The Bitter Apple Bitters Co.

Sales for 1903, 1st year, . . 185 dozen.
Sales for 1904, 2nd year to June 1, . 3978 dozen.

The manufacture was started by Dr. Dozier, individually, in 1903, and on account of enormous demand, organized into a $30,000 stock company, (capital fully paid up) February 8, 1904.

This remedy is the panacea of all others for liver and kidney troubles, having never failed in a single instance where directions were followed.

FOR SALE BY ALL DRUGGISTS.

BITTER APPLE BITTERS COMPANY,
HATTIESBURG, MISS.

CITY COUNCIL DEALS WITH MANY QUESTIONS

LIVELY DEBATE BETWEEN THE MAYOR AND ALDERMAN REILLY OVER POWER OF FINANCE COMMITTEE—COUNTY MUST PAY MONEY DUE THE CITY.

A lively meeting of the City Council was held last night, when the regular monthly session of the body was held. Mayor Wellis presided and there were present Aldermen Baars, Cahn, Christie, Maura, McHugh, Meriwether, Moyer, Pryor, Reilly and Wright.

After reading the minutes a communication from the mayor, relative to the Good Roads Association meeting to be held in Jacksonville, was read, in which he stated that City Clerk Shine would represent the city at this meeting. It was decided by the council to defray the expenses of Mr. Shine to this meeting. A motion, by Alderman McHugh, to also send Street Superintendent John Burns to the convention at the expense of the city was lost.

Another communication from the mayor was in regard to the bond issue. He recommended that a committee of three from the council be appointed to draw up the needed legislation to secure the sale of the bonds, and that the same be presented to the next legislature with the request that the same be passed, owing to the fact that the bonds in their present state could not be sold. It was understood by the council and so stated by the mayor that this committee should work in conjunction with the present board of bond trustees. The recommendation of the mayor was carried out by the council and the mayor appointed Alderman Hays, Muldon and Pryor as the committee.

The finance committee reported favorably upon several small bills which had been referred to it.

Road and Bridge Fund.

Alderman Reilly, acting in the place of Chairman Muldon, of the finance committee, reported that the committee had secured a statement as instructed by the council as to the amount due the city from the county on account of the road and bridge fund. This showed that there is something over $7,000 due the city from this account, and also that the old agreement between the city and county had expired when the old commissioners retired from office. There was considerable discussion upon the subject during which time the mayor took occasion to remark that the amount due the city a few months ago had increased to considerable proportions and that the agreement made with the city had evidently not been lived up to by the county.

Mr. Baars spoke upon the matter, and wished to secure information as to the power of the city to force a collection, and finally moved that the matter be referred to the finance committee to take the proper steps to secure a settlement.

Chairman Pryor of the harbor and sanitary committee reported that the city was in the best condition known for a number of years, there being less sickness. The city physician's report accompanied that of the health officer, and showed that he had made fifty-one visits during the past month.

New Water Main.

Chairman Baars, of the Water Committee, reported that his committee had investigated the matter of a water main on West Romana street, and recommended that a main or pipe of not less than two inches be placed there. The recommendation was adopted.

Chairman Baars also reported that the committee had employed Mr. Choate to properly classify the old city records which had been authorized by the council, but that as yet the franchise of the Pensacola Water Company had not been discovered. Regarding some old papers the committee was given power to treat them as they saw fit.

The Franchise Committee.

The franchise committee returned to the council three ordinances, and in a communication stated that it did not see that the handling of these ordinances came within their province. These ordinances referred to the setting apart of a certain portion of the water front for a boom, the canceling of some outstanding script, and the widening of sidewalks in certain sections of the city. All were returned to the committee with instructions to pass upon them.

Another matter dealt with by this committee was the franchise asked for by Chas. H. Bliss and associates to construct and maintain a water works plant in Pensacola. The committee stated that it could not approve of the franchise offered, owing to the fact that in many instances the ordinance did not give definite information as to a forfeit, the territory to be occupied or the size of the pipes. The communication was ordered received and filed and Mr. Bliss is to be notified by the city clerk.

