A LETTER FROM ARCHDEACON CARSON

Thanks Star and Herald for Co-Operation in Relief Work Undertaken.—Seven Hundred and Ninety-Seven Dollars Contributed to Date.

The Star and Herald, Panama, Sirs:—

In acknowledging the receipt of your check for $60.75 the second installment of the generous donation of the Panama Agencies Co. I want to thank you for all your courtesies in giving publicity to our work in Culebra among the poor, both West Indian and Panamanian. Your cooperation has been so fine that we all owe you more than we can express. Some of the work that is now being done is temporary in its character, as the acute distress of the day will pass by and conditions will again be normal. If we did not have this hope we might well be depressed. Other branches of our work will, we hope, become more and more firmly established, not alone in efficient work but also in the regard of the public. I refer to our Children's Home at Bella Vista and to the Day Nursery. The latter is intended to be a help to working mothers.

Those who are connected with these two last enterprises which are closely related will be most grateful as I am for your support and we shall be indebted to you if you will consent to receive contributions through your office for transmission to us.

I am taking the liberty of enclosing with this an account of the first year of the Children's Home which you may be interested in and which you may feel inclined to reprint in your columns. It was intended for circulation in pamphlet form but through unavoidable delays our plans were not carried out. The report is up to April 15th last and we are now well into our second year. We have at present 19 children under our care and I feel that the Republic's citizens might come to have the same pride in the Home that we of its management have.

Again I thank you for the generous help you have given.

1,750,000 ARE JOBLESS IN ENGLAND

Situation Now Worse Than Ever Since the Napoleonic Wars — Greatest Number of Unemployed from Among Members of Metal Trades.

Part of Alleviation Scheme is to Ask Parliament for 250,000 Pounds to Enable Ex-Service Men to Emigrate to Dominions and Settle.

LONDON Oct. 19 — By The Associated Press. — Premier Lloyd George outlining in the House of Commons the government's policy anent the unemployment problem, said that the situation in England is worse than at any time since the end of the Napoleonic wars. He declared that there are 1,750,000 unemployed and that the greatest unemployment, to the extent of seventeen per cent existed in the metal trades. The causes, he said, could all be summed up on one word: War.

As a part of the scheme of alleviation the Premier said that the government intended asking Parliament for another 250,000 pounds sterling to enable former servicemen to emigrate to the dominions where 20,000 have already settled with the government's assistance.

Work Re-Organizing

MELILLA, Oct 19 — By The Associated Press. — Abd el Krim, the Moorish rebel leader, after his defeat of October 10, retired toward Side Messaud with the bulk of his forces and is now occupied in re-organizing his forces. Kaddur Namar, under Abd el Krim, is in direct command of the tribesmen who are keeping together with difficulty owing to the shortage of provisions. Kaddur Namar has organized a system of small columns which visit the tribes and collect food daily.

The natives report that small groups of Moroccans are daily reinforcing the Side Messaud contingent which numbers about 4,000; they intend to attack the Spanish convoys en route to Tizi Izlar attacking the Tizi position if they can capture the needed munitions from the convoys. Fifteen thousand Riffians are also somewhere in the vicinity of Zeluan but their location is secret.

Abd el Krim appears to fear the defection of the Beni Bogafar tribesmen, some offering to submit but others refusing to obey his orders. It is confidentially reported that the Moroccans lost 150 killed, including two prominent chieftains when the Corugo positions were captured.

The entire detective service is endeavoring to trace the origin of the bomb.

8 SOLDIERS SENT TO DIST. COURT BY WADE

Men Who Took Car, Paid Fare in Advance and Are Alleged to Have Beat Up Chauffeur and Damaged Car Must Face Judge Kerr.

CRISTOBAL, Oct. 19 — Eight enlisted men of the 9th Field Artillery, Coltun, three of them wearing the stripes of non-commissioned officers, were sent up to the Cristobal District Court this morning by Judge Richard A. Wade of the Cristobal Magistrate's Court.

Attorney W. C. Todd made a brilliant defence but the court said that he had no option, the men must go before Judge Kerr.

Evidence was given showing that on Friday evening last the defendants came out of Kelley's Cabaret in Front street and entered a jitney to return to their quarters at Coltun. It was a quarter after eleven o'clock and the jitney driver insisted upon them paying their fare first an action in which he was supported by an M. P. who told him to take the men to Coltun.

Upon reaching the railroad crossing near Silver City, it is alleged, the car was stopped to wait for a passing train and one of the soldiers asked the chauffeur why he had demanded the fare in advance and receiving a reply to the effect that he had been beat out of his fare before a free for all fight started, as a result of which it is alleged, the chauffeur and his assistant were forced to beat a hasty retreat and the soldiers took the car on to Coltun, where it was later found by Lieutenant Tom Foley, of the Cristobal police, in a badly damaged condition.

Government's Case

The defendants, eight husky looking men lined up on the left of the court room were: Howard B. Sprague, Horace E. Wiley, Dexter E. Murray, James E. Murray, Fred Krueger, Robert T. Lamb, Lemuel P. True and Chester N. Sloop.

Captain O. E. Marston of the 9th Field Artillery was present in the court.

The complainant was Hubert Lindsay and his assistant John Gerson and Mrs. Philistina Burke were sworn in as witnesses for the government.

[illegible] at the opening of the [illegible] with eyes outside the building and had them brought to the court one by one.

Lindsay the first witness up said that he was a licensed chauffeur and was driving his car on Friday evening when outside Kelley's Cabaret in Coltun the eight defendants asked to be driven to Coltun.

He asked for the fare in advance

HARDING PRONOUNCES A DOCTRINE OF ENDURING ANGLO-AMERICAN AMITY

Speaking at Celebration of 140 Anniversary of Surrender of Lord Cornwallis at Yorktown, Va., He Expresses Sentiment of Peaceful Relationship Between Two Great English Speaking Nations and Says That Either Should Ever Again Lift Sword Against Each Other is Unthinkable.

YORKTOWN, Oct 19 — By the Associated Press. — Speaking at the celebration commemorating the 140 anniversary of the surrender of the British expeditionary forces to Washington's revolutionary army, President Harding this morning pronounced a doctrine of enduring friendship between the United States and Great Britain. Surrounded by high government officials and diplomats, President Harding in deliberately chosen words uttered a sentiment of peaceful relationship between the two great English speaking nations for all time to come. He said that they should never again lift a sword against each other, must be unthinkable.

"Yorktown Day," while not generally observed elsewhere, is the occasion of an annual celebration at William and Mary College in whose halls both the British and the Colonial armies quartered their troops during the Revolution.

Arrived Yesterday

President Harding, accompanied by Mrs. Harding, left Washington on the presidential yacht Mayflower yesterday and arrived at Newport this morning. He went [illegible] to Williamsburg where he delivered the principal address at the formal installation of Dr. J. A. C. Chandler as president of the College of William and Mary. Governor Westmoreland Davis of Virginia presided at the exercises which were attended by representatives of several European universities and of all colleges and universities in the United States which are more than one hundred years old.

After the inauguration the President was guest of Mr. Chandler in the old "President's House" on the campus, where LaFayette and Cornwallis made their headquarters alternately during the revolution.

William and Mary, college founded in 1693, is the second oldest college in the country, being ranked only by Harvard. Among her alumni were three presidents, Jefferson, Monroe and Tyler; four justices of the United States supreme court, John Marshall, John Blair, Bushrod Washington and Philip P. Barbour, four signers of the declaration of Independence, George Wythe, Thomas Jefferson, Carter Braxton and Benjamin Harrison; twenty nine United States senators; twenty two governors; three speakers of the house of representatives; ten cabinet officers and many representatives. William Barton Rogers, founder of the Massachusetts Institute of Technology and General Winfield Scott also were graduates of the school.

Almost Forgotten by World

Yorktown, where the Mayflower landed the presidential party was a place almost forgotten by the world from the time of Cornwallis surrender until the world war, when it was made headquarters for the Atlantic fleet. A marble shaft, erected in 1881 on the one hundredth anniversary of the British surrender, stands in the center of the town and near the village are remains of forts and redoubts where Cornwallis troops entrenched themselves before their defeat marked the real birth of the United States.

There is also a small monument marking the spot where General Washington received the sword of Cornwallis, but old maps are said to show the spot to be inaccurately marked and the people of Yorktown are planning to have the monument moved or erect a new one.

PUBLIC SHOWING POOR TASTE FOR ENTERTAINMENTS

Opera Poorly Attended Last Night Though One of Best Plays Was Staged.—American Soprano Enthusiastically Applauded by Select Audience.

A large crowd of local music lovers were on Central Avenue last night about nine o'clock on their way to other entertainments therefore the audience at the National Theatre was smaller than the night before. The people who stayed away missed a really good performance of "Tosca."

Louise Taylor in the title [illegible] was enthralling [illegible] and was [illegible] fantastically a[illegible] John Salazar was well supported by Manuel Salazar as Mario Cavaradossi and Scarpia, Armando Lanza as Spoletta and Giuseppe Laporta as Sacristano. The orchestra under the able direction of Maestro Padovani furnished a back ground and atmosphere that added much to the success of the performance.

Taylor Well Received.

In that beautiful solo, "Love and Music" in the second act Louise Taylor was at her best and she roused the audience to rounds of appreciative applause. Salazar won his greatest ovation with the ever popular "The Stars Were Shining." Both Taylor and Salazar won applause in their duets especially in the last act.

Their voices are well suited to duets and are perfectly balanced in volume and quality.

Always an artist with a powerful and pleasing voice and a consummate actor, naturally Patteanti was a great success as Cavaradossi. He sang "Tosca Divina," beautifully was splendid in the second act and handled the difficult climax with a histrionic finish that was marvelous. While speaking of acting we must call attention to the work of that very adequate baritone Giuseppe Laporta whose work has real quality. His portrayal of the Sacristan was acting of a high order.

Tosca Well Presented.

Altogether Tosca was well presented and it is to be regretted that more people were not present to hear it.

Tonight is the biggest occasion of the present season when for the first time in our opera house Massenet's delightful opera "Manon" will be sung. Rosina Storchio will have a role happily suited to her Italian temperament in "Manon" the gay, thoughtless and impulsive country girl who meets the Chevalier Des Grieux on he way to a convent school and runs away with him to a life of love in gay Paris. Manon as Des Grieux is appropriately cast as it is a part somewhat similar to Alfredo in Traviata. In his young voice and charming stage appearance Mario has an appeal that rouses the sympathy of his hearers and for this he will have ample opportunity in "Manon." Of course Patteanti will be successful in the part of Lescaut.

