Purity is Supreme

The materials we use are the best we can buy. And a partner in our business selects them.

The goodness of Schlitz is due largely to them.

But the supremacy of Schlitz as a home beer has been gained by the fact of its absolute purity.

Purity is not so conspicuous as some qualities in beer, yet it is very expensive. That is why it is rare.

But what does it matter how good a beer is if it is not a pure beer? If its use is unhealthful? If its result is biliousness?

Ask for the Brewery Bottling.
Common beer is sometimes substituted for Schlitz.
To avoid being imposed upon, see that the cork or crown is branded

Schlitz beer is known as the pure beer the world over.

The Beer That Made Milwaukee Famous.

Deceived.

"I want to get a divorce from my wife."

"On what ground?"

"Well, I don't know the legal term for it, but she didn't tell me before I married her that she was an elocutionist."

The Cause.

Theater Goer—The love scene in your play isn't half so natural as it used to be last season. The same people do it too. Manager—Yes, but the lovers were married a few months ago.

Hard to Understand.

Bibbs — Some people get everything they go after. Gibbs—Yes, and others don't seem to get what's coming to them.—Smart Set.

Let another praise thee and not thine own mouth; a stranger, and not thine own lips.—Book of Proverbs.

When Buttons Were Big.

Bachaumont writes in his "Secret Memoirs," Nov. 18, 1786: "The mania for buttons is today extremely ridiculous. They are not only of enormous size, some of them as big as six pound crowns, but miniatures and pictures are made upon them, and this ornamentation is extremely costly. Some of them represent the medals of the twelve Caesars, others antique statues and still others the Metamorphoses of Ovid."

Isabey, in his biographical notes, says that when he came to Paris he worked for a living by making copies of Vanloos and Bouchers on the lids of snuffboxes and that for these medallions he was paid from 6 to 8 francs each. "As it was still the fashion," he said, "to wear buttons as big as a five franc piece, upon which Cupids, flowers and landscapes were cut in cameo, I went into that business. I got 12 sous for each."—Paris Figaro.

Old Quaker Rye

is delightfully stimulating—no after effect.

Fermented in cleanliness and perfect temperature—redistilled in copper—ripened for years in charred oak.

You won't be disappointed if you insist on having it.

MARCH TERM OF UNITED STATES COURT CONVENES

Number of Important Civil and Criminal Cases on the Docket.

SEVERAL PLEAS OF GUILTY HEARD YESTERDAY AND TWO PARTIES TRIED, BOTH BEING ACQUITTED—TERM WILL BE A SHORT ONE.

The March term of the United States court for the Northern District of Florida convened yesterday morning, Judge Charles Swayne presiding. District Attorney Sheppard and his assistant, Emmet Wilson, are in attendance and will represent the government in the cases that are to be heard during the term.

After the docket had been sounded and cases set for trial, a number of pleas of guilty were heard. W. J. Montford, charged with cutting timber from government land, entered a plea of guilty to the charge and was sentneced to pay a fine of $45.

J. F. Butler, William Henderson, J. W. Braxton and M. C. Pippin entered pleas of guilty to the charge of chipping and cutting trees for turpentine purposes on land where the homestead entry had not been completed. Sentence in all of the cases was suspended by the court, except in the case of Braxton, who, it was stated, had knowledge of the fact that it was contrary to the law to chip or cut trees on such land. Sentence upon him has not been passed. The court stated that owing to the fact that the act prohibiting the chipping and cutting of trees had only recently been passed and that many were in ignorance of the fact that it was a violation of the law, sentence would be suspended upon those who were arraigned, but that in future a penalty would be imposed upon those found guilty.

Two parties were tried in the court during the day. The first case was that of a colored man, known, as "Gentleman" Baker, who was charged with selling liquor without a license. A verdict of not guilty was returned.

The second case, which concluded just before the adjournment of the court, was that of C. D. Shires, charged with illicit distilling. The jury also returned a verdict of not guilty in this case.

An Important Case.

One of the important cases which will come before the court at this term is that of E. L. Vickers, who is charged with conspiracy to defraud the government of homestead land. This case will probably be called to-day or to-morrow and a number of witnesses, including Henry S. Chubb, registrar of the land office at Gainesville, have been summoned. Col. W. W. Flournoy of DeFuniak will represent the defendant.

The Civil Docket.

