We Sell, Buy, Lease or Manage

MR. BUSINESS MAN.

We, like yourself, are not in business for our health. "Results" are what count. We get them and make money for you and ourselves as well. We maintain a large force of traveling salesmen. Our specialty is real estate of all descriptions including City and Suburban property, farm, timber and turpentine lands. Not dependent upon local buyers exclusively. We handle property direct from owners only, anywhere in the South. If you are a capitalist, trustee, guardian, administrator or a plain every day business man with a little money, we can place it for you on real estate first mortgages, to be recommended by one or more of our local banks.

BEGINNING OF INDEPENDENCE.

Not the sum of money that you earn at your occupation, nor the profit of your business is what will make you financially comfortable. It's what you save, it is the increase above your spending that renders you happy and independene.

It is not alone the wage earner, or man with only a moderate income to whom the idea of saving money should regularly appeal. In most cases the larger the income, the larger the living expenses and greater the need to make adequate preparations for the future. As a form of investment for the beginning of the saving habit for those with accumulating funds that may be at work, for firms with large cash reserves and for trustees, administrators, and executors awaiting permanent investment for their trusts, there is no better way to employ money than to invest in "Kupfrian Park," which is sure of a profitable return. We buy or sell real estate, borrow or loan money for you and guarantee satisfaction.
