MEMBERSHIP IN LEAGUE MAY BE INCREASED TO FIFTY SOON

ADMITTANCE OF LETVIA AND ESTHONIA APPROVED BY THE LEAGUE'S POLITICAL GROUP

Applications of Lithuania and Hungary Adjourned Pending Delegate Hymann's Efforts to Settle Yuma Dispute and Arrival of Count Apponyi.—Political Committee Also Decided to Recommend Clause Protecting Armenians if Treaty With Turkey is Signed.

GENEVA, Sept. 15. (By The Associated Press.)—The membership of the League of Nations will be increased to fifty as regarded as certain should the Assembly adopt the recommendation of the political committee which today decided to approve the admission of Letovia and Esthonia to the League. The applications of Lithuania and Hungary were adjourned, the committee deciding to await the report on the result of Delegate Hymann's efforts to settle the Yuma dispute which is expected to be completed Monday, although Hungary's application will come up again on September 23, when Count Apponyi arrives and furnishes the information the commission requires.

To Protect Armenia
The political committee decided to recommend to the Supreme Council to include in the eventual peace treaty with Turkey a clause safeguarding the interests of Armenia.

The finance committee is scrutinizing the expenditures of the League Secretariat as well as the Labor Bureau. The committee today asked Albert Thomas, head of the Bureau, how it happened that although the United States is not a member of the League he employed a number of Americans. Thomas replied: "I found a number of remarkably capable men in the United States and if I can find more like them I will take them wherever they come from."

The preponderance of Britishers and Frenchmen in the Secretariat and also in the Labor Bureau was severely criticized by the smaller states. The committee will probably recommend that as far as possible all states represented in the Assembly have a proportionate representation in the executive organizations.

Thanks Assembly
During today's session of the Assembly before Edward, head of the Chilean delegation, thanked the Assembly on behalf of the Chileans for the four successive majorities given Alvarez, a Chilean, Wednesday during the elections of judges and deputy judges for the International Court of Justice, and he remarked that the deadlock which ended Wednesday's session showed how wise is the provision of the Court's rules providing for a joint conciliation committee in such cases.

Faunt thanked the Assembly on behalf of the people of Albania for admitting his country into the League.

The majority of the orators are continuing their demand for the widest possible publicity of the League's activities and of the discussions on the questions brought before the Assembly.

Judge Shorthall Sets Fatty's Bail At 5000 Dollars

Movie Actor's Attorney Declares Sensational Developments Expected Involving Prominent Persons Outside Movie World.

SAN FRANCISCO, Sept. 15. (By The Associated Press.)—The Grand Jury yesterday returned a verdict of manslaughter against Fatty Arbuckle, who is charged with having caused injuries to Miss Virginia Rappe, which resulted in her death. Judge Shorthall fixed bail at \$5,000.

It was said today that it now rests with the prosecution whether the murder or manslaughter charge will be pressed. In the latter case the testimony of Miss Belmont will be thrown out.

Arbuckle yesterday had lost none of his self-confidence though his "famous" smile was not in evidence.

Attorney Dominguez, counsel for the defense, yesterday declared that Arbuckle would be released on bail and that some sensational developments could be expected which would result in the arrest of persons outside of the movie picture world.

The State Attorney General is reported to be receiving numerous letters and cables from every corner of the United States urging him to have the case tried in the city hall and the guilty parties given the fullest extent of the law.

Police Court Friday

SAN FRANCISCO, Sept. 15. (By The Associated Press.)—The coroner's jury which returned a verdict yesterday charging Fatty Arbuckle with manslaughter in connection with the death of Virginia Rappe, cinema actress, consisted of nine members, one of whom returned a minority verdict saying that "the injuries resulting in the death of Miss Rappe were caused by the application of force, but I am unable to say who applied it."

Two charges of murder and two charges of manslaughter now rest against Arbuckle who although apparently deeply moved, received the verdict of the jury without comment.

District Attorney Brady announced last night that he had not decided what course he would pursue regarding the murder complaint in view of the manslaughter charges, but that he expects to settle the matter before Friday when Arbuckle is scheduled to appear in police court for the purpose of pleading the murder charge.

Arbuckle when seen yesterday by newspapermen refused to give out a statement.

How He Made His Pile

Fatty Arbuckle is reported to be worth about \$100,000. That is the amount on which he pays taxes. Fatty hasn't always had this money, in fact, twelve years ago, we might say, he was on his uppers. Fatty first came into prominence at Mat Goodwin's cafe in Long Beach when he answered to an advertisement in the papers stating: "Wanted: A man to marry an unknown woman on New Year's eve, which was to be a part of the celebration and for which he received \$25. At this time he was working in a livery stable at Long Beach for ten dollars a week, an his nephew, Al St. John, was employed in the same place as a messenger boy.

SINN FEINERS WILL CONFER ONLY AS SOVEREIGN PEOPLE

WASHINGTON, Sept. 15. (By The Associated Press.)—President Harding called his Cabinet today to discuss the situation in Spain on the occasion of the celebration of the centennial of the independence of those republics.

GRAFT SCANDAL DISCOVERED IN COLON

Attorney General of Nation Goes Across to Windy City and Brings Over Books Believed to Contain Sensational Evidence.

As the result of developments of a number of less sensational cases, a search out of the red carpeted out of the city of Colon, the Attorney General of the Republic, don Osvaldo Lopez, yesterday went over to the Atlantic side to make a personal investigation into the matter.

Attorney General Lopez, called on the Governor, the Mayor and the Chief of Police and returned yesterday on the five o'clock train bringing over ten account books and certain numbers of loose leaves written in Chinese. These books, it is said, contain important information relative to the hiring of certain public employees of the city of Colon.

Books Withheld, Report
An informant report last evening was to the effect that thirty pages in one of the books had been removed while these were deposited in one of the public offices in Colon. However, it was impossible to get a statement from the Attorney General last night, owing to the fact that the case is still under preliminary investigation, but when he was acquainted with the above report, he refused to confirm or deny it.

The Attorney General last night declared that the translation of the books would begin as early today as was possible.

DEPARTMENTS GET PROBE COMMISSION'S REPORT TO WAR SECRETARY

Two copies of the Special Commission, who investigated the administration and conditions on the Panama Canal, have been received by Governor Morrow. One copy with him when he left for the States last Monday. The other copy has been divided and the parts concerning each department have been forwarded to the Department heads for comment.

BERLIN GREET CENT. AMERICA

BERLIN, Sept. 15. (By The Associated Press.)—President Ebert in behalf of the German government today cabled his congratulations to the presidents of Salvador, Nicaragua, Guatemala and Honduras on the occasion of the celebration of the centennial of the independence of those republics.

MOROCCANS HAVE DESTROYED RAILROAD TRACK FROM NADOR TO BATEL BELONGING TO FRENCH MINING COMPANY AND WRECKED TELEPHONES.

MELILLA, Sept. 15. (By The Associated Press.)—The Moroccans have destroyed the entire railroad track from Nador to Batel belonging to a French mining company and at the same time they tore down the telephone wires, cutting them into fragments.