On the civil docket there are a number of cases, chief among the important ones being those against the Aycock Bros., Lumber Company, of Aycock, Fla., These suits are for damages brought by the wives and relatives of convicts who were burned to death a year or more ago when the stockade of the company was burned. The suits are for many thousands of dollars.

TO CURE A COLD IN ONE DAY
Take LAXATIVE BROMO Quinine Tablets. Druggists refund money if it fails to cure. E. W. GROVE'S signature is on each box. 25c.

According to careful estimates, three hours of close study wear out the body more than a whole day of hard physical exertion.

INGRAHAM IS A CANDIDATE FOR MAYOR

Chairman of Board of Safety Comes Out as Mayoralty Candidate.

The race for the office of mayor will be enlivened to a considerable extent today when the announcement of Walker Ingraham, which appears in another column of The Journal, is read. Mr. Ingraham announces subject to the action of the White Democratic primary. He was one of the supporters of the last primary, and in fact served as a member of the City Democratic Executive Committee, resigning recently on account of moving from the precinct which he represented.

Mr. Ingraham is well known throughout the city, where he has resided for a number of years, and is known as one of the conservative business men of the city. He is at present holding the position of chairman of the Board of Public Safety, and has been a member of that board for a number of years. He is also president of the Pensacola Carnival Association, which position he has also held for a number of terms.

The new candidate for mayor has been spoken of for several weeks as a possible aspirant for mayoralty honors, and his many friends believe that he will be a strong factor in the primaries. His entry into the campaign makes the race a three-cornered one, as Mayor Chas. H. Bliss and J. Campbell Avery, Jr. have already announced for the office and are actively engaged in soliciting support. It is expected that from now until the day of the first primary the campaign will be an interesting one.

Afflicted with Rheaumatism.

"I was and am yet afflicted with rheumatism," says Mr. J. C. Bayne, editor of the Herald, Addington, Indian Territory, "but thanks to Chamberlain's Pain Balm am able once more to attend to business. It is the best of liniments." If troubled with rheumatism give Pain Balm a trial and you are certain to be more than pleased with the prompt relief which it affords. One application relieves the pain. For sale by all druggists.

Quick Action.

The quickest action ever noted by a Cincinnati newspaper writer was illustrated when he reported a murder case in which one of the witnesses was a negro porter in the hotel that was the scene of the killing. The negro was asked how many shots he heard. "Two shots, suh," he replied. "How far apart were they?" "'Bout like dissaway," explained the negro, clapping his hands twice, with an interval of about a second between. "Where were you when the first shot was fired?" "Shining a gemman's shoes in duh basement of duh hotel." "Where were you when the second shot was fired?" "Ah was a-passin' duh Big Fo' depot."

SHORT TALKS BY L. T. COOPER.

CONSTIPATION.

I can tell a person who is constipated on sight. Their complexion is pasty or yellow. Their eyes are dull, and they look and feel sleepy. No wonder they do. Their bowels are a sewer. They carry away the poisonous refuse. If they don't act the poisonous matter is absorbed by the body, and headaches, dullness, bad complexion and eventually serious troubles result.

Samuel Booren.

There is no better rule for good health than that the bowels should move every day at the same hour if possible. Regularity can be acquired by making a habit of this. Foolish people neglect this and when chronic constipation affects them they take pills every few days to force the bowels to perform their natural function. As years go on they require more and more pills. This should be stopped. Cooper's New Discovery will build up the stomach and cause the bowels to act naturally. While taking the medicine get the habit of regularity, then gradually stop taking the medicine.

Here is a sample of letters from those who have tried it:

"For sixteen years I had suffered from stomach and liver trouble, and chronic constipation. I had frequent headaches and always felt tired and worn out. I heard of Cooper's New Discovery and began its use. After I had finished one bottle I was wonderfully improved. Constipation gave way to a pleasing regularity of the bowels and I ate better, slept better and felt better than I had for months. It is the greatest medicine I have ever known." Samuel Booren, 1742 Munsey Ave., Scranton, Pa.

Our customers who have used them say the Cooper medicines do the work. We sell them.

Thick and Thin Glasses.

The reason that thick glasses crack more readily than thin ones when hot water is poured into them is because glass is a slow conductor of heat, and when hot liquid is poured into a glass vessel the interior expands before the heat reaches the exterior; consequently there is a struggle between the two forces and the glass flies to pieces.—St. Louis Republic.
