LABOR BOARD'S ACTION MAY STOP STRIKE

BOTH, OWNERS AND WORKERS ORDERED TO APPEAR BEFORE BOARD WEDNESDAY, OCT. 26

Decisions Reached at Conference to be Held Next Week Will not be Announced Until After October 30, Thus Making Walk-out Impossible Unless Unions Wish to Defy Board's Order That There Shall be No Strike Pending its Ruling. —R. R. Chiefs and Labor Leaders Agree to Attend Conference.

CHICAGO, Oct 21 By the Associated Press.—The federal government today moved to prevent the railroad strike and enforce the obligation of both the unions and the railroads to the decrees of the United States Railroad Labor Board

The Board announced that it has assumed full jurisdiction in the crisis and has ordered the workers not to strike pending a conference of the Board with the union heads and the railroad chiefs which has been called for October 26. This action was taken with the full approval of the Washington government. The members of the Board said that the decision reached at this conference will not be announced until after October 30 the date on which the strike is scheduled to start, therefore the walk out will be averted unless the unions defy the order that there shall be no strike pending its ruling. Both the railroad chiefs and union leaders announced that they would comply with the order to appear in the conference.

R. R. OWNERS AND WORKERS TO APPEAR BEFORE LABOR BOARD NEXT WEEK

CHICAGO, Oct. 21 By the Associated Press.—The United States Railroad Labor Board, backed by all the authority that the government can place at its disposal, called the heads of the railroads of the country and of the five big unions to appear here next week, and solemnly warned the unions not to strike until the Board hears their grievances and renders its decision.

The action of the Board virtually means that there will be no strike on October 30 unless the unions decide to openly defy the government for it is hardly probable that a decision will be rendered by the Board before that date.

BOARD REPORTS TO HARDING.

CHICAGO, Oct. 21 By the Associated Press.—The Railroad Labor Board, whose conference with the brotherhood leaders Thursday evening failed, sent its report to President Harding today.

Government officials are now expected to make the next move in an effort to prevent the walkout of 2,000,000 railroad men.

The unions continued their meetings today in an effort to reach a common agreement regarding the stand they will take in the event the strike occurs. In the meanwhile the managers of railroads are discussing plans to keep the railroads in operation.

OPTIMISM PREVAILS.

WASHINGTON, Oct 21.— By the Associated Press).—A distinct feeling of optimism prevailed in official circles where the belief was expressed that the threatened railroad strike would be averted. Nevertheless preparations were continued by the Government to cope with the situation should the tie up eventually occur. The Department of Commerce announced that plans have been completed for the coordination of the efforts of the various states and municipalities for continuing the transportation of essential commodities.

S. S. OSAGE BRINGS GOOD SAMPLE OF U. S. DISTRESS

Ship's Master Easily Obtains in Norfolk, Va., Full Crew Willing to Work For Approximately 100 Percent Less Than Usual.

The S.S. Osage a Shipping Board vessel, passed through the Canal yesterday bound for Seattle. The Captain signed his crew on at Norfolk, the place of departure, where owing to the serious condition prevailing in unemployment he easily obtained the crew for the following wages:

Bosn's salary, formerly $115, now on Osage $80
A. B. Seamen formerly $90, now on Osage $67
O. S. Seaman formerly $70, now on Osage $52
Messman formerly $70, now on Osage $40
Firemen formerly $90 and $110 now on Osage $75

The Captain said that so many men came aboard at Norfolk looking for work, it was necessary to use force to keep away the job hunters. He also said that those men whom he employed were not only without work but without food, and he had to serve a dollar meal to them before putting them to work. This shows how bad the unemployment and depression in shipping is in the States at the present time.

BARQUE GOLDEN GATE ATTACHED

American Foreign Banking Corporation Brings Suit to Recover Sum of $8,182.11 Representing Value of Services Rendered Ship.

The United States Marshal of the Canal Zone today attached the barque Golden Gate in Cristobal harbor in the libel suit filed in the Cristobal District Court by the American Foreign Banking Corporation, through attorney Raimundo Arias, against this boat, for the sum appearing to be due for money alleged to have been advanced and expended for supplies, repairs and indebtedness on account of the boat.

According to the complaint, the Bank, at the request of the owners of the boat, the Ralph Steam Navigation Co., of San Francisco, through their Cristobal agents paid out, expended and advanced the cash necessary to cover the supplies and repairs needed by the boat here, and for the indebtedness of the boat to the Panama Canal for

Tomorrow morning another dream will be realized, when the new Union Church in New Cristobal, located at the corner of 3rd. and "G" sts. will be used for the first time.

It is to be a joyful occasion and one long to be remembered. For many years the congregation has been looking forward to such a time, it has been not only their dream, but their hope, their prayer, their work and now their realization.

Still Unfinished

The Church is not fully complete, but it is in a usable shape. The finished flooring, the permanent lighting system, the cement steps in front, are still to be provided for. The actual dedication of the Church will be delayed until it is completed.

The first service tomorrow will be the regular Sunday School and Bible Study held at 9:45 a. m. The classes will all be able in the new church and will be assigned to what will be their usual meeting place in the new Sunday School room. Superintendent Corey and his able corps of assistants and teachers will all be present.

From Old Cristobal through Colon to the new building, reverse to the new building, re-school period in Old Cristobal to bring the church people over the same route as outlined for the Sunday School, and returning from the new building back over the same course.

Route to be Followed

Starting at the south end of Camp Board Ave., at 9:15 a. m. sharp in front of house No. 1220 the brake will go down Camp Board Ave., and "G" St. to the Clubhouse, then turning to the left continuing on around to the Army and Navy Y. M. C. A. coming straight up Roosevelt Ave. past the fire station then east on 11th St. to 6th Ave., then north on Bolivar St. to 9th. DAMAGES CAUSED BY HIGH WIND EXTENSIVE

Crops in Many Interior Points Badly Damaged—Tug Mercedes Enroute to Colombia Forced to Return Leaking Badly.

The stiff winds blowing during the past few days have been playing more or less havoc among the Republic's coast wise shipping and with the crops along the coast line.

In the neighborhood of this city the people living in the region traversed by the Juan Diaz district report tremendous damage to crops as a result of floods in the river which is reported to have risen this year to a height never before witnessed even by the oldest residents. Though no loss of life is reported comparatively large numbers of horses and cattle have been destroyed by the floods.

Forced Back to Port

On the coast on Thursday night the big Mercedes which was recently sold by the Panama Construction Company to a mining concern in the Republic of Colombia, was forced to return to port leaking badly as a result of the seas were buffeting she received from the heavy seas after she left the shelter of the Island of Otoque.

It was reported yesterday that the damage sustained by the Mercedes is so severe that it has been found necessary to dry dock her after unloading the cargo of piping she had taken on previous to sailing.

Carried Prominent Passengers

Among the passengers aboard the Mercedes while she was being roughly handled by the seas and wind, was J. W. Rosewater the designer of the dredge Marechal Foch which recently left this port for San Juan Colombia, towed by the tug Gorgona. Mr. Rosewater was on his way to the San Juan River, to supervise the initial operation of the dredge in the river.

Others who had narrow escapes as a result of the gale Thursday evening are Commander Gay of the U.S.S. Asheville, and his Chief Petty Officer while returning to the Asheville in a small row boat.

Commander Gay in Peril

A heavy wind caught the boat examining the boat and making preparations for them to swim over a half mile to shore. The Commander removed his clothes while in the water and swam to shore. Upon arriving at shore he tried to find some means of communicat

Government's Delegates Denunciation of De Valera's Letter to Pope and Ulster Question Leaves Parleys Hanging on Thread.

LONDON Oct 21 (By the Associated Press).—The Irish Conference barely escaped being wrecked today. For a time it seemed possible that the Dail Eireann representatives would return to Dublin tonight and they were still apprehensive this afternoon that Monday's session will be the last one.

No progress was made in today's meeting, a combination of events bringing about a virtual [illegible]. The [illegible] delegates, according to Sinn Fein sources, took violent exception to de Valera's letter to the Pope and this and other subjects such as the Ulster question which was down for discussion, left the negotiations hanging on a mere thread.

The conference adjourned at 4:30 o'clock to again meet Monday.

LEAGUE'S SILESIA DECISION NOW PUBLISHED

Plebiscite Area is Divided Almost in Two Equal Parts Between Poland and Germany.

PARIS, Oct 21.— By the Associated Press.—The decision of the League of Nations Council regarding the Upper Silesian problem was published today. It divides the plebiscite area almost on equal parts between Poland and Germany as to the number of communes, and provides an administrative machinery with the gradual inauguration of the new regime within a period of fifteen years.

The new boundary follows the Oder River to Niebetschau, and then toward Lissau after which the old boundary is continued to the point where it joins the existing one between the two countries.

In the southern section of the area the decision awards 22 communes to Germany and 19 to Poland. In the northern section Germany obtains 38 and Poland 21. The administration of private railways is left unchanged and the German mark is designated as the monetary standard for not more than fifteen years. The products imported from the Polish zone into German territory are exempt from duty for 5 years.

Great War Veterans' Association Will See Means To reduce unemployment among Former Comrades of Great War — Should Rehabilitate ex-Soldiers.

OTTAWA, Oct. 21. By the Associated Press.—The annual convention of the Great War Veterans' Association, which will be held at Port Arthur, Ont., which begins October 23 and ending October 25, will endeavor to find means to reduce the unemployment situation among former Canadian soldiers and sailors.

The Association is understood to regard unemployment as the most pressing national problem. It is expected that the convention will appoint a special committee composed of one member from each province to draw up resolutions on that subject.

The question of amalgamating all the soldiers' organizations in Canada will be brought before the convention. Representatives of other associations of ex-service men have been invited to attend to aid in discussing that problem.

Rehabilitate Ex-soldiers

The convention is expected to take steps to urge the Dominion Parliament to re-establish all ex-service men so far as possible in the economic position which they would have obtained but for their war service. It is likely also that the war veterans will ask Parliament to extend its housing loan to ex-service men.

Resolutions on limitation of armaments will be submitted. It is indicated that these will be along the lines of those approved by the British Empire Service League at its meeting in South Africa and will call for adequate defense in the Empire but with the understanding that armaments should not be built up for offensive purposes.

U. S. AND EUROPE TO UNITE FOR DOPT WAR

Authorities in Paris, Brussels and London Will Exchange Information With New York Police Authorities Regarding Drugs and Drug Addicts.

NEW YORK Oct. 21 By the Associated Press.—Due to the voluntary work of a wealthy New Yorker, known to the police department as 'X Blanc', New York has become an international clearing house for police information concerning the illicit traffic in narcotic drugs.

This information, together with an account of the work done by 'X Blanc' in Europe, whence he has just returned, has been made public by Special Deputy Police Commissioner Carleton Simon.

Commissioner Simon, who also serves without pay as head of the narcotics division of the police department, said that 'X Blanc', working as his European assistant, had secured the cooperation of England, Belgium and France in a determined effort to stamp out the contraband traffic.

To Exchange Information

To this end, announced, authorities in Paris, London and Brussels have arranged to send all information relating to drugs and drug addicts to New York as fast as it is collected and to keep the department here advised of all noted shipments of contraband to this and other countries.

Commissioner Simon said that 'X Blanc' reported alarming increases in drug addiction in all European countries except Germany, manufactures much of narcotics shipped here.

Belgian authorities, he added, are divided in their opinions as to whether the increased use of narcotics or the increased showing of American "Wild West" moving pictures are to be blamed for recent outbreaks of crime. Train robberies occurred in that country this year for the first time in its history, he said.

SCHOONER MAJESTIC'S LOSS CONFIRMED

Vessel with 59 Souls Including Captain and Crew Together with Cargo Wrecked in Latest Hurricane in the Caribbean. H. M. S. Valeria's Skipper Makes Complete Search Without Success.

Latest Reports Confirm Loss from Wreckage Bearing Initials "P. S. H." Bring Those of Schooner Skipper's Name.

The schooner "Majestic", which left Demerara on the 2nd Sept. and encountered the storm during its voyage to Barbados with 59 souls including the skipper and crew, according to latest information received, has been lost. Certain parts of the wreckage, it is said, has drifted on to the Island of Savan off the Grenadines and together with timber and ragged sails, the word "P. S. H." on part of a trunk being the initials of the captain was discovered which confirms the report of the schooner's loss. The "Majestic" was 69 tons net and owned by Messrs. Hazel, Pimento and D'Oliveira, the first named from the Island of Barbados, and the other two of Demerara. Captain Harris the skipper was a man who was well thought of as a capable man in the shipping world and travelled for many years around the West Indian countries, while a number of school children who had been returning to college on the island of Barbados from spending their vacation, and a clerk who is included left Demerara to take up a position in one of the banks being transferred. The cargo comprised 270 bags of cocoanuts, 800 bags charcoal, 500 pieces of wood, 12 tins cocoanut oil, 35 tons of wood, 13,00 shingles, 200 paling staves and 6 bunches of plantains, were aboard. Captain England of H.M.S. Valeria cruised 80 miles in one direction and 40 miles in another and wirelessed the Governor of Barbados stating all attempts of trying to locate the schooner had failed. The incident has caused considerable worry among the inhabitants of the two islands.

JAMAICA REPRESENTATIVE ASSOCIATION'S MEETING

On Monday night last at the Pacific Club, the weekly meeting of the Panama Branch of the Jamaica Representative Government Association was held. ... The minutes of the previous meeting were read and confirmed. A letter which was sent to the Daily Gleaner for publication was also read and received the unanimous approval of the members.

A communication was received from Hon. H. A. L. Simpson, O. B. E., the chairman of the Jamaica Political Progressive Party. In the communication referred to, Mr. Simpson made clear his position in regards to the political agitation for a better system of representative government for Jamaica, and in doing so has exonerated himself of all responsibility in bringing about the creation of two parties in the representations to improve the political constitution of the country. The communication was warmly discussed by Dr. F. F. Lowe, C. A. Harris and other members who were present. The opinion was expressed that either Mr. Simpson or Mr. Smith was wrong; and if this Association is of opinion that there has been wrong procedure, it should be our duty to correct the error.

The chairman ruled that as the Secretary of the Association had not received any reply from the Secretary of the Jamaica Representative Government Association, that the letter be acknowledged and tabled until a communication was received from Mr. Soulette, the Secretary.