Confirmation has been received of the news that the Moroccans intend retiring from their advanced positions when the Spanish begin their real advance, of which today's operations were merely preliminary. The Spanish objective was expected to be attained without difficulty, and the movement was executed with perfect efficiency. The occupations of the line from Basque to Las Arbas gives the Spanish column a point of departure for a fresh forward movement whose objective has up to the present been kept a secret by the high command.

SECY. OF PUBLIC INSTRUCTION DECLARED A CONTRABANDIST BY INSPECTOR ALVARADO

In Statement Issued Yesterday, Inspector General of Vigilance Corp to Prevent Smuggling from C. Z. Commissioners, Declares Cabinet Minister Violated Article 3 of Law 28, Buying Four Pairs of No. Five and a Half Shoes in Ancon Commissary.

Colonel Victor Manuel Alvarado, Inspector General of the Vigilance Corps established to prevent smuggling from the Canal Zone into the city of Panama, makes the following statement relative to the action taken against Secretary of Public Instruction of the Republic of Panama J. B. Duncan.

SCHOOL OPENS ON CANAL ZONE OCT. 4

No Free Transportation to and From School This Year—No Funds Provided Pupils Must Supply Own Expendable School Supplies

All children over 6 years of age residing in the Canal Zone and children of American citizens residing in Panama or Colon will return to school again on Tuesday, October 4. The children of silver employees not living in the Canal Zone and not citizens of the United States are not entitled to Canal Zone school privileges.

Schools for colored children will open at La Boca, Pedro Miguel, Las Cascaidas, Panama, Empire, Gatun, and Cristobal.

Parents of pupils attending the Canal Zone Schools for the first time should prepare the following information and give the slip of paper containing the same to the pupil to hand to the teachers on the first day of school. 1. Pupil's name; 2. place and date of birth; 3. date of arrival on the Isthmus; 4. city or town and state in which pupil attended school, if pupil has previously attended school; 5. name, check number, occupation and address of parent or guardian. Pupils who have attended school in the States should, if possible, submit their report cards from such schools.

No Free Transportation. Transportation can be provided on trains or otherwise, as no school funds have been made available for such purpose. Accordingly it will be necessary for pupils to furnish their own transportation.

INVERNESS MEETING OFF

"Nation Formally Declared Independence," De Valera Says Therefore Irish Can Only Attend Conference as Representatives of Free Nation.

Lloyd George Announces Cancellation of Conference Considering Sinn Feiners Demand As Impossible Admission on Govt. Part.

LONDON, Sept. 15. (By the Associated Press.)—Eamon de Valera's letter to Premier Lloyd George declares that the Sinn Fein are willing to enter a conference, but only as representatives of a sovereign state.

Conference Cancelled.
LONDON, Sept. 15. (By the Associated Press.)—The arrangements for the proposed Irish peace conference at Inverness have been cancelled, but the negotiations have not been suspended.

Premier Still Hopes.
With the extreme consideration for his opponent he has shown throughout the negotiations, the Premier is still careful not to close the door to possible future parleys, and even gives the Irish leaders the simplest time and opportunity to reconsider their position.

The Premier declared that there is but one answer to the claim which would be equivalent to Great Britain acknowledging Ireland's right to negotiate a treaty of closer association with "some other foreign power" and he mildly reproached the Irish people for not making a single step to get generous advances from His Majesty's government. The whole of the letter in fact, reveals that the Premier still retains hope of favorable developments.

PART FREIGHTER

The U.S. George Washington, with a load of grain, passed through the Canal today going to Christiania. This is a new style of vessel for freight service, and it typifies just what the owners wish to see their clients the best that is obtainable. The Washington is 65 feet long and has a gross tonnage of 2,116 tons. It is powered with Diesel engines of the German type and makes 18 knots an hour. In comparison with other ships of the same size which burn from 140 to 150 barrels of oil a day, the Washington burns only 70 barrels. She is painted white and is a credit to any merchant marine; in fact it is one of the cleanest boats we ever saw. Fred Olson and Company here representing Swedish agents.

Judge Shorthall—

(Continued From Page 1)
used, and then return them to the stable.
On the occasion the company desired a man to dive off the Long Beach Pier and Fatty volunteered to make the jump, receiving the princely sum of \$2. Shortly after this he went to work as an extra at \$1 a day and it was a long, hard pull before he really could say he had a job.
A lot of tiresome and perseverant made Fatty, who in turn made Al St. John. But Fatty has never forgotten his friends as many people do.
Fatty has hundreds of friends because he was always willing to help anyone, particularly the ex-service men when they first came back.

Admittance Of—

(Continued From Page 1)
legation, was read to the Assembly by President Van Karsnebeck, who announced that appointment of the experts, Senious, of Italy, Penalta, of Costa Rica, and Urrutia, of Colombia, to give their opinion on whether the Assembly is competent to discuss the revision of the Treaty of 1903.
Belvia's letter withdraws the question entirely from this Assembly as the experts will report to the third Assembly.
They Suffered Keelbed Nerves—Nervous afflictions are usually attributable to defective digestion, as the stomach dominates the nervous centres. A course of Dr. Kellogg's Vegetable Pills will still all the disturbances of this character, and by restoring the stomach to normal action relieve the nerves from irritation. There is no sedative in Kellogg's and in the correction of irregularities of the digestion process, no preparation has done so effectively work as can be testified to by the following:
—Agnes Evans.

TRANSPORT MIHEL SAILS TODAY FOR GOTHAM

There was a large crowd at the docks last night to witness the departure of the transport St. Michel for New York.
The St. Michel is carrying 1,200 troops and passengers, which is record number for any boat from the Isthmus to the States.
The Coast Artillery Band was on hand to wish its commander, Colonel H. E. Cloke, bon voyage. He is taking his son, Harold, to the States to enter college.
The 12th Cavalry and the Marine who came down on the Prometheus were all on board. Major Weston Mudgett, the commanding officer of the 12th, had charge of the troops and Major V. S. Clark in command of the marines.
Other passengers from the Canal Zone were: Captain and Mrs. E. Cheal, Commander E. A. Kane, wife and children, Major and Mrs. Frank Warlock, Colonel Walter Patten and son Major H. F. Patten, Major Edmund P. Dowd, Captain Gaston, Captain and Mrs. Tolson, Captain and Mrs. Starr, Commander and Mrs. Harrison Johnson, Mrs. L. S. Knudson, Rhoads, Turner, Thee and Vida.
Previous passengers the St. Michel carried 500 tons of cargo and commanded by Captain E. O'Connell.
The U. S. S. General Graham, mine planter and tug, arrived at Balboa and departed for New York. The General has aboard a cargo of anti-aircraft guns for use on the Canal. It is built for special service in the Canal and is commanded by Captain Edward G. G. and Captain W. Evans.

WEST INDIAN NEWS

CHALLENGE TO SUSSEX C. C.

On account of rumors which for the past week has been engaging the attention of the Britannic Club relative to scheduling an engagement with Sussex, Britannic desires to inform Sussex that Nov. 1 will be suitable to play a match in the Baseball Park if they so desire, for which arrangements can be made in time to prepare for the game.