For Friday night the bill will include the ever popular "Cavalleria" and Pagliacci and Saturday night

To Those Who Wish To Put On Flesh

Will Gain From 3 to 8 Kilos in a Few Weeks

Thin men and women will be happy to learn that Science places within their reach a preparation easy to take, in tablet form, on which they will gain from 3 to 8 kilos in a few weeks. This preparation is called CARNOL and is sold by all druggists. Science has made the discovery that thin people will not become fleshy no matter how much they may eat, because their system does not assimilate the food they put in their stomach, but will allow it to pass through without any benefit, just the same as water pours through a basket. CARNOL is a scientific combination of 7 of the most powerful fat and tissue building ingredients known to modern science. One CARNOL tablet, taken with each meal enables thin folks to retain and assimilate their food, turning it into fat and muscle, just as it is done in a natural way and without any outside help by folks who are healthy and robust.

To gain from 3 to 8 kilos of solid flesh in a few weeks, taking CARNOL, is a frequent occurrence, and we would advise all those who wish to increase their weight to try CARNOL without delay. For sale in ... at Farmacia "La Union" of ... Bros., and in Colon at ... Francesa of V. Delgado & ...

KEMAL'S ARMY RESEMBLE BAND OF RAGAMUFFINS

Turkish Nationalist Force Is Little More Than Loose Organization Of Peasants, Mountaineers And Herdsmen

WITH THE GREEK ARMY IN ANATOLIA, Oct. 16.—(By The Associated Press.)—Mustapha Kemal's army may be judged by the thousands of prisoners which have passed through the Greek lines, it is now little more than a loose organization of peasants, mountaineers and herdsmen recruited by force from the countryside.

The Associated Press correspondent saw 1,000 of these captives at Greek Army Headquarters today. They resembled nothing so much as a band of ragamuffins.

All were in torn, threadbare garments and most of them had no shoes. Less than 25 per cent had uniforms. A few of them were dressed in ragged and rebellious ... and some were clad only in burlap bags. Only the officers were well attired but no two of their uniforms were alike. Scores of the prisoners were wearing the uniforms and shoes of dead Greek soldiers, whom they had stripped.

Weary Of War

Conversation with the soldiers disclosed that the rank and file of Kemal's army were pretty weary of the war and were ready to give themselves up but desertions were punished with death, they said. The officers interviewed, however, gave no such impression. They declared Kemal and his followers would fight to the bitter end.

While the Turkish soldiers have had to live under wretched conditions and have been obliged to exist only on such meagre rations as could be found along the countryside, their Greek adversaries pay frank tribute to their bravery and fighting qualities. They have stood well every form of attack, from rifle and artillery fire to bayonet and grenade assault.

Although conscious of being outnumbered two to one by the Greeks, they have clung to their position with fierce tenacity. The Greeks say this doggedness is due largely to their intense religious fanaticism. Their officers, the Greeks assert, have imbued the men with the idea that the Christians intend to take the whole of Turkey and subjugate all Moslems and that their incursions must be resisted to the death.

STORY OF "O'MALLEY OF THE MOUNTED" IS DRAMATIC

"Set a thief to catch a thief" is an old adage, but when an honest man turns thief to ingratiate himself with real bandits, a new angle is introduced. This is one of the striking situations in "O'Malley of the Mounted."

As a member of the Northwestern Mounted Police, Hart is sent out to capture a slaver. He follows him across the border and locates him in a little western cow town. He finds that the youth—for he is little more—is protected by the Hill band of desperadoes. To get into their good graces, Hart, as O'Malley, boldly masks and rides into the town and into the bandit camp. Thus he becomes one of the band.

He returns the money and is later accused of being a traitor. He is to be hanged by the bandits, but the man he came to capture aids him to escape because O'Malley has protected the slaver's sister from the worst man of the motley crew of land pirates. Learning later that the killing was justified—if homicide can ever be justifiable—O'Malley leaves the youth and his sister on the U. S. side of the border and resigns his own commission in the Mounted.

This is the barest possible outline of a story that bristles with originality and thrill. It is one of Hart's best, and wide awake productions that will be presented at the America Theatre this evening for the last two presentations in the city of Colon.

The evening program also includes a Pathe Weekly News that is quite an additional feature to the special photodrama attraction as is also the orchestra concert of choice selections.

SPORTDOM

AT THE TRAPS

Each year the discussion arises as to whether or not ladies will be invited to the banquet of the National Game Conferences. Up to date they have never been included. However, the American Game Protective association has many ladies among its members and they are always welcome at the day meetings. At the next conference seats will be reserved in the balcony for all those who wish to attend the entertainment in the evening.

More and more each year women are joining in field sports. Constantly we are hearing of different sportsmen's organizations over the country which are including ladies in their membership.

At a recent meeting of the Virginia Game and Game Fish Protective Association at Richmond Virginia, Mrs. John Munce, Jr. made a talk pleading for better protection for the bears in Dismal Swamp and she certainly was conversant with her subject.

Now comes a lady from New Bedford, Massachusetts, who plans to organize a rod and gun club. This lady greatly enjoys both sport with rod and reel and wildfowl shooting. She made application to a local rod and gun club for membership. We are informed that when her application was turned down because the by-laws provided that the membership should be composed of men, she proceeded to form a club of her own in which both men and women will be included.

Additional evidence which shows conclusively that women are actively participating in field sports is shown in reports we have read recently, which tell of women being arrested and fined for violating the game laws. We hope that the percentage of the latter type will be very, very small.

Support is Excellent in "O'Malley Of The Mounted."

The cast chosen to support Mr Hart in "O'Malley of the Mounted" which will receive the last two presentations this evening at the America Theatre is an excellent one. Eva Novak, one of the best known players in western stories, plays opposite Mr. Hart. She has a sympathetic role, that of a girl whose brother commits a justifiable homicide and who is pursued by O'Malley who purposes to bring him to justice. Others in the cast include Leo Willis, Antrim Short, Alfred Allen and Bert Sprotte, all players of ability and reputation.

RUSSIA'S HEALTH DEPT. WONDERFUL

Representative Of Friends Relief Mission In Soviet Russia Praises Dispatch And Efficiency Displayed By Health Officials Fighting Famine.

PHILADELPHIA, Pa., Oct. 18 (By The Associated Press). The Health Department of Russia which is aiding in the fight against famine is described by a representative of the Friends' Relief Mission in that country as a wonderful organization.

Writing from Moscow, as she was about to start from that city for Samara on a Health Department train carrying food donated by the Quakers, Anna Louise Strong says:

"The train on which I go down tonight has, besides its many cars of food, a travelling bakeshop that bakes a ton of bread a day, a kitchen car that cooks 1,000 portions at one boiling, a dispensary car beautifully arranged but pitifully short of medicines, a waiting room for patients, a sleeping quarters and dining room for the staff, and a bath and laundry. It will travel like a fast passenger train, carrying relief which the Russian peasants themselves have given out of their own poverty.

Is Non-Political

"The Health Department is non-political and under doctors' control. It has thousands of clinics and substations all over Russia. It works quickly.

"We went to Dr. Trebugov, its head of transport, with our offer of food, and in three hours our wagons were assigned, our permits issued, our food properly divided among the three neediest districts to which trains were going within a few days. We had only to load the wagons, seal them, put our own personnel in charge or allow their doctors to handle as we chose.

"It was up to us; we could work in any way we chose through them and we could work quickly. If we had not automobiles enough for loading, they offered us theirs.

"They are tackling an enormous job and doing it well. But their own organization is reported breaking in the distant famine districts because of the starvation of doctors and nurses. They have the organization but they haven't the food, because all Russia hasn't it. Unless the Health organization is kept intact, pestilence will sweep Europe. As I came from Warsaw to Poland, I saw no other power competent to stop it.

Splendid Spirit Shown

"All the way from Minsk to Moscow were signs of the great spirit that is stirring in Russia in the common fight against famine. There were posters in the stations announcing benefit performances of every kind. Papers announced that the peasants of Jaroslav had given 10,000,000 pounds of potatoes their entire surplus, asking no money in return, but only salt and a few clothes.

"The Central Co-operative, of which I began to hear ever more and more as I went through Russia, had pledged one pound in every pood (40 pounds) of its grain turnover.

Women were melting wedding rings, not individually but in large groups by general vote.

"It was inspiring; it was terrific but it was pitifully inadequate. For the famine involves a district of well over 20,000,000 people stretching 1,500 miles from north to south, and several hundred miles east to west, a district on which Russia normally depends for much food."

OPERA PRICES.

A number of people have spoken of the prices charged for the present season of opera by the Bracale Company, and they seem to think that the prices are high. We don't know what they use as a basis of comparison, but they certainly cannot use the prices charged in the United States or our Latin American neighbor countries.

Certainly in the United States a seat as close to the stage as our gallery would cost considerably more than the best seat in the theatre here at local prices. And it should be remembered that in all the United States there are only at the most three or four places where one can hear grand opera at any price.

The other day we picked up a copy of La Prensa, one of the leading daily newspapers of Montevideo, and noticed that Esperanza Iris, who once sang in our own theatre, was just closing an engagement there. "La Prensa" was announcing a special farewell performance, and it promised to be a "standing room only" audience.

Then it happened that shortly afterwards we were reading "Working North From Patagonia" and had traveled with that best of travel writers, Harry A. Frank, as far north as Montevideo. Then we got the connection. Esperanza Iris, Montevideo, the Bracale Opera season. Here it is just as traveler Franck wrote it:

"The opera season is in August, when that half of stars and troupe who do not cross to Santiago de Chile are on their way back from Buenos Aires to New York or Europe. Orchestra seats are then at least $12 each and boxes from $80 up."

It is possible that the present prices are more than some people feel they can afford to pay, but they certainly are not as much as the opera is worth. Of course, here a standard of values enters and to a person not fond of music and especially opera the value must be lower. Nevertheless, we have here now in Panama an opportunity to hear very good opera at very reasonable prices.

FRANCE FOR DISARMAMENT.

Last Sunday in an editorial on France and Disarmament we made the statement that no nation was more anxious for disarmament and peace than France and now we are glad to present the following in confirmation from a speech made at Geneva by M. Noblemaire, a colonel in the French army during the war, and now a delegate to the League of Nations Assembly:

"Now, in France I can say that moral disarmament is a fact. All the French people desire to lay aside their armor when danger no longer threatens. The spirit is not the same as before the war. France has been baptized in the blood of her trenches and the tears of her firesides, and her sorrow gives a guarantee to my words.

