

# GRADUATE STUDENT WORKSHOP ON SUSTAINABILITY ACROSS THE CURRICULUM

Bonnie Smith, MS  
University of Florida  
Libraries

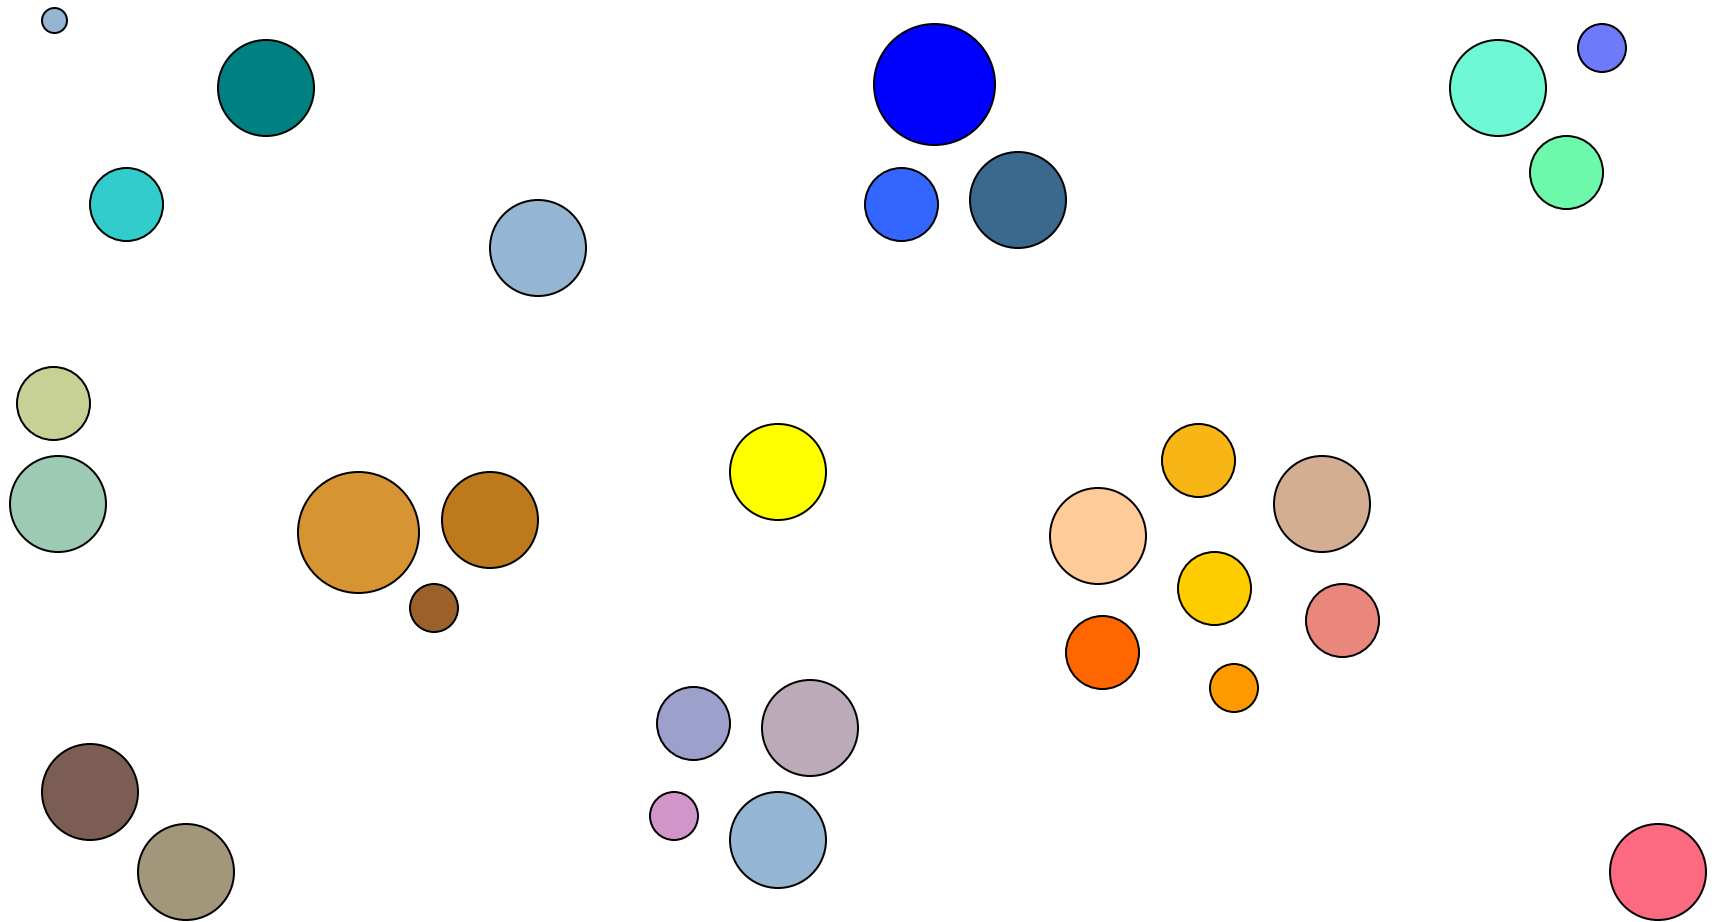

William Wise, PhD  
University of Florida  
Environmental Engineering Sciences

