CORRECTING A FALSE IMPRESSION

The impression seems to prevail with a few on account, probably, of the awkward wording and punctuation of the little notice of the placing of the piano and stool in the home of Miss Ethel Haycraft, that the piano was donated by Messrs. McIver & MacKay. These gentlemen did not do any more for Miss Ethel in the contest than a number of other citizens of Ocala, who took an active part in the matter; and, as yet, have not been approached for a contribution on the instrument that was given to her.

MISS MAMIE MARTIN

Miss Mamie Martin, a most estimable young lady died last night at her home on Pine street in this city of lung trouble. The funeral services will take place at 10 o'clock tomorrow morning at the Methodist church, and the body will be laid to rest in Greenwood cemetery. Messrs. McIver & MacKay have charge of the funeral arrangements. Miss Martin's mother and brother died within the past year or two. She is a niece of Mr. John R. Martin and the only member of the immediate family remaining, as far as we know, is Mr. Robert Martin, with McIver & MacKay. Miss Martin was cashier and bookkeeper for the Teapot Grocery up to two years ago, when ill health necessitated her giving up the position.

IN THE MAYOR'S COURT

There were two cases in the mayor's court this morning brought by Dr. E. P. Guerrant, the milk and meat inspector.

The first case heard was that of Mr. Osteen. The evidence showed that Dr. Guerrant secured samples from three-gallon milk cans, that had not been used out of at the Anti-Monopoly Drugstore on two different days of this week, milk delivered there by Mr. Osteen, and in the presence of Dr. Day of the store, made tests of the milk which showed less than one-fifth of one per cent butter fat. In the trial this morning, Mr. Osteen stated that he thought he had through mistake, left cans of seperator milk, for the store, on these two days. Mayor Robertson stated that he would give Mr. Osteen the minimum fine that he could impose, under the circumstances, which was $10, which Mr. Osteen paid.

Dr. Guerrant having made affidavit against Mr. H. H. Whitworth, his case was called. The evidence of Dr. Guerrant and Dr. Day, who was present when the test was made, was to the effect that the sample of Mr. Whitworth's milk showed, if we remember right 1½ per cent of butter fat. This sample came from a can at the Hunter Drugstore. Dr. Guerrant, on the stand, stated that milk tested direct from the wagon on the same day gave over 4 per cent butter fat, and that he had made numerous tests at different times, covering a period of several months, from Mr. Whitworth's milk, both from the dairy direct and from the wagon while in town, and that his tests showed from 4 to 5 per cent butter fat at all times. When asked by Mr. Whitworth if the can at the store, from which the sample was taken, was just as left at the store, he said it was, as far as he knew. Dr. Lovell, manager of the store, said the can was received before he arrived, but he supposed it was as left. Mr. Whitworth, in questioning the witnesses, among them his deliveryman, brought out the fact that the negro boy at the drugstore would empty from one can in to another, sometimes of different lots of milk, of different ages, that is left over from the afternoon before, as it sat in the ice box, to give the milk man the cans to take home with him.

On the stand Mr. Whitworth said the milk yesterday, when the test was made, was just the same as it had always been, handled in just the same manner, from the same supply, and his man substantiated this. His man substantiated Mr. Whitworth's statement that his instructions were to always have the milk the same, only the best, and no other. He then stated that he had told Dr. Guerrant that he would be responsible for all milk tested at the dairy or direct from the wagon, but not after it had gone out of his possession, unless it was taken from sealed cans, and that he intended to deliver them sealed in the future.

Mayor Robertson announced that the court would render a decision tomorrow morning in Mr. Whitworth's case.

After court adjourned Dr. Guerrant went to the Hunter Drugstore, saw the negro boy who handled the milk, who admitted that he had removed a quart and a half of the cream from the top of the can, for use in the store, before Dr. Guerrant made the test, and had filled the can with other milk. This substantiated Mr. Whitworth's statements.

The meeting at the Methodist church this evening at 7:30 for the organization and practice of a chorus choir for the revival services will be the beginning of what we hope will prove to be a great work of grace in Ocala. Let all who can help us in the singing, came and join the chorus tonight. There will be a piano, and several other instruments, inaddition to the organ, and used in leading the song service. Miss Emma Tucker, is expected today or tomorrow to assist in the meeting. Let no one who can attend, miss her Bible readings. They are interesting, instructive and very helpful spiritually.

The results of the first six weeks of his administration of the office of mayor have shown that Mayor John D. Robertson possesses a fine sense of justice and knowledge of when to temper justice with mercy, and the bug-aboo fines prophesied in trivial cases have not materialized. Mayor Robertson has the backbone, however, to put on a good stiff fine when the case demands it.

Mrs. B. B. Ricker, of South Lake Weir, came in this afternoon and will be the guest of Mrs. C. L. Bittinger for a few days. Mrs. Ricker, speaking of the cold on her grove, said it did not hurt the fruit or the tenderest growth. All the old crop has been sent to market and there is a good demand for fruit from the June bloom.

The Lyman Twins with their dozen of pretty chorus girls held the boards at the armory theater last night to a good sized house. All in all it was a very good entertainment. It was, in its broadest sense, a musical extravaganza. The twins were the star actors and were decidedly good. It was a case all through the play of which was which, with many ridiculous and amusing situations.