Matter of Fenders.

The question of the use of fenders by the Street Railway Company then came up for discussion, and was also later touched upon by Alderman Cahn. A number of aldermen stated that there were a few cars in use by the company that did not come up to the requirements of the city ordinances, and that an accident, resulting in the death of a police officer, had been the result of this negligence on the part of the company. Alderman McHugh also spoke of the manner in which curves were turned by the cars on the East Hill belt, and Alderman Maura, called attention to the fact that there were but three cars now running on the East Hill belt, while heretofore there were four, and that the ten-minute schedule was called for, was not being maintained. All of these matters were referred to the franchise committee with a request that a report be made at the next meeting.

A Lively Debate.

A lively debate occurred when the bill of Wicke & Co., for $97.00 was presented to the council, coming from the Board of Public Works, with a recommendation that it be paid, as the expense had been incurred in repairing some sewers. It was moved that the bill be paid, but to this some of the members took exception, stating that the regular course was to refer to the finance committee for investigation and recommendation. Another motion was then made to refer the bill to the committee and after considerable talk Alderman Reilly and Mayor Wellis, as well as a number of other members, engaged in a lively debate.

The mayor told the aldermen, that as mayor of the city, he had the power to approve and pay any bill less than one hundred dollars, but when he said this several of the aldermen wanted to know why he did not pay this bill instead of bringing it before the council. A number of motions and amendments were made, during which time Alderman Reilly took occasion to say that it was out of order to order a bill paid without referring to the finance committee, unless there was a two-thirds vote to the contrary, and also that so far as rules were concerned, there were no need of any as long as matters were conducted as at present. The matter was finally settled by Alderman Baars moving that the bill be paid.

The Sidewalk Question.

Marshal Schad made a report upon sidewalks, in which he stated that there were now under construction a large number of new sidewalks, and also that contracts had been awarded by property owners for a number of others. The report of the Board of Public Works was also referred to by the marshal, he stating that a test case was to be made on the contruction of new walks.

City Comptroller's Report.

The report of City Comptroller Morgan, in printed form, was presented as follows:

PENSACOLA, Fla., January 18, 1905.

To the Hon. Mayor and Council, City of Pensacola.

Gentlemen:—Below please find statement of receipts and disbursements for the month of November, 1904, with a detail statement of the expenses for the month; also a comparative statement of the floating debt on November 30, 1904, and October 31, 1904:

Totals	$28,384 18	$26,757 28

All of which is respectfully submitted.

GEO. T. MORGAN,
Comptroller.

New Street Railway.

The ordinance granting certain privileges and rights to Warren E. Anderson and associates for constructing and maintaining a street railway, was presented by Chairman Wright of the ordinance and engrossing committee. The city attorney in a letter recommended a number of amendments and these were read by sections, with the original ordinance and adopted, being referred to the ordinance and engrossing committee, with the request that the committee report to the council at the earliest opportunity.

More About Street Cars.

Alderman Cahn then brought up the matter of street cars again, and especially that portion relative to modern appliances with which the cars should be equipped, according to the franchise granted to the company. Some took the position that the marshal should see that the cars were equipped with fenders, but that official stated to the council that he could not make an arrest for such violation, unless so instructed by the council, and that it was up to the council to revoke the franchise if it was not complied with.

Alderman Moyer gave notice that he would introduce an ordinance relative to the burning of trash in yards at the next meeting.

A. H. D'Alemberte, city manager of the Pensacola Investment Company, appeared before the council and submitted a proposition on behalf of W. J. McPhail for the purchase of fifteen or twenty lots situated on the water front. The question was referred to the finance committee and city attorney.

A number of other unimportant matters were transacted, after which the meeting adjourned.