In Germany there is a duel between the spirit of war and revenge and the spirit of work and peace. We can only feel secure when the German Republic is established on a solid foundation. But this is not yet done and in the meantime we must keep our weapons ready. Because of that people have not hesitated to call France militaristic. I denounce that as a flagrant lie, as a base calumny. Is it our fault that we are forced to be the gendarmes of the treaty and to keep 200,000 men outside our borders? France is obliged to be military for the present, because she does not want a million and a half of her sons to have died for nothing.

No one desires peace more than we do, because no one has suffered as we have. But we feel that the existence of our country is at stake. But, I beg you to believe that when we feel secure, no nation will be more ready to disarm than we shall be."

South's Nomination Confirmed.

Nomination of Dr. John Glover South of Frankfort, to be American Minister to Panama was confirmed by the Senate today. Dr. South is president of the Kentucky State Board of Health and has been active many years in State civic and political circles. Mrs. Christine Bradley South, his wife, is a daughter of the late Senator William O'Connell Bradley and has been a political leader of the Republican Women in Kentucky. She was a delegate from the State-at-large to the Republican National Convention and is a member of the Republican National Committee. Dr. South will succeed William Jennings Price, Danville, who has been American Minister to Panama nearly eight years. Mr. Price is regarded here as one of the ablest diplomats in the service and his work in connection with the recent trouble between Panama and Costa Rica was considered of such importance that the Harding Administration made no attempt to supplant him with a Republican until that controversy had been settled.—WASHINGTON STAR.

Tribute Paid To Wm. Jennings Price.

The Daily Messenger is pleased to reprint the following editorial from yesterday's "Louisville Times," being a deserved compliment to Hon. William Jennings Price.

"Where Americans clove the continent, and the great oceans meet, William Jennings Price, of Kentucky, has been serving for many years as the Minister Plenipotentiary of the United States. His service has been extraordinarily successful. If he had been in the employ of any private business he would long since have been rewarded with a greater place, with higher salary and with uncontested fame.

Mr. Price has been dealing with diplomatic problems of the most delicate kind. His conferees have been the fiery tribes and peoples of Central and South America. By intelligence, courtesy and information he has managed these tribes and peoples and disposed of the problems in a way so rare as to win the affection of the Latin American and the encomium of the State Department.

His reward is that he is displaced. Under our system of government, a diplomatic office is a political plum. Mr. Price is a Democrat. His successor, Dr. South and Mrs. South are distinguished Republicans. That is the only reason for supplanting Mr. Price.

Of course, such a system cannot advance the public service. Dr. South is a fine citizen and will doubtless do well. The Times wishes him good luck and success. But it protest again against the vicious practice of making party spoils of high diplomatic place. And it hopes that the people of the United States will be as thankful to Mr. Price as the people of Kentucky are proud of him."

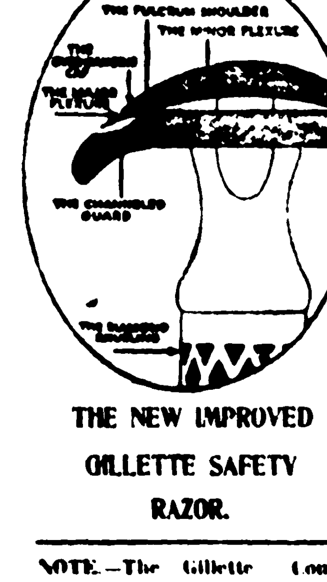
The Talk of the Town

The New Improved

Gillette

(Patented, 1920, in the principal countries of the world)

Seldom does the camera owner realize how many inventors contributed their work to make a snapshot possible!—Scheel, Archer, Frv, Maddox, King Kennett—followed by the scores of men who perfected the celluloid film, opening up photography to everybody everywhere.



THE NEW IMPROVED GILLETTE SAFETY RAZOR.

In your home, office or factory, your work or your sport, nearly everything you use is the combined result of many different inventors and discoverers.

Not so your New Improved Gillette!

The New Gillette is the creation of the same group of men who have served the world with Gillette Safety Razors and Blades for nearly twenty years.

It brings you the latest, finest results of Gillette experience and factory resources.

Never has any human need owed so much to a single source as shaving owes to the Gillette Organization.

Never was a success more dramatic or more complete. The Gillette has seen three hundred makes of razors flare up—only to flicker out. It has seen imitations, and the imitations harmed nobody but the men who tried to use them.

Ask to see the New Improved Gillette Safety Razor—go to your druggist, hardware merchant, jeweler, sporting goods dealer, haberdasher or men's department.

You will realize why men all over the world are discarding their present razors, even type Gillettes, for this new and higher shaving service.

NOTE.—The Gillette Company assumes full responsibility for the service of Gillette Blades when used in any GENUINE Gillette Razor, either old-type or New Improved Gillette. But with IMITATIONS of the genuine Gillette, it cannot take responsibility for service of Blades.

BIRMINGHAM ALA. TO OBSERVE HER 50TH. BIRTHDAY

Historical Pageant Depicting Half Century Of Development From Corn Fields To Leading Industrial Center, To Feature Fete.

BIRMINGHAM, ALA., Oct. 18.—By The Associated Press.—The chief feature of Birmingham's celebration of her fiftieth birthday during the week of October 24-29 will be the historical pageant depicting the half century of development from a group of cornfields in 1871, to the South's leading industrial center in 1921.

Since the first house was built in Birmingham only 50 years ago, the pageant can present only a half century of the history of the city itself. The early history of Alabama, colonial days and the Civil war period and reconstruction will be grouped in a prelude. The main pageant will consist of a series of separate episodes showing the various periods in the building of Birmingham.

1,500 To Participate

Fifteen hundred persons will take part, including a chorus of 500 specially trained voices, and several hundred young people who will take the dancing parts. Orchestras and bands will provide the music.

The pageant was prepared from a mass of data compiled by local historians. The episodes to be presented will show the discovery of coal, iron and limestone in large quantities in sight of the present city of Birmingham, the construction of the first small, crude iron furnaces, the opening of coal mines in what are now the limits of the city, the growth of the city from a crude, rough, lawless mining camp, the boom period followed by the financial disaster of the 80's, the period of deflation and then the launching of Birmingham on a firm foundation.

Some Real History

Then will come the experiments in steel making, which were finally attended by success, the entry of the United States Steel Corporation into Birmingham, following the acquisition of the properties of the Tennessee Coal, Iron & Railroad Company, the construction of many steel mills, the passing of the city from the raw material to the finished product era.

The closing episode will deal with Birmingham of today, a city of 220,000 people. It will show coal, iron and limestone, the three requisites for steel found side by side within sight of the many furnaces where pig iron is made, of the giant steel plants where finished steel is made and then converted into all kinds of steel products, where it is loaded on barges made of Birmingham steel floated down a river open to perennial navigation to Mobile and New Orleans, where it is loaded into steel ocean liners made of Birmingham steel by a Birmingham corporation and then set to every civilized nation of the world.

Feature Of Episode

One part of this episode will show the opening of the Warrior River to navigation after the government had constructed Lock 17, which has a dam 63 feet high, and two locks with a life of 31½ feet each, more than three feet more than the Gatun locks on the Panama Canal. The dam created Lake Bankhead which backs up water more than 60 miles enabling Birmingham to tow her products to the gulf ports.

Other episodes will depict the progress of Birmingham along educational, social and civic lines from the early days when lawlessness was rampant until today when the city lays claims to attractions as a home city second to none.

THE GREAT EUROPEAN DRAMA

AND THE LAW SAWS

WITH AN ALL STAR CAST.——MATINEE EACH DAY AT AMADOR AT 2.30.

WRITTEN IN BLOOD AT STRAND TONIGHT

The Spanish play "Escrito con Sangre" will be produced this evening at the Strand theatre by a talented company from the capital. This story "Written in Blood" is its English title, is a very fine one and has made a great hit at the National Theatre in Panama City.

"Hush" will be the feature movie picture at the Strand tomorrow. This is a Clara Kimball Young picture and is dedicated to the women who tell their husbands too much.

Those who enjoy good comedy with very clever acting will like this picture.

Saturday's picture at the Strand will be "Her Greatest performance" with Ellen Terry.

FIRST RAWLINSON VEHICLE A MAZE OF TRICK THRILLS

There he is and there he isn't. Who? Why Herbert Rawlinson in his forthcoming Universal mystery photo-drama, "The Millionaire." The star is at work on the story at Universal City and the technical department under the supervision of Archie Hall is adding to the mystery with an amazing series of secret doors, hidden passageways and all the tricks and devices of the man who likes to disappear up top air when there is a knock at the door.

Rights to "The Millionaire" were purchased by Irving G. Thalberg, director general at Universal City, from the estate of the late George Loane Tucker. Jack Conway is directing and Lillian Rich is giving the star admirable support in the leading feminine role.

ELLEN TERRY AT STRAND SATURDAY

Few of the worlds great actresses have been more beloved than Ellen Terry, who played with Sir Henry Irving at the Lyceum London in some of the greatest dramas and Shakespearean plays that have ever been produced on the spoken stage.

Who has forgotten Terry and Irving in The Merchant of Venice, Romeo and Juliet, Richard III and a host of other great plays and now the Atlantic side movie fan is going to see the English Bernhardt at the Strand on Saturday in one of the very few productions she has made for the great silent stage.

It is called "Her Greatest Performance" and is a picture that has been released for the larger Isthmian theatres by the Triangle Distributing Corporation.

This picture has been aptly termed "The Triumph of Motherlove."

AT ELDORADO SATURDAY

The cosy Eldorado, such was the term given to the Santa Ana Plaza picture palace by the officers and men of the fleet when here last and it is certain a good name for there are very few cosier or cooler theatres on the Isthmus, or in Central America for that, which is more comfortable than the Eldorado and the prices are popular ones all the time, with the titles in both English and Spanish.

Saturdays feature at the Eldorado will be Five Nights together with a good comedy called His Wedding Career.

Sundays picture at the Eldorado will be Ora Carew in Under Suspicion.

FIRST ANNUAL CHARITY BALL SAT. EVENING

A Grand Charity Ball will be given at the Community House Balboa on next Saturday evening Oct. 22, commencing at Eight O'clock. This is the first affair of its kind to be given at this popular place and it is proposed to make the Charity Ball an Annual affair.

The arrangements for Saturday evening have been placed in the hands of a reliable committee and those who are fortunate enough to be able to attend are assured of a pleasant evening. Tickets are on sale at many convenient places including, Bowdry's, Ancon and Balboa Club Houses, the Admin. Bldg. and the Community House. They are also in the hands of the committee.

