By Associated Press.

New York, July 12.—A cablegram was received at the Guatemalan consulate here to-day formally notifying the representative that Salvadorean troops had invaded Guatemala. The dispatch is as follows:

"Government forces from Salvador have invaded Guatemala, forcing us to make a determined stand."

FORMER PRESIDENT KILLED IN BATTLE

Washington, July 12.—Regaldo, former president of Salvador and leader of the Salvadorean troops was killed in battle today. The announcement of his death reached the state department by a dispatch from United States Minister Merry at San Salvador. The dispatch states that Regaldo was killed in the last movement of the Salvadorean troops against the Guatemalans, but does not indicate the result of the battle.

Tomas Regaldo was president of Salvador from 1899 to 1903. A provision of the Salvador constitution prevented him from holding a second term immediately following the first but he was a candidate to succeed President Escalon next year. He was a popular idol and had achieved much fame as a soldier.

By Associated Press.

Marianna, Fla., July 12.—In a shooting affray following a party at which there was some drinking near here, W. N. Donaldson, a Tampa stock dealer, shot Walter Nichols in the shoulder, his son Ross Nichols in the leg and then killed himself. The alleged quarrel started through jealousy.

DONALDSON SHOT AND KILLED INSTANTLY

Special to The Journal.

Marianna, July 12.—Jackson county is the scene of another killing. A young man named W. N. Donaldson, who has been in Marianna for a few weeks with a drove of horses was shot and killed instantly at Mr. Walter Nichols's, about six miles northeast of Marianna last night. It is reported that one of Mr. Nichols's sons was also shot and that the cause of the trouble was the behavior of Donaldson and some women at a party at the home of Walter Nichols.

DISCREPANCIES IN ACCOUNTS OF FIRM

Augusta, Ga., July 12.—The financial embarrassment of Alexander & Alexander, one of the largest cotton factors in the state, develops discrepancies of about $145,000 following the disappearance of Thomas W. Alexander, the head of the firm, and a member of a prominent Georgia family.

Mr. Alexander left Saturday ostensibly for New York. The following night his brother, Bishop Alexander found a letter from him saying that if he was not back by Wednesday night he would never be seen again.

The principal losers are the local banks.

In his letter T. W. Alexander says he alone is responsible and that his brother had nothing to do with the financial business of the firm.

PROCEEDINGS TO CANCEL PATENTS

To Tracts of Land Near Perry, on Alleged Irregular Homesteads.

Proceedings were instituted in the United States court yesterday by United States District Attorney W. B Sheppard to cancel the patents to tracts of lands near Perry, Fla., which are alleged to have been illegally homesteaded.

One tract of 160 acres is in possession of the Power-McLain Co., that firm having purchased it from the parties who filed and who are alleged to have made fraudulent entries, and the other tracts are in possession of Maloy Bros. and U. Potts, each consisting of the same acreage. They too, have purchased the land from other parties, and the charge of illegal homestead entries are made, as a reason why the patents should be cancelled by the court and the land revert back to the government.

A similar case was recently decided by Judge Swayne and involved a large amount of land which had been purchased by J. U. McCaskill in Santa Rosa counties. It was shown that illegal entries had been made, and the patents were cancelled.

LEVY BAILEY'S BODY WAS FOUND

Raftsman Evidently Became Entangled in Undergrowth and Drowned.

The body of Levy Bailey, the raftsman, who had been missing for two days, was yesterday found in the Escambia river near Molino by searching parties who had been out since the day that he first disappeared. Bailey was stripped of all clothing, and many believe that he became entangled in some undergrowth or he could have reached the boat, or the river bank, as he was a good swimmer and had spent almost his entire life of the river.

The cause of the drowning was the loss of a small boat. Bailey and another raftsman, both in the employ of the McMillan Mill Co., had started down the river to Ferry Pass with a raft, when the small boat tied on behind caught on a snag and broke the rope. Bailey left the raft to go back after the boat, and later his clothing was found on the river bank, showing that he had gone into the water.

The searching parties, which have been out since that time dragging the river and looking for the body, were successful yesterday morning, when it was found near Molino. A coffin was shipped from Pensacola last night in which it will be interred.

Bailey leaves a family at Molino.

