VIOLATIONS OF STOCK LAW

THREE DEFENDANTS FINED IN CITY COURT FOR ALLOWING ANIMALS TO RUN AT LARGE WITHIN THE PROSCRIBED LIMITS.

Three violations of the stock law were proven in the city court yesterday mornnig. Fines were imposed in each case and two said they would appeal from the city tribunal's judgment, but such notice does not appear on the docket.

W. L. Bell, who resides within the city limits, but who pastures his cattle in the country, was fined $10 and costs. He was represented by an attorney who made the contention that the city had no legal right to impose a penalty when cattle were kept in the country. The fine was imposed and then exceptions to the ruling was noted.

W. L. Morgan, another defendant who has appealed from the local court, was fined $5 and costs, but gave notice of his intention to appeal the case.

William Sims was taxed a little heavier. His fine was $7 and costs.

In additon to the imposed fines, the stock owners are taxed $1 per head for all stock impounded.

The home of Jansen and Parks is in Covington, Ky.

LARGER DEPOT AT BONIFAY

FLORIDA RAILROAD COMMISSION ORDERS L. & N. TO REMODEL AND ENLARGE BUILDING THERE

Special to The Journal.

Tallahassee, Aug. 30.—Before the railroad commissioners of the state of Florida.

In the matter of the enlargement and improvement of the freight and passenger depot of the Louisville & Nashville Railroad Company at Bonifay, a station on its line in this state.

This matter came on to be heard after due notice in writing dated August 4, 1909, to the Louisville & Nashville Railroad Company, at the court house in Bonifay aforesaid on August 17, A. D. 1909, at 10:30 a. m. the time and place named in the said notice, when and where the Louisville & Nashville Railroad Company appeared by Mr. E. O. Saltmarsh, its superintendent, and Mr. J. W. Lurton, its division freight and passenger agent, and was fully heard in the premises and a number of citizens of Bonifay were also heard:

Now therefore, we, the railroad commissioners of the state of Florida, being fully advised in the premises, do hereby find and adjudge that the freight and passenger depot facilities of the Louisville & Nashville Railroad Company at Bonifay, a station on its line in this state, are insufficient for the needs, accommodation and comfort of the public, and it is therefore ordered that the Louisville & Nashville Railroad Company do enlarge and remodel its said depot at Bonifay so that the freight warehouse room shall contain not less than eighteen hundred (1800) square feet of floor space; that it, the said railroad company, shall make fills along the north side of the siding west of the cattle pen where teams have to unload from the cars, and shall make similar fills on the north side of the track east of the road crossing so that teams can unload from the cars conveniently; that it shall make ample fills around the said depot on the south side so that teams can load into and from the freight warehouse and platform conveniently; that it shall construct a walkway, either of plank or of chert, for passengers from the east end of the depot along the south side of the main railroad track to the road crossing, and that it shall construct at some convenient place separate privies for the white and the colored passengers, separating also the sexes of each race; all of the said work to be completed in ninety (90) days from the date of this order.

Ordered in open session at our office in the city of Tallahassee this 27th day of August, A. D. 1909.

R. HUDSON, BURR,
Chairman.

BIG DEMAND FOR MEN OF AGRICULTURAL TRAINING

By Associated Press.

Washington, Aug. 31.—Students with an agricultural training who are familiar with laboratory and field work, with classes and varieties of cereals, are in demand by the government at salaries ranging from $1,200 to $2,000 a year.

The civil service commission has announced an examination on September 22 next to secure eligibles for positions as assistant in grain standardization in the bureau of plant industry of the department of agriculture. One of the requirements is the writing of a thesis of not less than 2,000 words on the kinds and classes of cereal grains grown in the United States and methods of harvesting and marketing with special reference to classing and grading grain commercially.

INCREASE IN CIRCULATION OF COUNTERFEIT NOTES.

Special to The Journal.