The proceeds of the Ball are to be devoted (one hundred cents to the dollar) to the aid of the needy and poor in the cities of Panama and Colon by an organization that employs no salaried officers.

Curriers Terpsi Orchestra will do their bit by giving inspiration to the dancers with all the latest hits in the music line.

WHAT'S DOING ON THE ATLANTIC SIDE

ATLANTIC SIDE SOUP KITCEN GETS MORE HELP

J. N. Cariffe Heads Employees of Industrial Laboratory with $30 and All On Pay Roll at Washington Hotel Doing Their Bit.

CRISTOBAL, Oct. 19. The sum of $81.20 was added to the Gilbert House Soup Kitchen Fund today, mainly by silver employes of the Panama Canal at the Washington Hotel and the Industrial Laboratory.

Mr. J. N. Cariffe headed a list at the laboratory in aid of the deserving poor with the magnificent sum of $30 and his silver help increased the sum to $51, while at the Washington hotel through the good work of the time keeper, Elijah E. Hunter and the head waiter, William Muschett, the sum of $52.20 was collected.

Mr. Cariffe forwarded the $81 collected at the laboratory to the Star and Herald representative on the Atlantic side with the following letter:

"Enclosed you will find a check for $81. This amount has been collected by the employes of the industrial laboratory and since you are better acquainted with the existing conditions I am leaving it to you as to see that this sum is placed in the hands of those who are running a benefit soup kitchen.

"Most Sincerely,

J. N. CARIFFE."

The check for $81 was soon on its way to the Gilbert House, which is undoubtably doing great work for the deserving poor, with the following letter from the Star and Herald's man:

"Dear Mrs. Melendez:

"Herewith please find check for $81 for the Cristobal Women's Club soup kitchen. It has been sent to me by Mr. J. N. Cariffe from himself and the employes at the industrial laboratory.

"I should be very grateful if you could send an acknowledgement to him."

Mrs. Melendez has written to Mr. Cariffe thanking him and his silver employes for their generous gift to the kitchen fund.

ATLANTIC SOCIAL NOTES

CRISTOBAL, Oct. 19 — Judge and Mrs. Richard A. Wade have moved into Cristobal and are now living at House 1025, one of the attractive residences on Railroad Avenue with a big lawn in front.

Mrs. Wade has not been at all well lately, but inquiries today found that she was very much better.

The Wade's are a very devoted couple and enjoy a very large circle of friends.

Mr. H. P. Pearson, who sailed this week for the States, will not only attend the gathering of the American Legion at Kansas City, but will later attend the meetings of the Disarmament Conference at Washington, as a representative of the Panama Canal Department of the Legion.

The Rev. Mitchell of Gatun was a visitor to Cristobal this morning and said that Mrs. Mitchell was still in the Ancon Hospital. Mrs. Mitchell has been in a cast for six weeks with a broken bone but the surgeons hope to remove it within the next few days. The many friends of this charming couple will wish Mrs. Mitchell a speedy recovery to good health again.

The coming few weeks will witness one dance after another. The first of these will be the popular community ball on Pier Six which will come off this Saturday evening and then on Independence Day Eve, November 2, the rifle and revolver men are to hold a dance at the Washington hotel in aid of the free soup kitchen.

The Red, White and Blue Troupe are coming over from the sunny side on Sunday afternoon and give their wonderful aquatic exhibition at the Washington pool in behalf of the soup kitchens. The splendid band from the Lancers will play between 3 and 4 o'clock and the admission is but a nimble quarter.

New Hart Picture Great.

William S. Hart's new western picture, "O'Malley of the Mounted" which is on view at the American Theatre this evening, for the last two performances in Colon this week is great and is doing a turn away business. Eva Novak is leading woman.

NEW CHANGES IN RADIO RATES ANNOUNCED

The following circular relative to changes in the rates on radiograms received by the Colon Radio station for persons in the cities of Colon and Cristobal, has been issued by the office of the District Communication superintendent, of the Fifteenth naval district, Balboa, Canal Zone:

"Effective 1 November, 1921, in addition to the regular six cent per word rate, there will be a further charge of two (2) cents per word for the first ten (10) words and one (1) cent for each word thereafter on all radiograms received at the Colon Radio Station for persons in the cities of Colon and Cristobal on that date, delivery by messenger will cease. All messages will be delivered by the Panama National Telegraph Company and urgent messages received in the day time will be telephoned to addresses and confirmation will follow via Panama National Telegraph Company.

Wireless messages should be filed at the telegraph office and if so filed will carry the new rate. Should the "sender" desire messages may be filed personally at the Radio Station, in which case only the stations six (6) cent a word charge will apply.

"Hereafter, only most urgent messages will be accepted by telephone and those messages must in all cases be confirmed by mail or a message via messenger.

Don't Affect Pacific Side

The above circular does not affect charges on messages filed or received by persons in Balboa, Ancon, or Panama City inasmuch as such messages have always carried the additional charge now being placed on messages received or filed in Colon and Cristobal. In other words, this additional charge puts the residents of Colon, Panama, and the Canal Zone, on the same basis as regards charges on radio messages.

The Radio Stations of the Canal Zone and Cape Mala charge six cents per word for messages forwarded to any ship or station except Cartagena, Colombia, and at Palma and Puerto Obaldia. The charges on messages forwarded to Cartagena are ten cents per word. There is a straight charge of four cents per word on all messages handled between Balboa and La Palma and Puerto Obaldia, the charge includes both sending and receiving charges.

No Rates Messages Received

No commercial messages are handled between the Canal Zone and the United States. Charges for connecting lines are as follows:

All ships, except U. S. Government vessels $0.08 per word.

Government ships, including Panama Railroad and Shipping Board vessels $0.04 per word.

United Fruit Company's Stations $0.03 per word.

Cartagena, Colombia $0.10.

In order to ascertain the rate per word on any message, the charges of the sending and receiving stations should be added, plus land line charges, if any.

The charge for messages handled over the lines of the Panama National Telegraph Company and the Panama Railroad Telegraph Company are two cents per word for the first ten words and one cent for each additional word, with a minimum charge of twenty cents on any message.

TWO BIG FLEETS EXPECTED EARLY IN FEBRUARY NOW

Maneuvers in Panama Bay Will be Preceded by Special Winter Maneuvers for Atlantic Fleet in Guacanayabo Bay, Cuba, Say Officials.

CRISTOBAL, October 19 — The latest official dope on the coming of the Atlantic and Pacific Fleets to Isthmian waters is that the Winter maneuvers of the combined fleets will take place in Panama Bay between February 6 and February 13 next.

The Atlantic Fleet, under its commander, Admiral Hilary P. Jones, will carry out preliminary maneuvers in Cuban waters at Guacanayabo Bay, naval officials said today, and will later proceed to Cristobal where coal and oil will probably be taken on and will then go through the canal to Balboa and make ready for combined maneuvers with the Pacific Fleet in Panama Bay.

The winter maneuvers of the combined fleets will include at least two innovations, it is said, the new flagship Great Northern, housing the whole administrative staff of Admiral Hilary Jones and the newly organized fleet air forces.

A feature of the maneuvers to be held in Panama Bay about February 27 will be the gunnery exercises conducted with the "X Battleship" Iowa, which will be taken south when the fleet sails on January 2. The Iowa will be placed under radio control for the exercises as she was when used as a target during the bombing tests off the Virginia capes recently.

The coming tests, it is understood are to include gun fire and aerial bomb attacks and after the fleet maneuvers off Guacanayabo Bay, Cuba, the fleet will sail for Cristobal January 28 and is expected to reach Panama Bay on February 6.

After a completion of maneuvers the Atlantic fleet will be based in Panama Bay for overhauling, liberty, recreation and small maneuvers until April 22.

LARGOMS RETURN

CRISTOBAL, Oct. 19 — Among the arrivals on the Panamina from New Orleans were Burdette L. Largom and their daughter Wanda. Mr. Largom is the well known Cristobal contractor.

8 Soldiers Sent—

(Continued From Page 1)

and a military policeman told the defendants to pay him. Just before reaching the subway he stopped the car to allow the train to go by and a soldier at his rear demanded to know why he had asked for the car had lost out on other occasions and thereupon the soldier with an oath moved forward and tried to chase him. He then got out of the car and a free for all fight started. He ran away some 50 yards and when he went back the car was gone.

Had Paid Their Fares

Answering Attorney Todd the witness said that they had paid their fare, the sum of four dollars. It was the full fare from Colon to Gatun.

"Did you see this car taken away?" asked the lawyer and witness said no.

"Do you know to your certain knowledge that either of these men took the car and they will say again replied in the negative.

The attorney raised an objection when Captain Callaway for the government asked Lindsay if he saw the car on Saturday morning or afterwards.

By the court: "When did you see this car next?"

"On Friday night at Colon."

"In what condition?" was Judge Wade's next question and witness told of the damage state in which he found his machine. The wire of the spark plug disconnected a side light broken, the distributor gone and wind shields broken as well as one of the doors.

Attorney Todd next asked witness if he actually knew who had disabled his car and he replied that he did not.

John Gordon, assistant to chauffeur Lindsay confirmed from the witness stand the previous evidence. He recognized the eight defendants and said that he heard one of them ask Lindsay why he demanded the fare first. Mr. Gordon told the court that his friend was not referring to the gang when he had said that he had been done out of fares before, but the man at once grabbed Lindsay and tried to choke him, at the same time casting aspersions on his maternal parent prefacing the remark with the word "black."

The soldier chased after Lindsay that then me too, he said, and added that he heard the crack of a gun and made a very hasty retreat hiding under a house, later proceeding to the Cristobal police station from the garage nearby, returning he found the car gone.

He pointed out Corporal Spratzen as the man who had grabbed Lindsay.

Mr. C. Battery

Answering Captain Callaway he said that he saw the car again at the arrivals on the Panamina from C. Battery, Gatun at 1:20 this morning and told of the damage, locomotive engineer of Balboa with the Panama railroad. Mr. Largom and their daughter Wanda. Mr. Largom is the well known Cristobal contractor.

"Did you give these men permission to drive the car," asked the police captain and Gordon replied in the negative.

"Why did you run away."

"Because these soldiers wanted to beat us up."

Attorney Todd asked "Did you see Lindsay strike a man with a crank handle or bar" and he admitted that he did. He was about 25 yards away when he heard the shot fired and ran and when he came back the car was gone.