Only Survivor of Party of Eight Gave the Alarm.

FOUR BODIES QUICKLY REMOVED FROM THE WATER, BUT TOO LATE TO RESUSCIATE THEM—BODY OF ONE CHILD IS STILL MISSING.

By Associated Press.

Cedar Rapids, Iowa, July 12.—Eight children at a picnic on the river bank, only three blocks from their homes went in wading this afternoon. The smallest one slipped into a hole in the river and in trying to rescue her six others were drowned.

TWO ROBBERIES WEDNESDAY NIGHT

Ice Cream Saloon of G. Neri on Palafox Street Entered and Money Secured.

Burglars made a successful haul and get-away some time during Wednesday night or Thursday morning, when they forced the door in the rear of G. Neri's confectionary store and ice cream parlor on Palafox street. The cash drawer, which had been locked, was also forced open with a pair of scissores and all the coin, which did not amount to a very large sum, taken.

No clue was left by the burglar. A private watchman, who is employed to watch stores in that vicinity, saw a man standing in front of the place for some time during the night, but he paid no attention to the man, as he had no connection with the store.

Secured $141.

Another robbery occurred at No. 15 West Zerragossa street, when a woman occupant of the house lost a small bank containing $141.00, which was stolen from a writing desk. Two negroes, Harry Harrison, a boy waiter his brother Andrew Harrison and a sister of the pair, are under arrest. The woman when arrested had $60 of the money on her person. Deputy Sheriff Johnson and Special Officer Ray made the arrests and have secured possession of over $70 of the money stolen. They are still working on the case.

INTEREST IN THE RACES TODAY

If the weather is at all fair this afternoon there will probably be a large crowd at the track at Kupfrian's park to witness the first races under the auspices of the new Pensacola Driving Association.

The event has been well advertised and much interest aroused, and especially so among the prominent owners of horse flesh in the city who intend watching the time made this afternoon with a view of entering their animals in the races the following week.

Three events have been arranged all of which will be interesting, as the horses entered are about evenly matched. It is probable that after the regular races a special race will be pulled off, at least efforts are being made to arrange one.

POSITION OF W. J. BRYAN REMAINS UNCHANGED

COMPANIES MUST FURNISH AMPLE WATER PRESSURE

Supreme Court Says Water Companies are Liable for Damage by Fire if Supply is Insufficient.

By Associated Press

Tallahassee, Fla., July 12.—The Florida supreme court decided that a water works company is liable for damage for failure to supply sufficient waterpressure to extinguish a fire in the case of Robert Muggs, a Tampa brewer, who sued for $25,000 damages because of the loss of a building through alleged lack of water pressure. This reverses the decision of the lower court and the court remands the case for further proceedings.

JUDGE GEO. S. HALLMARK PASSES TO GREAT BEYOND

Death Occured Last Night at His Home on Spring Street About 12 O'Clock.

WAS TAKEN ILL ONLY A FEW MINUTES BEFORE—ONE OF THE MOST PROMINENT MEN OF THE CITY, AND A MEMBER OF MANY FRATERNAL ORDERS.

George Stone Hallmark is dead!

Shortly before midnight last night his spirit took its flight to the presence of its Maker. This announcement will cause sadness in many homes in Pensacola, where he was honored and loved, and many will express regret when they learn that he has passed away, for there are none in this city or state who knew Judge Hallmark but who were his friends, and warm friends.

Death occurred last night at his home on North Spring street about 10 minutes of 12 o'clock, being due to heart disease of which he had long been a sufferer, and within a few minutes afterwards the home was filled with relatives and friends, who had come from all parts of the city to see if they could be of some assistance in this dark hour.

Death Was Sudden.

The death of Judge Hallmark was sudden. Though he had been feeling unwell during the day, he had nevertheless anticipated no serious results —neither did his family. He was, as usual, cheerful and jolly, and when down town talked as usual to his numerous friends upon the happenings of the day, with no thought that the end was near at hand.

During the early portion of the evening he complained of feeling badly, although he remained on his front porch with his son, [illegible]ee, until about 9:30 o'clock, when he retired for the night. He had been asleep for only about two hours when he awoke with a severe attack of heart trouble. This was at about 11:30 o'clock, and the family was aroused and a physician summoned, but the hour had arrived for him to depart this life, and within twenty minutes he was dead.

