FAREWELL MAJOR LEWIS

When Company 1439, CCC, was awarded the Gold Medal for Fourth Corp it took to itself no more glory than that of credit for closely observing its leaders and following in their steps. Of the great men who have been ideals to the company, none have stood in higher respect than Major H. B. Lewis. His coming always made us hold our heads higher and feel nobler. He came to inform, correct and encourage.

To review some of the dates of his career is but to indicate the consistency with which he has been recognized for worth and awarded. Born in New York, May 8, 1889, he continued always a learner. An M. A. was awarded from Indiana. March 2, 1908, saw the beginning of his cadet days at the Military Academy. June 12, 1913 he was commissioned. Three years later on July first he became a first Lieutenant. The World War had need for his talent. It could be better administered as a Captain, and so he was commissioned May 15, 1917. Four years from the day he was made first Lieutenant he was commissioned Major.

The War being over he was transferred to the Adjutant General's Department, May 16, 1922. For seven years his zeal matured into practical leadership, and world travel gave him limitless vision. When position on the Executive Staff of the Fourth Corp Area at Fort Benning called him, March 6, 1929, he was relieved from duty at Tientsin, China. It is this type of leadership that has lifted CCC lads, and gave prominence to Co. 1439. His many friends here wish him well and with highest admiration follow him in his transfer to the Commandant Generals Staff School, Leavenworth, Kansas.

COMPANY NEWS

Friday night, May 24, was a big night for everyone in Company 1439. Captain Brandon gave us the first dance we had had in several months. Girls were gotten from Tallahassee, Quincy and Bristol. Mrs Brandon acted as hostess. Speedro had the hall decorated very pretty using blue and white paper, palmetta palms and colored lights. Punch and doughnuts were served as refreshments and a good time was had by all. We are expecting to have another one June 21st so lets make it as good if not better than the last one.

Company 1439 had several very distinguished visitors last Monday, June 10. They were Col. Charles A. Dravo, District Commander and Major J. F. Corby, District Surgeon. Another was 1st. Lt. Guy C. Chethen, Asst. Supply Officer, Dist. H.

A new library was gotten by Co. 1439 last Monday consisting of sixty books. All the books seem to be of the very best and we hope you enjoy reading them.

Good times are still being had in Quincy. The recreational hall is being added to as much as possible and later on is expected to be more home like. Trucks are still going in on Friday and Saturday nights.

For the past week Captain Brandon has been conducting a class in bridge. With his aid I think several good bridge teams will be gotten up around camp. He now has nine students.

Lt. Pomerance for the past few days has been on leave. He arrived back in camp last Sunday night and from reports he had a very good time.

Member Pete Alfonsa is still in Fort Benning suffering from a sprained back. Here's wishing his a speedy recovery.

PINE KNOTS

We wonder why Davis came back from home a day early. Couldn't he wait to see that woman in Tallahassee? How old is she Davis fifty or sixty?

Blondy Hall says the reason he struck out four times in Woodville the otherday was because the pitcher threw the ball to slow. Formby says the girls at the game made him have stage fright.

Now that Tom Traylor is gone Joe Jones can have the Wire Hair Blond all to himself at the next dance we have.

Jessie Wiggins must have enjoyed the dance very much. Some one told me he sat on the steps all night waiting for the crowd to come back. How about it Jessie?

G. Smith-Where's that goodlooking girl?

Bedell-Who do you mean?
George the one I was dancing with while ago and we looked like one.

We do hope that Speedro enjoyed the dance after he worked so hard to decorate the hall but from what you can hear he had lots of competition with his girl. Is that right Tom? (Cont'd Next Page Col.1)

PINE KNOTS

(Cont'd from page 5 Col. B.)

Joe Jones and Noe Johnson tell that if you wanna get embarrassed carry your girl to a dance and give out of gas on the way back. It was pretty bad on Joe Jones he had to do all the pushing.

All Harry Formby needs to oust Cab Calloway is a black face. He proved he had everything else at the dance.

Captain Brandon says he had lots rather make a man cut a chord of wood than fine him. We wonder it several of the boys agree with him.

Girls will parade up and down the beach in nothing flat. In the city they are so modest it hurts.