SIR ERNEST SHACKLETON INCLUDES WEST INDIAN PRODUCTS IN SUPPLIES

Sir Ernest Shackleton remains faithful to cane sugar, says Belize Independent. Included in the supplies of the Shackleton-Bowett expedition will be a quantity of West Indian crystallized sugar from the Royal Estate, Trinidad, presented by Mr. Thomas Prentice through Messrs. E. D. and F. Mann. The sugar, which is of the finest quality, is being packed by the West Indian Produce Association of 14, Greenchurch Lane, London, E. C., which similarly handled the sugar presented for the Arctic Expedition of 1914. The sugar is carried in 14 lb. tins packed in venesta cases, three tins to a case. It was the adoption of this system that enabled the sugar to be salvaged when the "Endurance" was crushed in the ice pack in October 1915.

SPEND PLEASANT EVENING

A very pleasant evening was spent at the Eureka lodgehall on Wednesday, 14th inst. The evening's exercise consisted of initiation of two candidates and installation of officers in connection with the Ruth Chamber No. 1, working under the Central America district of the British United Order of Moose Templars.

The following officers were installed:
 Sisters: E. Genera, W.Z.M.; E. Braffitt, W.A.Z.; A. Clarke, W.S.; L. Babo, W.A.S.; E. Stuart, W.T.; A. Murphy, W.G.; R. Williams, W.M.; E. Benjamin, W.W.; M. Allen, W.L.G.; Laura Hall, W.O.G.; M. Lander, P.W.Z.M.; C. Boland, P.W.Z.M.; R. Francis, S.P. W.Z.M.

RIISING STAR LODGE TO HOLD RALLY

The Rising Star Lodge No. 2311, Order of Druids Friendly Society, will hold a Rally representing "Flowers" on Saturday night at the Druids Lodgehall, No. 20th St. Central Ave. in which a cordial invitation is extended to all kindred societies and the public to attend. Admission free.

TO MEET SUNDAY

An extraordinary meeting of the Loyal Star of Colon Social of the Improved Independent Order of Old Fellows, London Unity, will be held at the usual meeting house on Sunday, the 19th inst. at 6 p.m. A large and punctual attendance of the members is requested.

SANITARY COMMISSIONER FOR THE WEST INDIES

Commenting on the subject of the West Indian Conference recently held in British Guiana for the purpose of discussing important problems concerning the general health of West Indian countries, the Nassau Guardian says among other things: "Of the subjects discussed the most interesting appear to be the appointment of a Sanitary Commissioner for the West Indies, the unification of the medical services, the effect of emigration on the general health of the islands and extent to which they are being denuded of their best stock. The latter subject offers much food for reflection for the loss of the more vigorous elements in the population cannot fail to have its effects in time on the physique and industrial efficiency of those left behind. Together with this question the introduction of disease by the returning tide which the countries have been recently warned to expect and opens up a wide field for investigation and education. The authorities and those who have the welfare of the West Indian colonies at heart is at present formulating plans to offset the trouble which confronts them with the hope of receiving support and encouragement for which they deserve."

GOLD TIME AT CLUBHOUSE

This evening, the 16th inst., we have been promised the pleasure of hearing Professor R. E. Dean's orchestra at the Basket Ball dance at the Cristobal Silver Clubhouse. "I don't want no Tailor Made Man," a new Fox Trot composed by Professor Dean, will be the special attraction on the program.

As a composer of music Professor Dean is well known to the public; he has also proven to be a sensational pianist with abundance of technique and intelligence. It is hoped that there will be a large turnout of music lovers to hear this musical treat.

DANCE AT PARADISE CLUBHOUSE TONIGHT

Tonight there will be a jazz dance at Paradise Clubhouse, one which is supposed to be the best for the season. Martin with his full Jazz Band will furnish all of the latest blues.

PENNSYLVANIA SAILS

The U. S. S. Pennsylvania left this morning to join the Pacific Fleet at San Francisco.

Miller's Worm Powders do not need the after help of castor oil or any purgative to complete their thoroughness, because they act thorough in themselves. One dose of them, and they will be found palatable by all children, will end the worm trouble by making the stomach and bowels unattractive to the parasites. And not only this, but the powders will be certain to exert most beneficial influences on the digestive organs. Adv.

AMERICAN KILLED IN MEXICO

Special to the Star and Herald.—An American named Richardson, who has been employed as foreman at the hacienda of James Hart was found murdered. Native weapons were used and the suspicion is that some of his employees killed him. A rigid investigation of this is being made and the guilty parties will be punished.

CHILDREN'S KIDNEY TROUBLES

Children as well as adults are subject to kidney trouble, and DOAN'S BACKACHE KIDNEY PILLS are a thoroughly reliable remedy. Some children inherit kidney weakness. In others it is the after effect of a disease or infection. Perhaps the most common effect of kidney weakness in children is lack of control over the bladder, causing bed-wetting and similar annoyances. Never punish the child, this only makes matters worse; the mishap is excusable.

DOAN'S BACKACHE KIDNEY PILLS are very successful in children's cases. Half a pill after each meal and at bed time is generally sufficient. Break the dose into small pieces if more enjoyment is taken. Avoid over-exercising and excessive liquid at bed time during treatment with DOAN'S BACKACHE KIDNEY PILLS.

DOAN'S BACKACHE KIDNEY PILLS are used and recommended in all civilized countries throughout the world and are sold by all Druggists.
 Foster-McClellan Co., Buffalo, N. Y., U.S.A.

COMMANDER RYDEN TAKES CHARGE ALONE

A representative of the Star and Herald called upon Commander R. W. Ryden, new Superintendent of the Mechanical Division, and found him amply engaged on work. We found him a very courteous, approachable official, a man that apparently knows his work and will produce good results.

Commander Ryden is a man of large experience in naval work, having served in the United States Navy in several of the Navy Yards of the United States and in the Philippine Islands, and he speaks and writes Spanish fluently. We find him a man of generous disposition, but of firm decision and a most energetic, hustling man. He has exchanged places with the late Superintendent, having been in charge of a department in the United States Navy Yard at Portsmouth, N. H.

Commander Ryden was born in the city of Des Moines, Iowa, and

EXCELSIOR THEATRE.
 TODAY—FRIDAY, SEPTEMBER 16—TODAY

 "Los Galabazos" and "A que me contrafia Usted."

graduated from the United States Naval Academy at Annapolis, Md., in 1895. After several years of service in the Navy he was transferred to the Construction Corps in the United States Navy. He served in the United States Navy Yards at Philadelphia, Pennsylvania, Norfolk, Va., and at Olongapo, Philippine Islands, also in the Navy Department at Washington, D. C.
 As we were leaving, we wished the Commander every success in his present position, and he has desired us to state that he can not be succeeded without the cooperation of the employees of the division of the Panama Canal. Among the passengers of the Cristobal, Mrs. Wesley Jones and son, and wished that their daughter, Mrs. George Stackhouse and Captain Barnell.