The chairman presented a draft of a suggested constitution for Jamaica. It is proposed that the articles drawn up will be considered at the next meeting on Monday, 24th inst., and if it meets the approval of the members will be forwarded to the Daily Gleaner to stimulate public thoughts and interest. It is said, that the proposed draft has suggested some very important changes in the present constitution of Jamaica. Members are requested to attend the meeting next week.

NEW PROVIDENCE STAR LODGE No. 48 CELEBRATES

The inhabitants of New Providence in the Gatun Valley last Sunday afternoon celebrated in regal royal fashion. New Providence Star Lodge No. 48 catered to the settlement by producing a most delectable program in the shape of speeches, recitations and songs with a juvenile crowd appearing before the footlights. Much credit must be given to Sister M. Boyce guardian of the Juveniles who did everything possible to bring about measurable results; also Miss Winifred Small who presided at the organ. The function terminated by singing the Doxology.

"THE CALL OF YOUTH"

Betty Overton, a pretty English girl, living with her aunt and uncle, the Lawtons, while sitting on the rocks in a stream on the Lawton estate in England, loses her slipper which floats with the current and is caught in some brush. Hubert Richmond, a young Englishman, son of an impoverished business man, finds the slipper and seeking its owner, Betty, restores it to her.

The acquaintance thus begun ripens rapidly and both love each other. Meanwhile, Lawton is brought to the brink of ruin by a slump in stocks manipulated by James Agar, a cold, calculating financier, more than forty years old. Agar loves Betty and when he learns of Lawton's financial difficulties, he uses this as a lever to advance his project to marry Betty. He accordingly asks Lawton's permission to court Betty whom he desires for his wife.

The Lawtons lose no time in urging Betty to accept Agar as being to her social advantage, but they do not disclose the real reason that her marriage would restore their fortunes. Although she deeply loves Hubert, she divines the truth and accepts the inevitable. Agar presents her with a pearl necklace and their engagement is formally announced. Hubert is shocked at the news and he is pleading with Betty when Agar appears on the scene. He realizes that Hubert is his rival and he resolves to crush him at any cost.

Agar sends for Hubert and on the plea of friendship for his father, offers him a profitable post in Africa. As Hubert is eager to liquidate his father's debts, he accepts and leaves for the jungle with every prospect of remaining there forever. Agar now renews his suit and on the eve of the wedding day he finds Betty in her bridal gown. Her beauty intoxicates him ... seizing her wildly, he kisses ... shoulder. Betty is shocked, ... hurling the necklace from her, ... reviles Agar and flees to her ro... When Agar recovers from his frenzy, he realizes that he has made a fatal mistake and that the girl is lost to him forever.

Hubert is stricken with jungle fever and is apparently dying when he calls for Betty. The latter is strangely influenced and when Hubert believes she has responded to his call and is at his bedside, his recovery begins. Agar determines to respect the call of youth and going to Africa he brings Hubert back to England and to Betty. Their union follows and they have the blessing of Agar who devotes his life to their happiness.

ANGLO-AMERICAN PEACE.

President Harding voiced the sentiment of an overwhelming majority of the English speaking peoples of the world when he said that war between England and America was unthinkable. He is right, and he might have added that a plain, ordinary, everyday, garden variety of war is also unthinkable.

Peace is based on understandings, generally in formally executed pacts, and it is by such pacts that war is prevented, granting, of course, the respect in which the nations concerned hold treaty obligations. Never can the German "scrap of paper" theory be forgotten, hence all statements must be qualified accordingly.

Not very long ago President Harding spoke very cordially, as he always does, and enthusiastically of the peaceful relations that have existed between his country and Canada, and the fact that the frontiers are totally unfortified. What a blessing it would be, if the countries of all the world could maintain such cordial relations based on such complete understanding as is the case between the United States and Canada.

These relations after all are based on a treaty of amity that is almost as old as the record of peace and while there are no fortifications defense and offence was not totally neglected. The treaty provides that each nation may maintain on the great lakes six naval vessels. These vessels are limited in size to about the gross tonnage of a subchaser and are permitted, each and every one of them to mount one three or six pound cannon.

There is limitation of armament for you. An excellent and proved example for the consideration of the delegates to the conference that is to meet in Washington next month.

A GLANCE AT THE NEWS.

Evidently the unemployed in Great Britain, who demanded "bread or revolution," are going to get bread, because the government has allocated 10,000,000 pounds sterling for use in relieving the unemployed. That, of course, is only a makeshift, but it is better than revolution, and provision is being made at the same time to extend foreign trade which provides employment, and to help some of the surplus labor to emigrate.

The attack of communists on the American Ambassador to France by means of a bomb, from which fortunately he escaped, and the assault on the consulate at Brest are what are known as instances of "direct action" in the jargon of the revolution. Yet they seem a rather indirect way to reach a United States court which is alleged not to have given a fair trial to two men convicted of murder.

We know that the soup kitchens are good things and that at the present time they are necessary and we congratulate the people who are giving their time and money to this good work, and, while we have done our little bit to help the good work along, we are forced to wonder whether or not unemployment may not increase if the kitchens are operated for a considerable time.

The Majesty Of The Law

According to an Indiana newspaper, three women bootleggers were on their way to Ft. Benjamin Harrison with a supply of booze in an automobile and refused to halt when commanded to do so by an officer. The latter fired and the bullet went through the body of the machine and lodged in the body of the driver. She lost control of the machine and it crashed into the porch of the barracks and crushed her head. Comment is unnecessary.

The Obscurity Of The Vice President

The old and new met at the White house recently when Thomas Riley Marshall, former vice president of the United States called upon President Harding and at the executive offices he met Vice President Coolidge. While the former and the present vice-presidents chatted, members of the cabinet strolled in and gave the former vice president a reception. Mr. Marshall was running true to form and told a few yarns and informed Postmaster General Hays that he only called to pay his respects to the President and that he was probably a unique caller because he "had no advice to give the President."

Mr. Marshall, who once declared that "what this country needs most is a good five cent cigar" announced that he still has hopes of that "good five cent cigar."

"I've got a man making samples for me," said the former vice president.

The former vice president informed the reporters that he was just closing a lecture tour.

"I've been engaged in that wonderful game of exchanging old stuff for new money," said Mr. Marshall. "And do you know they have almost forgotten that I even was a democrat. Why up in New Hampshire last week I was sitting around a hotel lobby waiting for the committee from the literary club to come and escort me to the orgy when I heard two men talking. One of them said 'I see Marshall's going to speak here to night.' 'Who's Marshall?' inquired the other. 'Oh, he used to be vice president.' 'I think I remember, he was a democrat, wasn't he?'"

The former vice president gave one of his characteristic cackling laughs, lighted his cigar afresh and waving his cane in farewell, left the White House.

CHARITY BALL TAKES PLACE THIS EVENING

The arrangements for the First Annual Charity Ball scheduled to take place at the Community House in Balboa this evening are practically completed and the committee in charge has spared no effort to make the affair a grand success. Four handsome prizes have been donated to the Committee to be awarded during the evening to those most efficient in the novelty dances to be introduced by the floor committee.

Anticipating a large attendance the committee has made arrangements to use both floors of the Community House for dancing. Many out of town people have signified their intention of attending especially from Pedro Miguel and Cristobal.

A large number of delicious home made cakes have been donated to the cause by the Ladies of Ancon, Balboa and Miguel which means that the refreshments will be well above the standard.

The decorations are such that it seems a foregone conclusion that the House will be transformed into a veritable palace of beauty.

Curriers Terstchorean Orchestra, an attraction in itself will provide the music for the occasion.

NEW GENERAL FOR ZONE DUE THIS MORNING

Major General Samuel Sturgis Who Will Relieve Brigadier General Babbitt, is Among Passengers on St. Mihiel.

Among the passengers arriving on the St. Mihiel, which is due to arrive this morning, will be Major General Samuel Sturgis, who will take command of the Panama Canal Department relieving Brigadier General Babbitt, acting commander, who expects to go to the States on two months' leave.

General Sturgis is coming direct from Washington, D. C., having recently been appointed Major General by President Harding succeeding Major General Dickman, retired.

Upon his arrival General Sturgis will find his command in very good shape, his predecessors having been very capable men; he will find on his staff a number of very competent officers, including the commanders of the different posts.

Excellent War Record

General Sturgis made quite an enviable record during the world war. He organized the 87th division at Camp Pike, Ark., in 1917 and was at the command of this division when it left New York for the French battlefields, continuing at this post until the division was demobilized after its return from France.

There are a number of soldiers on the Canal Zone who served under General Sturgis during the war and they all speak of him in the highest terms and consider him a very able commander. One of his old troopers speaking of him yesterday, declared that he was a man of "good horse sense" and seemed to feel proud and delighted over the prospects of again serving under him.

Graduated in 1884

General Samuel Sturgis was born in St. Louis, Mo., but was appointed a cadet from the Territory of Dakota in 1880. He graduated as second lieutenant in 1884 and was assigned to the first artillery division. From then his promotions followed in the following order: First Lieutenant of artillery corps in 1891; Captain of artillery in 1898; Major in 1907, Lieutenant Colonel of field artillery in 1911; Colonel of artillery corps in 1912; Brigadier General in 1917; and Major General in 1921.

General Sturgis also served with the General Staff in Washington from March, 1907, to March, 1911.

ATLANTIC SIDE PARS

CRISTOBAL, Oct. 21. The famous yacht Carnegie, which belongs to the Carnegie Institute and is an absolutely non magnetic vessel, arrived yesterday at Cristobal from Balboa, and left again in tow of the Porto Bello under Captain Carret, for the open seas en route to Washington.

The Carnegie is on a voyage around the world on a surveying expedition. She has not a single piece of iron in her make up or on board, all the metal work being bronze and brass.

Canned food supplies are kept way down below in a special compartment and are confined to very few necessities, the captain said.

The Atlantic Shark Club had another successful haul last night landing off the breakwater a monster fish measuring twelve feet and weighing over 250 pounds. It was hauled ashore and then taken into Colon for exhibition after which it was donated to a cartman who said that he would sell it in the morning at the City Market.

The bait used was tankage and old trimmings with four feet of quarter inch chain and a hefty looking six inch hook.

Ten shots from a 38 colt had to be put in the shark before she finally passed away. Those in the party were Nolan, Smithers, Dwyer and Wilkinson.

J. Tevis Harwood of the commissary division at Cristobal has written from the Hotel Van Cortland, Louisville, Kentucky, asking for an extension of his vacation by sixty days, which has been granted.

The Knickerbacker Jungle Camp No. 2, Woodmen of the World, announces a dinner dance which will be held at the Washington Hotel on Saturday evening November 12.

O. W. Kummerlowe, who was recently let out from the marine division for reduction of force while on vacation, and returned to the Isthmus from Baltimore sailed on the Colon this afternoon for New York and to join Mrs. Kummerlowe at their farm in Baltimore.

TO FILM SERIAL OF DARKEST AFRICA

Universal is bringing history to the screen with another elaborately produced serial.

This time the famous expedition of Henry M. Stanley into Africa to find Dr. David Livingston is to be told in eighteen episodes.

Irving B. Thalberg, general manager at Universal City, has just approved the screen adaptation of the famous event as it was written by George Plympton and William Lord Wright, chief of the serial and short reel feature departments at the world's film capital, is completing production plans.

The serial will feature Eileen Sedgwick under the direction of Edward Kull and will be a valuable contribution to visual history as it is taught on the motion picture screen.

While the screen story will be accurated and the dramatic action intensified, it will follow the historical facts closely.

The event is familiar to millions. In 1871 James Gordon Bennett, owner of the New York Herald, assigned Henry M. Stanley, his Paris correspondent to find Dr. David Livingston, who had then been lost in the depths of the Black Continent for ten years.

WHAT'S DOING ON THE ATLANTIC SIDE

WOMEN CLUB GIVES HUBBARDS PLAY FROM HUGO

Dramatization of Meeting Between Jean Valjean and Bishop from Los Miserables Proves Great Success At Y. W. C. A. Auditorium.

CRISTOBAL, Oct. 21. The first Social or Social Meeting of the Cristobal Woman's Club to be held in the auditorium of the Y.W.C.A. building, was a decided success. The members of the club and their guests were loud in their praises of the splendid literary and musical program presented.

The success of the literary part of the program is due to the thoughtfulness of Mrs. Hearne in bringing before the club a scene from one of the greatest masterpieces of literature.

The scene presented was Dr. John Hubbard's dramatization of the meeting of Jean Valjean and the Bishop from Victor Hugo's "Les Miserables." Mrs. Hearne gave a very clear explanatory introduction to the scene.

Dr. Hubbard's interpretation of "Jean Valjean" was wonderful and thoroughly appreciated by everyone present.

Cleverly Portrayed

Mrs. Hearne's acting very clearly and cleverly portrayed the character of the Bishop. Miss Dodds, as the Bishop's sister showed that she too, is an artist of high rank.

The club feels that it is indeed fortunate in being able to secure the services of artists of such ability.

The hair dressing and wigs used in this scene were the work of Mrs. Wright of the American Beauty Parlor, while the costumes were designed and made by Mrs. Barnes, of "Bowdry's."

The musical part of the program consisted of piano solos by Mrs. Frank Ullrich and Madame Prochaska. Mrs. Ullrich is one of the Club's most talented members and her renditions on the piano are always thoroughly enjoyed.

Madame Prochaska, a talented Russian pianist and vocal soloist, also delighted the members and their guests with her selections.

Miss Orillac, a guest of the Club, gave a very pleasing piano solo.

Pleasant Social Hour

At the close of the program, Mrs. Sauerwein, President of the Club invited the members and their guests to spend a social hour around the tea tables. The tables, which were placed in the foyer of the building, were most beautifully and artistic ly decorated. Each table presented a different flower scheme, well all blended to make the whole beautiful and inviting.

Delicious cakes and tea were served and enjoyed by everyone. The success of the Social Hour or the Meeting is due to Mrs. Victor Savage who with her assistants spent much time and thought in planning this delightful part of the afternoon's program.

