WORLD'S NEWS CONDENSED

Nebraska has a democratic governor and democratic legislature, the first in twenty years. The election last year [illegible] od.

A New York married couple have decided upon a permanent separation because the man chewed tobacco and the woman kissed the cat every night. We don't blame the man.

Detectives have been assigned to guard the home of Justice Daniel Thaw Wright, who recently sentenced to imprisonment Gompers, Mitchell and Morrison; on account of numerous threats received by the Judge from labor leaders and their sympathizers.

There were 41,000 civil service appointments made by the United States government during 1908. To select from there were 167,000 applicants, which goes to show that a large number of "Young America" desire one of Uncle Sam's silver spoons. Of 39,000 rural mail carriers only 165 were dismissed for cause.

Indiana's Legislature convened Thursday for what will in all probability be the most important session in years. The Democrats have a majority and will elect a United States Senator to succeed Senator Hemenway, whose term expires March 4. Present appearances indicate the selection of John Worth Kern, who was the Democratic candidate for Vice-President in the last national campaign.

For the first time in a score of years Nebraska has a Democratic governor. Ashton C. Shallenberger was Thursday inaugurated as Chief Executive, and the event was make the occasion of a widespread jubilation on the part of the Democrats of Bryan's State. The Legislature which convened this week is also Democratic in complexion, for the first time in many years. Many radical measures will be taken up, among them a law to guarantee bank deposits, such as was advocated in the national platform of the party. The bill will be similar to that which is now in successful operation in Oklahoma.

Beach Hargis, whose recent trial for the murder of his father, Judge James Hargis, resulted in a hung jury, was fined $95 and sentenced to jail for twenty days by Police Judge Cardwell at Jackson, Ky., for getting drunk and shooting up the town on his return to Jackson the night he was liberated from jail in Irvine. In addition to this, his uncle, Floyd, and John Day appeared before Judge Adams and surrendered the young man on the $25,000 bail bond they had signed for him and at the expiration of his term in jail for the misdemeanor he will be returned to the Irvine jail, to await his next trial in April.

With a verdict of guilty in varying degrees the jury in the night rider trials reported Thursday night. The twelve men found Garrett Johnson, Tid Burton, Roy Ransom, Fred Pinion, Arthur Cloar and Sam Applewhite guilty of murder in the first degree with mitigating circumstances and Bud Morris and Bob Huffman, the other defendants guilty of murder in the second degree and fixed their punishment at twenty years in the penitentiary. The punishment of the six first named defendants was left to the court and may be death or life imprisonment. The defense filed a motion for a new trial which was set for hearing Saturday and was overruled. The court sentenced the six first named defendaats to death.

A $30,000,000 increase in the navy appropriation was agreed upon by the house committee on naval affairs. The following naval program for appropriations at this session was adopted: Two battleships of 26,000 tons' displacement, $20,000,000; five torpedo boat destroyers, $4,000,000; three colliers, $3,600,000; four submarines, $2,000,000; one sub-surface boat, $400,000. Total, $30,000,000. The two battleships are recommended by the committee, instead of four, as estimated for by the navy department. The estimate for destroyers was cut in half, the navy department asking for ten. An ammunition [illegible] repair ship and two [illegible] timated for by the [illegible] re refused by the [illegible] mates for the [illegible] our submarines [illegible] that the com- [illegible] boat. The presidential electors of the various states assembled in the State capitals, Monday and cast their votes for President and Vice-President of the United States.

The Duchess of Marlborough died Monday morning of heart failure at the home of Derpdene Dorking in London. She was a sister of Harry K. Thaw, of New York.

A young lady, bank cashier of Kansas City has been arrested on the charge of embezzling $4,000 of the bank's funds. The [illegible] woman is rapidly growing in [illegible].

The Turkish Council of Ministers has rejected Austria's offer of $10,000,000 indemnity for the annexation of Bosnia and Herzegovina. The action of the Turks put an end to the hope of a peaceful settlement of the differences between the Porte and Austria. A declaration of war is inevitable.

"Remember Carmack!" is the rallying cry of the temperance forces of Tennessee, who are gathering in the capital during the first week of the legislative session to demand the passage of a prohibition bill that will drive every saloon from the State. Only three Tennessee big cities are now left in which liquor can be legally sold, and there is every prospect that before long Memphis, Nashville and Chattanooga will be rendered dry.

Rev. John H. Carmichael, pastor of three Methodist churches, in and near Adair, Mich., confessed slayer of Gideon Browning, a neighbor whom he slew with a hatchet and cremated last Tuesday night in Battle Run church, committed suicide Saturday in the toilet room of Miss Miranda Hughes' boarding house at Carthage, Ill., by cutting his throat with a pocket knife. The preacher left a letter to the sheriff of Adair, Mich., giving details of the murder, dismembering and incineration of Browning, and ascribing the act to self-defense and moral cowardice, because of the hypnotic influence that Browning, an illiterate carpenter, held over him.

The following figures compiled by one who vouches for their being correct, will give some idea of the industrial progress of the south during the past year: "During the year there were completed and put in operation 594 new industries, having a combined capital of $32,219,450. Additions were made to 136 manufactories already in operation at a cost of $12,589,580. There were also 64 plants in process of construction, capitalized at $2,787,500. In addition, the cities and towns expended for general improvements and in permanent investments, such as street betterments, light plants, waterworks, sewerage systems, street railways, hotels, business houses, residences, churches, schools and banks, the sum of $79,656,855, this being $21,225,971 more than the amount expended for the same purposes the previous year. The total amount invested in industrial enterprises was $47,596,530, and the grand total of investments in industries and in the general city and town improvements aggregated $127,256,385.

OPPOSES THE BOND ISSUE

(continued from page 1)

the locating of public roads out of the hands of the people and assumes to locate roads in advance of any expressed wish of the people. Read section 13 and section 15. Again: read section 14 and tell the voters how the interest is to be provided for, how it is raised? Read section 10: "On or before the expiration of Thirty days?" Read section 19, the bond trustees are by this, forced into the banking business. Is this wise? Read section 5, "who shall hold for the term of four years and (hold what) until their successors are qualified." How? Read section 21, this section provides for the making of successors and qualifing them.

These bond trustees, or two bond trustees can make a bond trustee (section 21), for the county commissioners can act only in case the road bond trustees do not appoint (mark the term). The people of the district where the vacancy occurs have no voice in the selection of a bond trustee in such case.

Answer Mr. C. A. Robinson's question. His open letter strikes at the heart and core of the question. He is not a hurrah man. He is level headed. He wants assurance that $150,000 will build the needed roads and win a vote for bonds. No intellectual taxpayer, such as is Mr. Robinson, wants to rush blindly into an enterprise of such grave import to the county without some light.

Call off the present bonding election. Repeal this bonding law and petition the legislature to make it lawful for the county commissioners to levy a special road tax of 10 mills annually for ten years. This would raise $200,000 and at the end of ten years the county will have a system of good roads and no indebtedness. Is not this better than bonding? If not why not?

W. T. LAINE.