WHAT'S DOING ON THE ATLANTIC SIDE

CARIFFE WINS IN STRAUSS MATCH

"Secretary's Revenge" Match At Mount Hope Between Crack Revolver Shots in Atlantic Side Club Results in Victory For Jackson's Mixologist.

CRISTOBAL, September 15.—Cristobal, while the title team from the Atlantic side suffered a defeat Sunday on the Fort Clayton Range by the team representing the Ancon Balboa Gun, Rifle and Pistol Club, the day did not pass however without some glory for The Atlantic Rifle and Pistol Club. That much looked-forward-to and talked about revolver contest, known on both sides as "The Secretary's Revenge Match" took place on the Balboa Range Sunday afternoon, the results being a successful vindication for the Atlantic Side Secretary, Mr. J. V. Cariffe. With all due respect to Mr. Strauss' ability as a revolver shot it has been suggested that he get in a little more secret practice before he again issues a challenge to that man Cariffe. And as Mr. Strauss puts it, "Cariffe beat good and plenty but he was shooting as he never had shot before, he surprised me. I am looking ahead now for a return match."

The results. Possible 200—5—5—100. 15 25 50 Total yd yd yd Cariffe, J.V. 50 98 93 191 Strauss, J.R. 19 39 80 108

In trying to redeem some of the club's prestige Mr. Wallbridge challenged Mr. Cariffe to a 25 and 50 yard contest, the result was very unbecomingly to the Pacific Siders. (Possible 100) 25 50 Total yd yd Cariffe, J.V. 50 47 97 Wallbridge, 17 41 87

Not being entirely satisfied with the above results Mr. Wallbridge again challenged Mr. Cariffe to a "left handed" contest to be fired from the 50 yard mark. (Possible 50) 50 Total yd Cariffe, J.V. 50 50 100 Wallbridge, 37 37 74

While waiting for train time many of the members who had travelled over to compete in the rifle match participated in a special exhibition practice contest Mr. W. W. Johns led the field with a 189 x 300 (94.5%). The rest of the scores speak for what they show. (Possible 200—5—5—100) 15 25 50 Total yd yd yd Johns, W.W. 50 47 92 189 Rath, C.H. 50 46 86 184 Wallace, F.L. 50 45 87 182 Stages, D. 49 46 87 182 Cariffe, J.V. 47 46 86 181 Wallbridge, 30 46 82 178 Bloomstrand, 19 45 77 171 Strauss, J.R. 19 45 77 171 Kralick, A. 40 47 72 108 Rehno, J. 46 38 45 129

WRESTLING SATURDAY CRISTOBAL, September 15.—Homer Baker has arranged another series of wrestling bouts to take place at the Gatun clubhouse on Saturday evening at 8 o'clock. Entries so far, have been received from Vance Field, Fort Davis and Battery A at Gatun. Contestants must weigh 150 pounds at ringside and the A.A.U. rules will apply to all contests. F. H. Townsend, former middle-weight champion of Tennessee will referee and Secretary Nearborough of the clubhouse has arranged to provide accommodation for those who wish to stay over night at Gatun. It will be catch as catch can and a gold medal for the winner and a silver medal for the loser in the finals. Corns cripple the feet and make walking a torture, but cure relief in the shape of Hollaway's Corn Remover is within reach of all.

ATLANTIC WOMEN WILL NOW FEED 'CON' PATIENTS

Cristobal Womens Club To Open Free Soup Kitchen for Patients of Free Clinic Who are Suffering from Malnutrition and Need Sustaining Food At Once.

CRISTOBAL, September 15.—The Cristobal Womens Club, which a few weeks ago opened up the free clinic for the poor of Colon, has made a discovery. These good women who are administering to their poorer neighbors have found out that in many cases, illness and suffering have been brought on or in any case aggravated by the fact that many of their patients have been starving. A case of consumption was sent across to the Santo Tomas Hospital this morning. It was the dreaded white plague—plus lack of food and nourishment, added to this there was lack of employment and a rent bill unpaid. It takes a Cristobal Womens Club to tackle such a combination as this. Colon pays into the national treasury some million and a half dollars every year, yet her poor must starve and die by the way-side of consumption for all some of the higher authorities in the capital seem to care.

Greatest Of These The man, whether the most unskilled laborer who cleans up the road, who has worked and then falls by the way side, should be cared for by the government until he is able to take up the hoe again. It is not charity. It is an obligation which the State owes its citizenry. The man has invested in the State probably his all. He has worked and he has paid his proportion of taxes and then finds himself sick, friendless and broke. The rich man has not given the State his all. He has just paid a tithe or less than a tithe. And the Cristobal Womens Club is holding the fort. Like Horatius of old this truly worth while organization is holding back death, starvation and misery, and like Horatius it is doing its work single handed, until the Legions in the shape of Government assistance come along to their help.

The Cristobal Womens Club is spending some \$400 in repairs to Gilbert House and it is building a shed on the Gilbert House grounds where a soup kitchen will be opened and here will be served free nourishing soup, all thick and sustaining, coffee and bread to all the patients who are given a ticket at the clinic.

The Cristobal Womens Club has appealed to President Porras for help in its free clinic. Panama has its Santo Tomas Hospital, but on the Atlantic side the poor man or woman who could not get a doctor or could not get an official pass to Santo Tomas Hospital, must fall by the wayside and die. The Atlantic side believes that Dr. Porras will not hear the plaint of his poor fellow citizens on the Atlantic side in vain.

COMMUNITY SOCIAL AT CHURCH TODAY. CRISTOBAL, September 15. Another of the jolly community socials is to be given this Friday evening at the Cristobal Union Church at old Cristobal and it will commence at 8 o'clock with every member of the church and friends are cordially invited. Mr. George M. Sauerwein, Jr., said this evening that it would be a most enjoyable social evening. There will be music, refreshments, singing and games and it will be free to all. The vessels Raine and Tonique belonging to the Curacao Shipping Company are both at the shops undergoing repairs. These boats were British monitors during the war and are now being used by the Anglo Mexican Petroleum Company at Curacao. They fit the Dutch flag but are officered and manned by former British naval men.

PUT PRISONERS ON ROADS SAYS PABLO ORILLAO

Monte Lirio land Owner Claims Authorities Should Use Prison Labor to Connect up Limon and Providence Villages With Cativa Distance Of Some Seven Miles.

CRISTOBAL, September 15.—Don Pablo Orillao, dairy farmer and land owner in Monte Lirio as well as one of the best known business men on the Atlantic side, said today that the Atlantic side needs two roads built without delay.

"First," said Don Pablo, "We need a road between Cativa and the towns of Limon and Providence. Then we need a road from Cativa to Porto Bello."

Mr. Orillao said that he considered that the civic authorities should use the prison labor. He believed that there were some sixty men available and added that a number of vagrants could be picked up and put on the work as well.

Prosperous Farming.

Mr. Orillao said that Limon and Providence were two prosperous settlements. That of Limon was a native settlement and Providence was a West Indian settlement. They were hard working people running their own communities, but were almost cut off from the city as they had to cross the lake by small boat to Monte Lirio and then bring in their goods to the city by train to sell them, costing much money and delay.