Among the prominent guests present were Mrs. Porras and her sister, Mrs. Jones Dr. Decher, Mrs. Decher who is a club member, Dr. Boyd, Father Cooper, Chaplain Putnam of Coco Solo, Mr. Fisher and many others.

ATLANTIC SOCIAL NOTES

CRISTOBAL, Oct. 21.—That the service men are always ready to help a worthy cause will be shown when the men from the submarine base at Coco Solo present their splendid vaudeville entertainment at the America theatre, U. S. Saturday evening for the benefit of the Gilbert House soup kitchen for the deserving poor.

The Gilbert House announces a benefit recital for Madame Pochow ska, the talented pianist and vocalist now here on Monday evening, October 24 at 8 o'clock. No tickets have been issued, but an admission of fifty cents will be charged at the door on the evening.

Mrs. Hugh J. Logan, the very charming wife of the New York World editor who has been visiting the Isthmus, told the Star and Herald representative that she was astonished that no native fruit to speak of was served at the Washington and Tivoli hotels.

It was nothing but Californian prunes, canned peaches, imported salmon and meat which included pork and other imported meats.

"At the Myrtle Bank in Jamaica and at the Seville in Havana the delicious fruits of the country as well as the wonderful native fish were served all the time and visitors to the Tropics wished to get away from food they had all the time in the States for a while she said.

Mrs. Logan added that she had difficulty in even buying native fruits at the stores of both Colon and Panama.

Writing of native foods and fruits brings to memory some of the very delightful tropical luncheons which Mrs. J. D. Decher, the talented wife of the American Consul has given. Mrs. Dechers luncheons to distinguished visitors have been wonderful and on many an occasion every item from soup to desert has been Panamanian produce.

Mr. and Mrs. H. E. McHumes, the weeks newly weds, are staying at the Washington Hotel.

HARDING MAY VETO FREE TOLLS BILL SAYS N. Y. EDITOR

Hugh J. Logan, Jr., of New York World Says That Senate Should Never Have Passed Measure Giving Special Privileges to Coastwise Shipping.

CRISTOBAL, Oct. 21 Hugh J. Logan, of the editorial staff of the New York World has been with Mr. Logan, renewing acquaintances in the Republic of Panama on a second trip to the Isthmus, Kingston, Havana and the Colombian coast.

He arrived from New York on the Catamares and is leaving on the Texas. He went over to Panama the day of his arrival and stayed at the Hotel Tivoli and then returned to Colon and stayed at the Washington hotel where he told the Star and Herald man that of all the places in the Tropics Mrs. Logan and himself had visited there was no place like Panama.

Prices Are Lower

"Prices are lower here as well, we suggested.

Mr. Logan had a packet of cigarettes in his hand.

"These cost me fifteen cents at the Washington, but in Havana I paid sixty cents for the same thing" he said.

He praised the garden city of Balboa and said that he enjoyed a three and a half hours trip in a car while on the Pacific side, visiting the golf links, Pedro Miguel, where he saw a ship locked, and Fort Amador.

"The last time I was here was nine years ago" he said "And I remember Mrs. Logan and I being present at the first inauguration of your president, Dr. Porras, and later at the ball at the Union Club. We enjoyed it very much."

Free Tolls Question

Although an important member of many years of the World staff, a paper which has consistently stood by Woodrow Wilson to the end, Mr. Logan said that he was a Republican.

"What do you think of the Senate passing the Free Tolls Bill for American Shipping" we asked.

"It was wrong of them to do it and I am sure President Harding will veto the measure" he said.

"The treaty which the United States made with Great Britain seems to be forgotten by the present generation. It was in no way a one sided treaty. The United States benefited quite as much as England and I am sure that no American wishes his country to go back on her word.

"If it is necessary for American ships to be subsidized in this way by giving them free tolls when on the coastwise trade, I am sure the Administration will do so through a diplomatic arrangement with England.

"To sign a treaty getting certain privileges in return for a clause guaranteeing equal treatment to all shipping and then to go back on your word is not playing the game. The American Senate had no business to pass such a measure. President Wilson vetoed it before and I am sure President Harding will do the same."

"As Quiere" Watson

We mentioned that Tom Watson of Georgia was now in the Senate and the editor did not hesitate to express his opinion of the editor of the "Sentinel."

"I should have thought that Georgia had better men than Watson to represent her in the United States Senate, and if she has not well then I am sorry for Georgia" he said.

Mr. Logan said that he had not been in touch with affairs since leaving New York, and he would not express an opinion on the Weeks commission.

Everything down here seem to be mighty efficient in every way he said and the Star and Herald concurred.

America's Ally

Speaking of the future Mr. Logan said that men that counted in the States, the real moulders of public opinion and men of big affairs, were sold for a better understanding between the United States and Great Britain.

"John Bull and Uncle Sam can keep the world in order and you will find that they will. Any American who wishes his country to quarrel with Great Britain or who engages in anti British propaganda is a man who wishes to see the greatest war in history a far bigger war than the recent one, and by which civilization will be scrapped, which ever side wins, yes scrapped for a thousand years.

"I am absolutely opposed to my countrymen forming organizations to pinprick England or interfere with her domestic affairs. This is also the general opinion of my friends. That is all my friends who were born in the United States. But you can't make a silk purse out of a pigs ear, or you could not in my early days.

Ku Klux Klan

The series of articles criticising the activities of the Ku Klux Klan which have been appearing daily in the World brought us to the query as to what Mr. Logan thought of Colonel Simmonds the head of the Klan.

"Well he is not a real colonel he called in the first place he is only a Woodman of the World colonel and although that may be all right in that order it hardly carries much weight in public affairs."

Praises Colon

We did not ask Mr. Logan what he thought of Colon for just at that moment his wife, a very lovely woman and very typical of the womenfolk of the great country approached and the Star and Herald had barely been presented to her when she said.

"I do wish we were not leaving your city so soon I am simply charmed with it."

We were sitting on the porch of the Washington. The bronze statue of Columbus with the Indian maiden was silhouetted across the green sward and a wonderful moon was shining, its rays making a picture Turner could never have put upon his canvas making a trail across the still Caribbean, which calm looked in the distance was dashing merrily against the stone walls of the hotel grounds.

The silence was broken by Mr. Logan adding:

"Yes it is a shame we have to sail so soon, but we will visit Colon again, God willing."

BRACALE OPERA COMPANY TO PLAY IN COLON

The famous Bracale Italian Opera Company which has been such a success at the National Theatre, will give two performances at the Strand Theatre in Colon before leaving the Isthmus.

This will surely be pleasing news to theatregoers on the Atlantic side, as it is very seldom that such a treat is offered them, and it is only through the privileged geographical position of this tongue of land between the two American continents that Isthmians have the opportunity of hearing such great operatic stars as those composing the Bracale Company. Only two performances will be given by the Bracal, Company in Colon; the first performance will take place on Monday October 24 when the company will present the great opera "Cavalleria Rusticana, of the immortal Mascagni, by an unsurpassable cast including the renowned artists Louise Taylor, of the Metropolitan Opera House; Manuel Salazar, Edoardo Faticanti and Giuseppe Lapuma.

The second and last performance will be given on Tuesday evening when the company will stage Madam Butterfly, featuring Louise Taylor.

In the taking up of his new duties at Cristobal he has the endorsement of Bishop Edwin H. Hughes Boston, Mass., in whose jurisdiction he has been a Pastor at Somerville, Mass., likewise Bishop Theakeld has approved of the transfer. Dr. Fisher is a brother of Bishop Fred B. Fisher now in India.

Dr. Roy B. Guild of the Federal Council of Churches, states that doctor Fisher is a young man of energy, has had wide experience and that he feels sure that he is just the man to come to Cristobal at this time in its history. The acting Pastor, the officials and the members of the Church extend the most hearty and cordial invitation to all the friends of the church to be present and join in the services of the day.

Colon To Have Better Telephone Service Beginning Today

The new switch board at the Colon Telephone Exchange was put into commission at mid night last night and today the Colon subscribers will undoubtedly be rubbing their hands in glee over the easy with which conversation can be carried on now.

At approximately mid night, we received a call from the Colon Central and were delighted with the clarity with which we heard our party. Our caller was no other than Mr. Thibault of the Cia Panamefia de Telefonos, who had called to inform us about the new switch board.

The voice was clear as a bell and seemingly was that of a person talking just a few feet from us. We were delighted and naturally asked when the subscribers of Panama city would be favored with such an improvement. Mr. Thibault could not say definitely but promised that it would be soon. He does not intend letting the people of Panama feel jealous of their Colon friends, he says.

HERE AND THERE

The Atlantic side holds the palm for the largest party given on Thursday. Mrs. Craggs of Fort De Lesseps was the Hostess, and she entertained the large party of Bridge players in honor of Mrs. Young, who is visiting her niece, Mrs. Cloke. The party, which was a very, very pretty one, was given at the Washington Hotel, certainly one of the loveliest places on the Isthmus, and after the game a delicious luncheon was served. Those playing were, Mesdames Young, Muller, Cooke, Pipps and Clark, from Fort De Lesseps. Mesdames Benton, Lassee, Gauserand, Demerite, Lutz, Whittier, Micholson, and Gay, from Fort Sherman. Mesdames Stuart, Wildrick, Hunt, Broberg, and Baker, from Fort Randolph. Mrs. Maris and Mrs. Ferguson from Colon Beach. Mesdames Walsh, Ballentine, Clark, and Miss Woppleman from France Field, and Miss Weeman, and Miss Williams of San Diego who is visiting Mrs. Gay, en route to her home after a trip around the world. Mrs. Young was given as guest prize, a box of fragrant French powder; the first prize, two linen table doilies was won by Mrs. Taylor, the second, a Satsuma tea tray, was carried off by Mrs. Fuller, while Mrs. Walsh got the consolation, a little Madeira handkerchief.

Mrs. Heald gave the second of her series of lovely dinners, Thursday night, asking Colonel and Mrs. Walker, the Honorable Constantine Graham, the Honorable Maurice de Simonin, and Madame de Simonin, Commander and Mrs. Ryden, Mrs. Farmer, and Commander and Mrs. Henderson. Alamandeis, those beautiful, exotic yellow flowers, formed the artistic table decorations.

Captain Taylor, that most genial and delightful of hosts entertained at a charming dinner, also, for Major and Mrs. Bailey, Miss Thomson, Colonel and Mrs. Hicks, Colonel and Mrs. Leisenring, and Lieutenant Commander and Mrs. Stetson.

Corozal was the scene of a most attractive Bridge party, when Mrs. ... had as her guests, Mrs. and Miss Ladue, and Mesdames Patterson, Jones, Raymond, Petit, Dillon, Ackerman, Hughes, Galleghor, Hill, Harrison, Ellis, Ball, Matson, Averill, Ward, Bogman, and Wahlbach, for Bridge, while Mrs. Day, Mrs. Cook, Mrs. Bartholomew, Mrs. Griffith, and Miss Mulhern brought their sewing. The prizes, stunning feather fans were won by Mrs. Harrison, Mrs. Galleghor, Mrs. Ball. Mrs. ... nes, and Mrs. Dillon, and the guests of honor, Miss Ladue and her pretty daughter were also given lovely fans.

The ladies of Corozal have also started the very praiseworthy custom of devoting one day a week to sewing for charity. There is a great deal of it needed, for the baby's nursery, and the poor of the city, so it is a splendid thing to do, as well as affording a means for the women on the Post becoming better acquainted. It is often difficult for those who do not play Bridge to get to know the others, and this community of interest should do a great deal to promote the much talked of "esprit de corps."

La Boheme

The principal characters in this delightful opera of Puccini's, are a quartet of happy go lucky Bohemians, Rudolph, a poet, Colline, a philosopher, Marcel, a painter, and Schaunard, a musician. The opening scene finds them half starving in their attic, but cheerful, with Marcel and Rudolph singing. Schaunard brings food and after dining they all leave except Rudolph. Mimi, a timid young girl from the floor above enters to ask for a light for her candle, and Rudolph, in answer to her question as to his work sings "Racconto di Rudolpho," Rudolph's Narrative. Mimi sings the story of her dull life making artificial flowers, "Mi chiamano Mimi," "My name is Mimi," and then the other friends are heard shouting outside. Rudolph leans out to speak to them and on turning is struck by the girl's beauty and they give the duet "O Soave Fanciulla," "Thou Sweetest Maiden." The second act takes place in a cafe in Paris, where the friends are seated with Mimi. Musetta, an old flame of Marcel's comes in and after getting rid of the man with her, joins them, singing "Musetta Waltz." A wild scene ensues. Act three occurs in the cold dawn outside the city gates. Mimi follows Marcel and tells him how sad she is after he sings "Mimi, Io son," "Mimi, thou here." He brings Rudolph but the girl has secreted herself and hears him again accuse her of fickleness, "Mimi e una civetta," "Cold hearted Mimi." She comes out and gives the pathetic little farewell, "Addio," but Rudolph is touched by her evident illness and a plea follows for her to remain. Musetta appears and in a little quarrel with Marcel joins in the quartet "Farewell Sweet Love." Act 4 shows the friends back in their garret, their sweethearts still missing, and Rudolph sings reproachfully, "Mimi cruel one." Musetta interrupts the supper and tells them Mimi is there dying. She is carried in and after a touching scene in which Collin in order to help her offers to pawn his coat, singing the famous "coat song," the lovers are left together and give the duet "Sono Andati," "Are we alone?" While they are happily planning their future she is overcome with weakness and dies. Mimi's Tod, Mimi death scene is the final duet.

A moderately filled house greeted the opera program last night at the theatre, "Cavalleria" always is popular and the applause proved it. Judge and Mrs. Kerr and their pretty little daughter, Miss Margaret Howard, were with Mr. and Miss Jimenez and Miss Jimenez. Dr. James and Mr. and Mrs. Seymour Paul were in another box. The Hon. Mr. Graham, and others seen were Mr. and Mrs. Vecker, Captain and Mrs. Brand, Mr. and Mrs. Howard, Mr. and Mrs. Seadron, Mr. and Mrs. Calhoun, and Major and Mrs. Swartz.