ITCHING ECZEMA

In July, 1883, I began to break out with Eczema on my head, legs and arms, and began treatment with local doctors, but did not get much relief. They said the disease had become chronic. I then quit them and tried various ointments and soaps for another two years, but as soon as cold weather came I was as bad off as ever, so I finally decided to let medicine alone, and for twelve or thirteen years did nothing towards curing the Eczema, except bathing. This seemed to do about as much good as anything I had tried.

During the time I lost about one-half of my hair. I began S. S. S. doubtful of a cure, because the disease had run so long, but soon discovered your medicine was doing me good, and continued to take it. I used seven bottles, when I was completely cured, not having a single spot on my body, which before was almost completely covered. F. C. NORFOLK.
1017 Hackberry St., Ottumwa, Ia.

The head, feet and hands are usually the parts affected, though the disease appears on other parts of the body. While external applications allay the itching and burning temporarily, it is the acids thrown off by the blood that cause the irritation and eruptions upon the skin. The acids must be neutralized and the system cleansed of all humors and poisons before the cure is permanent. S. S. S. is guaranteed entirely free of Potash, Arsenic and other minerals. Book on the skin and its diseases sent free. Medical advice furnished free.

NEWLY WEDDED PAIR SURPRISED

MR. AND MRS. EUGENE ARBONA SERENADED BY FRIENDS AND PRESENTED WITH SOME HANDSOME PRESENTS.

Mr. and Mrs. Eugene Arbona were tendered a serenade and surprise party at their residence on East Zarragossa street last night in commendation of their home coming from an extended wedding trip.

Mr. and Mrs. Arbona were seated in their sitting room when about fifty of the friends of Mr. Arbona, headed by Wyer's band, marched in and serenaded them.

Judge Landrum, in a few well chosen words, presented the happy couple with a very handsome manicure set, toilet set and music box, of fifty pieces.

Mr. Arbona thanked his friends in an appropriate manner.

Among the other presents received were a bronze clock, 12 cut glass tumblers and a handsome silver set. At the conclusion of the presentation refreshments were served.

SEVENTEEN OFFICERS AND MEN WERE LOST.

Tokio, Jan. 18.—The navy department anonunces that seventeen officers and men were lost with the torpedo boat commanded by Lieutenant Nagal in the attack by the Russian battleship Sevastapol at Port Arthur December 14. The commander of the Japanese third squadron reporting the details of the night attack on the Sevastapol December 14, said that while searching for the Russian ships a torpedo boat commanded by Lieutenant Nagal became lost from its comrade ships and there was anxiety for the safety of the boat and crew.

A GUARANTEED CURE FOR PILES.

ENGINE OF NEW TYPE A SUCCESS

"MONKEY MOTION" PATTERN HAS MECHANISM LOCATED ON SIDES OF THE ENGINE.

Ogden, Utah, Jan. 18.—A new type of engine known as the "monkey motion" pattern, has been successfully operated on the Southern Pacific. A train of 1,500 tons was run from Ogden to Wadsworth, Nev., hauled by one of the new engines.

The new type of engine was designed by Edgar M. Luckett, an employe of the Southern Pacific. All the driving mechanism is located on the sides of the engine, making it easy of access. The steam exhausts very rapidly and there is no back pressure. It is estimated that the new engine will save from 25 to 40 per cent in coal consumption, being able to run 54 miles with one ton of coal, as against 25 to 28 miles under the present system. The standard engines now in use can be changed to the "monkey motion," with but little cost.

Mr. Wm. S. Crane, of California, Md., suffered for years from rheumatism and lumbago. He was finally advised to try Chamberlain's Pain Balm, which he did and it effected a complete cure. The liniment is for sale by all druggists.

EXPLOSION OF MILL BOILER

Washington, Ga., Jan. 18.—Two persons were killed and two more very seriously hurt as a result of a boiler explosion, which occurred at Graves Mountain in Lincoln county yesterday.

The dead are:

William Martin, Jr., son of William Martin, who owned the saw mill.

Willie Johnson, colored, a saw mill hand.

William C. Martin was badly scalded about the face; not seriously hurt.

Another negro, whose name is not known, is badly burned about the body and arm broken. He will probably die.