An Old Resident.

Judge Hallmark had long been a resident of Pensacola and Warrington. Born in Rockford, Ala., in 1846 he moved when a young man to Warrington, Fla., where he resided for many years, and there married Miss Leila White, an accomplished young lady of that place on April 21, 1866. For many years he held the position of chief clerk to the commandant at the yard, and upon resigning that position moved to Pensacola, where he has since resided, with the exception of a short time spent in Jacksonville. Upon becoming a resident of Pensacola he connected himself with the firm of Thos. C. Watson & Co., which position he held until a few years later when he was offered the position of chief clerk in the office of the State Board of Health which he held with satisfaction until the office, was abolished. This was only a few years since, and some time later he moved to Jacksonville, where he again entered the employ of the State Board of Health, and although the position was a lucrative one he had a longing to return to his old home in Pensacola, and after remaining there for over a year he moved back with his family to reside, taking up his residence at the place where his death occurred.

Member of Many Orders.

The deceased was a member of many secret and fraternal orders, and in several of these he had held high offices, which included grand chancellor of the state of the Knights of Pythias and also of the Masons. He was a Shriner of high rank, a Mason, an Odd Fellow, Knight of Pythias and Knight of Honor ,as well as a member of several other orders. He was also a devout member of Christ Episcopal church and was a regular attendant upon services there.

Leaves Large Family.

Judge Hallmark leaves a large family to mourn his loss. Besides the loving wife who survives him are his sons, H. H. and George Chaffee Hallmark, and daughters, Mrs. A. S. Oliver Mrs. Frank B. Radcliff, and Miss Daisy Hallmark, all of whom are married and have large families with the exception of the latter.

A Popular Citizen.

Judge Hallmark was a popular citizen. He had held many positions of trust during his twenty-five years of residence in Pensacola and his jolly and kind disposition, his desire to accommodate and befriend people of all classes, as well as having a kind word for all with whom he came in contact, endeared him to rich and poor alike, and there will be hundreds to mourn his departure. He was not known in Pensacola alone, but all over the state. His prominent connection with the secret societies of the state had brought him into contact with many persons, every man of whom was his friend, for to know Judge Hallmark was to like him. For years he was a representative from one of the lodges of Knights of Pythias to the grand lodge, and there were but few sessions of this body but what were attended by him either as grand lodge officer or delegate.

Funeral Saturday Afternoon.

The funeral will occur Saturday afternoon at 4 o'clock. The services will be conducted at Christ church, and the interment will be made in St. John's cemetery.

CAR CONTAINING GASOLINE SLIGHTLY BURNED LAST NIGHT

The fire department was called out last night about 11 o'clock to North Tarragona street, where a car containing a quantity of gasoline was ablaze, but was extinguished with but little damage.

Some of the gasoline, which was in cans, had evidently turned over and run over the floor, for when the night car inspector put his torch under the car to make an inspection it immediately flared up. He dropped his torch and ran to send in an alarm. Although the job was a dangerous one it was tackled by the firemen, and extinguished in a hurry.

SILVER QUESTION

Not an Issue Owing to Increase In Supply of Gold.

NO CHANGE IN THE ADVOCATES OF BIMETALISM, BUT IN CONDITIONS—POSITION UPON PUBLIC QUESTIONS AND OPPOSITION TO CORPORATE AGGRANDIZEMENT SAME AS HERETOFORE.

By Associated Press

London, July, 12.—W. J. Bryan, having had an opportunity to read the American newspapers, consented today to discuss some of the questions which have been raised since he has become prominent as a presidential possibility. He said:

"I notice that I am now described by some as a conservative, and in order that there may be no misunderstanding, permit me to say I have always been a conservative. If, however, by the word conservative they mean that I have changed my position on any public question or moderated my opposition to corporate aggrandizement they have a surprise waiting for them.

"The only question on which there has been any apparent change is the silver question, and that is not a change in the advocates of bimetalism but in conditions. We contended for more money and urged the free coinage of silver then only as a means to secure it. I recognize that the unexpected and unprecedented increase in gold production has, for the present removed the silver question as an issue."