CECILIA :-: THEATRE :-: AMERICA

HUGH FORD'S "THE CALL OF YOUTH" PRODUCED IN LONDON

American audiences will have an opportunity to see a motion picture with an all English cast which was made under American methods when Hugh Ford's Paramount feature, "The Call of Youth," is shown at the Cecilia Theatre this afternoon and evening, for the only presentations in the city of Panama. This production was made by the Famous Players-Lasky British Producers, Ltd., in their new studio near Islington, London.

In keeping with the policy of employing only English actors in films in England one of the strongest casts on the stage or screen was assembled for this photoplay and their acting should be of particular interest for this reason alone. Probably the best known actor in the cast is Ben Webster, familiar to the English playgoer for twenty years, grandson of Benjamin Webster, the greatest comedian of the Victorian era. Another player is Mary Glynne, who scored a hit in London in the role of Wendy in "Peter Pan," who is seen as the heroine. There is also Malcolm Cherry, long prominent on the British stage, who came to America a number of years ago and appeared in Chicago as John Rhead in "Milestones" and later took to the road in the same play. Others in the cast include names equally as prominent.

In addition to the special photoplay production, the program both for the matinees and evening performances include the famous Paco Martinez Co. in their latest Singing and Dancing specialties, "Monkey Business," Sunshine Comedy, Ford Educational Weekly, and a select orchestra concert of special selections from Grand and Comic operas, and the latest musical comedy successes.

SILVERSHEETOGRAPHS

Lila Lee, Popular.

Lila Lee, the charming Paramount film actress, is becoming more popular with each new screen appearance. She has an exceptionally fine role in support of Thomas Meighan in "The Easy Road," which comes to the Cecilia Theatre on Sunday for the matinees and evening performances only.

Mr. Meighan has the role of a sailor novelist who marries a rich woman and finding himself on easy street, neglects his work and becomes a drone. Lila Lee, as Ella Klotz, is saved by the novelist when she tries to commit suicide and this meeting results in his estranged wife.

Last Showing Tonight.

The last showing of "The Call of Youth," the English picture that made such a "hit" in Colon at the America Theatre on last Monday evening, and to be presented at the Cecilia Theatre for this afternoon and evening performances. This is a story by the celebrated English playwright, Henry Arthur Jones, and was made in England by the Famous Players Lasky British Producers, Ltd., with an all star English cast.

The Great Tourneur.

Maurice Tourneur, the French director, who gave to the screen Maeterlinck's exquisite "Blue Bird" and Robert Louis Stevenson's delightful "Treasure Island," has done another spectacular motion picture masterpiece. In this, James Fenimore Cooper's immortal Indian story, "The Last of the Mohicans," which is the special feature photoplay attraction at the America Theatre on Sunday for the two evening performances, he is said to have accomplished the master work of a master's career.

VAUDEVILLE BENEFIT FOR ATLANTIC SIDE SOUP KITCHEN.

Big Vaudeville Show at America Theatre, Saturday Evening, October 22nd, Benefit of Atlantic Side Soup Kitchen.—One Performance, Starting at 8 P. M. Sharp.

Believe me, folks, this is going to be some show, and of course we are all going. Jazz will predominate, and the huge chorus under the direction of Chaplain John H. S. Putnam can't be beat. Lieut. Tilbourne has been whipping the numerous acts into shape and think that the patrons of the America Theatre will have something to think about after they witness this large and stupendous Vaudeville Show. The Management of the America Theatre takes great pleasure in bringing the best attractions to the coolest Theatre on the Isthmus.

Don't forget that Happy Jack Dunihoo will be there with his "Six Kings of Syncopation." This Saxaphone sextette is a wonder and of course every body has enjoyed Happy Jack's splendid musical musings more than once. Then, of course, we have Tilbourne and Rose, the long and short of it, in the bull ring. 'Nuff Sed.

TWO OPERAS WERE STAGED LAST EVENING

Cavalleria Rusticana and "Pagliacci," Presented in Most Satisfactory Manner by Bracale Opera Company at National Theatre.

Both "Cavalleria Rusticana" and "Pagliacci," were presented in a most satisfactory manner by the Bracale Opera Company at the National Theatre last night. The performances were finished and the dramatic interest was sustained at a high pitch throughout. The principals and chorus gave of the best that was in them, regardless of an entirely too small an audience and Maestro Padovani conducted the orchestra in a masterly manner, winning appreciative applause with the beautiful and ever popular intermezzo of the "Cavalleria."

Louise Taylor gave the best performance as Nedda in "Pagliacci" that she has ever given in Panama. Her powerful, rich voice was at its best in the dramatic part of Nedda, and she looked and acted the part better than any role she has sung here.

Salazar starred in both operas, though unfortunately the charming "Sicilena" did not carry out to the audience from behind the curtain. His "Bedisi" was rousingly applauded and he was forced to repeat it. He did the "Vesti la Giubba" in a most dramatic and effective manner, and even after repeating it, he was recalled several times by the enthusiastic audience. Last night was a triumph for Salazar as well as for Louise Taylor.

Falcani's always excellent rendition of the success that he attained in his performance of "Rigoletto" last season, and that is saying much because his rendition of "Rigoletto" was masterly. He is naturally suited by dramatic temperament, appearance and voice to the roles of Alfio and Tonio. He had to repeat his splendid singing of the prologue in "Pagliacci."

Angela Rossi Oliver made an entirely adequate Santuzza in "Cavalleria," sustaining the dramatic tension of the part at a high pitch and using her splendid, rich voice to excellent advantage. Bianca Bezzi sang the part of Lola in a very acceptable manner.

Tonight Louise Taylor will sing Mimi in "Boheme" with Tina Paggi, making her first appearance in this season, as Musetta. It is to be regretted that the change of program results in the cancellation of "Sonnambula," in which Paggi was to sing the leading role. Mario, whose Des Grieux was the pleasantest surprise of the season, will sing the part of Rudolph, and among the other principals will be, of course, Falcani, the superb baritone, and Bettoni.

Sunday, Tina Paggi will sing Rosina in the "Barber of Seville," and this will be a chance to hear the promising young soprano in a part that is different from the ones she has already sung here.

DENIES HITCH IN LOAN NEGOTIATIONS

NEW YORK, Oct. 21. By the Associated Press.—Blair and Company, managers of the banking syndicate which floated the $50,000,000 Argentine loan in the United States denied the reports from Buenos Aires that a hitch or delay had occurred in the completion of the transaction.

It is declared that the proceeds of the loan has been at the disposal of the Argentine government for several weeks. The representatives of the syndicate characterized the reports as propaganda issued by the political enemies of the present Argentine administration.

PACO MARTINEZ AND CO. AT THE CECILIA THEATRE

The famous Paco Martinez Company, consisting of four high class artists, has been engaged by the management of the Cecilia Theatre to appear at this popular playhouse in connection with the feature photoplay programs on Saturday and Sunday during the intermissions at the matinees as well as at the evening shows of each day.

The players forming the Paco Martinez Company come to the Cecilia with the best references as very clever entertainers and their singing, eccentric and novelty dancing acts have been a great success in the leading theatres of South America and Europe where the company has appeared.

First in the Company's cast comes Miss Margarita Martinez, a beautiful and graceful dancer and a very good singer gifted with a sweet and soft voice; during the engagement she will render several choice selections of both English and Spanish. Next comes Mr. Paco Martinez who has been a leading comedian with several comic operas and no doubt will be popular here as he has been elsewhere. Messrs. Esparante and Chico Martinez, the other members of the company, are two of the cleverest soft shoe dancers that have ever appeared in Panama and their dancing specialties will prove the spice of the act.

Mrs. Stone and Mrs. H[illegible] had charge of the refreshments and all were most courteously served with lovely home made cake and punch. There was a large crowd and as the large room and class room were filled with tables. The evening was [illegible] greatly enjoyed. The committee decided to hold another party next Thursday. Physician Explains Who Should Take Nuxated Iron

Practical Advice on How To Help Build Up Great Strength, Energy and Endurance

"Lack of iron in the blood not only makes a man a physical and mental weakling, nervous, irritable, easily fatigued, but it utterly robs him of that virile force, that stamina and strength of will which are so necessary to success and power in every walk of life," says Dr. James Francis Sullivan, formerly physician of Bellevue Hospital (Outdoor Dept.), New York, and the Westchester County Hospital. "It may also transform a beautiful, sweet tempered woman into one who is cross, nervous and irritable. I have strongly emphasized the great necessity of physicians making blood examinations of their weak, anaemic, run down patients. Thousands of persons go on year after year suffering from physical weakness and a highly nervous condition due to lack of sufficient iron in their red blood corpuscles without ever realizing the real cause of their trouble. Without iron in your blood your food merely passes through the body something like corn through an old mill with rollers so wide apart that the mill can't grind.

For want of iron you may be an old man at thirty, dull of intellect, poor in memory, nervous, irritable and all 'run down,' while at 50 or 60 with plenty of iron in your blood you may still be young in feeling, full of life, your whole being brimming over with vim and energy.

But be sure the iron you take is organic iron—Nuxated Iron—and not metallic iron which people usually take. Organic iron—Nuxated Iron—is like the iron in your blood and like the iron in spinach, lentils and apples, while metallic iron is iron just as it comes from the action of strong acids on small pieces of iron filings and is therefore an entirely different thing from Nuxated Iron. Nuxated Iron represents organic iron in such a highly concentrated form that one dose is estimated to be approximately equivalent (in organic iron content) to eating one half quart of spinach, one quart of green vegetables or half a dozen baked apples. It is like taking extracts of beef instead of eating pounds of meat.

Over 4,000,000 people annually are using Nuxated Iron. It quickly helps make rich red blood, revitalize wornout exhausted nerves and give increased strength and energy. Your money will be refunded by the manufacturers if it does not produce satisfactory results.

The best thing really effective for the treatment of headache, tooth and earache, colds, neuralgic affections, women's ailments, etc., are the genuine

BAYER TABLETS OF ASPIRIN-CAFFEIN,

in tubes bearing the red label with the Bayer Cross.

The exceptional efficiency of these Tablets is due to the addition of Caffein, in therapeutic doses, which not only strengthens the effect of Aspirin, but acts by itself as a tonic and greatly increases the production of urine, contributing efficaciously to the elimination of toxic substances from the system. Their superiority is due also to the fact that they are absolutely harmless and any person can take them with entire confidence, as they do not affect the heart in any way. Accept only packages and tablets identified by the Bayer Cross.

SPORTDOM

(By Long Shot.)

"Youth must be served" is the old saying, but apparently it does not refer to some of the stars in the world of sport today. What is the average life of usefulness of a base ball player in the Major Leagues? Is he at his best before the age of 30? Many are bold enough to say that a base ball player does not attain his playing strength until after he was thirty years old. It appears that it all depends on the individual, collectively, there is no solution. In the average case a player begins to slow up when he passes the thirty year mark, but look how many of the present day stars who are still going strong and they are well over the thirty year mark.

Eddie Collins is still playing great ball, and he is on his 35th year. Red Faber is past 33. Ty Cobb leading the American League with the stick is over 35. Jake Daubert is past 37. Larry Doyle played with the Giants until he was well over 35. Coombs pitched winning ball for Brooklyn at 36. Grover Cleveland Alexander is still going like a house on fire and he is over 35. Fred Toney, the Ace of McGraw's pitchers is over 35.

There is instances still better as far as age is concerned. Jimmy Callahan played big league ball at the age of 39. Fred Clark, one of the greatest fielders the game has ever known did not strike his stride until he was well past thirty. Kid Elberfield was numbered among the best when he was 37. Johnny Kling called the King of catchers, could get them down to second at the age of 38 as good as he could in his younger days. Larry Lajoie, one of the wonders of base ball played with his same old skill until he was 39 and Honus Wagner greatest of all third baseman still retained his speed and pep until he retired at the age of 39.

Not alone does this apply to base ball. Zbyszko the wrestler informed us the other day that he was over forty years of age, his brother Stanley who holds the world's title is 45. Johnny Buff holders of two world's titles in the boxing line is 33 years old and the proud father of two children. And the brilliant champion of the featherweight class Johnny Kilbane is 32 years old, still he retains his speed and ring craft and only a few weeks ago knocked out a much younger opponent in seven rounds. Bob Fitzsimmons held his speed and hitting ability until he was well over 37. Maxey Long the famous three hundred yard sprinter of the New York A. C. could travel the distance in record time at 32. Arthur Duffy first and only at the one hundred yards could travel the distance at nine and two fifths when he was past middle age.

Of course, as stated above, it all depends on the man himself. Eddie Hanlon the greatest fistic star of the Pacific coast has ever known was placed on the "Scrap heap" of pugilism when he was but twenty-three.

And there are many, many, other instances, where a athlete has been showed far into the discard long before he has reached his 33rd. year.

Of course, in chess and other less exciting sports, a man may be as good when he is sixty, as when he was twenty-five, brain work alone appears to be the main necessity in chess.

FLASHES OF SPORT.

Sid James of "Hickory Creek," is proud of the fact that he voted three times for William Jennings Bryan. He picked Sir Thomas Lipton to win the Yacht Race; he picked Carpentier to beat Dempsey, and says that Lew Tendler will beat Benny Leonard next month. Good night, Lew.

Georges Carpentier says the climate in the United States didn't agree with him, too many boxing gloves in the air.

The other day a gink in a Ford car stopped a fellow going by and asked him if he knew anything about a Ford. "Only a lot of bum jokes," was the reply.

CLASSY FIGHT SHOW ON TONIGHT.

This evening at the Pan American A. C. Soldier Roche, of Fort Clayton, who also carries the monaker of "K. O. Roche" due to the fact that he has been in the habit of knocking all his opponents into the land of nod in jig time, will tackle Ramon Arosemena, one of the very best lightweights that has ever been turned out in this city. Whether or not this boy Roche will haul his favorite home run clout over the "Native Son's" chin, remains to be seen; but each and everyone of the boxing lovers who have been watching the Panama favorite train, say that the shoe will be on the other foot tonight, and instead of Ramon getting the skids put under him, he will come into more glory, more coin, and more fame, when he sends the soldier lad down to defeat.

The fight is bound to be fast and none of the local fans think it will go to the limit. Both fighters can hit too hard, and are such willing mixers that a real honest to goodness knockout is looked for.

In looking over their records we find that they have both scored knockouts in their last two ring engagements. Arosemena beat Soldier Balcom via the K. O. route in two rounds at the Bull Ring several weeks ago, and only this month he stopped Young Sharkey in one round at the up town arena.

