J. G. Grimsley, of Westville, was among the business visitors to the city yesterday.

S. R. Thames, formerly of Pensacola, but now of Mobile, is in the city on a short business visit.

Edward W. Holcomb, of the United States weather bureau, who has been in charge of the local office during the absence of Observer Reed, will remain here as assistant observer until Sept. 15, the department having extended his time here on request of Observer Reed.

Frank P. Damon, of Tallahassee, is among the business visitors to the city registered at the Escambia.

In a game played on the East Hill diamond yesterday afternoon between the East Hill Rangers and the Oakfield Juniors the former won by the score of 14 to 2.

E. A. Enderle, sales manager for the Southern Hardware & Supply Co., of Mobile, is in the city for a few days on business.

J. J. Sullivan, Jr., is off on a vacation, which he is spending in various cities in the east.

When the digestion is all right, the action of the bowels regular, there is a natural craving and relish for food. When this is lacking you may know that you need a dose of Chamberlain's Stomach and Liver Tablets. They strengthen the digestive organs, improve the appetite and regulate the bowels.

5 or 6 doses of "666" will cure any case of Chills and Fever. Price 25c.

SALOON MEN ARRESTED; DID NOT HAVE BOOK

FIVE LOCAL WHOLESALE DEALERS IN TROUBLE WITH INTERNAL REVENUE DEPARTMENT FOR FAILING TO KEEP RECORD AS REQUIRED BY GOVERNMENT.

Five saloon men, wholesale liquor dealers, are under bond to appear for arraignment before federal magistrates at the proper time. The charge against them is for an alleged violation of section 3318, federal revised statutes, which makes it the duty of the "whiskey dealers and rectifiers" to keep a record of the receipt and disposition of every barrel of imported liquor, the name of shipper, etc., the record covering every detail, and all to be entered in the proper columns of the book which will be provided at the instance of the liquor dealer and shipper by the internal revenue department. This is to prevent adulteration in any form, it was asserted by federal officers.

Those arrested were A. Moog, Max Lillienthal, Mitchell Jacoby, A. Reid and Morris Bear. The warrants were issued at the instance of Internal Revenue Officer Knox Booth and an assistant after he had made an investigation. All the parties were not slow in making bond when taken before U. S. Commissioner Moyer. Deputy Wolf executed the papers.

The penalty provided for neglect to keep such a record and produce the same upon demand of internal revenue officers is a fine ranging from $100 to $5,000, or imprisonment from three months to three years in a selected federal penitentiary.

$100 Reward, $100.

The readers of this paper will be pleased to learn that there is at least one dreadful disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Address, F. J. CHENEY & CO., Toledo, Ohio.

Sold by Druggists, 75c.

Take Hall's Family Pills for constipation.

SAFETY BOARD HELD SESSION OF INTEREST

FIRST POLICEMAN ON MAT FOR "UNSATISFACTORY EXAMINATION" DID NOT APPEAR TO ANSWER THAT AND OTHER CHARGES—DETAILS OF MEETING.

When the board of safety convened in regular session at 7:30 o'clock last night, the name of Officer Chas. Malone was called immediately after the minutes had been read and accepted. There was no answer. Several witnesses in the case stood impatiently in the corridor of the city hall. Thirty minutes later another effort was made to find the patrolman. He was nowhere about. Then, after discussion, it was ordered that he stand suspended until the next meeting of the board, which will be next Friday evening. Should the officer report for duty this morning, he will have the news gently but firmly broken to him by the marshal.

Malone is charged, on information furnished by Captain M. B. Frank, with having visited a saloon while in uniform and on duty upon other than official business. Another charge is that he passed "an unsatisfactory examination" before the police examining board. He was served with copies of the charges yesterday forenoon.

Details of Session.

Bids for sewerage connection of truck house No. 3 were received from three plumbing firms. The mayor was requested to enter into a contract for work with the lowest bidder. This was C. H. Turner Construction Co., for $83.

New uniform specifications were then adopted and advertisement calling for bids was authorized. Such notice appears in The Journal's advertising columns today. The police uniforms will be of blue flannel, double breasted frock coat, sixteen buttons in front and two on each sleeve.

An application for a position on the police force was received. A physician's certificate was attached, but there was no recommendation from Chief Sanders, and the application was filed. W. H. Kyle was the applicant.

The discussion concerning the assignment to a restructed section of the chemical truck followed. It was ordered used only in the fire limits as told in detail elsewhere in this issue.

The question of properly caring for impounded stock was brought out when Marshal Sanders asked permission to get the services of a carpenter to fence off a part of the city's stable quarters. A slice of the stable lot, 10x60, will be fenced off. At present city mules are in the pound lot, and room and safety for stock carralled on streets was needed. The application for permission to get a carpenter was granted.

It was decided to hold a special meeting of the board Monday night to examine into the qualifications of Deputy Marshal Anderson and Patrol Drivers Coburger and Maloney. At the same time report covering the examination of all police officers will be submitted, considered and disposed of for good.