Washington, Aug. 31.—Secret service officials during the past year found there were increased complaints about the circulation of counterfeit notes imported from certain districts of Sicily. It was discovered that the handiers of these counterfeits, chiefly in and about New York, have been more or less intimately identified with the blackmailing and murders gangs known as the "mafia" and "black hand" socities.

During recent months the agents of the secret service, assisted by the municipal authorities, succeeded very largely in breaking up these counterfeiting enterprises.

RED CROSS APPEALS FOR MEXICAN SUFFERERS

By Associated Press.

Washington, Aug. 31.—The American National Red Cross has issued an appeal to the American people for contributions for the relief of the Mexican flood sufferers.

In view of the destitution as the result of the flood in Mexico, the American Red Cross appeals to the American public for contributions for the relief of near neighbors of Mexico. Contributions may be sent to the National Red Cross, care of the war department, Washington, D. C. It is believed that from $50,000 to $100,000 will be needed to meet the emergency.

The central committee has directed that $2,000 be sent to Consul General Hanna and that sum will be at once telegraphed to him. This sum nearly exhausts the fund always kept on hand by the society for emergency and additional funds are urgently needed for immediate use.

Seven Little Children Meet Horrible Death

(Continued from First Page.)

work of rescue last night or whether there were bodies remaining in the ruins could not be determined this morning, as most of the records of the institution were destroyed.

The fire was discovered in the laundry in the north wing at 8 o'clock last evening. Three hundred and fifty small children were in their cots on the third and fourth floors of that wing, and some of the older children were attending evening prayers in the chapel.

As the alarm sounded the older children marched from the chapel to the board walk along the beach and the nurses and attendants rushed to the work of carrying the little children from their cots on the floors above.

Firemen assisted in searching the halls and dormitories and found a few children lingering in the halls, too frightened to leave the building, but the rescue work had been conducted with such despatch and good order that it was believed until today that all the children were out of the building. The search of the ruins for more bodies was continued today in the fear that other children had been burned.

Lone Highwayman Holds Up Pittsburg & Northern Express

(Continued From First Page)

train on the eastern slope of the Allegheny mountains this morning. As soon as reported every available detective with bloodhounds began the chase. Officials of both the railroad and the Adams Express company are on the scene, keeping in touch with the chase.

After the train stopped the robber compelled the crew to carry thousands of dollars in coin and bullion to a spot in the wilderness and made his escape. Mistaking a bag containing ten thousand Lincoln pennies for gold, he staggered away with it, leaving the real gold to be recovered by the railroad.

It is reported tonight that besides the Lincoln pennies, several thousand dollars of currency is missing. The officials refuss to announce the exact amount lost.

TRAIN CREW REPORTS ROBBERY IN PITTSBURG.

By Associatde Press

Pittsburg, Aug. 31.—Train No. 39, the Pittsburg and Northern express on the Pennsylvania railroad, which was held up near Lewiston early today arrived at the Union station here at 9:20 a. m.

Few if any of the passengers could tell a connected story of the occurrence. All were greatly excited, but owing to the quickness with which the highwayman worked and the fact that most of them were asleep, none of the passengers knew much about the robbery.

The train crew had been given orders not to talk. Messenger Harper made a report to the local officials in charge of the Adams Express company at the union station, and then with a number of detectives started back for the scene of the hold-up.

From reports here, the robber made three of the crew stand in a corner of the express car while he blew open the safe. A view of the safe shows that the man knew his business. He simply blew the combination off, which forced the tumblers of the lock loose.

Although the crew was within a few feet of rifles, none of them felt like disobeying the highwayman, who backed up his commands with two revolvers.

Experience Proves.
Time tells which is best and most reliable. For 70 years Perry Davis' Painkiller has been driving away pain and bringing health—as a remedy for sprains, burns, bruises, rheumatism, neuralgia. It cures colds, cramps, bowel complaint. But be sure to take this unequalled remedy promptly. Large bottles 35 cents or larger 50 cents.