Roche registered a knockout at Colon a few months ago, and at the Pan American arena one week ago last Sunday he again won by sleep producer; thus does he come by the name of K. O. Roche. The battle this evening should be real classy.

Surrounding the main event are two dandy preliminaries. "Buddy" Ryan, the new arrival in local fistic circles, will make his first debut meeting Soldier Martin, of Fort Clayton. This bout, like the main event, is carded for 10 rounds.

Soldier White, from Corozal, will mingle with O. D. Smith, from Clayton, in the six round opener.

The first event goes on at 8 o'clock sharp.

WRESTLING

What the followers of wrestling generally regard as a body blow to the mat game in New York, so far as its commercial aspects are concerned, was recently delivered by the State Athletic Commission in the form of an order promulgated by that body and brought to the attention of wrestling promoters.

For one thing, grapplers in future will be obliged to take out licenses, as will also seconds, managers and other officials, but that is not the cause of the outcry. The commission has definitely debarred a number of established holds and locks, and if the exponents of catch as catch can are not permitted to employ these holds, a wrestling bout will become about as interesting as a crocheting party and as thrilling as a ping pong tournament.

Following is the commission's official statement:

The attention of all clubs is called to the fact that wrestling is subject to the same laws, regulations and rules as boxing and is under the jurisdiction and control of the New York State Athletic Commission. Wrestlers must observe all rules now in existence, matches to be decided by falls, two out of three or three out of five as may be agreed upon in making the match. All matches shall be limited in time to two hours. Should there be only one fall in the two hours the winner of that fall will be declared the winner of the contest.

Should each contestant have a fall the referee will order them to continue until there is an additional fall, which will be the deciding fall, winning the contest, even though the agreement may be for the best three out of five. Should there be no fall at the end of two hours they will be ordered to continue and the first fall will decide the match. The commission reserves the right to appoint the referee and judges and all other officials of the contest.

The referee will be instructed by the commission to disqualify any wrestler who engages in the following unfair and foul methods: Striking, scratching, gouging, any display of bad temper. Strangle holds, so called head holds, toe holds and scissors holds which are held especially for the purpose of punishing an opponent are declared to be foul methods and, if indulged in, the offender will be at once disqualified and the match given to the opponent. He will further be punished by having his license revoked.

BASKET BALL

Fort Clayton certainly has a great team, one of the best that has ever been banded together on the Isthmus of Panama.

The attendance would have been much larger on Wednesday evening only for the heavy downpour of rain, which started about 30 minutes prior to the beginning of the tussell.

Harry Dockery was here, there and everywhere. Mr. Dockery certainly is a hustler and it was through him that this game was arranged for such a worthy cause.

After a rest of several weeks the Fort Clayton five, champions of the Isthmus again donned their basket ball togs, and in a pretty game and before a fair sized crowd of fans at the National Institute on Wednesday evening they rolled up a victory on the Ancon team.

The two old rivals came together in a game arranged by Mr. Harry Dockery and the receipts, amounting to over forty five dollars, were turned over to Major Bocock to swell the funds for the free soup kitchen.

AT THE TRAPS

Exceptional shooting marked the twenty second Grand American Handicap Trapshooting tournament at clay targets.

In the South Shore Introductory, the opening event, no less than seven shooters broke 100 straight and 21 others broke 99. In the Lake Michigan special four shooters broke 100 and 99's and 98's were so many that if one didn't break that number he felt himself outclassed. In the Classification events there were seven straight scores in Class A and two perfect marks in Class B.

One looks for exceptional scores in the Grand American tournament and you can usually find them. It was an exceptionally fine week for shooting. The only day that the wind stirred up the targets was on Friday during the shooting of the last 25 targets in the Grand American Handicap, and this wind played havoc with the scores, of a dozen or so who had a chance to win. Some shooters who only missed two and three targets in the first 75 missed from five to eight in the last 25 and from being a possible winner they went down into the ruck.

Winning a handicap shoot is pretty much of a gamble. It is this uncertainty that brings out so many shooters in the handicap events. Americans like to take chances as long as they think they have as much of a chance to win as the other fellow.

R. A. King, of Delta enjoyed a very good week. He won the Hazard Doubles Trophy, the National Amateur doubles championship and the Fox rnors Cup. Even for high average on the weeks shooting. King broke 767 out of 800 targets, including the doubles and handicaps. Jim Day of Texas was second, Dave Fauskee of Minnesota, third and E. C. Wheeler of Oklahoma and Frank Troeh of Washington tied for fourth. If any one asks you whether the Western shooters are better than the Eastern shooters refer them to the names of those mentioned above. Eight or nine of the leading ten in the averages came from the West or far South.

In shooting at singles targets Frank Hughes of Mobridge, S. D. missed five in 600 and Frank Troeh missed six in 600. That's what we call good shooting.

The entry list in the doubles events were twice as large as in any previous Grand American for the reason that the shooters had a chance to shoot at doubles during the year. And the scores were better.

THE WAY IN SPORT

"A King today and a shattered hero tomorrow," that this adage well applies to base ball, a player may whack out two or three home runs one day, he may win the game for his team, he may be carried on the shoulders of the excited mob. But the next day, let this same hero of the day before go to bat with two on, let him whiff the air a couple of times, and his time has arrived to be "Panned" by the mob. His work of the day previous has been forgotten, those that idolized him yesterday, will be the first to call him a "Bum" today.

Can you imagine the "Panning" that Babe Ruth received after he was forced to quit in the World's series, due to injuries received?

Listen to what Babe told the New York reporters after the series was over:

Barnes walked me in the eighth inning and I had no intention of leaving the game. The score was heavily against us and there was hardly a remote chance that I would bat again, but even so, when Manager Huggins sent Fewster over to run for me I was surprised. But I followed instructions and started for the clubhouse.

Then came the most disappointing moment I ever went through on a base ball field. As I passed along the right field wall of the grand stand a chorus of rasping voices greeted me with cat calls and insulting remarks such as might be heaped on an outcast.

"You big quitter," "You yellow bum" and "Oh, what a tin horn sport" were some of the unsportsmanlike remarks that hit me and hurt me. I'm not chicken hearted or easily peeved but the spirit that prompted such a demonstration makes me ask the question: Is that what a ball player who has given his best years is to expect when he is no longer able to keep the pace?

What did I say to them? Not a word. All I did was raise my cap not in derision to the unjust few, but in appreciation of the great majority of fair play enthusiasts, who drowned them out with their applause. And finally as I came to the boys in the deep right field bleachers they rose nearly to a man. You'd thought I had just knocked a home run with the bases full. I tell you, that brought a lump to my throat and made me feel like going right back to my job in left field, despite an arm throbbing with fever.

The ball player who, through stupidity or disinterested effort, antagonizes the fans is entitled to censure. It is the privilege of baseball patrons to do so and in their own way. Managers who persist in unwise decision or players who sulk and quit in the face of discouragement have got a "panning" coming, but when a man, injured and in pain, retires from play and is greeted with jeers, it is a sorry day for ball players.

Naturally, the little group of knockers were not Yankee fans. And I am just as confident that Giant followers would disown them, as was evident from the the general protest in the grand stand. For if such were Giant fans, I would feel very sorry for Frank Frisch, that brilliant comer, or the veteran George Burns when their days come to hit into a little bad luck.

As to my arm, the doctor lanced it Saturday, after a painful and sleepless night. A very slight abrasion was first noticed the opening day of the world series. This was aggravated and apparently infected by the flannel of my blouse. The doctor says I am out of the world series. I say I am not. But whoever is correct the boys on the Yankee club have clearly demonstrated their machinelike strength and my absence from the lineup will make them play like devils.

GOLF.

The trade winds yesterday and the bright sunny day, sent gladness into the hearts of the Isthmian golfers. Several of the Isthmian stars were seen down town laying in a stock of pills and getting every thing in shape for Sunday,—if it don't rain.

And the Golf Links is indeed the place to spend a Sunday, romping over the broad fields with a smile of satisfaction on your face. Gee it's the sport, isn't it?

Amid a great throng at Deal, N. J., Miss Alexa Stirling of Atlanta, lost her title to Miss Marion Hollis, of Westbrook, L. I. The score was a big surprise, 5 and 4, in the 36 hole final.

The event drew hundreds of spectators from the surrounding towns. The play was for the Woman's National Golf championship.

In spite of a cold rain that fell during the play of the first three post lunch holes, Miss Stirling though physically the weaker, was able to win back three of the first four holes and cut Miss Hollins' lead from 4 up at noon to 1 up going to the twenty third hole.

But a sliced drive by the champion to a trap there, while Miss Hollins had a glorious drive clear over the elbow of all trees, enabled the Long Island girl to push her lead up to 2 and, winning the twenty fourth and twenty seventh while halving the others, Miss Hollins was able to turn for home with her noon lead of 4 intact.

It was the opinion of the women experts familiar with the game of Miss Stirling that she was beaten through her failure to play her mashie as she had done in previous championships. Mrs. A. S. Rosin, of the Century Country Club, one of the best of the Metropolitan players, explained at the ninth in the afternoon that Miss Stirling could not possibly win with her mashie play unchanged, for she was bringing the club head out around the body instead of firmly up as she used to do.

This had been apparent to other keen observers, for they had been surprised on several morning holes to see the champion fall short of the green with an approach of only 30 or 40 yards where in the old days she would have laid the ball up snugly for a single putt. The same weakness prevailed in the afternoon, and as Miss Hollins was off the tee farther with wood than the champion and a shade straighter, Miss Stirling was doomed when her short game went back on her.

OLD TIMER GOES

Another old timer has resigned and left the Isthmus for good. Mr. John C. McMahon, who was for several years Planing Mill Foreman in the Mechanical Division at Balboa, recently sailed for Norfolk, Va., with his family. They expect to locate in Miami, Florida.

Mr. McMahon came to the Isthmus in 1905 and started to work for the old Building and Construction Division on November 14th of that year. On August 1st, 1908 he was transferred to the Material and Supply Division and on March 15 1909, promoted to the position of Superintendent of the Monte Lirio Planing Mill. On February 12 1912, Mr. McMahon transferred to the Mechanical Division at Balboa in which division he has since been employed.

There are four children in the family: Marie, Eva, Louis and John. John will remain on the Isthmus until he has completed his apprenticeship in the machinist trade. The McMahon family will be greatly missed and it was with a deep feeling of sadness that their many friends bid them bon voyage.

BOCAS DEL TORO NEWS

BOCAS, Oct. 18.—Sam Burns, Jamaican, 28 years old, is now the heavyweight champion of Bocas del Toro. He won the title from Kid Flemming, Barbadian, 35 years old (known in Panama as Al Goodrich), in the Star Theatre building Almirante, at 12.45 o'clock last night. It was a knockout in the 12th round of a 15 round contest.

Both boxers live in this town, and at about 6.30 o'clock yesterday evening the gasoline launch "Changuinola" carried them over to the fast going American centre. A goodly number of people, among them heads of Government Departments and subordinates, employees of the U. F. Co., and the Star and Herald correspondent, journeyed across to see the fight. The crowd reached the building at 7.15, but could not get in, for a moving picture show was on. And so all and singular had to stay out of doors until 9.10 when the last reel was ended.

A full house was the response to the advertisement. There was a large array of Americans—male residents in Almirante, etc., and the officers and crew of the "Abangarez" and "San Pablo," then alongside the dock there. The colored people, too, attended in big numbers.

Three preliminary bouts of three, six and five rounds preceded the big event of the night: Kid Flemming vs. Sam Burns in the roped arena, on that occasion sixteen square feet.

Flemming entered the ring first. He was greeted with tremendous cheers. A few minutes later Burns slipped in between the ropes, and in chivalric fashion saluted the spectators above and around. But he got no response; the room was as silent as it could be for him. Every voice that could be heard declared in favor of "Kid," who got up from his corner, shook his cloak with a flourish, made a grand pastoral and told of his past successes in the ring. The other in his corner was next to motionless. George Harris, Barbadian, on the "Abangarez" known among Panama fight fans as Jack Harris, had to referee the bout, although at first objected to by Burns. Two timekeepers and three judges were chosen, and the preparations over the boxers started on the job.

The first round was an even one. Burns got in the first blow of the meet hitting Flemming a straight to face after the clinch. The augury of the fight was told in this round. Kid fell.

Burns was master in the second round. He reported a foul from Kid, but to this complaint Referee Harris paid no attention.

Kid fell the second time in round three. And it was evident that Sam was "going some" to victory. Now "a wonder came to light." Because for the first time since the door opened for fistic game that night cries of "Sam Burns" were heard followed by cheers from the crowd.

In round four the opinion in favour of the boxer, until then without a name, grew and gained strength. From then onward it was evident that Burns stood a good chance of winning the bout and Flemming's supporters wavered. For, in vain did Kid strive with his experience and tactics to break down his opponent, who had strength "to burn" and who was the aggressor in every round.

Flemming lagged and swagged in round seven, but rallied and gained on points in the eighth and ninth. Round ten was an even one. In the eleventh Burns was unusually aggressive and did some heavy batting; so when the referee gave this round to Fleming the crowd growled a demur and Burn's manager protested. The twelfth round opened with a wild rush by Burns who used savage force. Five fast punches in succession on the Kid were too much for him; and then followed by a right hand blow sprawled the "Old Reliable" to the floor in the centre of the ring where he took the count.

Kid Flemming came here in 1902 and secured the local title in a fight with the untried Jack Livingston of San Andres. He went away and returned in 1920. Sam Burns entered the ring practically in April or May, 1918. His first fight was with Jim Briggs in Panama. Burns was knocked out in the first round by that middleweight.

Yesterday morning Mr. F. C. McFarland, U. F. Co's Assistant Manager in this Division returned on the Abangarez. He was on a two weeks' visit to Panama. On the same boat came also Mr. E. C. Adams, U. F. Co's. General Superintendent of Agriculture, and Mrs. Adams.

At the residence of Mr. Luke H. Farmer, White Spur Guabito, on Wednesday night, 12th inst., there was a social gathering of Masons. The function took the form of a banquet, at which were entertained twenty of the twenty six members of the craft residing in this locality. W. E. Scott, a member from Scotland was toastmaster. Several addresses were made and a very fraternal time was spent.