He thought that these people were entitled to a road to Colon via Cativa. They numbered in all some 1,000 souls and they were busy as bees all the time producing fruits

ATLANTIC SOCIAL NOTES

CRISTOBAL, September 15.—The Society of 40 men and 8 horses met together at the clubhouse Wednesday night to check up on the condition of the candidates who went through the initiation on Sunday morning.

Mr. E. A. Nash, many years with the British American Tobacco Company at Panama City, has been transferred to the Atlantic side to look over the company's interests in Colon and Cristobal and is staying at the Washington hotel.

Dr. A. C. Hindman, the Panama Canal district attorney, has been spending two days on the Atlantic side on official business.

Frank Raymond said today that he received his scholarship at the Syracuse University through the energetic action of Homer Baker, who took the matter up for him.

Mr. Baker is the physical director of the Gatun clubhouse and is a 100 per cent American in every way.

General C. R. Benavides, who sailed on Costa Rica yesterday for Costa Rica is a former president of Peru and has been staying on the Isthmus at the Washington hotel with his family and brother since he was deported from his native country by President Leguia. His wife and family are now stopping at San Jose and he and his brother have come up to join them.

and vegetables for the Atlantic markets.

The authorities have the tools, I cannot understand why they do not get busy and commence building some sort of a road at once. Every little will help, it only needs initiative. Don Pablo said

CIRCUS TO AID BOMBEROS FUNDS

Proceeds of Chicago Wheel Merry Go Round and Other Attractions at Colon Park Annex This Evening and Tomorrow to go Towards Fire Station Building Fund.

CRISTOBAL, Sept. 15.—With the construction of a four story building next to the Central Fire station on Seventh and Broadway and with the completing of the new fire alarm system the Colon Bomberos find themselves again short of money for the allowance made them from the national treasury is short of the amount needed as is being very often the case of late. It means either a half finished job or the corps putting their shoulders to the wheel and getting in at least a couple of thousand dollars.

As it was in the beginning is now, but we hope will not always be. Chief Enrique Vallarino and his officers have started a campaign to cover the deficit and Harry Will, the owner of the circus at present in Colon park annex has very kindly offered two days receipts toward the fund.

General C. R. Benavides, who sailed on Costa Rica yesterday for Costa Rica is a former president of Peru and has been staying on the Isthmus at the Washington hotel with his family and brother since he was deported from his native country by President Leguia. His wife and family are now stopping at San Jose and he and his brother have come up to join them.

A Worthy Gift.

When it is considered that Mr. Will came up from the Peruvian territory, celebrations recently considerably out of pocket and in fact he had to pitch his tent in Colon in order to get back to the States, it will be seen at once what a generous offer he has made.

The Bomberos are issuing tickets at one dollar each and these entitle the bearer to a strip up on the famous Chicago wheel, from the top of which they can almost see the president's palace in Panama.

There will be 21 temples in all represented in the city of the Golden Gate, but only those from the eastern States will come via the Panama Canal, but this should mean at least 5,000 officials and today as some temples alone are sending no less than 2,000 delegates.

Two very charming Panamanian societies have joined this staff of the new Colon Park Kioska. They are the Misses Arabela Hurtas and Ester Lefort.

Colonel Goke, commander of the Atlantic Coast Detachment sailed yesterday on the St. Michel and will be much missed by a host of friends. He is taking up his son Harold.

Another stunt night is being planned for the Cristobal Army and Navy A.M.C.A. on Tuesday evening. The service men always look forward to these evenings and Secretary Tyson is planning something very special for Tuesday.

Those who were initiated into the mysteries of the Society of 40 Horses or 8 Men on Sunday passed through experiences which they will not soon forget and it seemed to remind many of them of their visit to France.

First they were asked if they had ever been to Brest and if they replied in the negative they were told that they would now go there, and a positive reply brought the rejoinder "Then you will pay Brest another visit."

First they went before the "Gruff" Board, then they went through to Brest, where it is said it only rains once a year and then for 365 days, while after this, barbed wire entanglements and a trip through the third line trenches were parts of the program of initiation of these brave legionnaires.

Dr. J. H. White, the eminent American surgeon who sailed for the States yesterday coming here from his months visit to Peru, spoke very highly of Dr. M. E. Conner, once in Panama but now in Guayaquil.

The wrestling tournament which is to be held at the Gatun clubhouse this Saturday evening promises to be a success in every way. Homer Baker is arranging the details and it will be open to all Canal Zone amateur wrestlers who must weigh in at 150 pounds at ringside.

The bouts will be staged after the moving pictures. A V.V. rule will prevail and gold and silver medals will be given to the winner and loser in the final bout.

HERE AND THERE

Every thing in the dear old city seemed the same to Gales after his absence of four years as a prisoner of war in Germany. The old church, the village pump, the ducks on the green, the old men smoking their pipes while the women talked it was so restful after the treatment he had received at the hands of the enemy.

Suddenly he missed something. "Where's Hodges' other windmill?" he asked in surprise. "I can only see one mill, and there used to be two."

The native gazed thoughtfully around as if to verify the statement. Then he said, slowly: "They pulled one down. There weren't enough wind for two of 'em."

We are wondering, now that the round of going away parties has come to an end, for the present any way, how we are going to fill two columns each day or put into circulation any more adjectives than have already danced attendance upon Mrs. Kintner and Mrs. Willis. The latter was among those who sailed on the Gen. Gorgas yesterday, and is returning to her old home in North Carolina. Mrs. Willis, the mother of Mrs. Donald Patterson, had many delightful attentions showered upon her during her sojourn here on the Isthmus for Mrs. Willis is one whom any one with a love of beauty and attractiveness would turn around to look at and mean to admire.

Commander and Mrs. Patterson, and Mrs. Barr were among those who went over to Colon to tell Mrs. Willis good bye when she sailed on yesterday.

We have to expect these comings and goings when living in a land that connects at least four worlds, the north, and the south, the east and the west and is a gateway where very few linger long before passing through to other lands and peoples. As George Ade says how, "If the All-wise arranger had meant for you to look out of the same window all the time, he wouldn't have given you legs."

With this introduction warning you that you must not expect quite as many paragraphs as usual, we will tell you some of some of the parties that have taken place the past forty eight hours that were not going away parties at all but welcoming ones. The morning bridge, followed by luncheon at Mrs. Blackburn's yesterday was a honor of a very charming visit.

Mrs. Rodman will add much to the pleasure of the many she will meet while here with her very attractive and charming manners. Asked to play bridge with Mrs. Rodman on Thursday morning at Mrs. Blackburn's.

LINEN AND FANCY lingerie for ladies and little girls.—NINA WASTELARI, 5th Street, No. 12.

