

truck put his vehicle for weeks in the garage to be repaired and went on weekly collecting the money for it's hire from the government, drew my attention. Jamil Isa brother of the Minister of Justice, did not speak vaguely but used names and dates.

Awaken Windward Islanders and judge for yourselves. Swindle and theft in Saba encouraged and approved of is now understood. I slept well last night for now I understand why I fought so alone against dishonesty and injustice during my administration in Saba. I sought help and support from men who had one ambition: cover up and hide from publicity the abuse of public funds. Fix up, decorate and camouflage all corruption uncovered for each and everyone of the troop must be protected and those that protest must be destroyed.

In the next issue of the W.I. Opinion more details will appear.

My first cousin Carl Anslijn who is no more worthy to be a candidate in Aruba apparently was also by Minister Isa manoeuvred and pressured into campaigning against me although Carl Anslijn upheld me in my battle against theft and abuse of government property as can be read in his pamphlet of February the 6th, 1962.

Last night I saw and heard for myself the brother of Minister Isa denounce them and make public the corruption they tolerate. God does not pay debts with money. Yonder I see already the shining star of divine justice breaking through the night and I bow my head and give praise to my Almighty God who rewards good and chastises evil.

How can the deputy of Curacao Ricardo El Hage tolerate that his young brother is thrown in jail because he was involved in the theft of two goats while the Democrat Party allows thousands of guilders to be swindled by rotten politicians? Last night Minister Isa was termed as the Minister of INJUSTICE. Why could not deputy El Hage's brother be given a second chance? A young boy who through bad company perhaps got involved. No wonder it is reported deputy El Hage refuses now to go to his office! A young man is caught in something against the law and he is treated without mercy under the pretense of justice but corruption under cover can go on and if anybody dares to lift the curtain and reveal it they are sacrificed and if possible, banished.

He hath made mine enemies my footstool and my heart rejoices for even though I may suffer torture I have seen the day come already for the Hand that wrote on the tablets of stone "thou shalt not steal" has lifted the curtain and revealed in His mysterious way that justice triumphs eventually.

Your determined fellow-Windward Islander

Henry C. Every

DR. PETIT STOPPED BASEBALL MATCHES ON THE SPORT FIELD AT MARIGOT.

We were informed by a reliable source that Dr. Petit Mayor of Marigot has issued an order to the effect that no more baseball matches can be played on the Sport field at Marigot.

He gave as his reason for stopping this game on the French part of the island, that it is too dangerous; because the foul ball sometimes cross over the street and even drop in his yard which is close by.

In our opinion, by stopping baseball in Marigot Dr. Petit and his administration, which in the past spoke so much about doing something for the Youth of French St. Martin, has shown that they do not really care about the Youth.

We readily admit that without a "back-stop" it is a little hazardous to play baseball on the sport field at Marigot, but stopping the game is certainly not the solution. It would have been much better to have a back-stop built on the sport field, since this could easily be done with a few rolls of mesh wire. And if the administration cared about the Youth, it would have provided the field with a "back-stop" instead of stopping the game.

IS THE ADMINISTRATION'S IRON CHEST EMPTY Welln there is an answer for this also - We can still remember that in 1959 a big raffle was held, it was said that the profits from this raffle would be used to send a football team to Guadeloupe - We also remember that Dr. Petit, Frank Mingo and even Claude Wathey took active part in this raffle which was held on Nov. 11, 1959. According to reports over frs. 400,000.— were collected. We have never heard what happened to this money, we are sure however that it was not used to send any football team to Guadeloupe, and should therefore be still in somebody's "safe-keeping". So if the administration's iron chest is empty, we would like to suggest that some of the above mentioned frs. 400,000.— be used to build a back-stop at the sport field at Marigot.

Dr. Petit and his administration should know that baseball is a wonderful game, and that it can assist greatly in providing our youth, with SOUND MINDS AND HEALTHY BODIES.

On the behalf of the Youth we appeal to Dr. Petit and his administration to take the necessary measures so that baseball will soon be played at Marigot again.

POLITICAL MEETING OF THE W.I.P.P. AT THE ORANJESCHOOL YARD ON WEDNESDAY APRIL 25 AT 7:30 p.m. COME AND HERE THE FACTS. FAER GOD AND HAVE NO OTHER FEAR! LONG LIVE THE PEOPLE!!