On Thursday 13th inst., the Win the War Club, Almirante, admitted sixteen ladies to membership in that progressive organization. Certain articles of the Constitution were altered so as to allow the inclusion of the gentler sex.

According to first-hand information at noon (now 1.15 p. m.) Mrs. Hilda Price, mother of Mr. Jose Antonio Price, is again quite ill. The good old lady is very low and may not live out the next twelve hours.

ST LOUIS HONORS HORNSBY

Rogers Hornsby, two-time champion batsman of the National League, premier long distance hitter, best of second basemen, loyal player, capable business man and cherished friend among his associates—a real man among men—was duly honored in St. Louis on September 28, when all classes in the Mound City united in a notable celebration. Of course a gift must go with a "day" for a player, but when it came to picking a present for Hornsby there was no agreement. The suggestions were as many almost as the contributions to the Hornsby fund. United as they may be in their friendship the Hornsby admirers split in their gift giving. One set gave him a diamond ring, another a diamond-studded Mason's charm, and so on. The bulk of the Hornsby fund, however, was invested in Liberty Bonds and Rogers was presented with $2500 worth of Uncle Sam's certificates and told to make a first payment on a home with them. That he will do and he expressed himself as delighted to thus escape the landlord's profiteering. Earlier in the season associates of Hornsby in an insurance company presented him with an automobile as a prize for being a champion salesman of life policies. Rogers has had a great year, but great is Rogers from all angles and he deserves the honors with which he has been showered. He's making hay while the sun shines, not selfishly, but with wisdom and foresight that show his business mind to be as keen as his batting eye, and there is none keener.

And NOW Brunswick Records

WE are introducing, after years of preparation, Brunswick Records. They, too, are unlike any you have known before. They bring a new principle in phonographic recording. Each Brunswick Record is interpreted by a noted director or an accomplished artist technically trained in the art of recording. Thus we unite the talent of the artist with the genius of the composer. This is a step which you will appreciate once you make comparisons.

We feel sure that you will recognize the betterment brought out by this idea. We want you to judge Brunswick Records by those same severe tests with which people have judged Brunswick Phonographs. And that is by comparison. We leave the verdict to you.

Remember — Brunswick Records will play on any phonograph with steel or fibre needle.

NATURE AT HER BEST IN TOURNEUR STUDIOS.

Although he made most of "The Last of the Mohicans" in the great mountain and lake country of the west, Maurice Tourneur, producer of Cooper's famous story, which opens on Sunday evening for the only two presentations in this city at the American Theatre, and to be presented at the Cecilia Theatre in Panama on next Tuesday and Wednesday for the matinees and evening performances, firmly believes in filming as much as possible of a story in his studios.

"Of course," says the French director, "we love to get all the beautiful exteriors we can, whenever possible. I like to build sets on the studio stage, because it is easier to secure effective work from the players when scenes are filmed under the lights."

This explains why such elaborate sets, representing portions of the caves, forts, cabins, wigwams, and many other forest retreats were set up in the studio during the filming of "The Last of the Mohicans."

Nevertheless the grandeur of the great out of doors plays its part in the picture, and nature, in its varying moods of storm and calm, lends the usual Tourneur atmosphere of beauty and artistry.

VIENNESE PLEASED WITH TREATY'S RATIFICATION

VIENNA, Oct. 21.—(By the Associated Press).—The ratification of the Austrian treaty by the United States was received with expressions of profound satisfaction here. The newspaper Freie Presse however utters the hope that American public opinion will become conscious of the fact that Europe cannot survive politically or economically unless some impartial power exists to counteract the forces of suicidal nationalism sweeping Europe today.

'LA NACION'; DIARIO DE BUENOS AIRES, PROTESTA CONTRA LA DICTADURA QUE HOY IMPERA EN LA REPUB. DEL PERU

EL GRAN DIARIO ARGENTINO SALE A LA DEFENSA DE "LA PRENSA" DE LIMA

Es un triunfo de la solidaridad periodística en el continente

Con sincera alegría publicamos en seguida el brillante artículo editorial que "La Nación" de Buenos Aires, el gran diario argentino que va a la cabeza de los del continente, ha dedicado a comentar el manifiesto en que el periodista peruano Luis Fernán Cisneros, director de "La Prensa" de Lima, denuncia a la América el crimen cometido contra su diario por la dictadura política que hoy aflige al Perú.

"La Nación" no ha vacilado en poner su enorme autoridad del lado de la justicia y de la libertad del pensamiento, tan gravemente ultrajada en aquel caso sensacional que está llamado a unificar las fuerzas del periodismo todo en una campaña de reivindicación profesional. Ello es, por sí solo, un triunfo definitivo de la solidaridad periodística, pues basta saber, para apreciarlo así, que la palabra de "La Nación" es escuchada en ambos hemisferios como la voz de la serenidad y del buen juicio, sólo a servicio de nobles ideales internacionales absolutamente dignos de ser defendidos y amparados.

La repercusión de este artículo en el Perú ha sido, como lo demuestran nuestros canjes, muy enojosa para la sombría dictadura y muy consoladora para el espíritu democrático y la que ha de tener doquiera se le conozca será bastante a confundir los métodos del dictador y a hacerle imposible su mantenimiento.

Dice el artículo de "La Nación":

El caso de "La Prensa" de Lima

El director de "La Prensa" de Lima ha remitido desde Panamá, donde se encuentra desterrado por el gobierno del señor Leguía una circular en la que se detalla prolijamente la forma en que había sido desposeído de su diario y de cómo éste se ha convertido, sin variar de nombre, en un órgano defensor de la dictadura. Es un hecho ya [illegible] sabido y que no es posible substraer [illegible] comentario, por más que por sistema omitimos en lo posible hacer juicios sobre la política interna de las naciones vecinas y precisamente por la simpatía fraternal que nos inspira el caso de "La Prensa", de Lima obliga [illegible] prescindir de esa [illegible] La magnitud del [illegible] moral como [illegible] de un estado de subversión, [illegible] condenable el silencio. La exactitud de las informaciones que suministra el director del diario asaltado ha [illegible] probado ya. Nos consta su veracidad. Por otra parte, el mismo señor [illegible] se ha encargado de confirmarlo en un documento oficial. En efecto, el [illegible] de Julio ha dirigido un mensaje al [illegible] declara con impre[illegible] el que se había apo[illegible] de "La Prensa" [illegible] poniendo a disposición de sus dueños el [illegible] de su valor. El señor Leguía [illegible] en su mensaje este pequeño [illegible] "La Sanción del procedimiento ha sido ratificada por sus [illegible] das." El Gobierno se encargó de fijar el precio de la imprenta usurpada. La estimó en diez mil libras de oro. "La Prensa", según es notorio, era uno de los más grandes diarios limeños cuya maquinaria moderna y abundante, vale fácilmente seis veces más de lo estipulado por los tasadores del señor Leguía cuyo "decreto de expropiación" permite deducir sin trabajo el criterio con que se desenvolvió esa tenebrosa aventura. El mensaje aludido proporciona [illegible] datos necesarios para [illegible] la del Gobierno peruano, [illegible] "campaña de escándalo, [illegible] de calumnia y bandera rebeldía y de Gobierno ya imposible tolerar". Es decir, no era un diario [illegible] cohonestar los procedimientos de la dictadura, y a [illegible] peligro en que se hallaban redactores, de los atentados y de destierros cotidianos, [illegible] con dignidad su papel de representante de la opinión y ejerce con noble coraje la misión de la alta prensa. Tal actitud debía parecer al gobierno dictatorial un rasgo de rebeldía, pues los caudillos, tan frecuentes en los movimientos de regresión de la política sudamericana, hallan invariablemente rebelde lo que no se les somete y no se subordinan a sus fines subalternos. El Gobierno actual del Perú ha surgido de la sublevación. Vive en plena situación de fuerza, apuntalado por la violencia, encarcelando y desterrando. No obstante eso, juzga la crítica periodística como un acto de rebelión. Es lógico. El periodismo independiente significa en tal circunstancia una expresión de principios, la defensa del derecho, de la vida regular, de la libertad y de la justicia, o sea, las cosas más opuestas a una dictadura. Es por eso que ha arrasado al representante de la opinión pública. Y no [illegible] bastado esos atropellos con [illegible] al [illegible] fican y definen la [illegible] Edita con los dineros del Fisco, en imprenta usurpada, un diario con el mismo título, encargado de probar la virtud regeneradora y ejemplar del gobernante que realiza tales acciones, coincidente con la celebración de las fiestas seculares del Perú rememoradoras de las grandes conquistas de la libertad y del derecho. Tal es el caso de "La Prensa" de Lima. Después de esto resulta inútil investigar si es fundada o no la campaña de los opositores peruanos a la política del señor Leguía. Resulta [illegible] superflua la averiguación [illegible] sospechable del enviado especial de "The Chicago Tribune" para estudiar la situación de ese país y cuyas conclusiones encierran [illegible] condenación de ese [illegible] suficiente [illegible] forma [illegible] que se apoderaron de [illegible] de Lima, para juzgar [illegible] de dictadura, [illegible] todos los [illegible] que persiguen la libertad de pensamiento y el ejercicio del derecho individual. Los caudillos pasan, son accidentes en la historia de un país determinados a menudo por momentos de transición hacia evoluciones definitivas de cultura. En cambio, los que defienden los principios, como el diario limeño, como su director desterrado, los que abogan por la justicia y por las normas civilizadas de existencia colectiva, hallarán, al pasar la hora confusa, el premio [illegible], que es la adhesión popular, el crecimiento de su crédito, [illegible] la sanción justa en un prestigio ganado en el combate heroico contra la barbarie.

LOS VECINOS DE SAN JUAN DE PEQUENI SE DIRIGEN AL SEÑOR PRESIDENTE EN UN RESPETUOSO MEMORIAL

DESEAN QUE SE CONSTRUYA UN RAMAL TELEGRAFICO HASTA EL PUEBLO

El memorial lo firman casi todos los vecinos y está bien redactado

Excelentísimo señor Presidente de la República.

Colón.

Los que suscribimos, vecinos del Corregimiento de San Juan de Pequení, tenemos el honor de dirigirnos a Vuestra Excelencia de la manera más respetuosa, en uso de la facultad que consagra el artículo 17 de la Constitución, en demanda de una gracia que es necesidad inaplazable y de carácter general para el progreso de esta importante Sección del Distrito de Panamá, de tradición histórica por sus antecedentes, el cual Vuestra Excelencia conoce personalmente por la circunstancia feliz, que los suscritos recordamos con placer, de haber estado de paso en este Corregimiento, en visita expresa, en las postrimerías de vuestra primera administración.

Como bien sabe Vuestra Excelencia, el Corregimiento de San Juan lo compone una población cuyo número de habitantes se aproxima a 800 y de 150 a 200 casas más o menos. La población por día va aumentándose y no es escaso el intercambio que hay en este lugar tanto con la Capital como con la importante ciudad de Colón. Son estas dos ciudades donde se llevan los productos naturales que allí se producen y que constituyen el comercio e industria de los suscritos y de aquellas se traen los artículos necesarios a nuestra subsistencia. De allí que surge la necesidad que nuestra comunicación con las dos ciudades mencionadas sea fácil, oportuna y adecuada, tanto a nuestras necesidades cuanto lo impone el progreso.

Nada contribuye tanto a ese objeto como el telégrafo y sus similares. Y como quiera que es evidente que Vuestra Excelencia, en el curso casi sucesivo de las administraciones anteriores y la presente se ha esforzado en el sentido de poner en contacto con la civilización a los pueblos más apartados de la República, por medio de los hilos del telégrafo, son nuestros deseos que Vuestra Excelencia se digne dotar también a este rincón del país de un ramal telefónico de construcción moderna, sólido y estable, y no como aquella instalación que en años pasados se hizo de una línea que no resistió las brisas fuertes de la estación de verano.

Confiados esperamos que Vuestra Excelencia acogerá la anterior solicitud con el vivo entusiasmo e interés con que Vuestra Excelencia recibe siempre toda iniciativa que tienda al progreso moral y material de nuestra Patria.

San Juan de Pequení, Octubre 4 de 1921.

LLOYD GEORGE SALE PARA WASHINGTON EL 5 DE NOVIEMBRE

Londres, Octubre 21.— Se asegura que Lloyd George ha decidido definitivamente salir para Washington el 5 de Noviembre a bordo del Aquitania pudiendo así llegar a tiempo para la sesión de la tarde de la Conferencia, que se abre el 11 de Noviembre en la mañana.

ESTUVIERON A PUNTO QUEDAR ROTAS AYER LAS NEGOCIACIONES ANGLO-IRLANDESAS

PARA EL LUNES SE HA CITADO PARA LA PROXIMA CONFERENCIA

Los delegados del Gobierno hicieron rudos ataques a los fenianos

Londres, Octubre 21.— La conferencia irlandesa escapó milagrosamente de haberse disuelto hoy. Por algunos momentos pareció posible que los representantes del Dail regresaran a Dublin esta noche, y aun esta tarde mantenían el temor de que la conferencia del lunes próximo para cuando se ha citado a nueva reunión, sea la última. Hoy no se adelantó ni un paso en las negociaciones, pues una confusión de sucesos han producido un estancamiento virtual. Los delegados del gobierno, según fuentes de información fenianas, atacaron violentamente la carta dirigida por De Valera al Papa, y esto junto con otras cuestiones como la de Ulster que se han presentado a la discusión, han dejado las negociaciones pendientes de un mero hilo.

LA FRONTERA ENTRE ALEMANIA Y POLONIA SERA DELINEADA SIN PERDIDA DE TIEMPO

LA DECISION DE LA CONFERENCIA DE EMBAJADORES HA SIDO YA TRASMITIDA

Queda con esto terminada la cuestión tan debatida de la Alta Silesia

París, Octubre 21. Havas. La decisión de la Conferencia de Embajadores sobre la Alta Silesia les fue transmitida el jueves a medio día al Ministro de Polonia y al Embajador de Alemania; comprende la carta de envío el texto de las decisiones aliadas y el modo de aplicación previsto.