Presented at the AASHE 2011 Annual Conference – October 10, 2011

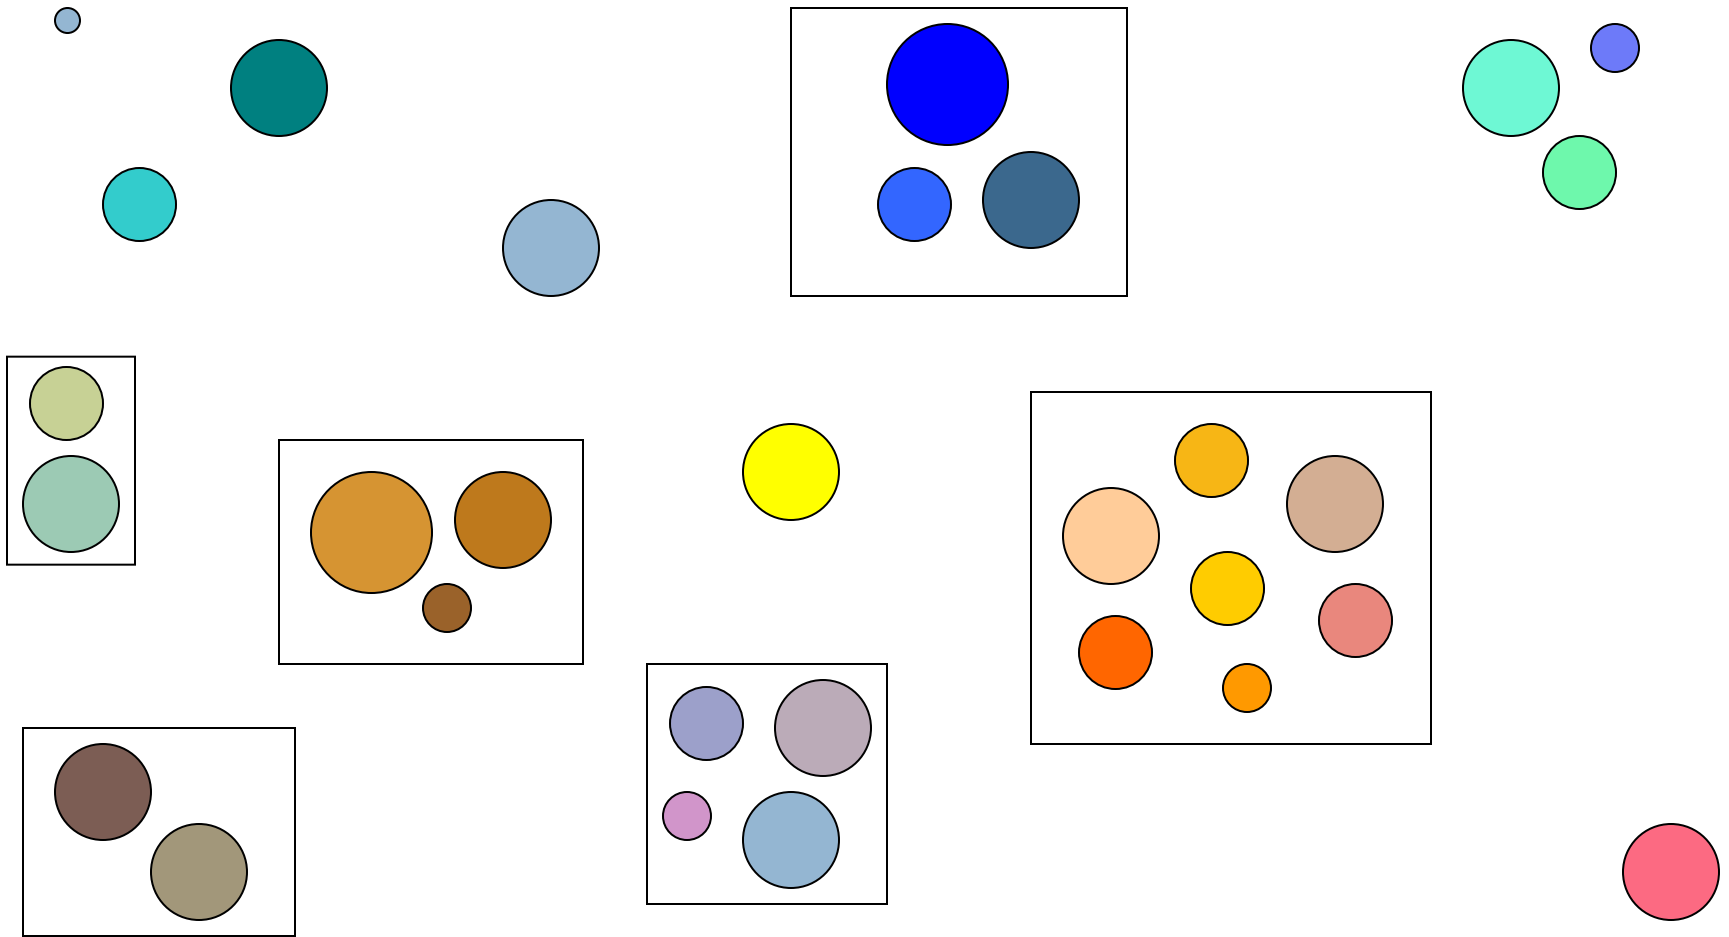

# Sustainability Across the Curriculum

- Education for sustainability
- Interdisciplinary & Cross-Disciplinary
- Educate wide numbers of students with themes related to social, economic and environmental sustainability
- Provide the education and skills necessary to achieve sustainable communities
- Provide resource materials for chosen careers