Backbones were Mrs. Ryden, Mrs. Otero, Mrs. Rucker, Mrs. A. W. Brown, Mrs. Henderson, Mrs. Kerr and Mrs. Heald; and Mrs. Rodman and Mrs. Henderson were the winners of the attractive wicker basket prizes. Mrs. Cook, Mrs. Rodley, Mrs. Holman, Mrs. Curry, and Mrs. Cruise came in at half after twelve to join the bridge players at lunch. You may be sure too that a delicious one was served with beaten biscuit and ginger punch which were served along with many other delicacies for which Mrs. Blackburn is famous.

In honor of another charming visitor to the Isthmus, Mr. Jefferson Davis Major and Mrs. Malbury asked a number of their friends to dine on Thursday evening. Unfortunately, however, Mr. Davis was detained in Colon on business and could not be present. The dinner was an unfortunate one to miss for it was such a delightful one and the tables so very artistic in effect. Brilliant zinnias were used as a centre piece on the large round table, and four candle-sticks with red candles furnished the beautiful light. After dinner a number of rubbers of bridge were played each taking their turn cutting in to play and the pleasures of the evening were continued until a late hour. The Malbury's guests were Mr. and Mrs. A. F. Morris, Colon; Mrs. L. S. Leasing, Major and Mrs. Harrison, Mrs. Conner, Mr. R. K. Morris and Mr. Paul Wilson.

A number of new attractive officers and their wives and families arrived on the transport, and a number of them are already feeling quite at home at Fort Amador. The Wednesday night bridge club there was responsible for much of this home being for a number of the new officers and their wives attended the past Wednesday evening meeting. Among the new comers present were Captain and Mrs. Brand, Captain and Mrs. Blackwell, Captain and Mrs. Rutledge, and Lieutenant Myers. Mrs. Pritchett was one of the only visitors present but Lieutenant and Mrs. Hanchett who also returned on the transport were also there to be welcomed home again. Captain and Mrs. Bucher were the hosts on this occasion and Mrs. Patrick who won the first prize for the women was presented with a black satin card.

FASHION SHOW AT MASONIC TEMPLE NEXT MONDAY

Bowdry's Colon Store to Put On Enlarged and Improved Show Among Lines So Successful in Panama.—Young Women Models, Rehearsing Parts.

A fashion show similar to that at Bowdry's in Panama on September 6, which was so successful that the exhibition was continued over on the following day, is to be given under the supervision of the Colon store of Bowdry's on Monday next, September 13. It is to be held at the Masonic Temple downstairs in the afternoon.

Young ladies to serve as models in exhibiting the various styles have been engaged and are being rehearsed. The show will feature gowns and Bowdry hats. Please understand, Betty Wales dresses, and Goodwin corsets in which Bowdry's special sizes and will also include evening dresses, bathing suits and sports clothes from other stores as well as Bowdry's.

Mr. Barnes, in charge of the exhibition, is arranging to show all the features of the successful Panama show, with some additions of new features and to improve on the exhibit in points which were pointed out at the Panama exhibit. The show will be a reception with a luncheon tea, and Mrs. Barnes is giving a general invitation to the friends of the Isthmus to attend.

THE CRIMSON STAIN MYSTERY

At last we have a serial of merit. The Crimson Stain Mystery, a serial which is the feature attraction at the Cecilia Theatre for the matinee this afternoon and the evening performance, full of thrills and action with a large cast, Maurice Costello as Harold Stanley assisted by Ethel Grandin as Florence Montrose, in this picture one of the topics of our everyday life. A tale of the news-paper world in New York City with all the necessary action from the underworld. Showing the numerous crimes committed in the shadows of Broadway that harried the whole Police Force of New York. Per La Rue in Crimson Stain is one of the victims of Dr. Burton Montrose, a scientist whose theories did not turn out as he expected, the result being most disastrous to the public at large.

ANCON AND BALBOA

On Saturday, Messrs. A. J. Thompson, proprietors of the Ancon Play grounds, together with fifteen of the children, went on a wonderful hike up the Lago River, leaving Ancon at 8 a.m.

Arriving at Moratorium, they crossed the Canal, then hiked along the bank of the river, until they arrived at a lovely swimming pool. During their bathing suits they were soon splashing about with joy. Then the rain came pouring down, which only added to their pleasure, as swimming in a rain storm is a very happy event, no sun just water everywhere; but when they awoke it was a different story; and but finding a shade and dry place under the trees along the bank they played games, and of course enjoyed the ever ready lunch they carried; and also picked and ate native fruit. On the return they reached Ancon about four o'clock, and were somewhat tired.

DOVAREE FAMILY SAILS

Mr. and Mrs. Joseph L. Donahue and family, of Balboa sailed yesterday on the S. S. Gorgas for New York. Mrs. Donahue will go to the Peter York Inn, Boston, Mass., and under Dr. Bennett's operation on her leg. She had been complaining of having violent headaches for some time past and is on being examined at the Ancon Hospital it was found that nothing would relieve her trouble but an operation. The Peter York Inn, Boston, Mass., specializes in her operations and it is considered that her recovery and convalescence will be very much more rapid there than if a local hospital. Her many friends sincerely hope that she successfully recovers from the operation and return to the Isthmus within a short time in good health.

SPORTDOM

(By Long Shot.)

The failure of Henry Sullivan, of Lowell, Mass., to swim the English channel on his fourth attempt, recalls the efforts of swimmers from all corners of the world to accomplish the feat.

Only twice in history has the restless stretch of water given way to the efforts of aquatic stars. In 1875 Captain Matthew Webb, an Englishman, crossed from Dover to Calais in 21 hours, 35 minutes. He was favored by a light wind and a comparatively calm sea, actually swimming about 32 miles.

The distance across the channel at the narrowest point, Dover to Cape Gris Nez, a French headland in the Pas de Calais, is about 20 miles but swimmers are compelled to zig-zag in combating the waves and tides.

The second successful attempt to cross the channel was made on September 6, 1891, by William T. Burgess, an Englishman by birth, but a naturalized Frenchman. Fifteen times previously he had attempted to make the perilous swim. On the sixteenth he swam from South Foreland, Dover, to Le Chatelet, a little village two miles east of Cape Gris Nez, in 22 hours, 35 minutes. He covered about 60 miles.

Burgess' feat was considered even more wonderful than that of Captain Webb, in that he met with the most adverse conditions. In mid-channel he was stung severely by jelly-fish and became ill and was ready to abandon the swim. When but a short distance off the French coast he met the ebbing tides and battled for three hours before reaching slack water.

Two other men said to have accomplished the feat could not prove their claims. Captain Davis Dalton, of New York declared he swam the channel in August, 1890, covering 60 miles in 23 hours, 30 minutes. He claimed to have swam the entire distance on his back, and to have been so blinded by salt water that his sight was impaired for months afterward.

Sam Mahoney, of Revere Beach, Mass., asserted that he swam from Sangatte, France to South Foreland, in September, 1908 but this was not proved.

Jabez Wolfe, the veteran English swimmer has made 21 unsuccessful attempts to cross and is planning another. In September, 1908, he arrived within sight of the Calais pier but became ill and was taken from the water. He had been in the water 23 hours.