Las mismas decisiones le fueron comunicadas el miércoles por la tarde a la Comisión Interaliada de Oppeln y a la Comisión de Delimitación de Fronteras germano polaca, que procederá sin demora al trazado de la nueva frontera. La notificación oficial ocurrirá luego con todas las consecuencias sólo después de efectuada la delimitación de las fronteras y de obtenidas todas las seguridades de que Alemania y Polonia establecerán un régimen económico provisorio.

La Frontera

La frontera entre Alemania y Polonia según la decisión de la Liga de Naciones que ha sido comunicada, seguirá una línea desde Oder hasta Niebetshau, entonces entra en la Alta Silesia dejando a Polonia las comunas comprendidas desde Hohenbocken Walbemetha y Raschutz hasta Orzegon y Schlosengrube; deja a Alemania 19 comunas especialmente las de Zabrze desde Ostrog, Markawitz y Baltz hasta Reskuritz Bobrek y Schomberg. Pasará entre Rosenberg, que se atribuye a Alemania, y Brikkenham cedida a Polonia; tomará luego la dirección noroeste dejando a Alemania 20 comunas, desde Karf, Zechowitz y Stollarzowitz, hasta Dzieln, Czosmar Seravivski, dejando a Polonia 21 comunas desde Scharley Radzien Kochchutz y Lassau. Al norte de Kau y Trookenberg hasta Glinitz, ésta última población la frontera nueva coincidirá con la antigua hasta el punto en que ésta se une a la ya fijada entre Alemania y Polonia.

Medidas de interes

París, Octubre 21. Havas. Para asegurar la vida económica de la Alta Silesia después del reparto de su territorio, la Conferencia de Embajadores preconiza ciertas medidas sobre las cuales se pactará un acuerdo germano polaco en forma de convención general. Entre otras cosas se dispone que la administración de los ferrocarriles de propiedad privada se encadene con las de los ferrocarriles alemanes por medio de un sistema común de explotación que existirá durante quince años. Por el mismo término de tiempo el marco será la única moneda de curso legal. La frontera aduanal coincidirá con la frontera política y las diversas leyes sobre tarifas serán aplicadas salvo algunas excepciones concernientes a los productos en bruto o a medio manufacturar. La importación a los territorios alemanes de productos originarios de la zona polaca, quedará exenta de derechos de aduana durante tres años. Alemania y Polonia autorizarán la exportación recíproca de los productos minerales provenientes de las zonas respectivas. Todo habitante de la zona plebiscitaria podrá traspasar la frontera sin formalidades de reglamento, pero el que está en vigencia subsistirá hasta cuando se haya establecido la debida legislación. Todos los polacos domiciliados en la zona alemana o los alemanes domiciliados en la zona polaca conservarán su respectivo domicilio polaco o alemán durante quince años. Todo polaco mayor de 18 años domiciliado en la zona alemana tendrá dos años para optar por la nacionalidad polaca. Una comisión mixta de la Alta Silesia, compuesta tanto de polacos como de alemanes y silesianos será el órgano consultivo que facilite la aplicación de estas medidas. Además se podrá organizar un tribunal de arbitraje con el fin de arreglar los conflictos privados.

El Premier Briand dirigió hoy al Embajador de Alemania y al Ministro de Polonia en París, sendas cartas en que les dice que, según aviso del Consejo de la Liga queda decidida conforme a las recomendaciones de Ginebra. Los gobiernos alemán y polaco firmarán con urgencia una convención por medio de la cual se consagren las disposiciones del régimen económico y los derechos de nacionalidad de las minorías conforme a las recomendaciones de Ginebra y con el fin de velar por la ejecución de las medidas, serán instituídos una comisión mixta de la Alta Silesia y un tribunal de arbitraje de las diferencias de carácter privado.

INTERESANTES DETALLES DE LA REVOLUCION TRIUNFANTE EN TODO PORTUGAL

SE LLEVABA INCUBANDO DOS MESES Y EL MIERCOLES ESTALLO DEL TODO

Fueron asesinados el Premier Granjo y varios de sus Ministros

Londres, Octubre 21.—La revolución portuguesa fue un movimiento combinado de las fuerzas navales y militares, en el cual la guardia republicana se unió a las fuerzas de la flota, según el corresponsal del Evening News en Lisboa. Los revolucionarios pedían la dimisión de Granjo y la formación de un Gabinete Nacional. El Premier Granjo trató de contener a los rebeldes por medio de la persuasión, pero los soldados se lo llevaron prisionero a bordo de un crucero. Otros barcos de guerra surtos en la bahía de Lisboa bombardearon la ciudad el miércoles por la noche, y poco tiempo después el Premier Granjo, el Almirante Machado Santos, el Capitán Carlos Maia, ex Ministro de Marina, y el señor Silva, ex Ministro de Guerra, eran asesinados.

El Comité de Trabajo de ferrocarriles cita a una reunion plena de los ferroviarios para la semana proxima

El comité dará oido a todas las quejas antes de dictar su decisión sobre el asunto

Chicago, Octubre 21.— El gobierno federal comenzó hoy a dar paso para evitar la huelga de ferroviarios y hacer cumplir tanto a las Uniones como a las empresas de ferrocarriles la obligación que tienen de obedecer a los decretos del Comité de Trabajo de Ferrocarriles.

El Comité ha anunciado haber asumido su plena jurisdicción en la crisis y ha ordenado a los obreros no declarar efectivamente la huelga mientras se lleva a cabo la conferencia entre los miembros del Comité y los jefes de las Uniones y los jefes de los ferrocarriles, a quienes el Comité ha citado para una conferencia el 26. Esta acción cuenta con todo el apoyo y la aprobación de Washington.

Los miembros del Comité han dicho que la decisión a que se llegue en esta conferencia no será anunciada sino después del día 30 de Octubre, fecha para la cual estaba fijada la declaración de la huelga, por lo tanto el paro se evitará, a menos que las Uniones desoigan la orden del Comité de no declarar la huelga mientras no haya dictado su decisión.

Tanto los conductores como los jefes de las uniones han anunciado que obedecerán la orden y concurrirán a la conferencia.

LA ACTIVIDAD DE LOS COMUNISTAS EN FRANCIA E INGLATERRA

UNA BOMBA HIERE A DOS POLICIAS EN PARIS DURANTE UN MEETING

Hay planes de comunistas para llevar a cabo demostraciones antiamericanas.

Londres, Octubre 21.—Se han organizado demostraciones para el domingo en frente a la Embajada norteamericana en esta ciudad, en señal de protesta por la ejecución de Zacco y Vanzetti. El Embajador ha estado recibiendo muchas cartas que comunican resoluciones de los comunistas en favor de los dos italianos convictos.

En Francia

París, Octubre 21.—Continúan desarrollándose los planes para llevar a cabo demostraciones el domingo en contra de los consulados norteamericanos en todas las provincias francesas, en señal de protesta de los comunistas por la ejecución de Sacco y Vanzetti. La demostración que se esperaba para hoy frente a la Embajada norteamericana no tuvo lugar, pero tanto la Embajada como el vecindario continúan bien guardados por policías uniformados y en traje de paisano.

Tres policías resultaron heridos a consecuencia de la explosión de una bomba que fue arrojada en medio de un grupo de ellos que patrullaba el vecindario de la Sala Wagram, en donde se llevó a cabo un mitin sumamente concurrido para protestar de la ejecución de Sacco y Vanzetti.

NUEVO MINISTERIO PORTUGUES

Londres, Octubre 21.— Se ha formado un nuevo Ministerio en Portugal, que está en completo dominio de Lisboa después de una revolución incruenta, según despachos recibidos por la Legación portuguesa aquí.

El Coronel Manuel Coelho como Premier y Ministro de lo Interior encabeza el nuevo Ministerio, según los mismos despachos.

Los telegramas venidos por la vía de París califican al Coronel Coelho como jefe de los monarquistas, pero la Legación portuguesa aquí asegura que Coelho es republicano y que ha estado al servicio del régimen republicano en todo tiempo.

OTRO REPRESENTANTE DE ITALIA A LA CONFERENCIA DE WASHINGTON

Roma, Octubre 21.— El Almirante Tahon di Reval, Comandante en Jefe de las fuerzas navales durante la guerra, será el jefe de los representantes navales italianos en la Conferencia de Washington. Al General Díaz, que está ahora en los Estados Unidos, se le pedirá que se una a la delegación.

Se convoca a una importante conferencia

Chicago, Octubre 21.— El Comité de Trabajo de Ferrocarriles, investido de toda la autoridad que el Gobierno puede poner a su disposición, ha citado a todos los ferrocarriles del país y a las cinco grandes Uniones para que comparezcan aquí en la semana próxima, y ha prevenido solemnemente a las Uniones que no declaren la huelga mientras el Comité no haya dado oídos a todas sus quejas y dictado su decisión.

Esta acción del Comité significa virtualmente que no estallará la huelga el 30 de Octubre a menos que las Uniones decidan desafiar abiertamente al gobierno, pues es muy difícil que el Comité dicte una decisión antes del 30.

Un fracaso

Chicago, Octubre 21.— El Comité de Trabajo de Ferrocarriles cuya conferencia con los jefes de las sociedades fraternales de ferroviarios el jueves por la noche fracasó, ha enviado el respectivo informe hoy al Presidente Harding. Los funcionarios del gobierno esperan todavía hacer un nuevo esfuerzo para evitar el paro de dos millones de ferroviarios. La Unión Obrera continúa celebrando reuniones en un esfuerzo para llegar a un acuerdo común sobre la actitud que deben asumir en caso de que la huelga ocurra. Entre tanto, los gerentes de los ferrocarriles han estado discutiendo planes para mantener en operación sus respectivas líneas.

Optimismo

Washington, Octubre 21.— Un franco sentimiento de optimismo prevalece en los círculos oficiales acerca de la amenazante huelga ferroviaria, que se cree podrá ser evitada, si bien continúan haciéndose los preparativos para dominar la situación en caso de que el paro llegue a efectuarse. El Departamento de Comercio anuncia haber completado los planes para un esfuerzo combinado de los diversos estados y municipios para continuar el trasporte de artículos de primera necesidad.

Ningún resultado

Chicago, Octubre 21.— La Conferencia entre el Comité de Trabajo y los Jefes de las Uniones Obreras en que se trataba de evitar la huelga de ferroviarios fracasó en sus esfuerzos para llegar a un acuerdo. Al terminar la última reunión, el Comité declaró que si bien las discusiones fueron beneficiosas, no se pudo obtener resultados definitivos.

Washington, Octubre 21.— El Presidente Harding nombró a Franklin Morales de Atlantic City, Ministro de los Estados Unidos en Honduras.

Se tiene entendido que el Presidente Harding ha escogido también como Embajador en Berlín, al que lo fue en otro tiempo, David J. Hill, o al Representante Alanson Houghton, acaudalado hombre de negocios de Nueva York.

París, Octubre 21.— Agencia Havas. La Comisión de Reparaciones ha declarado ser de opinión favorable en principio general, al acuerdo de Wiesbaden aunque estima que tal acuerdo [illegible] ciertas derogaciones del tratado que, por tanto, es incompetente para recomendarlo a los gobiernos representados en la Comisión, aunque pide que se le estudie más detenidamente.

Víctima de pertinaz enfermedad dejó de existir ayer en el Hospital Panamá la distinguida matrona doña Zoila Del gado viuda de Gómez. Era doña Zoila de Gómez respetable dama entroncada con distinguidas familias de Bogotá, su tierra natal, y desde hace algún tiempo estaba radicada en esta ciudad con sus numerosos hijos.

La función comenzará a las ocho en punto y el programa incluye números tan importantes como cantos por un coro a 50 voces bajo la dirección del Capellán Putnam, un número muy divertido por el gran dueto Tilbourne y Rose, selecciones por el gran Jazz Band de Coco Solo y por el sexteto de saxofones dirigido por Jack Dunhoe y muchos otros. Chow Chong fue apresado por el propio Corregidor de Paja en la población de Emperador, donde se creía seguro y fuera del alcance de las autoridades panameñas. El Capitán Wells prestó a dicho Corregidor todas las facilidades necesarias para efectuar la mencionada captura.

El chino Pao Yen refirió en el Cuartel Central de Policía el mismo día 21 de septiembre que las tres heridas que presentaba en la cabeza se las había causado Chow Chong, al cual se vió en la necesidad de despedir de su establecimiento por haberlo sorprendido robándole.

Precauciones inglesas

Londres, Octubre 21. El Almirantazgo británico ha dado orden radiográfica al barco de guerra "Calypso" para que del Mediterráneo en donde se halla pase a Lisboa, para ir a prestar la protección que necesiten los súbditos británicos residentes en Lisboa quienes han manifestado al gobierno inglés temores respecto de los resultados de los acontecimientos recientes.

Las noticias recibidas en los círculos oficiales aquí indican, sin embargo, que todo está hoy tranquilo en Lisboa, pero que ha habido saqueos en grande escala en los días anteriores, y ello fue la causa de que los residentes británicos pidieran la presencia de un barco de guerra inglés en Lisboa. Los españoles también sintieron temores y pidieron al Encargado de Negocios de su país que procurara la protección naval necesaria.

Calma absoluta

La enseñanza agricola es indispensable en la Escuela

En la revista "Comercio Internacional", órgano de propaganda nacional que se edita en Guayaquil, encontramos un bien sesudo artículo, bajo el mismo título que precede a este, en el que su autor aconseja imitar el ejemplo de la Argentina, país que siempre se ha preocupado de dar el mayor impulso a su agricultura y que gracias a este empeño figura hoy día en el rol de las naciones más poderosas e influyentes.

El artículo de nuestra referencia es el que copiamos literalmente a continuación para no quitarle interés en ninguno de sus detalles:

"Uno de los problemas fundamentales que más interesan a nuestro país es la intensificación de las faenas agrícolas. Es necesario orientar a la juventud en la nueva enseñanza, inculcándole el concepto de que la Agricultura es una profesión honesta, lucrativa, intelectual y beneficiosa para la salud y que por medio de ella se consigue el bienestar individual y al mismo tiempo se contribuye al engrandecimiento de nuestro pueblo, que puede llegar así a ocupar un puesto preferente como mercado productor.