Mrs. Burke, a resident of silver cuts, told of how she saw the trouble from her house at the corner. She said in response to Captain Callaway that she saw the soldier trying to choke the chauffeur and thought he would kill him.

"And then Oh My Lord, I heard a shot fired. Oh My Lord," she said.

She saw the soldiers retire to the car and heard them say "Let's go and we will take the car."

She did not see Lindsay strike anybody, she told Attorney Todd.

Lieutenant Thomas Foley gave evidence of investigating the matter and of visiting the camp and with the help of the commanding officer, Major Houghton, discovering [illegible] that they came and said that Sergeant Kramer had said that he had no [illegible] of what had happened [illegible] out of the car. And, in [illegible] a similar alibi telling that he went back and picked the [illegible] up.

Asks For Dismissal

Mr. Todd asked the court for a dismissal and went into great length over the charge which he said should not be highway robbery.

"Without putting any evidence on, I will show the court that there was no probable cause. There had been no intention whatever of stealing.

"Admitting that they took the car, but not that they have the right to do so in this case. They had paid the full fare from Colon to Gatun and were entitled to that transportation for which they had legally paid. These men had an interest in that car can a man steal from himself? Robbers must be found another person. This was not robbery and neither was it was not highway robbery. They had gone away because they had a free fight. The chauffeur had undoubtably been rough. He had annoyed them and an altercation took place. The chauffeur had struck one of the soldiers on the head with a crank and had hit another with it."

Judge Wade said that the attorneys argument was very good and very plausible, but there had been no defence and he must send the men up to the district court. If the men's officer would keep them at the post he would make a reduction in the bail and Captain Marsden having agree the court fixed the bail at $200 each man.

HERE AND THERE

Mrs. Ewing entertained at a par[ty] ... lovely Bridge, Tuesday af[ternoon] ... honored by tea. Mrs. Ay[res], Mrs. Vibert, Mrs. Wright, Mrs. Howard, Mrs. McGinnis, Mrs. Seymour, Mrs. Payne, Mrs. Calhoun, Mrs. Clark, Mrs. Gibson, Mrs. Yocker, and Mrs. Swartz played, and Mrs. Collins, Miss Davis, Mrs. Brown, Mrs. Lombard, Mrs. Wi[lliams] and Mrs. Regis were asked for the delicious tea. The prizes, which were lovely boxes of French powder, were won by Mrs. Aylesbury, Mrs. Calhoun and Mrs. Gibson.

A new kind of party has been discovered, and so delightful is it that it will probably become almost as popular as Bridge, which, of course, seems impossible. The particular novelty consisted of a moonlight ride to beautiful old Panama there a picnic supper at the Panama Golf Club, and to provide the end of a perfect day a phonograph was produced, and all danced. The inventors or discoverers of this new amusement were Major and Mrs. Harmon, Major and Mrs. Malsbury, Mrs. Wahlbach, Mrs. Conger, Miss Van Deren, Captain Bultman, and Captain Gallagher.

Rosina Storchio, the Madame Butterfly, carries a tiny mariposa for a mascot, which E. R. V. mentions as follows in his interesting interview with the diva:

"Something moved in the bed; two eyes peered at me from a silken basket, two little eyes like Brazilian diamonds—they were of a kitten.

E. R. V. continues: "Rosina spoke to me of her journey and her impressions of Paris; the nights of opera; of La Manon which she sang with Lina Scheps—the crowded brilliant theater, the flowers—the jewels!

"What other operas do you sing?

"I sing Traviata, one of my favorites, I sing Boheme I love Mimi.

"And her eyes changed thinking of Mimi. She spoke of her fellow singers with sincere enthusiasm. She told of her impression of Salazar as a tenor of worth, of Pazzi and Tomolo and Taylor in frankly flattering terms.

"She scarcely spoke of herself. When I referred to her triumphs she laughed with her green eyes the color of sea wrack, and made a little deprecatory gesture with her slender, beautiful hands, the hands of an Eleanor Duse—the dainty hands of Madame Butterfly. She interrupted my eulogies.

"This is Rosina Storchio.

"But tell me of your triumphs, I said to her. "Of the ovations you have received. How did those glorious nights in the Royal Opera House of Madrid seem when you were the idol with Amelita and Titta Ruffo? That "Traviata, Manon, "Butte[rfly] and Bohe[me]?

"Ah, yes," and Rosina became pensive, but did not reply. She said not a word of herself. She smiled as if home sick.

"Then she spoke of [her] trip to America. It was [a] success in Madrid after a performance of "Manon" that I met Rosina Storchio.

"And your plans, Rosina, for the future?

"They are simple and short. I go from here to sing with Bracale in Montevideo, and later to my own Italy, where I want to spend Christmas with my own [people]. Then I shall sing in Barcelona, at Madrid, and perhaps in [Lisbon] after I shall retire [for]

"In your prime?

"I want to stop in [time] such a memory [of] me and enjoy the rest [of] life.

"And for what else?

"To sing for my own pleasure and that of my friends."

The program for Thursday night has been tentatively [arranged] with plan now as to [follows]: Ma[rch] ... Overture ... Selection ... Waltz ... Selection ... Intermezzo ... Selection ... Finale ... Star Spangled Banner.

Last night a small but very appreciative audience heard "Tosca," with the American singer Louise Tay[lor] in the title role. Many familiar faces were seen in the boxes and the orchestra, among them Dr. and Mrs. Garay, M. and Mme. Boyer, Mr. Enrique Greenzier, Mr. and Mrs. Calvo, Mrs. A. F. Morris, Mrs. Aubrey, Mr. Fry, Mr. Pollock, Dr. James and Doctor and Mrs. Runyon, Mrs. Kingsville, Mr. Charles Lee, Mr. R. W. Hebbard, Mrs. Heald, Mrs. Henderson, Mr. A. R. Gamble, Mr. and Mrs. John O. Collins, Mr. and Mrs. Wadlow, Mr. and Mrs. Calhoun, Major and Mrs. Harmon, Mrs. Seymour and Mrs. Swartz, Miss Alexander, Miss Smith, Miss Wells and Miss Prather.

There should be a record attendance tonight when we shall have an opportunity to hear "Madam Butterfly" for the first time on a local stage with the charming Diva Rosina Storchio in the title role.

There are no limits [to] when the call of youth is [heard] as is shown in "The Call of Youth," an English made Paramount picture which will be shown at the Cecilia Theatre on Saturday, for the afternoon and evening performances only. The scenes are laid in England and in Africa.

CECILIA :-: THEATRE :-: AMERICA

THIS DIRECTOR HANDY WITH GUNS.

There is a director [who] ... having a difficulty with [the] ... of fire-arms ... motion pictures requiring a ... of revolvers, etc. "She Couldn't Help It," the Bebe Daniels vehicle, ... Heart, coming to the ... Theatre on Friday for the afternoon and evening performances only, has considerable gun play, and several of the women in the cast expressed nervousness, as frequently in the past there have been accidents because people did not use due care under such circumstances. Not a chance in this picture! For major Maurice Campbell, the director, is an ex-army officer, attached to the 4th Division during the war. He took personal charge of the guns used and inspected them each day so that no one could be hurt and afterwards say "I didn't know it was loaded."

"She Couldn't Help It" presents Bebe Daniels in another of those distinctive "good little bad girl" roles which brought such a volume of success in "You Never Can Tell" and "My Lady Lady." It was adapt[ed] ... Johnson ... evening, for two presentations only, the new Metro classic picture, "Shore Acres," which is a filmization of the celebrated stage play of New England life by James A. ... Alice Lake is the star of this ... picture, and you may remember her as the girl who made such a tremendous hit in "Should A Woman Tell?" We feel we cannot recommend too highly this screen production of the famous Horne stage play, in which an embittered father strives to destroy the daughter who disobeys him. We urge you not to miss it.

Many of the regular patrons of the Cecilia Theatre pronounced the picture as good or better than "Way Down East."

SILVERSHEETOGRAPHS

[ed] by Douglas Bronston from the Miriam Michelson novel and the play by Channing Pollock. Supporting the star are such well known players as Emory Johnson, Herbert Standing, Z. Wall Covington, Ruth Renick, Wade Boteler, Helen Ray[mond], Vera Lewis and Milla Davenport.

Other additional features include a Hall Room Boys with Perrin and Fordie Comedy in "Millionaire Painters," Paramount Screen Magazine and a splendid orchestra concert of special selections from Grand and Comic Operas, and the latest musical comedies.

Those who have not seen William S. Hart in his latest western picture, "O'Malley of the Mounted," on view this evening for the last two performances in Colon at the American Theatre, still have the last chance to see this wonderful production, which pleased large crowds at last night's two shows. It is decidedly worth while for both you and your family.

MOUNTED POLICE NEVER [GET] THEIR TRAIL? HART [IN]

The Canadian Mounted Police [are] known for their dependence. [It] is a trite saying that they never [get] up once they are on a trail and [that] the fugitive might as well give [up] for he doesn't a chance to escape.

Yet, in "O'Malley of the Mounted," which is the feature attraction of the America Theatre this evening for the last performances, Colon, the new Paramount picture in which William S. Hart stars, which he also wrote and produced, it is ingenuity shown how one officer of the Mounted caught his man and then let him go again.

Such a story cannot fail to [hold] the interest of the public who delights in deeds of heroism, romantic adventures in the wilderness country. Add to this a complete western "rodeo" or [show] of wild riders, rapers and [all] parts of the wild regions, and [you] have a combination that is irresistable. Eva Novak is leading woman.

This pleasing Western photoplay program also includes a Pathe Weekly News and the usual orchestra concerts for each performance.

ANCON AND BALBOA

The G. S. C. Club, composed of young girls of the Balboa grammar school, gave a pretty little farewell party to Carrie Morton one of their members who is leaving on the Panama Limited tomorrow for her new home in California. The party was held in Pedro Miguel and the Balboa playgrounds and all enjoyed a big time with games, dancing as the weather man was in a bad humor, and sent the rain instead of sunshine. However with such an abundance of good cheer at hand the hours flew all too quickly and all agreed it was a most jolly afternoon. The usual delicious home made cake and ice cream gave the youngsters a very delightful hour after the pleasures of the afternoon. Little Miss Morton will be very much missed by her schoolmates and friends for her home in the sunny state of California.

Mrs. Greenberry entertained Community Night at Balboa Club house this week and proved to be a fine show. There were several songs, and [some] good acrobatic [stunts]. The scenery was attractive and the whole act was well presented every one doing their part well. Mrs. Greenberry is to be congratulated on the special entertainment which was well received by a crowded house, and received much applause.