In August of 1908, James Mearis, the Scottish swimming champion, nearly lost his life in the swim. He was ill and drowning when rescued by friends in mid-channel.

Montagu Holbein, of England, tried seven times to cross. In 1903 he arrived within a mile of Dover after swimming 22 hours, 21 minutes, giving up because of exhaustion.

Annette Kellerman, a native born Australian, called the world's greatest woman swimmer, made several attempts without success. She now is a citizen of the United States.

Rose Pitouf, of Boston, went to England in 1912 with the avowed purpose of conquering the channel waves but never found conditions favorable and returned to America.

Many others of lesser note have tried and failed. Sullivan has declared he will make another try in September. Omer Perrault, of Canada and Tiraboschi, the Italian swimmer, are training for the event.

Will Panama Have A Champion?

The city of Panama and Colon can boast of some splendid base ball players, chess champions, cricket stars, also golf and tennis. But on the day arrived when Panama can

claim for one of her native sons a championship in the batie line?

The question is a hard one to answer. Hard indeed until we see a little more of Ramon Arrosemena in the prize ring. But even so, the staunch admirers of the Panama lad are bold enough to say that within a year he will be the undisputed heavyweight champion of South and Central America. Wise boxing experts shake their heads and say, that this young Panamanian boy needs more ring experience, that he needs to learn a little bit more of the tricks of the trade before he could compete against a sure enough titleholder.

But why so, what's the use of letting him fight second raters all the time? And knocking them into the land of nod. Terrible Terry McGovern battled himself into a world's title in one night. So did Johnny Kilbane. Jim Jefferies was a boiler maker in Frisco until one day Bill Delaney saw him work, a year later Jefferies was a world's champion. Arrosemena looks like a sure enough top notcher, he is fast, can hit, and is a fine ring general. Still we dare not say any more, not just yet. But on the level, he is twenty five per cent better than Manuel Sanchez and the eyes of every native of Panama will be watching his ring career, and they will be wishing him good luck.

NORFOLK WINS FROM GREG

Kid Norfolk, former heavyweight boxing champion of the Isthmus, and who is being touted as one of the world's heavy weight contenders, won a big victory the other evening at Forbes Field, Pittsburgh. Norfolk gave Harry Greg, the Pittsburgh cyclone, a beating in a ten round bout which went the distance. Reports say that Norfolk won the first seven rounds. Greg was dropped for a short count in the third round, which is the second knockdown he has experienced since he has been in the boxing game.

A great gathering of fight fans saw the conflict, which was staged on Greg's home town. This battle had been postponed three times owing to the sickness of Greg.

Reports say that Greg never laid a glove on the Kid in the first seven rounds, but in the seventh round, the Pittsburgh boy kind of got the range of the Norfolk speed.

Norfolk's next battle will be with Billy Miske. It will be staged in Boston on the 15th of next month.

KILBANE FIGHTS FOR TITLE

Eyes of the boxing world will be turned towards Cleveland, Ohio, on Saturday evening of this week. In that city Johnny Kilbane, feather weight champion of the world, will defend his title against Danny Frush the little speed king.

Reports from that city say that many of the fight experts believe that there will be a new king of the featherweight division crowned. As Danny has showed wonderful stunts in his training, Kilbane is the last of the old champions that holds a title. It has been many months since he has been forced to fight a boy who was considered dangerous, and due to this fact the bout is creating all kinds of interest.

Johnny will receive a purse of fifty thousand dollars, win, lose, or draw, his opponent is taking a chance on the gate for his end of the purse.

The battle is looked for 12 rounds.

Mothers can easily know when their children are troubled with worms, and they lose no time in applying a reliable remedy. Mother Graves' Worm Expeller.

CLASHY FIGHTS SATURDAY

It is a sort of an "All Star" fight show which Promoter Ansell will serve to the fans tomorrow evening at the Pan American A. C.

It's hard to figure out which bout is the most talked about among the fans, the 15 round championship go between Sailor Ashmeade and Kid Costa, or the ten round clash between Hanson Arrosemena, "The Panama Kid" McGary, and Soldier Cummings, of Fort Clayton. It appears that the bouts are the main topic of conversation all over, and those who want to get the choice seats should be on the job early, or else reserve their seats now.

The promoter has received a request from several of the Panama business men to hold the Arrosemena and Cummings bout over until after nine o'clock, so that they may see it. Accordingly the promoter states that the Panama favorite and the soldier champion will not enter the ring until nine fifteen. So this will give the many admirers of Arrosemena a chance to see him travel against one of the toughest lads on the Isthmus. If he beats Cummings Saturday, Arrosemena will at once jump to the front with a claim for a battle with the lightweight champion of South and Central America. It remains to be seen whether or not one of Panama's native sons will have the opportunity to fight for a title.

The six round curtain raiser to tomorrow night will feature Soldier Cassie, of Corporal, against Kid Cook of Fort Amador. It's a great fight card, and should draw a bumper attendance.

BIG FIGHT AT AMERICAN HOTEL

On Saturday Evening, September 17th, at the American Hotel, Charlie Cantor has arranged a prize fight that is the talk of the Isthmus. He has brought together two of the greatest female swimmers the country has known. Ethly McNasty and Pickling Pike, they are to fight for the Championship of Fozay Bottom, or somewhere around there. They are to work in at the ringside at 133 lbs. "She Dud" will referee the bout which will go for fifteen rounds, and it is promised by the promoters that the audience will see something that they have never witnessed before. Both fighters have said "I will win with a knock out." The fight starts promptly at 11:30 P. M. Saturday night.

PLANNED OF SPORT

In the state of Minnesota lives a girl whose name is Lilly. And the letters that she writes nearly drives a fellow silly.

Jack Dee intend to run a battle between Eddie Ryan and Bob Fox. Jack says that all he has to do is to get Eddie to sign up.

The other day in New York a fellow named John Rumm married a girl by the name of Maud Gunn. Let's see where did we hear these names before?

Captain Sam Ashmeade is coming over to visit us on Saturday evening. He will be the guest of just a few at a little party to be held at the Pan American A. C. Both Ashmeade and Costa will be dressed for the occasion with a pair of five ounce gloves.

This week in Cleveland Ohio Johnny Kilbane, actor, auto mechanic, real estate man and champion featherweight boxing of the world, will meet Danny Frush, an English Hebrew featherweight. What Johnny will do to this gent remains to be seen, but we think he will do plenty.

The lady bather had got into a tiff and she couldn't swim. Not could the young man on the end of the pier; but when she came up for the first time, he caught sight of her face, he could shriek, and he did.

"Help!" A burly fisherman spluttered to his side.

"There!" he sobbed cried the young man. "My wife! Drowning! I can't swim! A hundred dollars if you if you can save her."

In a moment the burly fisherman was in the sea. In another he was out of it, with the rescued lady bather. "Thanking his lucky stars, he approached the young man again.

"Well, what about the hundred dollars?" he asked.

But if the young man's face had been ashen gray before, now it was dead white as he gazed upon the features of the recovered dame.