The Ocala Concert Orchestra which has been recently organized and meets every week, had a most delightful evening Wednesday with Miss Mary Connor at the home of Mrs. C. C. Todd on the heights. MARTIN & CARN

MEETING OF THE WOMAN'S CLUB

A business meeting of the Woman's Club was held at 10 o'clock Friday morning. The chairmen of the various club committees, particularly the committees on civics and education, were present to take action in regard to a tuberculosis exhibit to be held in Ocala the middle of next week.

The admirable record made by Ocala during the holiday Red Cross sale entitles this city especially to an exhibit.

Mrs. Hocker read a letter from the All Florida Campaign Committee, stating that Dr. Routzahn, the director of the exhibit, would be in Ocala next week. Arrangements were made with the club agents to write the committee in Jacksonville for pamphlets illustrating the tuberculosis work to be mailed to influential citizens of Ocala. It is hoped that this material will do much to secure the hearty co-operation of all citizens and secure the large attendance which the movement deserves.

Several of the leading physicians conferred with the club members. It was agreed that the exhibit was to be made under the direction of the doctors of the city. A tentative program, subject to revision, was made out by the gentlemen present, assisted by Mrs. Hocker and the club members. Dr. Routzahn is to meet the club members and as many citizens as possible at the Woman's Club, at 9 a. m. From 10 to 11:30 Dr. Routzahn is to address the pupils of the Ocala High School. From 11:30 to 12:30 to lecture at Howard Academy. At 2 o'clock there is to be a general session at the courthouse, which Sheriff Galloway said would be ready for the meeting.

Dr. E. Van Hood and Dr. Powers suggested a committee of leading citizens to notify the entire colored population of the exhibit.

Rev. George Hendree Harrison pledged himself to notify the ministers of the city by postal cards to be to be read before the congregations Sunday.

Stereopticon views will probably be used to illustrate Dr. Routzahn's talks.

All arrangements for the lectures will be made by the physicians to secure for Ocala a most illuminating and beneficial exhibit. It remains for every man, woman and child to attend these meetings if possible and by their increased knowledge do their share to stamp out the great white plague.

MISS STOTESBERY ENTERTAINS BRIDGE CLUB

Of the many clubs in the city none have a more delightful time than the bridge club which meets on Thursday afternoons. Miss Emily Stotesbery was the hostess yesterday at the home of her sister, Mrs. H. A. Ford. There are only two tables, which are composed of the following: Misses Emily Stotesbery, Abbie Munroe, Minnie Gamsby Mrs. T. T. Munroe, Mrs. C. L. Gamsby, Mrs. G. K. Robinson, Mrs. L. R. Chazal and Mrs. H. S. Chambers.

After the game of bridge, Miss Stotesbery, assisted by her sister, served salad, olives, wafers and coffee to her guests.

COMPLIMENT TO MISS M'CREERY

Wednesday evening Miss Meta Jewett entertained informally at whist in honor of Miss Sarah McCreery, whose birthday it was. Twenty of Miss McCreery's most intimate friends were asked to this delightful little party which came as a great surprise to her.

Miss McCreery has spent the past five winters in Ocala and has made many friends by her charming manners. For the past three winters she has made her home with Miss Jewett.

The five tables of players enjoyed delicious candy, made by the hostess. Many rounds of whist were played and at the end, which came late, the honoree, who was happiness itself, held the highest score and was given the prize, a handsomely bound copy of "American Love Stories." A book of "Knocks" was given to Mr. Workman for excelling all the other young men in playing.

The hostess, assisted by Mrs. Jewett, served chicken salad, olives and wafers. Then the birthday cake was brought in and the secret of the honoree's age was found. Sixteen little white, blue and pink candles were burning and as the guests extinguished them, wishes for the honoree were made. As each guest cut a piece of cake his or her fortune was found. Miss Jewett served coffee with whipped cream, after which conversation was enjoyed.

February 10th will long be remembered by those who were fortunate enough to be present at this jolly little party. The guests were Mr. and Mrs. Sanford Jewett, Mr. and Mrs. John Taylor, Mrs. Charlie Lloyd, Misses Susie Fort, Lucy Haley, Pauline Sullivan, Margaret Taylor, Annie Land, of North Carolina, Ethel Robinson, Valeta Potter, Messrs. W. L. Jewett, Stephen Jewett, J. H. Workman, W. D. Taylor, Ernest Crook and O. B. Howse.

CRYING FOR HELP

Lots of It In Ocala, But Daily Growing Less

The kidneys cry for help.

Not an organ in the whole body so delicately constructed.

Not one so important to health.

The kidneys are the filters of the blood.

When they fail the blood becomes foul and poisonous.

There can be no health where there is poisoned blood.

Backache is one of the first indications of kidney trouble.

It is the kidneys' cry for help. Heed it.

Doan's Kidney Pills are what is wanted.

Are just what overworked kidneys need.

They strengthen and invigorate the kidneys; help them to do their work; never fail to cure any case of kidney disease.

P. Y. Smith, living at 1206 Alachua Ave., Gainesville, Fla., says: "My wife was troubled for some time with severe headache. She also complained of a dull pain in her back, and was nervous and weak. I thought that her kidneys were the cause of her trouble, and procured a box of Doan's Kidney Pills for her. She received such great benefit from the use of the first box of this remedy that I obtained another supply. When this was used the pains ceased, and she is now no longer troubled with headaches. It required but two boxes of Doan's Kidney Pills to entirely cure her."

Plenty more proof like this from Ocala people. Call at Tydings & Co.'s drug store and ask what their customers report.