The friends of Miss Loretta Farnworth are giving her a most cordial welcome upon her return to the Isthmus with the "Brascia Italian Opera Company." Miss Farnworth joined the company when it was in Panama some months ago, and has been on tours with them during this time. She is studiously at work with her vocals and hopes to study in Italy during her vacation. Miss Farnworth was previously on the Isthmus for a short time, during which she made many friends, who [wish] for her a most successful [trip].

A highly interesting and [unique] concert is being prepared by the [choir] of the Balboa [Union] Church to be given the first part of November.

YOUNG SINGERS SCORE HIT

The singing of Irene and Marian[na], two of the Red, White and Blue quartette and the recitals by Mrs. Granberry were the hits at the community show held at the Balboa Clubhouse yesterday evening. The program was amusing and interesting, the first number a song by the Red, White and Blue quartette, and these little singers sang their way into the hearts of the audience that filled the big hall. Grier and Manassas's skit was the best heard in the Balboa clubhouse for [some time]. The final number, a [solo] by Mrs. Granberry, was delightful.

MISS THORNTON ENTERS BRENAU COLLEGE.

News has been received in Balboa that Miss Frances Thornton of Balboa, is among the students registered at the Brenau College Conservatory of Gainesville, Georgia, for the college year of 1921-1922.

The reports say that Miss Thornton has entered into the activities of college life in a true Brenau spirit and that a most delightful school year is in store for her.

UNCLAIMED CABLES

PEDRO MIGUEL

Miss Lura Spencer [has] returned to her home on Sunday [evening] from Ancon Hospital [where] she has been under [treatment] for an operation [performed] this morning, Tuesday.

Miss Phillips is one of the very popular members of Mrs. [Spencer's] social set, all of whom [will] be glad to have her home [again].

A number of "Elks" from Balboa attended a meeting of Fern Leaf Chapter O. E. S. at the Lodge Hall Tuesday evening.

Mr. and Mrs. E. C. Paige and [daughter], the recent [bride and groom] from [Panama] arrived at [Pedro Miguel] ... warmly welcomed by their friends.

Mr. A. S. Boyd, Pedro Miguel's beloved Mayor, has been quite sick for the past few days with a severe cold.

On the evening of October 29, there will be an old fashioned Halloween party at the playshed for the children of Pedro Miguel and their parents. This will be given by the Bureau of Clubs and Playgrounds under the direction of Miss Preble who in the short time that she has been here has put on some of the best entertainments ever given at Pedro Miguel and has endeared herself with the community. We feel very fortunate in having a playground directress of Miss Preble's ability and look forward with pleasure to the evening of the 29th.

Mr. and Mrs. S. H. Powell spent Tuesday with friends in Balboa.

Mr. and Mrs. Core, Mrs. Van Valkenburg, Mrs. Wright, Miss Cobb and Miss Emma Cobban attended the performance of "La Traviata" at the National Theatre in Panama Tuesday evening.

SPORTDOM

(By Long Shot.)

Waite Hoyt, youthful pitching hero of the world's series was a happy boy when he got revenge on the Giants in the initial games in the big series. No pitcher ever tried to beat a club like Hoyt did to stop McGraw's tribe, and there is a story connected with the battle.

A mere schoolboy just out of Brooklyn High School in 1916, Hoyt was signed by manager John McGraw, but he was quickly released to the miners without ever being given a good trial. McGraw according to reports sat on the bench in the first starts that Hoyt made against the Giants, and there was a sad look on John's face, perhaps he was thinking of the mistake he made in turning the youngster loose. Hoyt let the Giants down with two scant hits in the second game, shutting them out 3 to 0.

Hoyt is still a lad, 22 years old, and in the top clash he was as cool and collected as a veteran. Hoyt after his release from the Giants went to the Rochester, N. Y. Team, he did not linger long in that town, but cast his lot with the semi-professionals around Baltimore, he went to work in the drydocks of that city. The lure of base ball again called him, and he went to Memphis, Tenn., from that city he was again sent into the big show. The Boston Red Sox grabbed him but again he was shifted to the Yankees in 1919.

The final defeat of the Yankees in the big series was a heart blow to the youthful star. Crying like a baby after the final Giant victory, Hoyt was lead off the field by his father and mother. No player on the American League Team felt the blow like the former Brooklyn high school star.

But the young fellow has the knowledge that he is one of the real base ball heroes around the big city. And his future in the Diamond will be watched with much interest by the fans, including John McGraw, of course.

Mc Graw desires but little credit for the winning of the big title. "Hughey Jennings and the team should get the credit for the win," McGraw told the New York City reporters, "and this little act on the part of the great base ball general shows that he is not such a very bad fellow after all.

No official report has been yet given out, but it is taken for granted that Jennings will be the leader of the world's champions in 1922.

McGraw for the past twenty years has been mixed up in unlimited hot battles on the ball field. He has made a vast fortune from the game, and like the very sensible man he is, he wants to go back to the quiet life, and enjoy the future.

ZBYSZKO ACCEPTS CHALLENGE

Jose Zbyszko, the heavyweight wrestling star who is now in Panama, called at the office last evening and stated that he is willing to make 172 lbs for a match with Soldier Homer Lionson, of Gatun.

Zbyszko would like to get in touch with Lionson to talk over the terms of the match. The Polish wrestler suggests that Lionson meet him at the Hotel Metropole Sunday afternoon at 2 o'clock; at that time final arrangements can be made for the bout.

Zbyszko is delighted to know that there is a heavyweight mat man on the Isthmus who can give him a tussel; the big fellow wants to show the folks down here his stock of wrestling tricks and he hopes that Soldier Lionson is sincere in his challenge.

BOXING

ROCH AND AROSEMENA READY

Fistic lovers will have the opportunity of seeing some mighty fine stuff in the Glove line Saturday evening at the Pan American A. C. Ramon Arosemena the first box ... sation to be turned out by his native city, will meet K. O. Roch, of Fort Clayton in the chief event of the night. The bout is carded for ten rounds but due to the fact that both of the fighters pack the punch of a heavyweight it's figured that there will be a knockout registered. Roch in his last two fights has scored two knockouts, one in three rounds and the other in two; Arosemena also has a K. O. record. In his last two fights he has knocked his opponents out in one and two rounds respectively. This goes to show the hitting ability of the two fighters, but outside of this they both are clever and cool ring generals. Arosemena is the cleverer of the two, but Roch more than makes up in this handicap by his terrific hitting ability. All kinds of excitement is sure to be in store for all those who take in the swat fest; the main event will be surrounded with two fine preliminaries.

The semi final of ten rounds will serve to introduce to the local fans a States' lightweight of renown, in the person of "Buddy Ryan." "Buddy" will clash with Soldier Martin a good boy from Fort Clayton, and the battle should be a hummer.

Those who have seen Ryan in action state that he is the second edition of Sailor Packie, and no doubt "Buddy" will have to extend himself in order to edge out a victory on the Clayton boy.

The promoters of this show state that every event will be run off with promptness; that there will be no waits or delays. Dr. Vasquez will be the third man in the ring.

Boxing lovers both in Panama and down at the Army camps are all talking over the main event. The Pan American Club is packed to the doors every afternoon by Panama fight fans, watching Arosemena go through his daily work outs with Young McVea and other trainers.

Promoter Ansen, of the Pan American A. C., states that the winner of the "Buddy" Ryan and Soldier Martin fight on Saturday evening will be matched for a main bout with the winner of the Roch and Arosemena battle. This is going at things in the right way. No question but that the winner in every semi final should be given a chance against the victor in a main bout providing, of course, that he gave satisfaction and the go between the "Pride of Panama" and the Clayton boy is surely going to be worth. Both of the lads are fighting their way to the place where chances ... it, and due to this fact they are going to fight as they never fought before to win Saturday evening.

"Buddy" Ryan is certain to become a great drawing card here in Panama. He is a pretty shifty lad, a wicked puncher and a splendid ring general. The Panama boxing commission was out to see him work the other day.

Got a postal from Sailor Kreuger the other day; he expects to be matched with Downey shortly. He sends his best regards to all the fans on the Isthmus.

A knock goes a long way but a boost goes still further; so let everybody pull together and the boxing game will again come into its own.

It is expected that Frankie Cavanaugh and Joe Salsado will be signed up for a bout next month. Joe is working out with Eddie Ryan every day, and he is in good shape. A battle between these two lads should pull a monster house. They are keen rivals, but both splendid fighters.

Bob Fox is taking things easy out Clayton way. Bob don't do much challenging, but he is always there when it comes to signing up, and he is a great drawing card too.

Kid Kelly, the fast Amador boy, is expected to be back some time this month. A return bout between him and Sailor Asmeade would be a fine attraction for the Atlantic side.

Up to the present time we have not heard of any of the local glove wielders taking up golf. In the States 'tis said that Jack Dempsey is on the Links every day, and he is pretty good with the iron tipped stick.

Red Goldberg writes us from Hamilton, Canada, saying that he is boxing with fair success every week. Red meets Mike McTigue the Canadian champion, in Montreal on the 7th of next month.

HOW WILLS BEAT GUNBOAT

The following account of the Gunboat Smith and Harry Wills fight taken from the "Havana Post" will be interesting reading to the local fans.

Harry Wills, the "Black Panther," from the States, knocked out Gunboat Smith in one minute and seven seconds of fighting yesterday afternoon in their scheduled fifteen round boxing match at the Stadium. Two quick short arm blows over the left ribs in the region of the kidneys, caused the damage.

The end was as dramatic as it was sudden. The men had seemingly just started into a clinch when Wills was seen to deliver two quick short jabs, with his right, his fist literally sinking into the side of the Gunner. Smith wobbled, his knees sagged and he crumpled up on the canvas. Referee Ross could have called off a much longer count than ... and it would have been all the ... to Smith. He was thoroughly ...

Smith was unable to get to his ... unassisted after the count had been finished. Will was the first to reach the fallen man, raise him up and help him to his corner. There he all but collapsed and the intense pain he suffered was plainly written on his face. Two huge lumps showed on his left side almost at his back, and already they were showing dull red and blue.

At 1:35 the decks were cleared for the big battle. The box of new gloves was tossed into the ring and the padded mitts rolled out onto the canvas, as much as to say they were ... The buzz of conversation ... had been going on was hushed ... someone announced that the principals were coming.

Smith was the first to appear clad in a gray bath robe, and climbed through the ropes. It was ... 1:45. Only a few seconds later, Wills' head showed above the ... clad in a blue robe with ... he leaped to the ... and bounded over the top ... to the ring. Each was given ... reception.

