MEN WHO DRAW GOOD SALARIES

Quite naturally acquire the habit of thinking that they can always do so, yet men of ability are as liable to the accidents and ills of life as their lower salaried brethren. A five thousand dollar man who loses his earning power is hurt a great deal worse than a one thousand dollar man, and needs to save just five times as much as the one thousand dollar man. A savings account in the bank consistently added to will take away the keen sting of loss of earning power.

JAMES M. JOHNSON.

I hereby announce my candidacy for Building Inspector, feeling that I am fully qualified to fill the office with credit to myself and with great beneficial results to the city and its tax payers, and I know that the democratic voters of this city also feel just as confident of my qualifications and integrity in reference to this office. I also feel confident of the fact that they have not as yet forgotten my action towards the crippled man who ran against me for registration office. When I found it was him and I in the second primary four years ago, I withdrew. I gave him the office. I now ask all my friends and all of the democratic voters of this city to go to the polls on Thursday next, May 2, and cast their votes for me for Building Inspector.

Very respectfully,
JAS. M. JOHNSON.

Small doses of cod liver oil are very useful for children who catch cold easily. They should be given two or three times a day directly after food. It is a great mistake to give large doses of cod liver oil; they are not digested and really do more harm than good.

"Old King Cole."

"Old King Cole," the merry monarch of the nursery rhyme, has been identified with Cole, Coel or Coll, a semi-mythical king of Britain, who, according to Robert of Gloucester and other old chroniclers, succeeded Asciepiad on the British throne about 225 A. D. He it was who built the walls around the city of Colchester, so named in his honor. St. Helena is supposed to have been his daughter.