Two other negroes who were standing near the engine at the time of the explosion, were blown over a rail fence, a distance of 20 feet, but not hurt, with the exception of slight bruises about their bodies. The engine and a small tool house were completely demolished by the explosion of the boiler, which was an old one.

Three doses of Bitter Apple Bitters a day and you can go into a swamp where chills hang on the bushes and you will not take them.

Members Pythian Building Committee.

You are notified that a meeting will be held Friday night, January 20th, at 7 o'clock in the office of J. W. Bullard, Castle Hall. Be sure to come.

H. HORSLER,
Chairman.

SIXTEEN-YEAR-OLD BOY MYSTERIOUSLY MISSING.

Valdosta, Ga., Jan. 18.—Charlie Fields, the sixteen-year-old son of Jerry Fields, living near Hahira, in this county, disappeared from his home about three weeks ago and his parents are greatly worried over his continued absence. Dilligent search has been made by the father of the boy, but he is unable to find an trace of the lad. It is not known whether the boy has met with foul play or whether he has voluntarily gone away, though his father states that he had no reason for leaving home.

Young Fields will be sixteen years old in July, and is well grown for his age. He has dark hair and dark grey eyes and is spare built. His father, whose address is Hahira, Ga., will pay a reward for information of ihs son.

Happy Results.

Have Made Many Pensacola Residents Enthusiastic.

No wonder scores of Pensacola citizens grow enthusiastic. It is enough to make anyone happy to find relief after years of suffering. Public statements like the following are but truthful representations of the daily work done in Pensacola by Doan's Kidney Pills.

Mrs. David C. Wilson, wife of Capt. David C. Wilson, of the tug boat Columbia, and residing at 26 South Reus street, says: "If Doan's Kidney Pills had not benefitted me nothing could induce me to recommend them either publicly or privately. I had a never-ceasing pain in the small of my back that made me nervous, and when I went about my work around the house the pain would be intense. Other symptoms of kidney complaint were noticeable and I decided to try to check the trouble before it became too deepseated, and I sent to Sidney Kahn's drug store, No. 9 South Palafox street, and got Doan's Kidney Pills. Their use strengthened my kidneys, banished the backache and prevented the langor and depression that I felt mornings. I could do my housework without suffering, and I regained my usual energy and health."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other.

EXCURSION TO-DAY.

Captain Bonnie Edmundson wishes to state that he will run excursions to Gulf Beach and Life Saving Station Thursday morning at 10 o'clock sharp. Launches Robt. L. E., Cupid, Edna S. and Nancy.

You should read The Journal's want columns this morning.

Our Tourist Friends

You have come to Pensacola because someone or something interested you in the Deep Water City.

You would not have come if you had not been interested and you would not stay here now if your later impressions did not justify your previous decision to spend the winter here.

It follows, therefore, that you are not only interested in Pensacola now, but you will in all probability continue to be interested after you leave and may possibly desire to return here for future winter seasons.

This being the case, you will want to keep in touch with the doings and developments in the Deepest Harbor on the Gulf, and no way can that be done so cheaply, easily, or satisfactorily as through the columns of

The Weekly Journal at $1.00 Per Year

The Weekly Journal is a consolidation into one paper of all the local and latest telegraph news contained in the daily, and it furnishes a medium for keeping posted on Pensacola affairs which can not be excelled in any other way.

You will probably want something of an artistic nature to carry home with you or to send to your friends. The Journal's last year's

Progress and Prosperity Edition

is filled with beautiful illustrations of the city and harbor, and can be purchased at any of the book stores or at The Journal office for 15 cents a copy.

The Journal will also shortly issue a special **Pensacola and Panama Canal Edition.** If you are not going to stay until it is issued you can leave your orders now, and copies will be mailed you at 15 cents a copy as soon as the edition appears.

You Are Invited

to call at The Journal office while in the city, get acquainted, and secure any information which you may desire about the city. The Journal office is open night and day, and you will always be welcome.
