr. Martin's reason for resigning.

A new ordinance was introduced to prohibit the carrying of concealed weapons of any kind, except by officials, and that any officer can arrest a violator of this ordinance without a warrant.

City salary accounts were found correct and paid by warrants.

The judiciary committee disagreed on what is known as the H. L. Anderson railroad ordinance. The same was put on its second reading and amended, which amendments set forth that no switch shall be placed on said track east of Pine street. The vote stood 5 to 3 in its favor. For the ordinance: Scott, Carmichael, Owen, Martin and Yonge. Against: Helvenston, Edwards and Smith.

Councilman Helvenston's reasons why the city should not grant the Ocala Street & Suburban Railroad Co. right of way over Osceola and along North Third street, are as follows:

First. A franchise to use the streets for railroad purposes ought not to be granted to any but a responsible or at least probably responsible party. For years this company has not operated a foot of road in the city and its tracks have long since been taken up and the company has practically if not actually ceased to exist. After inquiry the name of no officer, director or stockholder except the president can be ascertained. Certainly a privilege of this kind ought not to be granted to a virtual nonentity. That this company had forfeited its right as such was declared by your body on November 16, 1897, and a suit was instituted and is still pending in the circuit court to declare its right to the use of the streets forfeited.

Second. No provision is made in the ordinance for the building of any new railroad for public or other use into the city. The object of building through the streets is not disclosed. It simply grants the use of the streets without any assurance that that is not all that will ever be done. The provision that the ordinance shall not be effective until five miles of road is graded and tied or ten miles is graded does not assure a new public or private road into Ocala. It does not say where this new line is to come from, and it might be urged that some road already built would meet the requirements of a "new line." This five or ten miles may never have a rail on it and still the streets can be used to connect the roads now in the city.

If a responsible party intending to and assuring the building of a public railroad that would increase the busines of or help the city, was asking this privilege it might then be considered.

Third. This ordinance grants the right to build turnouts, etc., west of Pond street. That means to run anywhere west of Pond street. If this road is to connect with a road coming from some point west of Ocala, what use has it for sidetracks on North Third street? Its sidetracks should be placed west of the S. A. L. Railroad and not in the streets of Ocala. Again this body recently ordered the opening of North Third street at its west end to afford an easy approach for the children attending Howard Academy. If needed by these, surely a railroad ought not to go in there.

Fourth. This ordinance permits the changing of the grade on the street wherever the road wishes and only restricts it to the present grade where Main and Magnolia cross it. Therefore the company can dig down or build up banks anywhere it pleases. It says crossing shall be so that the public may cross with safety and ease; but no safeguard is left for the street between the crossings.

Fifth. No provision is made for the building of any road into the city, but simply that the road in the street shall be built in twelve months after its rights accrue.

Sixth. The right to control the grading should vest in the city council and not in any committee of the council.

Seventh. No provision for drains or culverts is made for the passage of water except at street crossing.

Eighth. Knowing the financial worth of this so-called company and also that if a road is built it will be first bonded as well as be subject to liens, the provision that property owners may sue is absurd. All damage should be ascertained and paid before the work on the street begins.

Ninth. It is plain that this road is not for the use of the people, but is simply a private enterprise. This being so, the city council has no right to grant the use of its streets for such purposes. And if it had, then the city furnishing the right of way for this private money scheme ought to exact the payment of a reasonable sum for the same each year.

Tenth. When a street is so narrow that teams cannot pass on either side of the road bed, damage necessarily arises to abutting lot owners and surely the ordinance should give them necessary protection. E. T. Helvenston, Acting Chairman Judiciary Committee.

Ocala, Fla., October 15, 1901.

DEAFNESS CANNOT BE CURED

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

F. J. CHENEY & CO., Toledo, O.
Sold by Druggists, 75c.

PAGE IN UNITED STATES SENATE

Deserved Good Fortune of a Bright Ocala Boy

It affords the Star great pleasure to announce that Master Guy B. Zewadski, the bright and manly son of our Hon. W. K. Zewadski, has received the appointment of page in the United States senate and is ordered to report the last week of November for duty.

The compliment to Guy is the greater because Sergeant at Arms D. M. Ramsdell appointed him without ever having seen the youth, an act he had never done before, but because of the flattering recommendations he had received in Guy's favor.

The Star congratulates Guy and his parents and feels assured the confidence reposed in Guy's recommedations will not be misplaced. It is an honor any boy might covet, and gives advantages to a youth that, if used aright, are almost equal to a liberal education.

OVERLAND OUTING

Mr. V. A. Staser and family, consisting of wife and two interesting children, a boy and a girl, passed through Ocala Tuesday on their way home to Belleair in their own conveyance, which place they left July 22, for White Springs, and Valdosta, Ga., to visit friends. They enjoyed the trip very much and were in the best of health, making leisurely drives, doing their own cooking, and their wagon was so arranged that at night it became their sleeping quarters. In this way they were entirely free of railroads and sleeping car monopolies. This thought seemed to add additional pleasure to their trip.

Mr. Staser is a prosperous and successful orange grower and this is his first vacation in fifteen years, and as his better half remarked, "he had earned it."

SEVEN YEARS IN BED

"Will wonders ever cease?" inquire the friends of Mrs. L. Pease, of Lawrence, Kan. They knew she had been unable to leave her bed in seven years on account of kidney and liver trouble, nervous prostration and general debility; but, "Three bottles of Electric Bitters enabled me to walk," she writes, "and in three months I felt like a new person." Women suffering from Headache, Backache, Nervousness, Sleeplessness, Melancholy, Fainting and Dizzy Spells will find it a priceless blessing. Try it. Satisfaction is guaranteed. Only 50c. Anti-Monopoly Drugstore.

OYSTERS AT DAME'S

C. H. Dame, seeing the ice cream season on the wane, and noting that the weather spoke eloquently of oysters, proceeded Saturday to begin serving the delicious bivalves in all styles in his handsomely arranged oyster saloon. He has a good cook and will enjoy a nice patronage.

BUSINESS FOR SALE

The general merchandise business lately purchased by G. J. Strozier, at Stanton, will be disposed of at a great bargain if taken at once. This is a splendid location, good trade, low rent, a bargain for the right man. Reason for selling: Have two stores, and one is all I can take care of.

G. J. Strozier,
d-w Stanton, Fla.

ECZEMA.

That torturing and disfiguring disease has its cause in an impure condition of the blood. The impure condition of the blood often arises from a diseased condition of the stomach and allied organs of digestion and nutrition. When digestion is imperfect, the nutrition of the body is inadequate to its needs. The blood becomes thin, poisons accumulate in it, and these poisons often manifest themselves in some eruptive disease.

Doctor Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It eliminates poisonous substances from the blood, purifying it and increasing its quantity and richness. The "Discovery" cures perfectly diseases of the blood and other diseases which originate in a diseased condition of the stomach.

The "Discovery" is absolutely a non-alcoholic and non-narcotic medicine. There is nothing "just as good."

"For three years I have suffered with that dreaded disease, eczema," writes Mrs. J. Koepp, of Herman, Oregon. "I was told to try Dr. Pierce's Golden Medical Discovery, which I did, and after I had taken fourteeu bottles I was permanently cured. It has been a year since I stopped taking your medicine and it has never appeared since. I think your medicine a wonderful cure and hope others suffering as I did will take it and be relieved of their suffering."

Doctor Pierce's Pleasant Pellets are powerful aids to the cleansing of the clogged system. By all dealers in medicine.
