increases in customs dues and the collection of imports on coffee and imported liquors. He estimated these would produce revenue for the Government of \$1,000,000.

When we make a study of the details involved in these several problems, we hope to be able to suggest some changes in any of our living conditions. We oppose any intrusion on the part of the Panama merchants, especially the plan of increasing our commissaries. We oppose any change in our present method of purchasing commissary goods by cash or any other method.

Our Government permitted the placing of Panama specie in certain of our commissaries, paid for by the Chamber of Commerce of Panama. We regret this invasion of our territory as it leaves a wedge for future and greater intrusions. Therefore, we have petitioned the Government to ask for the withdrawal of these specie from our commissaries.

It is our belief that every citizen of Panama should have an opportunity to participate in the commerce of the Republic. We believe that the high duty system is detrimental to the commerce of Panama.

BATTING ORDER
BROOKLYN: Johnson, Grifflin, Griffith, Meyer, Kuntzky, Kilduff, Miller, Grimes
CLEVELAND: Wandy, Speaker, Burns, Carlsner, Wood, Sewell, O'Neil, Bagby

HOW THE RUNS WERE SCORED

Grimes, pitching for the winners, was never in danger. His twirling featured a game that would have been otherwise listless.

In the first inning Johnson singled. He stole second on the next pitched ball. He scored a moment later on Wheat's double to left center.

In the third Grimes lifted a ball over the right field fence that went foul by inches. On the next pitched ball he singled sharply to left.

The fifth inning opened with a single by Olson. He went to second while Johnson was being tossed out at first. Griffith doubled Olson for the third run of the Brooklyn team.

This relief of Bagby in the seventh inning when Jameson batted for the defeated pitcher.

Manager Speaker declared he would pitch Lovelsko against the Brooklyn tomorrow and send Bagby back against them on Friday.

Do You Know That? Of the 1,000 baseball fans who patronize Jimmie Dean's Park Cleveland to win the series while 100,000 pick Brooklyn to win.

Robinson doesn't care any more about winning the series than a cabinet maker does about a million-dollar melon.

If this speaker can catch one of Shetland Smith's fast balls just right in today's game, that gang out in the bleachers is gonna point to the fence and go on singing "Over the Hill."

At Brooklyn is excited over the World's Series, so we're told in the city. But the Downside fans don't see a motion picture in this.

The Indians started as suddenly as the nickel piano used to start at the club and stopped just as abrupt.

He had the heavy sluggers on the Indians looking as soft as a sense trying to open a Yale lock with his hands. They missed, his quick moves more than Uncle Ike would miss the automatic.

This kind to have Bagby repeat yesterday's feat but repeating isn't so simple in the city of chimneys and baby carriages at present.

Two teams absorbed to Cleveland to play the third and fourth series. And if the Indians can't win the next two games the series is as safe as the Home Guard.

Being one of those playing birds who wear their pants out on the bench, don't get into the series at all and then drag down three or four thousand from men.

The P. O. B. E. will hold a meeting of the Board of directors Saturday evening at the club house at the Stadium at 7 o'clock.