Dr. de Lopa, who submitted both men to a rigid examination yesterday, had again put them through the test shortly before they entered the ring. Asked about their condition, Dr. Lopa said they were both fit but expressed the fear that Smith's strength would not outlast that of Wills, making the statement that Smith seemed to tire the quicker of the two.

In Smith's corner with him were Johnnie Lisse, Billy Douglas and ... Murphy. With Wills were his acting manager F. B. Costain ... H. W. Shelton, also from the States as well as Esteban Valdes ... Ricardo Gonzales, of Havana.

... the gloves were adjusted, Wills crossed to Smith's corner and submitted his taped hands for the Gunner's inspection. Smith felt the wrappings and nodded his acceptance. Wills then returning to his corner without so much as looking at the tape on Smith's hands.

The handlers were ordered out of the ring. The fighters were called to the center to receive the instructions of Referee Ross. They returned ... ed ... was ...

Wills rushed the Gunner and landed several body blows that were not returned. Smith gave ground and they sparred a ... toward Wills' corner. Wills ... a volley of blows that Smith tried to check. It then seemed as if Smith, half crouching, was determined to go into a clinch, his body was half bent as he grabbed for Wills' arms. But Wills was too quick. His powerful right shot like a piston rod twice toward the Gunner's side and each blow went true to the mark. Smith tried again to clinch, but it was the mechanical effort of the trained fighter. He was out then and did not know it. Down to the floor he sank, there to remain until assisted to his corner.

CALDWELL TO BE TRADED

Reports from Cleveland, Ohio, state that the days of Ray Caldwell with the Cleveland Indians are about over, and that Speaker intends to ask waivers on him and then send the big fellow to the minors. Caldwell is well known on the Isthmus; a few years ago he pitched for Colon in the Canal League under the moniker of "Collins." Ray did not set the League on fire with his work ... then ... but on returning to the States he settled down and did wonders. He fell down with the Indians on several occasions during the past season. It was for want of good pitching talent that lost the flag for the Cleveland team in the American League.

And NOW Brunswick Records

WE are introducing, after years of preparation, Brunswick Records. They, too, are unlike any you have known before. They bring a new principle in phonographic recording. Each Brunswick Record is interpreted by a noted director or an accomplished artist technically trained in the art of recording. Thus we unite the talent of the artist with the genius of the composer. This is a step which you will appreciate once you make comparisons.

We feel sure that you will recognize the betterment brought out by this idea. We want you to judge Brunswick Records by those same severe tests with which people have judged Brunswick Phonographs. And that is by comparison. We leave the verdict to you.

Remember — Brunswick Records will play on any phonograph with steel or fibre needle.

Las causas de tal situación las resume en una palabra: "guerra"

Londres, Octubre 19.— Explicando ante la Cámara de los Comunes la política del gobierno con relación a la falta de trabajo, Lloyd George dijo que la situación de Inglaterra ahora es peor que nunca desde la terminación de las guerras napoleónicas. Hay 1.750.000 sin trabajo, siendo el mayor número de ellos, en proporción de un 17%, pertenecientes a las industrias metalúrgicas. Las causas de tal situación pueden reducirse a una palabra: "guerra".

Como parte de su programa de alivio el Premier dijo que el gobierno no se propone pedir al Parlamento otro crédito de 200.000 libras para facilitar la emigración de los antiguos soldados hacia los dominios imperiales, [illegible] ya se han establecido uno [illegible] con auxilio del gobierno.

EL PARLAMENTO FRANCES REANUDA LAS SESIONES

París, Octubre 19.— Agencia Havas. El Parlamento se reanudó y a Cámara abordó inmediatamente las interpelaciones sobre política exterior, a petición del Premier Briand.

El Diputado Margaine dijo lamentar que la decisión sobre la Alta Silesia tomada en Ginebra hubiera dejado a Alemania considerable influencia sobre aquella región, y aprobó la idea de Briand de ir a Washington.

El diputado socialista Mounet demostró que el mundo entero tiene interés en socorrer a Rusia, y lamentó que ciertos intereses políticos hubieran impedido el funcionamiento del Comité Internacional.

Briand replicó que las garantías necesarias para el envío de esos socorros no se habían prestado, pero que Francia no olvida a los millares de rusos caídos por la causa común.

El Diputado Mounet inculpó la actitud política del gobierno soviet y pidió que el gobierno francés sostenga las opiniones de Nansen.

El Diputado realista Daudet criticó la política de acercamiento a Alemania y maldijo la supresión de las sanciones.

Respondiendo a esta interpelación que preconiza política distinta de la practicada con Alemania, Briand declaró que la ocupación del Ruhr habría sido practicada en común por los aliados si Alemania no hubiera aceptado el ultimatum. Explicó que el gobierno había vuelto respecto de la ejecución del tratado de Versalles a la política conveniente, pues la de compulsiones no ha dado ningún resultado. Para Briand la posición de Francia se halla lejos de haberse debilitado, pues la movilización de la clase de 1919 llenó la laguna que existía y ahora Francia está en toda su fuerza, y Loucheur ha dado un mentís de los más categóricos a la afirmación hecha por Tardieu [illegible] a que la Comisión de Reparaciones fijó en pleno uso de su libertad la deuda alemana en 132.000 millones de marcos en oro.

DIECIOCHO INTERPELACIONES EN LA CAMARA FRANCESA

París, Octubre 19.— La Cámara de Diputados aceptó la propuesta de [illegible] para que se reunan en un solo grupo todas las interpelaciones relativas a asuntos extranjeros de las cuales se cuentan 18. El diputado Margaine presentó la primera de ellas después de haber tratado de la cuestión de Silesia y de haber felicitado a Briand por su decisión de ir a Washington, diciéndole: "Me alegro de ello por el bien de mi país". La Cámara entera aplaudió estas palabras.

Una mujer que se suicida

HABLA NUESTRO CRONISTA

Toda noticia que por su naturaleza envuelve un hecho desgraciado, tiene la infinita ventura de regarse rápidamente, como la pólvora al influjo poderoso de la llama. Por eso se explica q' anteayer tuviéramos conocimiento del suicidio de Felicia, casi inmediatamente después de haberse consumado el hecho.

Nos dirijimos pués ya en auto de lo que sucedía, al Cuartel Central, en solicitud de los informes y detalles necesarios para poder informar al público de este lamentable acontecimiento, y allí se nos enseñó el libro de partes correspondiente.

La señora Felicia Harquez que así se llamaba la occisa hacía tiempo que trabajaba en la residencia del conocido comerciante de esta plaza don Raúl Ibáñez y a simple vista demostraba que era feliz, en el estrecho circulo de sus posibilidades, en el ambiente reducido en que se agitaba. La familia del señor Ibáñez, le profesaba cariño y por no hablante destinado un aposento en su propia casa para que vivera libre de la preocupación de arrendamientos.

Hace varias semanas, la occisa dispuso trabajar en otra parte, seguramente en su afán de mejorar de sueldo, porque eso es la eterna comedia de esta vida y se empleó en casa de don Romano Emiliani. Ayer, después de terminadas sus labores del medio día, se dirigió a su cuarto sumamente triste obsesionada y atormentada con la idea fatal de poner fin a su existencia, y así lo hizo disparándose tres tiros de revólver, calibre 32. El tiro que le causó la muerte casi instantánea, penetró por la tetilla izquierda, afectando como es natural el corazón.

Felicia Harquez, antes de entregar su alma al Supremo Hacedor, escribió una carta que reposa en poder del Fiscal de este Circuito, en la que asegura que ponía fin a su existencia, porque a pesar de ser colombiana de nacimiento, le falta la patria; y porque según su propia confesión estaba hastiada y cansada de vivir.

El señor Juez 2° del Circuito, acompañado de su Secretario y del Médico Oficial se trasladaron después al lugar de los acontecimientos y personalmente constataron que se trataba de un suicidio voluntario y practicaron las diligencias que la ley exige en estos casos. El entierro de la infortunada suicida tuvo lugar hoy y fué costeado por la familia del señor Ibáñez que como hemos dicho, le profesaba estimación a la Harquez.

Cuando suceden estos acontecimientos dolorosos, francamente que se nos decae el ánimo y se nos anubla el corazón. Como es posible nos preguntamos sin cesar, que la fatalidad, despiadosamente se cebe en los seres anónimos, atormentándolos con sus invisibles pero traidoras alas?

Acaso es ley suprema que la infelicidad, el desasiego, la amargura y el martirio solo se han creado, para los que viven en la media infame inventada por el hombre para labrarse su eterna desdicha?

Que sino fatal regulariza los movimientos de las almas nobles que a pesar de su natural fortaleza, siempre cede y cae apelando al recurso a veces odioso, a veces ridículo, y a veces salvador del suicidio?

Oh arcano inexplicable. Solo tú pudieras aclarar el misterio y sin embargo el criminal silencio es tu respuesta!.....

La higiene en el Interior

Con frecuencia se registran casos de enfermedades epidémicas en los pueblos del interior de la República, que merecen y necesitan la inmediata asistencia de los médicos oficiales y el suministro de drogas y otros medios para combatir aquellos males, cosa que no puede hacerse oportunamente unas veces y otras ni tarde ni temprano, porque se tropieza con una valla infranqueable: no hay partida en el presupuesto para esos gastos ... al decir de la Oficina de Fiscalización.

Sin embargo, hojeando el presupuesto en vigencia hallamos el artículo 547, concebido en estos términos:

"Para atender a los gastos de sanidad pública en el interior de la República especialmente los que ocasione la extinción de la uncinariasis, B 25.000"

Además hay otras partidas destinadas a los mismos fines, como la del artículo 547 "para pagar los gastos que ocasione el servicio de Higiene Pública, compra de virus etc., hasta B 5.000"

Suponiendo que esta última partida se hubiese agotado aun quedaría la del artículo citado anteriormente. Pero parece que el adverbio "especialmente" que se refiere a la extinción de la uncinariasis se ha convertido en "exclusivamente" en concepto de los señores encargados de autorizar los gastos de la nación y de ahí que en los casos urgentes de epidemias como el que se presentó hace poco en La Chorrera, como el que ocurre ahora mismo en Bugaba donde la viruela está haciendo estragos, no se pueda auxiliar a los pobladores víctimas de esos males con la debida prontitud temiendo que andar por caminos de sesgo, echar por atajos en vez de marchar por el camino recto para poder prestarles el socorro que requieren.