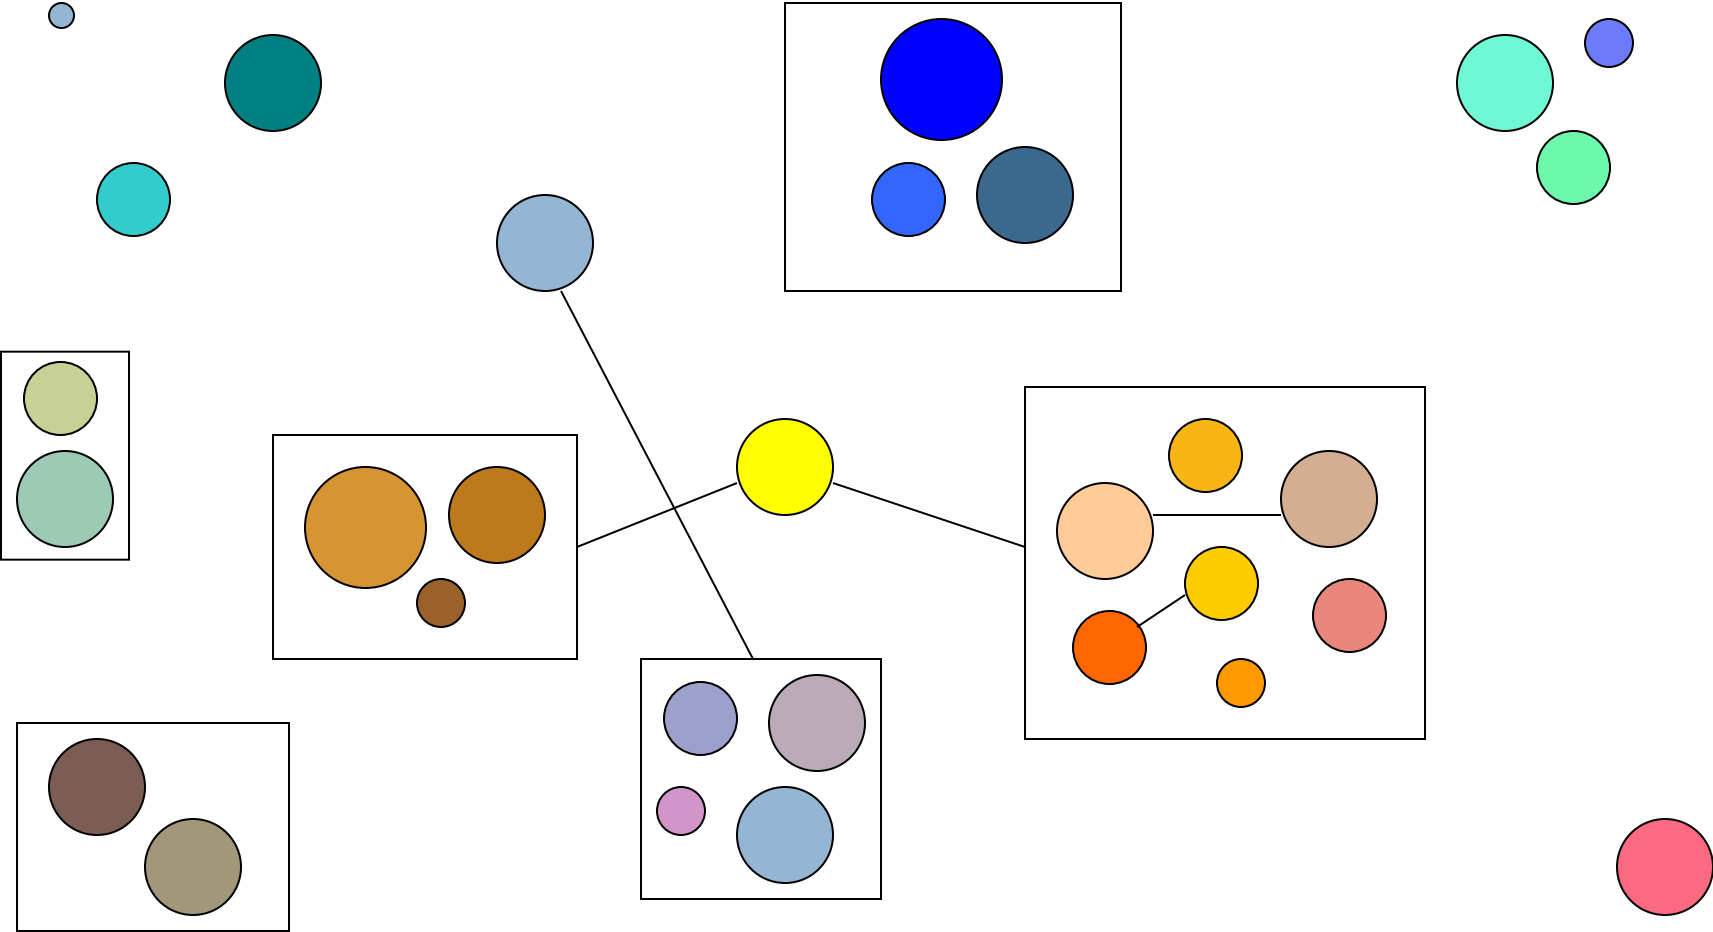

# Old School Sustainability Contacts

# Old School Sustainability Contacts

# Current School Sustainability Contacts

# Sustainability Fellows at UF

## The Prairie Project

Sustainability Fellows 2010

Sustainability Fellows 2011

# Graduate Student Program

G

O

A

L

S

- Professional development
- Collaboration/networking/inter disciplinary research
- Campus stewardship and resources
- Community

# Graduate Student Program

## Content of the Program

- Theme
- Local experts
- Internal experts
- Activities
  - ▣ Discussion
  - ▣ Breakout session
  - ▣ Collaboration

# Graduate Student Program

## Content of the Program

- Reading
- Social and environmental movie
- WORKSHOP
  - ▣ Book sharing table
  - ▣ Exit survey

# Graduate Student Program

## Logistics

- Secure institutional support
- Call for committee members
- Invite graduate students to be on committee
- Funding
