A poet has sung, "Calvary Day and Easter Day, earth's darkest day and brightest day", are just one day apart. How often in life we meet people who are wishing their fellow men "Calvary Days", dark days. Is the curse heard from so many lips any other than calling for "darkest days" to come to some life. If such imprecations were carried out with the strictness of an official order, how dreary this world would be. But the darkest day and the brightest day are "just one day apart".

In the Conservation Corps we are honor bound to make bright days. From the small of wholesome food, the sight of lots of clean clothes, bathing facilities, airy barracks, work, pay, to the honor of holy worship, everything is directed to provide bright days for the lad who can take it. Why not this Easter be a high resolve to make all days brighter days for our buddies, and refrain from making any dark days for anyone. Such a resolve carried out with a smile will make our present employment truly a Civilian Conservation Corps.

Now that the educational building is nearly complete classes will be held from 3:30 in the afternoon to 9:00 at night. Schedules of all the classes have been posted in the recreational hall and the educational building. Watch the schedule so you won't miss the class you are in. All the classes will be held in the educational building. Baseball practice will be held every afternoon at three o'clock. We wish more of the boys would come out. If any of the new boys wish to play ball we want them to come out.

SPORTS

VILAS, Fla.- The GOLDBRICKERS had an easy time last Saturday, April 13 defeating the Telogia team. The game was stopped at the end of the fifth ending probably because the Vilas boys were tired of running around the bases. At this time the score was 28 to 0.

-----*

VILAS, Fla.- Seeking revenge the Telogia team came here Sunday and played but little better ball. After the first ending or two the score keeper retired, therefore, we have no record.

New Men Arrived

Thirty seven new men arrived last Thursday the 18th from all parts of Hillsboro County. These men have been issued their issues of clothing etc. and are now helping with the camp duties while in quarantine which will last two weeks. They have been given their small pox vaccination and the first Typhoid Shot. We are sure these boys will help and carry on our camp as it has been in the past. We hope that they will like our camp and feel they are welcome here as old members.
