"AS THY DAYS SO SHALL THY STRENGTH BE"

The limited time given to man to live, is three scores and ten years, but if all goes well, the old man Brother Phiup Henson at the "Sweet Repose" will make a century on December the 24th, 1964. Yes; on December 24th, he will be one hundred years old - Centurions are not born in every generation. This is a special blessing - a great privilege. The last Centurian we had in this district was the late Hesteen Romney. She was highly honoured on that day. I can remember when the then Acting Lt. Governor, W.G. Buncamper, Deputy M. Peters, Deputy A.C. Wathey and ex-Deputy A.Th. Illidge attended the occasion. Illidge made the speech - after which she was given a present from the Ex-

cutive Council, one guilder for each year. And then refreshment was served. It was a pleasure to talk with her. She was a very intelligent woman. Herself, Elizabeth Illidge and Classina Richardson's mother, were Mas. Luke's three outstanding scholars -- She could read, write and sew without any difficulty at one hundred years old - In this ofcourse she has the advantage over Bro. Phiup.

I also hope if God spare his life to see the day we will also make him feel happy on his hundredth anniversary. I always knew him to be an honest quiet and Christian man, a peace maker. We sat in the same class in the Church for a number of years - Bro. Willie was head Leader, Bro. A. Bryson and Bro. Phiup were assistant Leaders - At that time, all the men sat in one class - each had to give up his experience. We have been friends for approximate fifty years - If his son visits him 3 times a week; each time he will send howdy for me. There is nothing like gratitude, it is one of the finest