"Estudiar la mejor manera de implantar un sistema de enseñanza y de trabajos agrícolas, es propender resueltamente a la resolución de este importantísimo problema.

"Falta entre nosotros el entusiasmo por el aprendizaje de las faenas agrícolas y el Gobierno debe impulsarlo con la creación en las escuelas de un curso integral de agricultura que saque de la indiferencia y de la apatía a nuestra juventud que acostumbrada a otros estudios, contribuye a formar el proletariado intelectual, a tal extremo que él ya constituye por sí solo un grave peligro que es necesario evitar.

"Las glorias del trabajo remunerativo y productivo la conquista obtenida por el esfuerzo inteligente y tenaz y la robustez corporal y espiritual, sólo se consiguen educando a la juventud para la acción orientada por los conocimientos profundos de la ciencia moderna, adquiridos por medio del constante estudio práctico, efectuado con interés y con entusiasmo desde los primeros albores de la vida.

"Las industrias y productos di-versos y el desarrollo que ha alcanzado la ganadería en la República Argentina, constituyen la culminación del esfuerzo de esa nación que ha sabido aprovechar las condiciones naturales de su suelo, las costumbres de los hombres laboriosos que en él viven, y otros diversos factores indiscutibles para alcanzar la prosperidad de que con razón se enorgullece.

"Este estado floreciente de aquel país es susceptible de ser imitado mediante la enseñanza racional y práctica de temas agrícolas y ganaderos, que pueden empezar en las escuelas primarias con clases sobre granjas, quintas, chacras, huertos etc. que permitan al niño ensayar en pequeña escala los trabajos rurales."

Final del Mensaje del Presidente Suárez al Congreso de Colombia

(Conclusión)

De aquí el atraso en el pago de los servicios oficiales de aquí el alcance creciente en el pasivo de la Tesorería y aquí el clamor general que, contemplando exclusivamente el hecho sin buscar la causa del hecho imputa al Gobierno esta abrumadora crisis, dependiente de sus esfuerzos, proveniente de causas fatales y que hasta ahora gravita respecto de su remedio exclusivamente sobre el Poder administrativo, el cual se agita buscando ese remedio en absoluta soledad y aislamiento. La natura en casos como este parece ser el concurso de los Poderes Públicos para hacer frente a las dificultades y peligros por medio de arbitrios adecuados. Pero como es posible que este modo de pensar no sea en realidad el más patriótico, sino que por el contrario deba considerarse que a mayores dificultades de orden fatal y no de carácter culpable corresponde la cooperación común y el corresponda la negación de los recursos que exige la administración pública, por eso yo francamente os encarezco que no consideréis la aprobación del Tratado consabido como fuente de ningún crédito ni de ningún recurso para el Gobierno una vez que éste ha prometido en la forma más solemne no tocar un centavo de los ingresos de la Convención del año 14, en el supuesto de que legalmente le sean recibidos.

Supuesta esta promesa, que os fue hecha en el referido Mensaje de 20 de julio, el Gobierno olvidaría su palabra y ofendería a la República si quebrantara lo que tiene prometido, de manera que podéis estar ciertos, os lo repito, de que en el caso de que aprobarais el proyecto de ley relativa al Tratado de 1914, con eso no llegaríais a contrariar en forma alguna vuestro criterio, planes y propósitos respecto de los recursos que, en vuestra sabiduría y patriotismo, creáis deben negarse u otorgarse al actual Gobierno, por difícil que sea la situación en que él se encuentra. El mismo Gobierno, lejos de atribuir a sinrazón o injusticia la norma que sigáis a este respecto, la atribuirá naturalmente a vuestro celo por el bien público y a vuestro propósito de cumplir bien el mandato que os confirieron vuestros conciudadanos y los Departamentos de Colombia.

Honrables Senadores y Representantes.

'Boheme' es la ópera que cantará la Compañía Bracale esta noche

El triunfo de ayer se llamó Salazar y Faticanti.---Loor a los dos grandes artistas!

Gustó anoche extraordinariamente "Cavallería Rusticana", en lusiasmó "Pavasos".

Estas dos óperas que el destino ha hecho que la mayor parte de las veces caminen juntas por esos escenarios de Dios, tienen su público. Un público devoto que las escucha siempre con placer y más cuando como anoche las cantan artistas notables.

Dígase lo que se diga hubo dos notas anoche formidables: la labor de Salazar el gran tenor así el gran tenor que estuvo brillante, tanto en "Cavallería" como en "Pavasos", demostrándonos que tiene perfectamente ganada la contrata del Metropolitan para la temporada que ya ha comenzado, y la de Faticanti el estupendo barítono que produce la más grata impresión en cuantas obras canta, porque su voz es hermosísima y es artista en el decir...

Salazar nos hizo añorar unos "Pavasos" brillantísimos de de Muro en el Real de Madrid hace cinco años, cuando de Muro debutó en el primer Teatro de España; pero nos agradó más Salazar, lo confesamos: su voz es más vibrante, más natural y la emisión más fácil que la de De Muro: las ovaciones que cosechó el admirable tenor fueron entusiastas y merecidas. En algunos momentos fueron explosiones de aplausos.

Y el trabajo de Faticanti, cómo clasificarlo?

El barítono que canta "Pavasos" cual anoche lo cantó Faticanti merece se le trate de usía... Es algo supremo y correctísimo. La voz, el trabajo de artista, todo.

La Taylor, se portó muy bien en "Pavasos" y la Rossi Oliver en Cavallería gustó mucho. Un registro grave realmente hermoso.

Padovani como es costumbre hizo un músico de primer orden.

Y cuidado que entre nosotros no se aprecia la labor de un Director de orquesta que es el todo en la ópera.

El domingo en la tarde "El Barbero" por la Paggi y Faticanti y Mario.

Por la noche una gran funcion para despedida de la compañía.

Y el lunes y el martes dos grandes funciones en el Strand de Colón por la propia compañía Bracale.

¡Y adios...!

¡Lástima que la divina Rósina no cante una funcion más en nuestro primer Teatro!

UN SUSTO

El chofer Luis Estribí hizo pasar un susto ayer tarde al menor de cuatro años de edad Albert Raymond, pues en momentos que este chico atravesaba la calle 15 Oeste estuvo a punto de ser arrollado con el carro número 1425, manejado por dicho Estribí.

El menor en cuestión fue reconocido en el botiquín de la Policía, y se estableció que no presentaba golpe de ninguna especie. El agente número 466 condujo arrestado a la Central al mencionado chofer para los fines consiguientes.

UN CHOFER "ALUMBRADO"

El italiano Antonio Atilio, encontrándose ayer bajo la acción de una tremenda borrachera, cometió la imprudencia de encargarse del manejo del carro automóvil que porta la placa número 1516, y la consecuencia no se hizo esperar: al pasar por la Avenida B. 5 perdió el dominio del timón y el vehículo fue a estrellarse contra un poste de la casa número 87, derribándolo al suelo.

Afortunadamente no se registró desgracia personal alguna, y el agente de puesto se encargó de conducir el imprudente chofer a presencia del Corregidor de San Felipe, funcionario que lo conceptuó responsable y de consiguiente lo sentenció a pagar una multa de B. 10.00 y los daños causados.

REDADA DE VAGOS

Una comisión del Cuerpo de Policía Nacional recibió ayer la consigna de barrer con cuanto sujeto desocupado se encuentre en la ciudad y la labor fue fructífera, pues actualmente se encuentran detenidos en la Central bajo la acusación de vagos, los norteamericanos William H. Fordney, J. B. Conner, Eugene Muller, William Joseph, Dick Hazelear, B. O. Bonessox, Edward F. Kennedy, Robert E. Williams, Chas G. Weidman, Alejandro Wilson y el holandés José Kabor.

Todos han sido puestos a disposición de la Inspección General.

BREVA DECOMISADA

Uno de los más ... miembros de la Oficina de Investigaciones atrapó al medio día de ayer en esta ciudad a Herbert Hinds y Manuel Serracín, barbadiense y panameño respectivamente, en momentos en que acababan de introducir clandestinamente cincuenta tapas de breva cada uno compradas en los Comisariatos de la Zona del Canal.

Ambos fueron puestos a disposición del Capitán del Puerto.

EL CLASICO HURTO

El inquilino Clarence Green, que habita el cuarto 2 de la casa número 2 de la calle D, al llegar anteayer a su casa se sorprendió con la desaparición de una lámpara eléctrica que había dejado sobre una mesa, a continuación registró el cajón de este mueble y su asombro ... contra ... una cadena de oro y otros objetos de escasa importancia.

Green estima la pérdida en B. 38.75

Parece ser que Díaz explotaba el negocio bajo el manto de una carbonería que tiene instalada en una casa de las Calles 14 y Nariño.

DE BOXEO

OPINION DE UN BUEN AFICIONADO SOBRE EL COMBATE AROSEMENA-ROCHE

Hablando con un buen amateur técnico y práctico del boxeo el señor Félix Oller, éste nos declaró lo siguiente:

Ramón Arosemena cada día revela nuevos secretos que posee y que me dejan perplejos. Yo sabía que Ramón tenía un "in fihting" realmente excelente: lo ha demostrado conmigo mismo. Ha adquirido ahora un "one two", o sea un golpe combinado de los que ha traído al Ring Carpentier, estupendo. Iniciado muy corto, rapidísimo, a penas se ve. De resultados positivos. Estos golpes combinados son los menos aplicados en E. E. U. U. pero son los más científicos. ¿Defectos...? si los tiene. Para mí es uno el siguiente: Ramón para defenderse usa la táctica de cubrirse; aunque lo hace admirablemente, no creo que es lo apropiado en un boxeador de peso liviano, toda vez que el golpe del contendor puede molestar en los brazos perjudicando el éxito: el boxeador liviano debe defenderse moviéndose, burlando con el cuerpo y no tapándose.

Ramón posee un "wing" que no tiene nada que desear. Ramón puede pelear diez rounds forzando una pelea desde el primer momento; y esto ya es mucho decir.

¿El futuro de Ramón? Lo veo muy claro. Dentro de breves días estará en condiciones de derrotar a los "cracks" de su categoría: los Fox, los Salzado y veremos la técnica venciendo a la fuerza bruta cuando se encuentre, con un sailor Packie por ejemplo.

En la pelea con K. O. Roche tampoco se podrá saber lo que Ramón es capaz de hacer en un ring. Mañana sábado Roche no estará en el Ring sino expuesto a la voluntad de Ramón. Cuando nuestro boxeador disponga que Roche duerma, Roche dormirá.

No creo que dure la pelea más de tres rounds...

Eso es mi opinión.

Así nos hablaba un buen amigo nuestro y gran aficionado, de las condiciones de Ramón y de sus probabilidades para esta noche...

¿Qué sucederá?

Muy pocas horas faltan para saberlo.

Pero la ansiedad es enorme. A las 7.30 en punto comenzarán las preliminares que son excelentes. El Panamerican estará de bote en bote. Además hay gran curiosidad por conocer a Buddy Ryan...

Dice Crispulo Ruiz

El antiguo y popular aficionado Crispulo Ruiz nos declaró a su vez:

—El campeón panameño, de 19 años de edad, Ramón Arosemena F., tendrá su gran encuentro con Beth Roche, norteamericano, ambos light weight, hoy a las 7.30 p. m., en el local del "The Pan American Athletic Club" de esta ciudad. le deseamos al amigo Arosemena éxito completo, porque de la pelea depende no sólo su porvenir, si no el distintivo nacional en esa carrera; y para complementar el espíritu entusiasta de nuestro campeón, los jóvenes panameños nos unimos a él, para ofrecerle nuestros hurras aclamaciones ... y en un lo ... ... en esa ... a la pelea, no se distrae ...

TEATRALES

LA CELEBRADA OBRA DE ARTE PUREZA SE EXHIBE ESTA NOCHE EN EL VARIEDADES

En el teatro de moda no solamente ve usted diariamente grandiosas películas de arte, como la que esta noche se exhibe con el nombre de "Pureza" y en la cual parece en todo su esplendor y en todo su poder de fascinación la mujer, dueña del mundo por el encanto de sus gracias y la gracia especial de su sexo, sino que va usted a deleitarse con las selecciones de óperas y las piezas escogidas con que amenizará la velada la orquesta del Teatro compuesta de los mejores profesores de Panamá y dirigida por el reputado Maestro Galimany. La función de esta noche será memorable por la excelencia magnífica de la película y por el repertorio especial que ejecutará la orquesta. No deje de ir esta noche al teatro de moda.

Mañana por última vez se exhibirá en matinee el precioso drama de Victoriano Sardou interpretado por la gran artista Francisca BERTINI, FEDORA. Por la noche tendrá efecto el sensacional estreno de la temporada, con la exhibición del último éxito europeo, vigoroso drama de gran sensación JAQUE MATE, interpretado por Bettina Quaranta.

... confianza en un buen golpe vencerá.

Dice el Manager de Ramón

Kid Zaza el manager de Ramón habló con nosotros ayer por la noche.

Nos dio que su hombre está en la mejor condición y que no dudaba del triunfo: pero que el enemigo era fuerte.

Nos hizo notar también que los progresos de Ramón son evidentes.

Por último nos aseguró que la pelea terminará por Knock out, que si por casualidad llegara al límite sería clara de su representado que boxea más que todos los boxeadores del Istmo en su peso.

UN MENOR QUE SE ESCABULLE DE LA CENTRAL DE POLICIA

Poco después de las dos de la tarde de anteayer se escapó del Cuartel Central de Policía el menor de 10 años de edad Alfonso Burrell, detenido allí por ser sindicado de dos robos.

En forma que acusa bastante descuido del imaginaria se verificó esta evasión; fué el Ordenanza Humberto Berrocal quien vió al referido menor en el parque de Santa Ana momentos después de su evasión, y en el convencimiento de que se había escapado le persiguió, pero no le fué posible alcanzarlo.

En vista de este resultado Berrocal llevó el hecho a conocimiento del Oficial de Guardia encargado de la Central, y entonces fué cuando todos se dieron cuenta de la evasión del detenido Burrell; hecho un registro en la celda que fué colocado, se estableció que el candado que aseguraba la puerta de dicha celda había sido roto.

Esa misma tarde el detective Diego capturó a Burrell en una de las calles de Caledonia.
