

Would like to extend our most sincere gratitude and appreciation to the Rev. Sister Louis, and Rev. Sister Marie, the Rev. Mother Superior, and to the entire staff for the kind and most humane manner in which these most sympathetic Sisters have performed their act of first aid on

wisdom, and knowledge, be increased in the good works that they are doing as to bring cure to the sick, and ease to the suffering.

Once more we are saying many thanks to all that were concerned, for all were very kind.

God bless you all, and keep you all to the safety of our community.

Sylvain Gumbs & Family

To the Editor of the Windward Islands Opinion:

January 16, 1964.

In behalf of the entire family and relatives of the late MISS FRANCES HODGE, I'm hereby taking this opportunity; to say a word of thanks, in appreciation to all those that paid the last tribute of respect, to our dear beloved one.

On the beautiful Sunday morning of January 12, 1964; not long after arriving from church, my grandmother Miss Frances E. Hodge, paid us a visit. We were indeed delighted and very much amused by her presence, she looked so charming; had you seen her, you would not have believed that she was 88 years of age.

She seemed to have had her visits all planned; for approximately 2-weeks previously to the above mentioned date she had visited her daughter Mrs. Ianta Richardson living at Cole-bay; she was indeed glad to have had the opportunity to visit her grandchildren and great grandchildren at Cole Bay.

I heard her having quite a debate with my mother, Mrs. Octavia Richardson, finally she asked my mother to accompany her to the home of her youngest daughter Miss Ethel Lake, however, due to unforeseen circumstances my mother was unable to accomany her. The next thing she did was to inform my aunt, Mrs. Maude Elanders, of her departure, they kissed, and hugged each others in good spirit. Then off she went with her grandson, Calvin Lake, who drove a blue, "Volk-wagen" very slowly to his Mother's home at the "Madame" as it is called.

Taking her out of the car, she was greeted by a throng of little grandchildren; she was indeed happy to see them all and so were they. They gladly answered the many questions she asked - escorted by her daughter Miss Ethel Lake;

our little baby son (Daniel Sylvain) until the presence of our, competent doctors, could have been obtained.

Our little baby was taken to the Marigot hospital in a critical condition and was ordered to be hospitalized along with the mother immediately by the Rev. Sister Louis of the Marigot hospital.

This Rev. Sister, who by experience and skill, seems to have acquired the knowledge of a good doctor, gave us her words of hope, and confidence, that with

God first and the Doctor, herself and aids, our little boy, would soon be out of danger.

Instantly her work of survival was started on the little baby boy. Our competent Doctors took over on their arrival, and after one week in the hospital, we could have boasted the hopes of a first baby son, among many little daughters.

Our thanks go out to God first, while we pray for his continued blessings on all the abovementioned, so that their