"Yes, I know," he gasped. "But when I made the offer I thought it was my wife who was drowning."

and now now it turns out it was my wife's mother!" The burly fisherman pulled a long face. "Just my luck!" he muttered, thrusting his hand into his trousers' pocket. "How much do I owe you?"

BASEBALL NOTES

"Hook" Holden, who used to do mound duty in the Panama Canal League last year, is now pitching for the Springfield team in the Eastern League. Said to say, he is not going very good of late.

McFarland, pitching star of the Panama Ancon team, is also with Springfield. He was once and a while.

Haven't had a line from Joe Snooks in several weeks. Last time he wrote and stated to friend McVinn that he intended to go to Alaska. Maybe Joe kept his word and got snowed in.

BASKET BALL

Hand it to Quarry Heights. For the boys from the Hill gave the 1910 of Amador a beating Wednesday evening, to the tune of 24 to 17.

It was a rattling good game all the way, and was enjoyed by a big crowd of fans. The first half the score stood ten and ten. During this period both teams played like trojans, and the excitement ran at fever heat.

In the second half the Quarry Heights five showed the good results obtained by their practice games with the Ancon team, for they shot in plenty of good team work and their basket shooting was just splendid.

It was either teams game up to the last period, then things began to happen a plenty. At the end of the third period Quarry Heights was only two points ahead. At the commencement of the last period Ames, the Heights guard, started the ball rolling with a brilliant basket. This was followed by Mandorf, who registered the best shot of the night. Neville then copped one, and these points won the victory for the boys on the hill. Rummell for Amador made the only basket in this frame for his team. This player did excellent work for his team, and Kirkpatrick at center also played brilliantly. Neville played grand ball for the Heights Johnson was also in form, in fact the entire team played like real champs. Amador is a new team in the field. They played a splendid game and will be heard from later on in basket ball circles.

Referee: Monette Reorer. An Ancon Time Keeper. Forest Church.

HERE AND THERE

(Continued from Page Six.)

table cover, prettily embroidered with wood flowers. Mrs. Hartman won the second a glass tumbler with top to be kept beside one's bed. Mrs. Stebbins was the winner of the third prize for the women, a pair of gold shoulder straps. For the men's prizes won by Captain Kenworthy first, and Major Gattin second were ash trays held aloft by prettily painted ladies. These attractive prizes showed that the Buechers must have had the club in mind during their recent visit to the States. At the meeting next week the club members will be the guests of Major and Mrs. Gontegny.

Fort Clayton has been having quite a strenuous time and keep it up with its hop last night that was preceded by a number of supper and dinner parties. Wednesday evening the post there turned out en masse to go over on the special train five coaches deep, to witness the second of a series of basket ball games the Coco Solo and the Fort Clayton teams are playing. This time the Coco Solo team won which evens up the score and brings on more talk, and more play, in the future. A number of the officers wives went over on the special train to Coco Solo to witness the game.

In the afternoon of Wednesday the Bridge Club met at Fort Clayton and the members were very delightfully entertained by Mrs. Whittington. Mrs. Woodhoff made the highest score. As the players and was presented with an attractive wicker basket. Mrs. Newardon came next winning a Canton linen centre piece and Mrs. Brown came third and was also given a Canton linen centre piece.

General Babbitt accompanied by his wife, Mrs. Babbitt, will be the guest of honor at a dinner to be given by Captain and Mrs. Marston at their quarters at Gattin on Friday, this evening. A number of other dinners and supper parties will be the prelude of the dance to be given there this evening in honor of the new officers and their wives who have recently arrived on the post. Mrs. Farmer will also be among those going over to Gattin to attend the hop there this evening.

Dr. Bowdler and Midshipman Rucker spent yesterday taking in the beauties of the Canal having made the transit in a motor propelled steamer.

AMANDA MOORE.

NEW PASTOR ARRIVES MONDAY

A cablegram was received Wednesday announcing the sailing of Rev. J. W. Roberts, of Georgia, who has accepted the pastorate of the First Baptist Church, Balboa Heights. Rev. Roberts and his family sailed on the "Cariago", which is due Monday morning and they will be met at Cristobal by representatives of the church. This will be welcome news to the church members as well as to the numerous visitors who have been making the Baptist Church their place of worship.

OZOMULSION

My Secret of Health

For those whose blood is thin, either naturally, or from Fever, The Plague, Consumption, Chronic Coughs and Colds, or any Debilitating Disease, OZOMULSION is prescribed.

Physicians recognize in OZOMULSION just the proper ingredients to enrich the blood and fortify against the inroads of Tubercular Germs. OZOMULSION employs only the Purest Norwegian Cod Liver Oil,—for it is well known that Norway's Cod Liver Oil is medicinally better than any other.

Our Chemically Pure Glycerin and Hypophosphites of Lime and Soda are thoroughly tested by Government Chemists, pronounced by them the best, and are so recommended to the medical profession.

To the sickly child or run down adult, OZOMULSION quickly asserts itself in bringing about the added strength and vitality, so necessary for health and happiness.

Begin to take OZOMULSION today and note the beneficial results.

Aún más sobre la Fiscalización Municipal

Ha pocos días publicamos en estas mismas columnas un artículo referente a la Fiscalización Municipal...

La Fiscalización Municipal es ante todo y sobre todo contraria a la Constitución...

Este artículo examinando detenidamente, conforme a derecho, supone dos principios sustanciales...

Esta última restricción para el que estudie la interpretación de la Constitución...

El Poder Ejecutivo se atrevió a insistir en esta medida a sabiendas de su clara inconstitucionalidad...

Hay más. A la Asamblea Nacional en sus sesiones del año pasado fue el proyecto de Ley de la Fiscalización Municipal...

Es posible que se intente por un simple decreto de contra la voluntad de la Asamblea Nacional...

Estadistas notables, comparten nuestra opinión partidario del mayor realce de la institución Municipal...

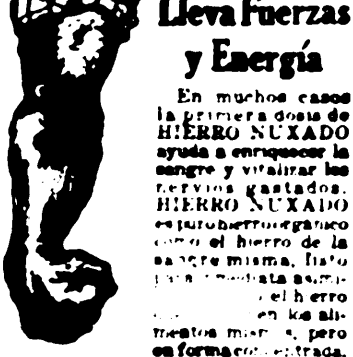

Tratadistas como Samper, el colombiano, que en sus comentarios a la Constitución de su país afirma...

Es el modo de la personalidad Municipal, en armonía con la Fiscalización...

El doctor E. S. D. en su obra "El Gobierno de la Ciudad" resalta en estos principios...

Se nos podría argüir que Council Interlocutores faltan a sus deberes...

CADA DOSIS Lleva Fuerzas y Energía

En muchos casos la primera dosis de HIERRO NUXADO ayuda a enriquecer los nervios gastados...

Si no está Ud. robusto y vigoroso; si le falta vitalidad y despejo mental...

Podrá evitarse lo que se pretende evitar con la Fiscalización Municipal...

Cosa de lamentarse

Ver a las seis de la tarde, en virtud de orden de la Secretaría de Gobierno y Justicia...

Un detalle más en lo del soborno a los pesquisas