No tenemos noticia de que hayan ocurrido en la República sucesos capaces de agotar desde la fecha en que entró en vigencia el actual presupuesto, las partidas destinadas en el para atender a los gastos del servicio de la higiene pública y de la salubridad en el interior. Por otro lado tenemos entendido que los gastos que ocasiona la extinción de la uncinariasis son sufragados en su totalidad por la Fundación Rockefeller institución caritativa que se sostiene no de subvenciones sino de las rentas de un fondo destinado a ese fin por disposición testamentaria de un filantrópico norteamericano de memoria venerada.

Así, pues, no parece tener justificación el pretexto de "no existir partida en el presupuesto" para atender a los gastos que requiera el combatir las epidemias en el interior y sería de desearse que el señor Secretario de Fomento y la Oficina de Fiscalización dieran al público las explicaciones del caso.

Al redor del famoso decreto "One eleven"

Las últimas noticias recibidas ayer de Colombia tomamos las siguientes palabras de palpitante actualidad e interés los que se pretende llevar al traste la sagrada autonomía municipal.

Un Congreso de Municipalidades

[illegible] un Congreso de las Municipalidades liberales, a fin de acordar el procedimiento de adoptar una legislación municipal uniforme, de acuerdo con las tendencias liberales. La idea ha sido acogida con entusiasmo por los órganos del Liberalismo. La República" adhiere la idea en el sentido de que también se convoque a las municipalidades de mayoría conservadora.

Corresponsal.

Si dirigimos una mirada retrospectiva a la revolución de 1899, vemos surgir en el programa del Liberalismo, en el programa que llevó a la lucha a ese partido, la AUTONOMIA MUNICIPAL en primera línea.

En la República de Panamá, por aquellos entonces Departamento de Colombia fue jefe de ese movimiento el doctor Belisario Porras y luchó con denuedo como sólo él sabe luchar, por lo que hoy ataca sin escrúpulo alguno como Jefe Supremo del Estado. Lo que ha sido motivo de bodas sangrientas el deseo del Liberalismo, se pretende anular hoy de una pluma.

Es bien sabido que durante la administración del General Reyes en Colombia, los Municipios obtuvieron la autonomía que venía pidiendo el Liberalismo y ese hecho ocurrió después de verificada la Independencia de Panamá cuya Asamblea Constituyente consagró en su mayoría de liberales, hizo garantizar este sagrado principio de autonomía en la Carta Fundamental quién les hubiera dicho que esta garantía de nada nos serviría ...

Hoy en las principales capitales de la República de Colombia ha triunfado [illegible] sus deberes y derechos defiende a capa y espada la "independencia municipal", única efectiva de progreso que ha hecho de aquellos distritos UN PODER.

Mientras hoy en esa Nación se convoca un CONGRESO DE MUNICIPALIDADES liberales para adoptar una LEGISLACION MUNICIPAL UNIFORME, basada en los principios del partido aquí en Panamá, como una ironía siguiente, se pretende hacer girones la Carta Magna para acabar de un tajo con la autonomía municipal.

Es tiempo pues de que los liberales doctrinarios que figuran en el Gobierno, vuelvan por los ideales cuya conquista hizo regar con sangre de la juventud panameña, los campos de la Patria.

No es crimen reconocer un error, crimen es persistir en él.

Panamá, [illegible] de 1921.

LA LEY DICE

[illegible] dos bellas cosas [illegible] conveniente"...

[illegible] [illegible] es [illegible] las

[illegible] Es un drama formado [illegible] arte y en el cual hace [illegible] protagonista una de las más gracios[illegible] [illegible] de arte cinematógrafo norteamericano. Se trata de una consagrada de arte [illegible] de una artista [illegible] muy artista. [illegible] trama indudablemente [illegible] bella [illegible] muy bella y delicada, y agradará [illegible] veras. El cinedrama es de cinco actos. Además se proyectará una comedia en dos rollos que hará reir al que parezca de más serio, hasta a mismo señor administrador de los teatros Amador y Eldorado, que lo es el activo [illegible] Manuel E. Martínez "Muchacho" [illegible] (por lo menos él lo asegura), que [illegible] se rie (cuando duerme).

Y anoche obtuvo un formidable éxito a fin en seis actos "LA MUJER IDEAL" en la cual hace de protagonista la excelente actriz Clara Kimball [illegible] Clara Kimball siempre será una triunfadora gentil, una favorita de nuestro público.

El domingo se nos proyectará algo [illegible] lo bueno de lo que hace época, se trata de "BAJO SOSPECHAS", un cinedrama en seis rollos cuyos títulos [illegible] en inglés y castellano y adivinen ustedes" nos hace de protagonista la cantadora Ora Carew ... Qué tal? Veamos si así será y veremos.

Geruadio.

Esta noche "Manon" la gran opera de Massenet por la genial Rosina Storchio

La Tosca de anoche fue muy buena: triunfo de la Taylor de Faticonti y del tenor Sr. Salazar

Hermosa "Tosca" ofreció anoche la compañía de ópera Bracale.

El efectista partitura de Puccini fue muy bien llevada por el Maestro Padovani que [illegible] Preludio del tercer acto [illegible] brío y técnica: nos plació la interpretación.

De los cantantes que debutaron anoche la Luisa Taylor en diversas ocasiones la hemos visto el público de nuestra ciudad interpretar el rol de Floria Tosca. Siempre ha gustado. Lo hermoso de su voz pastosa, bien timbrada con un registro grave estupendo; lo elegante de la figura, lo bien vestida que hace la obra, su labor como actriz interesan y hacen aplaudir en su honor. Luisa Taylor anoche lució una Tosca original y justa y ha sido quizá la vez en que mejor ha cantado en Panamá.

Los ovaciones que premiaron su labor muy merecidas.

Salazar ofreció una interpretación de Cavaradossi afinada y vibrante.

Salazar es ante todo un tenor de fibra: más que en las "filigranas" y los pianos nos place en las escenas dramáticas culminantes.

Aplaudimosle en el segundo acto sobre todo nos interesa más su labor.

Con todo en el primero y el tercer acto de gran lucimiento para el cantante triunfó también, porque los adelantos de este artista son notables.

¡Que "Forza del destino" que "Mello" debe cantar Salazar!

En las obras de fuerza este tenor más que una esperanza es brillante realidad.

Faticanti logró entusiasmar en el Scarpia. Y es que este barítono que la canta bien, que posee una hermosa voz de un timbre agradabilísimo que recuerda a Sammarco en sus buenos días, es un artista muy completo. El Scarpia de Faticanti puede compararse y no desmerecer con los mejores. Le da una prestancia, [illegible] suma y [illegible] personaje.

La Tosca de anoche fue muy buena: triunfo de la Taylor de Faticonti y del tenor Sr. Salazar

Y esta noche Manon.

Manon la estupenda obra de Massenet, de la cual hace Rosina Storchio una creación!

Manon la historia sentimental y maravillosa de un muchachuela la femenina, tan atractiva.... Esos personajes, verdaderos estudios de alma, los interpreta la Storchio a la perfección; porque se concreta, con ellos porque es su alma que se desbloda...

Manon es una partitura encantadora.

Sabemos que la escena de San Sulpicio va a producir una emoción intensísima: si el segundo acto de Traviata, si el cuarto acto produjeron impresión.... ¿Qué no será la escena de San Sulpicio...?

Manon es la mujer que ama, la que conquista al caballero Des Grieux que acaba de pronunciar su primer sermón: es la enamorada que ve que su amor se va y recurre a todo para conquistarle.... Hay instantes de tal intensidad en que la música siente de tal modo el alma del personaje que Rosina Storchio interpreta, que se diría una sombra resbalando por el escenario, la voz convulsa, pasional llena de lujuria...

La obra está presentada por la compañía Bracale con extraordinario lujo: el vestuario y el decorado de acuerdo con la época.

Un alarde de riqueza como no se acostumbra en óperas.

Hay razones para esperar el lleno completo.

DE BOXEO

EL ENTRENAMIENTO DEL KID MC COY PANAMEÑO

Hemos tenido la oportunidad de admirar en el amplio ring de boxeo del Santa Ana Athletic Club al gran boxeador panameño Ramón Arosemena, a quien con gran acierto se le llama Kid Mc Coy. Este boxeador hace despertar en todo el que lo vea en su entrenamiento una gran admiración, pues son muchas las cualidades que posee en este campo del deporte, las que aunadas a su inteligencia, lo hacen hacer maravillas dejando como encantados a los espectadores. Es ligero, de gran agilidad, y posee un acierto en todos los movimientos que practica durante la lucha acompañándolos de sus fáciles "jabs" con la izquierda y su terrífico punch de la derecha, que, sin someterlo a duda, pondrán fuera de combate no a Roche, sino a todo boxeador de su peso que cometa la osadía de contentársele.

El muchacho posee en sí una gran confianza del triunfo que obtendrá el sábado en la noche, y, tal vez, es mayor aún la que poseemos nosotros que lo hemos visto haciendo prodigios en el training cotidiano con "Young Sam Mc Vea."

Si en algo de lo que decimos en estas líneas, el público cree exagerado, no hay más que dedicar unos cuantos minutos después de las 4 y 30 p. m., y dirigirse al Santa Ana Athletic Club para admirar y convencerse al mismo tiempo de lo que es nuestro Kid Mc Coy.

[illegible] se presentaría [illegible] SANTANA en las primeras [illegible] compañía Dramática [illegible] que dirigen Ramón Oropeza y José Mas en el estreno del drama en un acto original del escritor nacional [illegible] Jaén, titulado "Escrito con Sangre".

"Escrito con Sangre" es un drama [illegible] que ha triunfado rotundamente. Es un poema de amor, de tristeza y de tragedia. Es una gran lección de carácter sociológico, de profunda psicología que nadie debe perder de ver.

La figura de la primera actriz señorita Francisca Mas se destaca admirablemente en el rol de Ofelia. Ramón Oropeza hace una verdadera creación en el rol de protagonista. Oropeza es un buen actor, ha trabajado por varios años con notables compañías de drama, lo que acredita la Prensa de los varios países donde ha actuado. Miguel Mas en el rol de don Andrés, estará admirable, como siempre. "Escrito con Sangre" será un nuevo triunfo para el primer actor y director de la Compañía señor Oropeza para la primera actriz señorita Mas y el [illegible] joven Miguel Mas.

No dudamos que esta noche la sociedad colonense se dará cita en el Strand para admirar el drama de Jaén, que proyectará en primer término un notable cinedrama en cinco actos, [illegible] títulos son en inglés y castellano. Y luego, el drama que nos ocupa. Los precios de localidades son bastante razonables. 50 y 25 centavos oro.
