Virus and Venom.

The difference between venom and a virus is very marked. Both are poisons and both of organic origin, but a venom is produced in secreting organs, commonly called poison glands, and is introduced into the system by means especially adapted for the purpose, such as stings or fangs. On the other hand, a virus is the result of disease or putrefaction and generally possesses the property of exciting in the system into which it is introduced the disease which produced the virus. A virus commonly produces little if any local disturbance. A venom generally causes great pain, often severe inflammation and swelling. Venom has marked local effect. Virus causes a general disturbance of the system.

His Text and His Talk.

Bishop X. had officiated in the college chapel, and, though his discourse was most excellent in itself, it had no obvious connection with the text. At dinner Professor Y. was asked his opinion of the bishop's sermon. "Dear old man!" he exclaimed. "It was truly apostolic. He took a text and then went everywhere preaching the gospel."

WALTON.

W. H. Lennard was the guest of his brother at Viking Sunday.

A number from Walton attended the minstrels at Jensen Monday evening and were well pleased.

Walton was not wanting at the polls on Tuesday. Some went to Jensen, whilst others to Fort Pierce.

Harold Racey, Jensen, was an afternoon visitor on Tuesday at the home of his sister, Mrs. K. E. Schuyler.

Mr. and Mrs. Sauerston and two daughters, who left the Inn for an extended trip down the coast and on to Cuba, have returned and will remain through the winter months, at the Inn.

Miss Engiand and the Misses Sauerstons, of Cincinnati, Ohio, were present at tennis at Strathvern, the home of Mr. and Mrs. R. T. Garrison, Jensen, Tuesday, January 31st.

Among the number that witnessed the game of ball at Fort Pierce Saturday afternoon, were Mr. and Mrs. W. W. Luce, Mrs. K. E. Schuyler, Miss Sawyer, Messrs. Bonnet, Lennard, and Tiele.

The tennis four are doing some remarkably fine work these days. "New brooms sweep clean" and the four are testing a new equipment of racquets, balls and net; surely it is expected that good work will follow.

Mr. Montgomery general agent for the Franklin Land Company, who has been residing at the colony Home for some time left for Southern points Saturday night. Jensen will provide him entertainment for several weeks to come.

One of the most enjoyable picnics of the season took place at the beach the 22nd, when the Mizpah and the Sea Gull carried to the far side a company composed of Mr. and Mrs. Miller Halloes and son, Walter Burr, Mesdames Walton and Waters, Misses Elva, Madge and Tomasine Waters, and Messrs. Donneely, Kittle, Underwood and Waters, of Mexico, Mo. The menu consisted of all the necessaries and many luxuries that go to make up an impromptu repast, and was eaten with a relish that old ocean never fails to impart to its visitors. The ocean was a new one to the visiting contingent of the party and wonderful tales like those of Hans Anderson will be told on their return to the interior. The day as to weather conditions was absolutely perfect. The varied sight of ships, shells, sharks, pelicans, etc., were all present and this will be no fake tale.
