JUDGE PORTER HAS RESIGNED

QUITS AS UNITED STATES COMMISSIONER AT GRAND RIDGE, AFTER A SERVICE OF FIFTEEN YEARS.

Judge John Thomas Porter, of Grand Ridge, has resigned the office of the United States commissioner, the department at Washington having ruled that the office should be held at Marianna. Mr. Porter could not hold it there, and would not change his residence. He had held the office for nearly fifteen years, and tried over a thousand cases.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, Ohio.

Sold by Druggists, 75c.

Take Hall's Family Pills for constipation.

THE LAZIEST MAN IS FOUND

FOREIGNER, A PRISONER WORKING IN PLAZA, GIVES NUMBER OF CITIZENS CARDS AND SPADES IN LESSONS OF SLOTHFULNESS.

Quite the laziest man ever watched at work has been found in Pensacola, and he was "working" for the city. His lessons in slothfulness were so pronouncedly noticeable yesterday that even officials at the city hall watched him with interest. From the comptroller's office, this is what was actually witnessed!

A prisoner, a big, rough Polak, was engaged to aid the landscape gardener, Mr. Kemble. The park squirrels had been nibbling peanuts and the fellow was given a bag and told to clean away the hulls. He armed himself with a gig, about four feet in length, and instead of bending his back, would spear the peanut shells one at the time, pull them thus speared from the ground, carefully remove them with the other hand and drop the particles in the bag he carried.

"For cussed laziness, that's the limit," was the opinion of one watching official.

NEW SUITS FILED.

The following new suits were filed yesterday in the office of the clerk of the circuit court:

R. J. Montgomery vs. T. F. McNeill and W. D. Higgins, foreclosure of mortgage; John P. Stokes, attorney for plaintiff.

T. L. Gant et al. vs. J. M. Crona, et al., bill of complaint; Avery & Avery, attorneys for plaintiff.

Don't Forget the Place, 125 S. Palafox St.—Forbes Old Stand—Modern Shoe Store.

PLUMBERS, ATTENTION.

Pensacola, Fla., July 17, 1909.

The Board of Public Instruction will receive estimates for sewer connection with the following with toilets complete, to-wit: School No. 2, on East Gregory street; No. 40, on East Cervantes; 70, on North Guillemard, and 74 on West Garden, and connections under the sidewalk into the school lots for schools Nos. 3, 31, 54, 55, 56 and 80.

Yard wide Bleaching tomorrow at A. M. McMillan's store at 5c. The very best bargain of the season. Better see about it!

CEVALLOS WAS STREET NAMED

MENTIONED IN MEETING OF PUBLIC WORKS WHEN IT WAS FOUND NINTH AVENUE HAD BEEN PROVIDED.

Since Ninth avenue from Gregory to Gadsden street has been included in the original paving plans, it has developed that Eighth avenue, better known, perhaps, as Cevallos street, was meant in the additional paving plans of the board of works, the paving, if ever allowed, to extend from Gregory to Gadsden streets. This would pave two side streets on which school No. 2 is situated, and from Wright to Jackson street, the city would get the benefit of the street railway line work.

Outline Pleasing.

Many citizens were heard to express favor at the decision of the board to recommend additional paving. Since the work is to be started, and since it has been decided to cover such a wide territory as proposed originally, the idea that more intermediate streets could be thus improved is growing stronger each day, and citizens generally commended the action of the board as detailed herein Saturday.

Opportunity and McMillan both knock occasionally at your door. They're coming at once tomorow. Yard wide Bleaching at 5c!

CITIZENS CAN KICK TO CHIEF

THOSE WHOSE GARBAGE IS NOT REMOVED PROMPTLY SHOULD CALL UP NO. 26 AND REGISTER A COMPLAINT.

Kicks about garbage not being promptly removed should be made to Marshal Sanders, and any citizen who decides that his garbage should be moved more promptly than is being done, is invited to call No. 26 and register a complaint.

It does not matter whether the chief is at the phone or not. If he isn't there some one else will be and the number of the house, the street and all particulars will be taken down. Immediately thereafter the garbage will be removed.

This was decided upon by the Board of Works as the best means of getting good results and also in keeping in touch with the situation.