TAKE NOTICE.

All persons are recommended to take Foley's Kidney Pills for backache, rheumatism, and kidney and bladder trouble, as they are healing and antiseptic and correct urinary irregularities which, if neglected, may develop into a serious illness. They restore health and strength. Do not neglect signs of kidney or bladder trouble and risk Bright's disease or diabetes. W. A. D'Alemberte, druggist and apothecary, 121 S. Palafox street.

There is no game law against anybody hunting for Plank's Chill Tonic. It is guaranteed to cure malarial chills and fever Ask Hannah Bros. They probably know.

FRANK MEYERS SAVES A CHILD FROM DEATH

FOURTEEN-YEAR-OLD SON OF G. R. MEYERS SWIMS OUT IN TWENTY FEET OF WATER AND RESCUES JACK VELOID, NINE YEARS OF AGE.

Fourteen-year-old Frank Meyers, the bright little son of Mr. and Mrs. G. R. Meyers, proved himself a real hero yesterday afternoon, when, in 20 feet of water in Bayou Texar he swam to nine-year-old Jack Veiolid, who was sinking for the last time, saving him in the nick of time.

The young hero has been the object of much congratulation since his fine work, and is receiving much well earned praise.

THE CHEMICAL WAGON ONLY IN FIRE LIMITS

WEIGHT OF FIRE APPARATUS IS TOO GREAT TO PERMIT SAFE USE IN ALL PARTS OF CITY UNTIL STREETS HAVE BEEN PUT IN ORDER.

Weighing more than three tons, or to be exact, 6,190 pounds, the new chemical wagon was officially declared to be entirely too heavy for use all over the city, and after a lengthy discussion, the board of public safety last night gave Fire Chief Bicker orders to make use of the wagon only within the fire limits, which is the territory bounded by Belmont street on the north and Baylen and Tarragona streets on the west and east respectively. The wagon has been drawn by a couple of fine horses in the past and one of the animals is now sick and has been ever since having been received. Whether from strain in drawing the wagon or not wasn't reported last night, but the order as detailed above was issued and will be observed strictly. To provide more than one apparatus at each and every fire, the chief will prorate the boxes outside the limits described to other trucks in different parts of the city.

Streets Too Bad.

The bad condition of streets was the reason for the order. It was stated there had been no improvement even after several plumbing contractors had been fined in police court for failure in each case to properly tamp streets once disturbed, but the marshal has been right behind contractors keeping them advised of the ordinance requirements. So bad were streets that the big hook and ladder truck, weighing even less than the chemical engine, and pulled by three horses, was temporarily withdrawn from service, in its place a light team wagon equipped with 40 and 60-foot ladders having been substituted. This act of the chief met with the commendation of the board of safety when report was made of the action last night.

As soon as the street improvements are completed, the fire apparatus will all be re-assigned to respective duties, but no report was made upon the probable appearance in regular service of the newly-purchased patrol wagon.

PILES! PILES! PILES!

CONDUCTED TRICK SHOOT

MR. LOUIS T. SPINKS, REPRESENTING THE PETERS CARTRIDGE COMPANY, PERFORMED WONDERFUL FEATS WITH PETERS AMMUNITION AND A RIFLE AT MAGNOLIA BLUFF YESTERDAY BEFORE A LARGE CROWD.

You would like to hold a match between your fingers and let somebody shoot it, wouldn't you? If done by the right man and with the right kind of ammunition there would be no more danger than having a paper wad thrown at the match.

Before nearly a thousand people at Magnolia Bluff yesterday afternoon Mr. Louis T. Spinks, with several rifles and plenty of cartridges, manufactured by the Peters Cartridge Company, shot matches, pieces of chalk and potatoes from between the fingers of a nervier man than the writer. Besides these feats Mr. Spinks shot and burst four eggs thrown in the air by himself before they struck the ground. Potatoes and lumps of coal were served the same way, in fact, although dozens of objects were thrown up for his targets all suffered the same fate and very few ever reached the ground whole. A feat, probably not as difficult to Mr. Spinks, but which nevertheless attracted much comment, was that of shooting a tomato can off the ground and then keeping it suspended in the air for possibly twenty or thirty seconds by quick successive shots, carrying the can sometimes as far as a hundred feet before ceasing fire.

The entire shoot was very wonderful and had for its object the demonstration of the efficeincy of Peters cartridges which are handled in this city by Messrs. Gibbs, Quigley & Morgan, 27 South Palafox street. Although there are few persons, if any, in the city who could do any one of the feats of Mr. Spinks, it is reasonable to believe that if Peters cartridges will shoot straight for him they will do so for other sportsmen. Yesterday's was certainly a remarkable demonstration of their efficiency, anyway.

TO THE FARMERS

Our gin, the most conveniently located in Escambia county, fitted up with the latest improvements, is now ready for operation and we are offering to gin and furnish bagging and ties free for the first bale brought in. Hurry up the cotton.
