In these place, there are a officer with name is Mr Osmon who accounted all the Russia Money and after to make some papers he with 3 guards and me went to the Cubans group and he gave back all the money and he received the signature from Mr Luis Carbonell Catá cuban engineer who is travelling with me these day. If you want to know every things about you can call to the Immigration Center at Gander International Airport and to ask for Mr Osmon or someone, about my name and with the date when I arrived to these airport. I arrived almost at 5 o'clock AM in May 3 1988. Immediately I receive these document I will send to you, but not lost the time you can be sure I gave back the money, just they want to win time to our VISA is expiring, if you want ask to the Cuba Interest Section about the call to the Gander and you will know what will be their answer.

I'm a honesty person but they only can say that to give a different idea about me and my family only because I'm denouncing before every body these Human Rights Violation, besides with these way they want win time to separate us.
