

their votes, the truth is that these helpless old people did not really cast their votes, because in all cases some one had to vote for them.

COME, FIRST SERVE.

\*\*\*\*\*

We have just mentioned a few of the many inhumane actions committed by the D.P. on June 4, 1962 - and we cannot help but ask the questions: DOES A VOTE WORTH IT???

\*\*\*\*\*

UNBELIEVABLE BUT TRUE

Sometime last week we were at Grand Case and in the course of conversation we were told that to have a certain house in this town hook-up with the electric plant it would cost frs. 45,000.-- (fl.180.--). We considered this high, and decided to check into the matter.

This we did, and were shocked to discover that to hook-up on the electric plant on the French Part of the island, one must pay according to the size of the house (the minimum charge for a two-room house is frs. 25,000.-- or fl.100.--) A certain gentleman had to pay as much as frs.100,000.-- or fl.400.--, to have his place hook-up.

By this we are now able to understand why so few people are enjoying the use of electricity on the French Part of the island.

BUSINESS THIS WEEK

SPRITZER & FUHRMANN LTD.

Spritzer & Fuhrmann Ltd. which over the years have owned the name of "The Jewelers to the Americas" opened a Boutique-shop in the heart of Philipsburg on January 30, 1961, at that time the shop consisted of one section which carried mostly jewelry. Three months later a second section was opened which carried mostly gifts.

To-day at Spritzer & Fuhrmann Ltd - three times winner of the Diamonds International Award, you will find treasures from every corner of the earth - at prices that cannot be matched.

JEWELRY Masterpieces of the jeweler's art ... crafted with sparkling diamonds and precious stones. Gold compacts, cigarette cases, cufflinks, tie clips and charms.

It was a touching spectacle to see at what level men and women would stoop for the sake of a vote, and many considered the exposure of these old stork and helpless people to such conditions, as crimes against humanity.

We shall site a few cases: Mrs.

Marcellina Beatrice Milton, born Rombley, an old lady of 91, who is blind and has been confined to her bed for many years due to ill health and who resides at Over-de-Pond - Emily Ernestine Jacobs, is 90 years and has been confined to her bed for many years due to ill health, she is the mother-in-law of Deputy Milton Peters and resides at Cole Bay - Mrs. Isolaine Robinson, born Arrindell, of Sucker-Garden is 82 years and has been ill for a long time - Mrs. Clementina Solomons born Holman, is now dead, she died 5 days after she was taken from her home in Cole Bay and brought to Philipsburg to vote (for someone to vote for her) - Helen Augusta Smith was brought from the hospital in the ambulance on a stretcher, but when she got to the voting bureau, those around protested so vigorously at this type of inhumanity that those who had brought her got ashamed and took her away.
